FRIDAY, APRIL 23

California strawberries in the market.
 J. B. Coleman won his suit before Justice Kinsey yesterday.
 J. H. Beasley has taken a position as clerk in the new Holton house Portland.
 Eugene and Lane county will certainly raise the subsidy for the Siuslaw railroad under the proposition made public today.

Large numbers of California geese are passing northward. They are not accustomed to earthquakes, hence are fleeing.
 George Hutson, an old-time Eugene printer, is visiting relatives and friends here. He is now working on a railroad in California.
 The Roseburg fair will be held Sept. 30, 21, 22, 23 and 24. The meeting purses are very liberal, and will be free to Lane county horses.

The recent earthquake in Sacramento valley was destructive to brick buildings. The secret societies lost a number of their halls.
 The springs for the GUARD office cylinder press arrived today. By their attachment a great saving in time on press work will be made.
 A girl in Norway must be able to bake bread before she can have a beau. The one who takes the cake as a cook is considered the flower of the family.

The railroad question is getting into a more tangible shape. We believe there will be no difficulty in raising the money to be paid when the road is completed.
 Miss Hattie L. Earns, who conducted a kindergarten school in Eugene about four years ago, arrived here yesterday and is a guest at the residence of Prof. John Straub.
 Marion county democrats do not seem to have any ambition, as not less than five have declined the nominations tendered them leaving the vacancies to be filled by the county central committee.

Springfield Messenger: A barn on J. L. Palmer's place, two miles north of the McKenzie, was burned to the ground, Tuesday afternoon; it was fired by Mr. Palmer's four year old boy, who was playing in the straw with matches.
 It should not be argued to convince any sensible man that a railroad line to the sea would be the making of Lane county. Then get in and subscribe a liberal amount to the subsidy and insure the building of the Siuslaw Railroad.
 Grant's Pass Courier: The Southern Pacific will try hydraulic pressure in washing away some of the overhanging banks on Cow creek, below West Fork. One monitor will be used and three crews will be put to work, keeping the lick up night and day.

The law firm of Walton & Skipworth having dissolved, Skipworth has taken a general law practice in the Masonic Temple where he is now prepared to do a general law practice. Mr. Skipworth is a young man of fine ability and energetic, and we predict that he will succeed.
 There are very few men in America nowadays who have reached the age of thirty-five without having seen a railroad train, but there was one over from Curry county last week says the Grants Pass Courier, who had attained that age and within hearing of the locomotive whistle. When he saw the passenger train dashing into the depot, he exclaimed, "Now by—that looks like business."

April has proved to be a terrific month thus far. Since the 1st, rain has fallen on eleven days and the precipitation has been 2.37 inches. To make the average for the month there must be .84 of an inch fall. The precipitation since January 1 has been 44 per cent below the average, and since July 1, 1891, it is 16 per cent below the average. During April the temperature has been every day from 1 to 8 deg. below the normal. Since the 1st the temperature has averaged 4 deg. below the normal; highest temperature 7 deg.; lowest 3 deg. The highest temperature during past April has been 85 deg., and the lowest 28 deg.
 The Portland Dispatch has this to say of a man who is well and favorably known and has many friends, who wish him success, in Lane county: George W. Rinehart, who has been nominated for joint senator from Gilliam, Sherman and Wasco, is one of the early pioneers of Lane county, and for some time past a farmer and business man of Condon, Gilliam county. He is the soul of honor, has sound judgment, and would be a credit to the people of those counties in the state notwithstanding his district is regarded republican, he is much stronger than his party, and the people of that section are not going to send votes down any longer for the re-election of Senator Dolph.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.
 "Castoria is so well adapted to children that I recommend it superior to any prescription known to me."
 H. A. ANCKER, M. D., 85 Portland Ave., Brooklyn, N. Y.
 "I use Castoria in my practice, and find it specially adapted to affections of children."
 A. A. ROSSMAN, M. D., 107 2d Ave., New York.
 See Certificate, 77 Murray St., N. Y.

