

State and Northwest Notes.

The fruit dryer of Wm. Obermeyer, near Tangent, was burned Sunday afternoon.

On Sunday evening last, Conlon, the deputy sheriff of Marion county, was visited by a disastrous conflagration, resulting in a loss of about \$900.

Deputies in Marion county are assessed at \$10.00 or more. In Lane the sheriff is \$7. Seven in Marion county pay \$10.00 or more and the same number in Lane county.

Two car loads of pile driving apparatus, 1000 barrels of cement, a large number of piles and about 50,000 feet of rope are in the vicinity of the Albany bridge awaiting use.

Five days since Eva Appleton, residing near Blue Hill, attempted suicide by shooting herself. The ball passed just over her head but she may recover. A quarrel with her suitor is supposed to have been the cause.

Before going to the state fair the man of the Silverton Appeal wrote an item asking all to look out for cappers and men, and before he was on a horse for an hour he dropped \$40 in a shell on the street.

The assessment rolls of Grant county for 1900 shows a net value of taxable property to be \$1,299,570, while that of 1899 is \$1,190,840. The tax roll shows an increase in the number of polls and taxpayers, while due to an increased indebtedness the net value of taxable property has been decreased \$6730.

Albany Democrat, Oct. 5: From Mr. O. R. S. who lives near Harrisburg, we learn that the barn of A. L. Cannon, who lives at Peoria, was burned this morning at 12 o'clock. His hay and oats and other contents were burned. It was the work of an incendiary. Also the barn of Dan McClain, in his residence in Harrisburg, was burned Sunday morning. Children playing with matches was the cause.

Clatsop Gazette: The injustice of the law was never more strikingly illustrated than when Judge Taylor of the circuit court at Clatsop county sentenced John H. Johnson for the larceny of two salmon of the aggregate value of \$2, to three years in the penitentiary. The judge, in passing sentence commented upon the former good character of Johnson and that indicated the enormity of the offense.

Clatsop Gazette: George Fortz, Charles Anderson and James W. Fortz were killed at sea over during the present summer. From the skins they secured they will realize a good round sum, as they range in value from \$150 to \$225 each. The boys are not only profitably employed, but have no end of sport. They have two good boats, and do their hunting outside, principally, between Cape Blanco and Rogge river.

Clatsop Gazette: Some great hunter has been engaged slaughtering elk in section 4, Tp. 6, R. 7, during the past week. We understand his name is Mitchell and he hails from Wisconsin.

Clatsop Gazette: The elk but the horns; the rest he leaves on the ground where the animal was shot. Last week he killed five, only one of which was a railroad company.

Clatsop Gazette: The Southern Pacific is making arrangements at the forest between Ashland and Grand Falls. The contract, Erickson & Co. are doing the work with scrapers, making earth from alongside the line. They are pushing the work energetically, and will have their contract completed within a month. The earth is hauled from a good quarry, where a steam shovel is at work making earth. At Lake Labish 1250 feet of gravel is being filled with scrapers, and the remainder will be newly piled.

Another attempt is being made to enlist Umatilla Indians in the service of the U. S. Army. The first trial, some time ago resulted in a complete failure. The Indians said they did not want to be sent to war, and preferred peace to war. It is understood that this time, also, the proposition to enlist does not meet with favor among the Indians. Capt. Lee, Lieut. Hardman, and a small party of troopers from Fort Walla Walla are at the agency for the purpose.

At this time it is ordered by the Court the sum of \$5 per week be allowed W. H. Witte, to be expended by him for the benefit of Samuel Harris, a county charge.

Ordered by the court that a warrant be drawn in favor of A. P. Walker, supervisor of Road District 28, for work on the Laramie city. \$13.70.

At this time it is ordered by the court that a warrant be drawn in favor of Mrs. M. A. Lynch for the sum of \$6 in payment of rent of house for a county charge.

At this time is ordered by the court that a warrant be drawn for the sum of \$12.25 in favor of J. L. Vaughan, as retic on taxes wrongfully assessed. Carey Thompson ordered that petition of said road be not granted.

I. P. Tallman authorized to make repairs on the Beecher rock and bridge on the Siuslaw road, the total for such work not to exceed \$100.

ARRESTED FOR LARCENY.

On a telegram from Sheriff Nolan the Sheriff of the Laramie city Wyoming telegraphed this morning that he had arrested one Sime Hixon and would hold him until called for. It appears that Hixon and George Feulner, who lives near Creswell formed an acquaintance a few months ago, and that the last named party had agreed to pay Hixon's fare to Laramie and that they would go into business at that place. They were sleeping together on Sept. 19th, near Creswell, and while Feulner went to bed he had \$30 in his pocket. Hixon arose early and when Feulner got up he found that he had been robbed. Hixon went to Cottage Grove and spent money in that town freely and showed to several persons the \$90, although previously he had been "broke." Last Friday, Hixon left on the early train for parties unknown. In a day or two Feulner made a complaint before the Prosecuting Attorney in Justice Kinsey's court and the Sheriff had the prisoner apprehended as above stated. Hixon has a family in Laramie City.

Sheriff Nolan leaves in the morning for Laramie City, to bring Hixon here.

