OSBURN & DeLANO, EUGENE, OR

AUG. HORNUNG, a well known manufacturer of boots and shoes at 829 No. 1st St., San Antonio, Texas, will not soon forget his experience with an attack of the cramps which he relates as follows: "I was taken with a violent cramp in the stomach which I believe would have caused my death, had it not been for the prompt use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose did me more good than I followed it up in 20 minutes with the second dose, and by the time the doctor could get to where I was, I did not need him. This Remedy shall always be one of the main stays of my family." For sale by OSBURN & DeLANO.

For diarrhoea or summer complaint in any form there is nothing better than Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mrs. Nancy Berry, of Adams, Lawrence county, Kentucky, says: "Two or three doses will cure any ordinary case. When reduced with water it is pleasant to take. 25 and 50 cent bottles for sale by Osburn & Delano."

JAPANESE PILE CURE

A new and complete treatment, consisting of suppositories, ointment in capsules, also in box and pills: a Positive Cure for Hemorrhoids, Internal or External, Itching, Chronic, Recurrent or Hereditary Piles, and many other diseases and female weaknesses. It always gives great benefit to the general health. The first discovery of a medical cure rendering an operation with the knife unnecessary hereafter. This Remedy has never been known to fail. 10¢ per box, 6 for \$1; sent by mail. Why suffer from this terrible disease when a written guarantee is given with it, to refund the money if not cured. Send stamp for free sample. Guarantee issued by Woodard, Blacker & Co., Wholesale & Retail Druggists, 502 Agents, Portland, Or.

THE CRY OF MILLIONS!

OH, MY BACK!

STOP IT NOW, SOON IT WILL BE TOO LATE.

I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from prominent physicians without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was sent over when I sat down it was almost impossible for me to get up alone, or to put on my clothes, which kind Providence sent Dr. Henley, with the OREGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days I am happy to state that I was a new man. I will recommend the tea to all afflicted as I have been.

G. A. TUPPER,
Proprietor Occidental Hotel,
Santa Rosa, Cal.

Dr. Miles' Golden Female Pills.

For Female Irregularities nothing like them on the market. Never fail. Successfully used by prominent physicians monthly. Guaranteed to relieve suppressed menstruation.

DR. MILES' RESTORATIVE NERVE.

EUGENE CITY MILL CO.

PATTERSON, EDRIS & CO.
Manufacture—
Best Grades Family Flour.
Store Grain on the most favorable terms. Wheat receipts of any warehouse north of Eugene, properly assigned, taken in exchange for Flour or Feed.
Highest Cash Price Paid for Wheat.

SATURDAY, MAY 21.

The grain crops are looking well throughout the county.

Judge Henn, of Salem, last night sent the subsidy committee his note for \$250.

And still the Register refuses to publish Dr. McKenney's letter. What's the matter?

The steel work of the Albany bridge has reached the Benton county side. In a month the structure will be completed.

Wm. Parsons has sold his interest in the blacksmith shop on 9th street to his partner Sherman Heller who will continue the business.

Dr. E. P. Geary of Medford, a former Eugene boy and a graduate of the State University, is president of the Southern Oregon Medical Association.

We acknowledge a pleasant call from C. C. Croner and two brothers, who arrived yesterday from Ohio. A sister also accompanied them on the visit.

The "truthful" Register does not seem to want to enlarge his subscription to the Siuslaw railroad fund by \$50. Now it would be in order for that paper to acknowledge the infidelity of its statement.

C. R. Holt and wife, of Harrisburg, are visiting at the residence of P. E. Snodgrass in this city. Mr. Holt recently returned from Cincinnati, where he has been practicing dentistry the past five years.

We are sorry to learn that A. H. Fisk, democratic nominee for county judge is confined to his bed with sickness. A short time since he had a severe attack of a gripe and this is a relapse.

Salem Statesman: E. R. Kirkworth spoke at Independence and Dallas yesterday in the interests of the democratic party. Mr. Veatch was not able to keep his appointments as advertised, being called to Portland by a telegram.

Ashland Tidings: J. R. Widmer, one of the teachers in the Eugene public schools, was in Ashland Saturday interviewing the school directors and putting in an application for a position in the public schools here next year.

Ashland Tidings: "Dr. Everet Minges, who took his degree of M. D., at the University of Pennsylvania, this month, reached home yesterday, and after a visit here intends to settle at Portland for the practice of his profession." Mr. Minges was a student in the State University here for a time.

P. B. Johnson, editor of the Union-Journal, has been sued by Mrs. Alberta Reans for \$25,000 for defamation of character in publishing in August last a clipping stating that she had endeavored to poison her former husband, Frank Dunn. Papers have not been served on the defendant yet.

The Oregon & California Co. owning the land grant donated to them by a generous people will have to pay taxes like other folks, forced thereto by the prompt action of Lane county officials. Judge Pipes' decision gives general satisfaction. It means over \$8000 to Lane county. The company evaded paying its just proportion of taxes for many years but has been brought to time at last.

