About three hours afterward he again went with Parmenter to the bank to identify him but when the check was presented for payment Mr. Cardwell noticed that the name indorsed was written in ink, when seen but three hours earlier it was in pencil. He called the attention of the cashier to this who then refused payment. The name was that of D. Parmenter, of Cottage Grove, the young man's father, the cheek being one he had received from the pension bureau for \$24. Mr. Parmenter was at once notified by telegraph and answered to take the paper from his son. Mr. Cardwell, who is an old acquaintance of the old gentleman, and Deput ty Sheriff Croner, found the young man in hiding near town and secured the paper about 5 o'clock yesterday af

Suit that was Brought for an Alleged Breach. Monday's Portland Telegram: In the United States circuit court today the case of William Uhlman & Co. sgainst W. E. Parsons and others was on trial. This is an action brought for damages for alleged breach of contract in regard to the pur-chase of hops. On June 11, 1890, W. E. and C. L. Parsons, of Lane county, Ore-gon, entered into a written contract with the duly authorized and accredited agent of William Uhlman & Co , of Portland, to sell william Uniman & Co, of Portland, to self their entire crop of hops. The price agreed upon was 16 cents a pcund and the entire output was nearly 20,000 pounds. As the season advanced the price of hops came up, and the Parson brothers, it is alleged, disregarded their written contracts and subsequently resold the crop for 22 cents are record. cents per pound. Action was therefore brought by Uhlman & Co. for damages for breach of contract. A jury was impaneled and a number of

witnesses were introduced, who testified in The original contracts which were signed by the parties, were introduced as evidence. The case was very warmly contested throughout. The jury after being out about one-half hour brought in a verdict for the plaintiff for \$2,000 damages.

HUNG HIMSELF.

Wilson, the Murderer, Commits Suicide this Afternoon.

OBEGON CITY, July 28.—Wilson, the murderer of the little girl Mamie Walsh at Milwaukee, this afterneon at 3 o'clock, in the Clackamas county jail, committed suicide by hanging himself. He took the bandage off from his broken arm and attached it to the grating in his cell and the other end to his neck thereby committing the deed. His feet touched the floor but he drew his knees up so as to be able to accomplish the deed.

An Awning Falls.

The awning in front of the Monogram eigar store and about half of that in front of Rice's saloon, about 34 feet in length, fell to the sidewalk about 12:40 o'clock p.m, Tuesday. Fortunately no one was under the awning, although it is reported a boy was close by and it is thought he has not stopped running a second story, thus loosening the sup-ports. This same awning, together with the stretch south to Auten's cigar store, fell during the sleet storm in De-cember, 1884. The wires of the electric light company were broken but repairs were commenced at once and the lights will be as usual tonight. Extra pre-cautions should be taken in building hanging awning, in fact the street is safer and looks better without any except canvass awnings.

To Delinquent Tax Payers.

Notice is hereby given that on and after August 1, 1892, I will proceed to the levy and sale of property for the collection of delinquent taxes. The county must have the money due it, and all taxes not paid by that date will be collected with costs. This is positively the last notice.

Dated July 14th, 1892. JAS. E. NOLAND,

Sheriff and Ex-Officio Tax Collector of Lane County, Oregon. A MINING SCHEME .- The Ashland Tidings of last week says: Dr. J. M. Taylor was on Sunday's train going to San Fran-cisco. 'Doc' had just made a purchase of about 1000 acres of placer mining ground on Grave creek in Josephine county, and says he has an original scheme for avoiding the building of a long and expensive ditch which would be necessary to work the ground. He says his trip to San Francisco is for the purpose of buying the necessary big pump and other machinery to carry out the plan which is to pump the water from the creek to a large reservoir on the top of the mountain above his claim and pipes down from there, giving him ample pressure, and the whole costing less than \$20,000, while to construct a ditch with equal service would cost \$150,000. Dr. Taylor has become an enthusiastic mining man and is in it for nothing less than a cool million. His old time Ashland friends hope that he may get the whole two millions of glittering dust that is said to be scattered throughout the mother earth on his 1600-

acre mining farm at Grave creek. THE GAME LAW .- The last session of the legislature enacted as follows in reference to feathered game: "Every person who shall within the state of Oregon between the 15th day of March and the 1st day of September of each year take, kill or destroy or have in possession, sell or offer for sale any wild swan, mallard duck, wood duck, wood duck, widgeon, teal, spoonbull, gray black, sprigitail, or canvas back duck, shall be guilty of a misdemeanor. Also every person who shall between Nov. 15th and Sept 1st of the following year take, kill, injure or destroy, or have in possession, sell or offer for sale any grouse, pheasant, Monor offer for sale any grouse, pheasant, Mon-golian pheasant, quail or partridge, except for breeding purposes, shall be guilty of a misdemeanor." It will be seen that Chi-nese and other pheasants, grouse, quail and partridges can ouly be killed between beptember 1st and November 15th, and the person who eats them is as guilty as the one who kills them. The law should be lived up to, as it is the only way our best came can be preserved in this valley.

Aum Snor-Last Sunday night as Rollie Rossman, a lad about 15 years old, was rereturning from the mines accompanied by a Mr. Brown living on west Eighth Street, they stopped to camp for the night near Cottage Grove. The boy was in the act of taking a double-barreled shotgun from the wagon and let the butt rest for a moment on the hub. It slipped down striking the hammers and discharging both barrels. The loads passed under his right arm cut-ting away the large muscle laying the bone bare and severing the ulna nerve. He was brought to his home in this city and under the surgical care of Dr. T. W. Harris, is doing as well as might be expected with such an ugly

THE CONFIDENCE MEN.-It is prob

able that the men referred to in the following from the Princville Review of the 23d are the ones now held by Sheriff Noland for forgery committed in this county: Last week mention was made of two would-be horse buyers passing through the country. They proved to be bilks, as a check they gave in payment for a horse they bought on Willow creek has not been honored by the bank in Portland on which it was drawn. They were last seen going toward Eugene, and the sheriff of Lane county has been notified to arrest