EUGENE WILL RAISE THE MONEY.
 The Railroad Company Will Accept The Subsidy on Completion of the Road.

Daily Guard, April 22
 The Siuslaw and Eastern Railroad Company, this morning in answer to a proposition made by the Executive Committee of the citizens' meeting, said they would be willing to accept the \$100,000 subsidy and right of way asked for the building of the road from Eugene to Florence on the completion and operation of the same. This ought to, and we believe, does, insure the building of this important transportation line.

The subscriptions received on the former proposition will be destroyed, and new lists have been prepared. They are in the shape of notes and provide that the same are due and payable on the completion and operation of the said road; that said road is to be completed in two years, and that the work of grading is to commence within sixty days. The subsidy will have been granted by the trust committee, hence all subscriptions will have been first-class in every particular.
 Now, that every objection has been met, every citizen of Eugene and Lane county should pull off his coat and go to work to raise the necessary funds. It should be raised in less than two week's time. The committee will commence its labors at once.
 Eugene will be the liveliest point on the Coast this summer if its citizens do their duty in this matter.

THE FORM TO BE SIGNED.
 The following is the form of the note required to be signed:
 EUGENE, Or., 1892.

For the consideration of one dollar, the receipt whereof is hereby acknowledged, I promise to pay to the Siuslaw & Eastern Railway and Navigation Company, or order, at the office of said company in the city of Eugene, the sum of dollars, without interest, said sum to be due and payable upon the completion by said company of a standard gauge railroad from Eugene to Florence, both in Lane county, Oregon; provided, that said railroad is completed and in operation, and the passenger and freight deposits within the corporate limits of Eugene, or before July 1, 1894, work to be commenced on or before July 1, 1892.

Springfield Items.
 Messenger, April 22.
 J. R. Stams, late of Ashland, has purchased two lots in the Springfield Investment Co.'s addition.
 The water ditch for the Springfield electric lights is being given the finishing touches. The power house will be 22x40 in size.
 A Wheeler has shut off the water from his saw mill and is repairing the flume and putting the mill in shape for the summer run.

As we go to press, E. Maude informs us he has sold the Bowman ranch on Camp Creek, to L. N. Green, mentioned elsewhere in this issue. Mr. Green will take a handsome cottage and put out a large prune orchard. Mr. Bowman will move to Springfield to live.
 Mr. Collins, from south-eastern Kansas, and Mr. Quincy, of Great Bend, Kas., were pulling the latch string and drinking cider with C. J. Dodd, this week. They are delighted to be in the country around Springfield, and expect to return with several others next fall.
 J. T. Foley, J. Rice, W. P. Turpin and J. I. Barber, arrived from Portland, Friday and stopped over until Monday. They are prospectors and are bound for the Blue river mining district. Mr. Foley says the mountains will be full of prospectors this summer and that a great many Portland men are taking a lively interest in the mines.

Extensive improvements are to be made on the mill race this summer. Already nearly a quarter of a mile of levee has been thrown up on the north side of the race just above the depot as the initial step toward putting in a dam. Levees will then be run across from the south bank of the race to the hills that will create a reservoir covering twenty acres of ground. Flumes will be built from the reservoir to the various manufactories. At the head-gate, levees will be built as a safeguard against any possible overflow, protecting the town from being flooded as it was two years ago.

The Storm King.
 Salem Journal: Heavy clouds obscured the sun early Sunday forenoon, some great drops fell and soon a heavy wind was lashing the trees from the south. It kept up nearly all day. Besides destroying some shade trees and blowing down some fences no serious damage was done.

Part of the railing and one chimney was blown off the top of the Opera house, several passers-by having a narrow escape. No lives are reported lost or houses blown down at or near Salem. At the Capital Lumbering Co's yard, one of the big smokestacks was blown down and dashed to pieces. The other stack was macked four feet out of place. The mill will not run for a few days as a result. The oldest inhabitant says there has not often been a blow like that so late in the season.