Albany Democrat, May 24: Yesterday William Edwards, who lately bought a part of the "Vee" Cannon farm about 8 miles south of this city was at the place of Ubbie Peters just south of this city. He was on his horse when a savage bull attacked the horse, throwing him and rider to the ground. Internal injuries to Mr. Edwards was the result. Dr. Maston, of this city, was called, and found him spitting blood, but thinks he will recover.

Portland Telegram, May 23: Conductor Guthrie of the Albany local, was working under disadvantages yesterday afternoon. He had a forensie fight with the owners of the train, the brakeman and baggage master about the admission of a skye terrier with woolly legs and a small-boy laugh to one of the coaches. The brakeman said the train was switched and something would happen. The dog got aboard at Aurora, and immediately a spark from the engine struck the front platform of the coach, and burned its way into the space between the panels. About two miles south of Oregon City the fire got under good headway, and when it was discovered a panic ensued, during which several ladies got aboard. A stop was made at Oregon City where an ax was used with good effect in the end of the car and a few buckets of water did the rest. The damaged car was at once put in the shops for repairs.

Northwest Reform Journal: "Judge Moore's vindication; Partisan Attack has Proved a Boomerang to its Originators." These are the headlines of the republican papers in defending their candidate for supreme judge for drawing up a will for an unconscious, dying woman, at the instance of her husband, disinheriting her daughters. Aid to prove their candidate is all right they have the "gall" to parade a certificate of his lawyers that he did nothing wrong. But why don't they print the testimony in the case, the facts which prove the epokeness of their candidate? It is the facts the people want, not the certificate of any lawyer. Frank A. Moore, candidate for supreme judge, will not stand investigation.

The West mentions Mr. Alley's fight for the Siuslaw harbor appropriation as a reason for his election. It strikes us rather forcibly that man whom the West and Mr. Alley cordially support for congress got but \$10,000 for Siuslaw. Hermann subordinated every other interest the state to that of Coos bay, where \$280,000 was obtained. A senator from Oregon makes the assertion and the facts bear him out. Hermann's property interests at Coos bay are sufficient reasons for his activity in favor of that section. We do not object to the improvement of that valuable harbor but cannot allow the hypocrisy of The West to pass unchallenged. It cannot deny that it has the word of a senator from Oregon condemning Mr. Hermann's course in the matter of appropriations.

The Coos Bay News says: A prominent member of the people's party asked us as to the fact in regard to some of the republican candidates voting for the Portland water bill. The Portland water bill proposed to put on the market \$1,500,000 in untaxed bonds. The bill passed the legislature but was vetoed by the governor. At first Mr. Condon voted and spoke against the bill, but finally voted to pass the same over the veto. Mr. Fullerton voted for the bill first to last; but the bill failed to pass over the veto, which requires a two-thirds majority. The principal lobbyist for the bill was D. P. Thompson, a national banker, and afterward the republican candidate for governor against Pennoyer. While his party was successful by 10,000 majority, he was snubbed under. Had the bill passed it would have made it possible for fifteen men in Oregon to have been worth \$100,000 each, and not pay one cent of state, county or school tax, class legislation in its worst form, that should carry with it the condemnation of every man regardless of party. Equal taxation, no class legislation.

SCHOOL HOUSE PLANS—Junction City Times: The plans for the new school house are now on exhibition at the U. S. bank. Two propositions will be asked of the contractors and builders, namely a brick building, and also a frame building. The elevator proposition is attractive ones and the adoption of either would no doubt be satisfactory, but if a brick building can be secured for the amount of the bonds, we believe it would be in the interest of economy to do so. The style selected by the board is modern and we think will fully meet the requirements of the district.

Daily Guard, May 21: SPEAKING AND PICNIC.—The speaking and picnic at Junction yesterday was largely attended, over 100 being present from Eugene alone. The speaking all did well, but Chas. K. Wilkinson, democratic nominee for the legislature, was the lion of the day. He was given three cheers at the close of his speech. It is our prediction that he will be elected by the largest majority of any candidate. In the evening a dance was given at the opera house, over 100 numbers being sold.

The Journal and Hermann.

The Salem Journal, republican, says in an editorial: We wish it to be distinctly understood that no candidate for the congressional nomination in this district ever directly or indirectly suggested any of the criticisms of Mr. Hermann that have been published in the Journal. Such an impression is without any foundation whatever. People who have the idea that the course of a public newspaper is always suggested to it by some one who has a grievance place a low estimate upon the true freedom of the press. The Journal has no personal grievance against Mr. Hermann and no one who has any grievance to air has had any influence with the Journal in this matter. In the interest of the people the Journal demands of Mr. Hermann or whoever may go to congress less service for private interests at Coos bay and more justice to the natural highway of the greatest agricultural valley of the new world. An open river is what the people want.

Hon. A. S. Bennett of Wasco county, says the Jacksonville Times, will get a handsome vote in every part of Oregon, owing solely to the fact that it is, generally admitted that he is in every way worthy of the support of honest and patriotic citizens, regardless of party affiliations. In addition to having an enviable record as a sound judge of law, he is all right on all other questions and is above reproach.

