THE CRY OF MILLIONS!

OH, MY BACK!
STOP IT NOW!
SOON IT WILL BE TOO LATE!

I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bedridden. When I sat down it was almost impossible for me to get up, or to put on my clothes, when kind Providence sent Dr. Hensley, with the **OREGON KIDNEY TEA**, to my home. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days I am happy to state that I was a new man. I will recommend the tea to all afflicted as I have been.

Too Much Load

On the Liver will break down all the energies of life, and unfit you for Work, Business or Pleasure.

Indigestion, Constipation, Sleeplessness, Biliousness, are the first alarm nature sounds to warn you of danger.

Moore's Revealed Remedy

Is King of the Blood, Liver and Stomach—it has Never Failed.

Hundreds of testimonials like this: J. E. Miller, Astoria, Or., writes: "It cured me of a severe Liver and Blood trouble." Sold by all druggists.

J. H. McClung has an important advertisement in this issue. He is an advertiser and he is not. He is an advertiser and he is not.

Prineville News: Mr. W. S. Delany, of Walla Walla is in town. Mr. Delany used to reside in Eugene, and is an old friend of Treasurer White. The gentleman expects to remain with us at least a portion of the winter.

Prof. J. B. Horner, principal of the Albany public schools, has tendered his resignation to accept a chair in the state agricultural college. His resignation was accepted by the board of directors, and Prof. J. W. Crawford, of McMinnville, was elected to fill the vacancy.

Yreka, Cal., Journal, Nov. 25: O. C. Humphrey, who with Thornton Thomas, discovered the rich Spencer mine at Humboldt, and sold out for \$15,000, was in town last Sunday from his home in Eugene, Oregon, on a visit, and returned Monday. His mother, an old resident of Fort Jones, also resides at Eugene, making that place her home.

Asphalt Tidings: There are various rumors flying along the line of the railroad about changes that are to be made by the 30th of November. It is understood that the supervision of the motive power on the Oregon lines of the S. P. is to be directed from headquarters in California, and this may probably mean a little shuffling up among the Oregon employees in that department.

THE NARROW GAUGE ALL RIGHT.
—The state board of railroad commissioners has finished its inspection of the west side narrow gauge. The commissioners say they found the road in good condition, a great many new bridges and only two old ones. The Union Pacific will be the next road they will inspect.

LOT DRAWN.—Mrs. Rino Blachley received information Nov. 29th that she had drawn a lot 25x100 feet, located in the town of Le Roy, Florida, she being lucky in solving a riddle, in a paper.

ENCAMPMENT ELECTION.—At a regular meeting of Winawala Encampment No. 6, I. O. O. F., Wednesday evening, Nov. 25, the following officers were elected for the ensuing year: I. W. Holloway, C. P.; A. S. McClure, S. W.; J. C. Goodale, H. P.; B. P. Dorris, J. W.; J. R. Campbell, Scribe; A. G. Hovey, Treas.

SPOKA BERTS.—The Eugene Board of Trade is desirous for all persons having raised sugar beets this year to at once bring a sample of the same to J. D. Matlock's store. G. W. Shaw, chemist of the State Agricultural College, has made an analysis of one beet sent from here last week. It is as follows: Per cent. sugar in beet 11.97; per cent in juice, 13.00. Purity coefficient. This is the ratio of sugar to other solids.

ISLAND.—Wm. Tentsch, of Creswell, was examined and found sane Nov. 27th, before Justice Kinsey, Prosecuting Attorney Condon and Medical Examiners Practice and Harris. The unfortunate man was taken to the asylum on the local train today. He recently returned from a visit to the East, being insane when he arrived there. The form is of the melancholy order.

BORN.—To the wife of J. F. Starr in Eugene Nov. 30th, a 10-lb. daughter. Fletcher now wears a smile and steps high.

MARRIED.—At the residence of Mr. and Mrs. Alfred Wilson on the Mohawk, Nov. 25, 1891, by Rev. D. A. Waters, Mr. Edwin C. Test and Miss Mary E. Wilson.

Thanksgiving Services.
Daily Guard, Nov. 27.
Thanksgiving was more generally observed in Eugene yesterday than ever before. It was a beautiful day, being clear, warm and pleasant.