The Holman electric light works suffered quite a loss from trees breaking down wires, and one lamp on Chemeketa street was broke to pieces by the cord giving way.
 The telephone company suffers quite a loss, the trunk line to Portland severed and many local wires down.

Mohawk Items.
 April 29, '92.
 A dance is talked of in the near future.
 Jesse McGee, of Ellenburg, is visiting relatives and old acquaintances this week.
 The Franklin Bros. are running their railroad ties down the river. They have quite a troop of men employed.
 While chopping down a tree one day last week Frank Spores let the ax glance and cut his left foot quite seriously.
 We learn that Mr. Barker, of Eugene, has taken a homestead on Mohawk. We like to hear of new settlers coming in; would like to see Mohawk boom this summer.

E. N. HOOD.
 BORN.—To the wife of Deputy Sheriff H. J. Day, in Eugene, Monday morning, a son.

JUNCTION ITEMS.
 The Times, April 23.

D. S. Gore became the proud father of a girl Thursday night near the midnight hour.
 We understand that Sam Veatch will move to Junction and build himself a home.
 Our boys continue to play ball. We would like to see them cross bats with Eugene.
 Greely Speer has returned from Portland to this place and will take charge of the Harpole saloon.
 Born to Mr. and Mrs. C. J. Erhman, Friday morning, a son. Charlie occupies the whole sidewalk when he walks. This is his first offense.
 B. S. Hyland shipped thirty-six head of fat cattle to Portland this week. He had contracted there at 4 cents but the purchaser found fault with them and would only pay 3. B. S. says his firm will get no more cattle from Eugene.

The families of Messrs. Moffett and Buck arrived yesterday from White City, Kansas, and also at the same time Mr. Auston and family and Mrs. Hanchett, whose husband preceded her some three weeks. Kansas, we are pleased to state, are becoming quite numerous hereabouts.
 W. S. Campbell, of Rochester, N. Y., who has been spending some time in this city as the guest of C. W. Lanson, has concluded to invest in Junction property. He has purchased a lot in Millard's addition and will build a new dwelling thereon which he will sell on the installment plan.

TO THE PUBLIC.
 The Executive Committee Makes a Statement to the People.

Daily Guard, April 23.
 It having become evident that the one hundred thousand dollar subsidy as asked for by the Siuslaw and Eastern Railway & Navigation Co., payable in installments, could not be raised, and the company having indicated a willingness to construct said road if the citizens of Eugene and Lane county will pay one hundred thousand dollars when the road is completed and in operation, the executive committee have cancelled all subscriptions on the former proposition and will now ask the people to subscribe payable when the road shall have been completed from Eugene to Florence.
 The same soliciting committee is continued and will wait upon you, and we ask that every one take into consideration the great importance of having an outlet to the sea by which the products of this country can be sent direct to the markets of the world, and that you subscribe liberally.
 If the road is not built you will have nearly two years in which to provide for what you may subscribe, and the impetus to business and concentration of capital to this county, will more than compensate you for the money subscribed.
 Respectfully,
 J. H. MCCLUNG,
 Chairman of Executive Com.

FIVE THOUSAND DOLLARS.
 Hon. A. G. Hovey Heads the Subscription List With the Above Amount.

Daily Guard, April 23.
 The soliciting committee for the Siuslaw Railway subsidy commenced active work this afternoon. The subscription list was headed by Hon. A. G. Hovey with \$500 in cash. Others of our large capitalists will come to the front in due time undoubtedly.
 The time for action has come. See the committee and place your subscription down promptly and for as large an amount as it is possible for you to give.
 Every cent of the subsidy asked for should be subscribed before this time next Saturday night, and it will be if all do their duty.
 Then it can be telegraphed to the world that Eugene is a live progressive city, and the place to make investments. It will be the means of bringing hundreds of people and large sums of money to our city and county.
 Subscribe at once.

Cottage Grove Items.
 Leader, April 23.