Stopped Work.

The Eugene Water Company held a business meeting last evening and concluded to stop the work of drilling for water. The drill yesterday made only three feet, and it is in the hardest kind of rock, the indications being that it is a dip of the Skinner Butte rock. Therefore they have concluded, having reached a depth of 208 feet, to suspend operations.

At the present writing they have not formulated a further plan for the procurement of a water supply.

The cost of excavating the cistern, drilling, pipe, etc., exclusive of the ground, has been about fifteen hundred dollars.

Alarm of Fire.

At 3:30 Tuesday the changing of the fire bell called the Eugene fire department out in quick time. A can of alcohol had exploded in the saloon adjoining the Hoffman house. The fire was quickly extinguished with but little damage. A large window glass was broke in the excitement.

A Chance for All.

It is human nature at all times to want to better your condition. You are always looking for a chance to get bargains, especially in the line of the necessities of life. Ed. Baum, the clothier, is now offering the best bargains ever offered to the people of Lane county. He is preparing to deal in another line of goods exclusively, and therefore offers his entire stock of clothing at actual cost. This is no humbug, but an actual closing out sale. All clothing will be sold AT COST and all other furnishing goods at remarkably low prices. Do not lose your chance for bargains, but make high while the sun shines. Such chances do not come often and do not last long, so take advantage at once. He has no shelf-worn goods, but having been in the business only two years has a fresh, clean stock, purchased in the East at low prices for cash. The wise will heed at once.

Sale of Blooded Stock.

Two extra fine full blood Clydesdale bay stallions, 6 and 6 years old, between 16 and 17 hands high, and weigh about 1650 lbs each, and can show a better lot of draft colts now than any horse that has stood in Lane county; also 2 bay Clyde mares, 3-bloods, 9 years old, 16 hands high, weight about 1500 lbs. each; also one 4-year-old mare, 1/2 blood Clyde, 15 1/2 hands high; also one pair of matched bay fillies, 3-blood Clyde, and two yearlings, same blood. These will be sold in Eugene to the highest bidder on the 17th day of October, 1901, at 1 o'clock p. m. The mares are all well broke, true and gentle. Terms: A credit of ten months, with the receipt of the horse; notes with approved security at 10 per cent. per annum.

GEORGE BELMAN.

Notice.

EUGENE, Oregon, Oct. 3, 1901.

This is to certify that I have been a sufferer from asthma for the last twelve years. I have had a standing offer of \$500 to any physician who would cure me, and I have time and again offered \$50 for one night rest. This fall I tried Gouaux's Anti-Asthmatic Remedies and am happy to say that I got relief from them in five minutes. And I cheerfully recommend said remedies to all suffering with that terrible disease, asthma. T. L. REES, P. M.

Thurston, Or.

Tax Notice.

By order of the City Council the tax roll will be returned for the receipt of city taxes until November 3, 1901. I will be at my office to receive the same from 8 o'clock a. m. till 7 o'clock p. m. daily until that date.

Dated Oct. 3, 1891. Geo. F. CHAW, City Treasurer.

BEAR KILLED.—All the large towns like Portland, Spokane, Seattle, etc. have been gaining notoriety by having a bear killed near the city limits. Eugene tried to get into the ranks several weeks ago when a bear was seen near the west end of Skinner's butte, but Barney Paine spoiled the chance by poor shooting and the bear got away. We are with them now. Tuesday forenoon August Fisher killed a she bear and her cub near the Masonic cemetery about one mile from the city limits. The cub was in fine condition and the pelt of the old one will make an excellent robe.

The Carey Thompson Road.

Considerable interest has been manifested in this road by the citizens in the eastern portion of the county, particularly by the request we publish the report of the viewers:

"We find that it is a good practicable route for a road; that there is a good roadbed already built, with all the necessary grades and bridges on the said survey, with two exceptions, where necessary changes should be made at a reasonable cost of \$400; and still another exception at the Blue river crossing, where it would be necessary to bridge the stream, our survey having crossed said Blue river about thirty feet down stream from the present bridge. This bridge we estimate, would cost from \$1,500 to \$2,000.

We find the said roadbed already built is claimed by the Military Wagon Toll, Bridge Co., of which A. G. Hovey, is president. We would recommend that your honorable body investigate the rights of said company to the said roadbed. We further find in our opinion that the granting of said petition would be detrimental to the public interest for the following reasons:

FIRST.—There is not a sufficient number of inhabitants in the vicinity of said road to keep it in a condition that would be possible for the public to travel over it.

SECOND.—That it would require an annual appropriation from the county treasury to keep said road open for public travel.

THIRD.—That the appropriation of said company's roadbed by the county, would virtually close the road between Lane and Crook counties over the McKenzie route. It is our opinion that the revenue from toll collected on the mountain portion of the said road would not be sufficient to keep that portion of the road in repair.

Therefore we recommend that your honorable body do not grant the petition.

J. A. McMAHON, Viewers."

"I would respectfully report that in company with the other viewers, I viewed the aforesaid road and find that the route as viewed and surveyed, is a good practicable route for a county road; but I make no recommendations."

JOE HUBLESTON, viewer."