For years the land company that owns the railroad grant defrauded Lane county out of thousands of dollars of taxes, returning to the assessor whatever they pleased. The present ownership list gave an opening by which they could be compelled to pay the tax due. The county court sustained the sheriff and the lands were levied upon. Of course the railroad objected, but the decision just rendered by Judge Pipes will force it to pay what is due. It amounts to nearly \$10,000 to the county.

The bondholders of the Oregon Pacific railway held a special meeting in New York yesterday to take action on the decree granted by the circuit court of the United States for the district of Oregon against the company. Suit was brought for an injunction enjoining the sale \$1,000,000 of the railroad property and the decree granted. Zaplin Job purchased the property, and it was agreed to refrain from further efforts to set aside the sale. This agreement was indorsed by the bondholders.

Roseburg Review: The republican organs of this district are beginning their contemptible attacks on Judge Pipes now that all fair means to defeat his election have failed. We have a high personal regard for Col. Fullerton but if his friends wish to provoke a comparison of the relative merits of these two gentlemen for the position to which they aspire, we shall be pleased to edify our readers in that way.

Sheep raising in northern Iowa is reported to be a decided boom from the fact that the bounty on wolf scalps has been raised to \$5. Wolves are being slaughtered by hundreds and in a short time will be annihilated. Farmers whose sheep were killed by the wolves as fast as they could raise them in the past are buying more sheep and going into sheep raising with increased confidence. County auditors are kept busy paying the bounty.

Portland Dispatch: The Capital Journal says that it is very probable that Governor Pennoyer will vote for Mr. Veatch. It is a dead bet of ten to one that he will not. The fact is, the governor does not reside in Mr. Veatch's district, which ought to remove all doubts from the brilliant mind of our friend at Salem on this subject. The governor has got a little mixed up as to his party affiliations, but not as to his residence.

America lays claim to several "progressive" newspapers, whose editors, once or twice each year, issue their publications on red, white and blue, and green paper; but in addition to having the oldest paper in the world, China glories in having a daily sheet which is printed on yellow paper all the year round. It is devoted to commercial news, and has a circulation of about 8000 copies. The mid-day issue contains official documents and general news. The evening edition, printed on red paper, gives the latest intelligence and extracts from the two previous editions. The paper is conducted by six literati appointed by the state. The King Pan is the official journal of the empire, and was founded in 911. Originally it was printed intermittently, but in 1261 it appeared regularly every week. In 1804 it was converted into a daily and now issues three editions a day, and sells at about one cent per copy.

J. N. Dolph is a candidate for reelection to the United States senate. It is needless to say that Enoch P. Coleman is not in favor of his election.

The weekly sweeping of Willamette street renders it an exceptionally pleasant thoroughfare. The summer dust will not trouble us as of yore.

Federal office holders cannot control Lane county elections. It is singular that the peoples party should receive the bitter denunciation of the office holder.

Mr. Coleman has not found it necessary to explain his record. His youth and manhood years have been passed in Lane county and no explanations are necessary.

Campaign lies now can be looked for, as the time until election is short. A liar always waits until the last weeks to spring injurious reports concerning his opponents.

Judge Pipes has decided the railroad tax injunction case in favor of Lane county, thereby saving to the county the sum of over \$9,300. Much honor is due the Judge and Sheriff Noland for their action in this matter.

"Say, Peffer," said Jerry Simpson, "are you going to the White house reception tonight?" "Yes, you?" said the senator. "Yep, But say, Peff, do we wear gloves?" "Of course." "What kind—woolen or sealskin?"—"Puck."

Reports continue to come in of the flood all along the Mississippi river and its tributaries, telling of enormous damage being done and many lives being lost. A further rise is expected, and if it occurs one-half the tale of destruction has not been told.

In his speech Saturday Mr. Touque was especially severe on the peoples party. The voters of that party should remember the content expressed against them and cast their votes for the ticket that represents their principles in the main and has a chance of success.

Judge M. L. Pipes has made a record of which any judicial officer might well be proud. His integrity and fairness make friends for him of all who appear in his court, whether litigants or jurymen. The people have confidence in him as an upright and honorable judge.

A new feat in mind reading was recently performed by A. W. Scott, of Hopkinsville, Ky. He was blind folded and put to work at a compositor's case to set type which he did with accuracy and celerity, though utterly ignorant of the location of the boxes containing the various letters.

The road from Eugene to Coburg is one of the principal thoroughfares in the county yet is almost impassable in the winter and in summer is rough and broken. It leads through one of the richest and most prosperous portions of Lane county. Cannot some good Samaritan of a road supervisor follow the example set by Geo. Armitage 20 years ago and make a turnpike road through that district.

Roseburg Review: The republican organs of this district are beginning their contemptible attacks on Judge Pipes now that all fair means to defeat his election have failed. We have a high personal regard for Col. Fullerton but if his friends wish to provoke a comparison of the relative merits of these two gentlemen for the position to which they aspire, we shall be pleased to edify our readers in that way.

Sheep raising in northern Iowa is reported to be a decided boom from the fact that the bounty on wolf scalps has been raised to \$5.