F. W. Clausen, ex-editor of the Leader, and now of Grant's Pass, arrived here Friday morning, and is looking fresh as a lark.
 Sixteen Germans from Wisconsin, arrived at Cottage Grove Monday, who will make their future residence in the country. Plenty room for more.

D. M. Egan, an attorney of Minneapolis, Minn., arrived at Cottage Grove Tuesday. Mr. Egan likes the appearance of this locality, and we hope he will remain here.

Hugh Boren took out license for a saloon in Cottage Grove during 1892. Harry Thompson did not desire a license at the price, and will keep for sale mild drinks only.

RIGHT IN PENDLETON.—Stories like the following do very well for a big city; but make serious reading for a small city like Pendleton. The E. O. says: John Ap Williams was approached Friday by a nice-looking stranger on the street with the remark: 'You must be a Welshman?' Williams assented. 'I am also a Welshman. My name is Edwards.' 'My name is Williams,' said the unsuspecting prospective victim. 'Being countrymen an acquaintance soon followed. Saturday evening, Williams was asked by Edwards for a cigar, anyway, 'having refused to drink, and they entered a saloon near. While they were at the bar a man attired as a rancher came in from a back room, apparently suffering from an overdose of distilled delight, and proposed, thickly, that all shake the dice for the drinks. Edwards then 'stuck' him. The rancher then hauled out a wad of greenbacks and offered to bet \$100 that Edwards couldn't do it again. 'He's full and I can beat him,' whispered Edwards to Williams. 'I've got \$50; loan me \$40. Williams produced the \$40, the two shook, and the rancher won. Saturday afternoon Edwards dined upon Williams that he was a victim of a conspiracy. He left this morning for Baker City, with less money but more wisdom. The fact that a family in California depends upon his labor makes the loss and the lesson all the more severe.

AMERICAN APPLES.—As apples will in the future form a considerable part of our exports to Europe, and as they command higher prices proportionately than any other American fruit, it would appear to us that those who are planting out the best variety of good apple trees, are not only doing a good thing for this section of country, but they are also in a commercial point of view, laying the foundation for a successful future, for there is no doubt that people will learn the kind of apples that will keep the best, and last the longest in Oregon. Owing to the great superiority of Oregon apples, they will have a bonanza.

CORVALLIS, APRIL 21.—The full board of regents of the agricultural college met today, and after discussion of the claims of thirty-one candidates, unanimously elected Dr. J. M. Bloss, now superintendent of schools of Topeka, Kan., and late state superintendent of education of Indiana, president of the college and director of the station. He takes the position of the late Professor B. L. Arnold, and his salary will be \$2500 per year.

Dissolution Notice.
 To whom it may concern: Notice is hereby given that the partnership heretofore existing between Walton & Skipworth, attorneys, is this day dissolved by mutual consent.
 J. J. WALTON,
 E. R. SKIFFERS.

SPEAKING.—Mrs. Mary E. Lease, of Kansas, representing the Peoples' party will speak on the issues of the day, at Eugene, in the Court House, May 19, at 7:30 p. m.; at Junction the same day at 1 o'clock p. m.

MARRIED.—In Lane county, Oregon, April 24, 1892, by Rev. G. A. Blair, Lalan Lockard, and Corn E. Shindoff, all of Lane county, Oregon.

PROBATED.—The will of the late Capt. N. L. Packard has been probated in the office of the county clerk. It first provides for his decedent burial, etc. It then bequeaths to St. John Skinner, \$10; to Warren Packard, \$10; to Mrs. Amelia R. Combs, \$500, and the residue is bequeathed to Phoebe B. Kinsey, who is also appointed administratrix with-out bonds. The will was made July 31, 1890. The estate is valued at about \$4,000.

TAKEN TO PORTLAND.—Detective Griffin came up last night and took F. C. Kimball, the man arrested here by Deputy Sheriff Day and Marshal Eastland, to Portland, where he will be compelled to answer to the charge of larceny.

NEW P. M.—G. H. Yerington has been appointed postmaster at Springfield, vice M. L. Wilcutt, resigned.