The churches held a union service at the First Presbyterian church, Rev. M. S. Riddle preaching. The large church room was filled to overflowing. Beautiful flowers, in bouquets, vases and pots were placed around the altar.

The invocation was offered by Rev. Waters; the Scripture lesson read by Rev. Blair; and the prayer was offered by Rev. Travis. Rev. Blair delivered the sermon. It was a very interesting address, and showed much study and research. The music by the choir was excellent.

At 3 p.m. the Epworth League held a meeting at the M. E. church. It was largely attended and was very interesting.

It is the best thread for all kinds of lace work, and is the only thread that will stand the test of time and wear.

CHICAGO LACE THREAD CO., Chicago, Ill.

The farmers are making the most of the good weather and are busy in the fields.

It is not probable that any city outside of New York will be selected for the meeting place of the national Democratic convention in 1892.

A boy of seventeen and a girl of thirteen were married at Columbus, Mo., the other day. Among the wedding gifts were a doll and a Flobert rifle.

Thanksgiving was appropriately observed by the citizens and business men of Eugene. During the middle of the day nearly all the business houses closed up. We have few holidays and the people can well afford to drop business cares when they come.

This, from the New York Tribune, is not just to our New Jersey brothers: Among the papers read yesterday before the American Ornithologists was one entitled, Why the Mocking Birds left New Jersey. It has been commonly supposed that the reason why the mocking birds left New Jersey was because the mosquitoes crowded them off the perch.

The crosswalks in Eugene, with few exceptions, are covered with mud from the roads. It has been suggested that with little expense they could be kept clean. Haul the slush and mud off eight or ten feet from each side of the crosswalk and the nuisance will be mostly abated. This should be done at least with a number of the principal crossings.

Governor Boies, of Iowa, is 64 years old and is a native of New York. He was admitted to the bar in Buffalo, and practiced law in that city with Grover Cleveland. He settled in Iowa about twenty-five years ago, and up to ten years ago always acted with the Republican party. He broke away from his party on the prohibition issue, and his particular hobbies are local option and tariff reform.

American ordnance and armor has been shown by tests to be superior to any other in the world. With a few more ships and a number of American seamen the navy would be superior to anything afloat. In the army the governments of Europe have paid the expense of experimenting, and American inventors are at work on what will be the greatest magazine gun in the world.

Harper's Weekly, that gave such strong support to Fassett, the Republican candidate for governor of New York at the late election, speaking of the elections upon the presidential contest next year, says: "Despite the Tammany victory in New York, there are in the whole democratic prospect signs of promise. But in the Republican prospect they are not visible."

A widow with two girls married a widower with two boys, and had a second family by her new husband. When a terrible rumper was heard in the nursery one day the nervous husband shouted upstairs: "Whatever is the matter?" The little wife answered sweetly over the ballusters: "It's only my children and your children having a row with our children, dear."

A Victoria Chinaman recently married "a Melican woman." But he soon wanted a divorce. In his plea he complains that she has "too muchee talker with neighbors, too muchee paint face and eyebrows, too muchee dink Yulepean blandy, too muchee fight, too muchee snore, too muchee boss, too muchee deam, too muchee say 'kilum husband,' and too muchee no good." But the court held the Chinaman to his contract.

The miners on the Ochoco are striking some rich prospects, and we feel safe in saying that before six months pass away there will be strikes made in that section that will put in the shade the fabled "Blue Bucket" diggings. That there is gold there has been known for years. That it is in paying quantities cannot be questioned, and that it is all but developed cannot now be doubted. Next spring will see such a rush for the then famous mines as has not been seen since the Canyon City excitement.—Prineville News.

That there was reason for the creation of the state board of equalization is seen by a comparison of the assessment rolls as received from the several counties of the state. These rolls come to the secretary of state in all conditions, showing that no two county assessors have the same understanding of the assessment law, perform their work in the same fashion, or put anything like the same valuation on property of the same kind. In adjoining counties horses are assessed at \$10 or \$50, as the whim of the assessor may dictate. In some counties horses are assessed at \$53.44 and in others at only \$19.48. The highest assessment per head on cattle is \$17.35 and the lowest \$10. The different assessors value sheep all the way from \$1.05 to \$2 per head and swine from \$1.40 to \$4.09. Is there any justice or equity in this? And the assessors are all operating under the same law.—Statesman.
