# Crop-Weather Bulletin.

For week ending Saturday, Aug. 29th. Crop-Weather Bulletin, No. 25.

The temperature has been from 10 to 15 degrees a day above the average, the maximum ranging from 90 to 100 degrees on the 26th, 27th and 28th; to-day has been warm but cooler. The senson of extreme heat is or should be now about over. No rain fell during the week, the weather has been cloudless, with fog on the coast in mornings and smoke in the interior valleys. and smoke in the interior valleys. CROPS.

Wheat is all cut and much of it is hreshed. In every section the yield in a short time. has been above the expectations of even the most sanguine. The wheat is plump, heavy and of excellent quality. Dats are heavy and as a rule are large in yields; late oats have been injured slightly by rust in parts of Marion county. The threshers will be busy for about two weeks yet. Hop picking begins next Monday; in some sections considerable damage has been done by the lies, in other sections a good averthe lice, in other sections a good average crop will be picked. In Josephine county hop lice are not observable and no damage has been done. Fruit is ripening rapidly and is very plentiful. Tomatoes and canteloupes are now generally ripening. The hot dry weather has been slightly injurious to root crops, clover, corn and to young orchards. In Curry counts the orehards. In Curry county the second crop of red clover is heading and the fourth crop of alfalfa has been cut, each crop averaged, in stalk, 22 inches in length.

# EASTERN OREGON. WEATHER.

Continued hot weather, with maximum temperatures of from 90 to 105 degrees, have prevailed. No rain fell, the sky has been cloudless, with smoke appearing in the

The weather has been slightly injurious to the corn crop, but favorable to fruit, melons and to harvesting. Fruit and melons are ripening rapidly and are very plen tiful. The wheat is nearly all cut west of the Blue mountains, and considerable has been threshed; all reports show that it is turning but much better than was expected. In Wasseo and parts of Shorman county.

The Plaindealer, of Monday says: Prof. Frank Carter, the aeronaut, has so far recovered from his injuries as to be on the streets to day for the first time. He will probably make another ascension Sunday.

The Grand job effice has turned out 10,-In Wasco and parts of Sherman county spring and fall wheat is somewhat shrunken. In Gilliam, Morrow and Umatilla counties the wheat crop as a whole was never better. Harvesting is in progress east and south of the Blue mountains; Union county especi-ally has a fine crop of cereals, but all coun-ties have crops above the average. Smut is found in the wheat in sections of Grant county. Prices are about 20 per cent higher than last year with an upward tendency. Farmers are happy, and prosperous times prevail throughout Oregon.
