For diarrhea or summer complaint in any form there is nothing better than Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mrs. Nancy Berry, of Adams, Lawrence county, Kentucky, says one dose cured her of an attack of diarrhea and three doses will cure any ordinary case. When reduced with water it is pleasant to take. 25 and 50 cent bottles for sale by Osburn & DeLano.

THE CRY OF MILLIONS
OH, MY BACK!
 STOP IT NOW, SOON IT WILL BE TOO LATE.
 I have been troubled many years with disease of the kidneys and have tried many different remedies without relief. About the 15th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was unable to get up alone or to put on my clothes, when the Providence sent Dr. Hensley, with the JEROME KIDNEY PILLS, to my relief. I immediately commenced using the pills. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days I am happy to state, but I would not say so. I will commend the pills to all afflicted as I have been.
G. A. TUPPER,
 Proprietor Occidental Hotel, Santa Rosa, Cal.

 Attorney Flinn, of Albany, was in town today.
 Constable J. W. Majors of Junction was in town this afternoon.
 A. J. Johnson and family have moved to their farm near Creswell.
 A Tennessee man let all his spare change and his cork leg on Sullivan.
 Henry Owen and family have moved into their residence on Eleventh street.
 W. S. Lee, one of Junction's leading business men, was in Eugene yesterday.
 Miss Mary Thompson went to Salem this morning to attend the state fair.
 Mrs. F. W. Osburn and Mrs. E. O. Potter are at Salem attending the fair.
 A. L. Honey, the merchant and business man of Goshen, was in town today.
 H. C. Humphrey left for the Bohemia mines Saturday, to look over the same.
 Samuel Lively, the veteran hop buyer of Seattle is in town looking after the new hop crop.
 Miss Anna Matthews arrived here from McMinnville this afternoon to attend the university.
 The Hotel Eugene is running a hack to the depot while the bus is in the shop being repaired.
 The police raided the gambling dens in Salem Saturday, and four arrests were made.
 Mrs. S. D. Holt and Miss Allie Link were among the passengers for the Salem fair this morning.
 James Hoffman and family and Henry Hoffman and wife, left this morning to attend the state fair.
 Mr. and Mrs. G. R. Chrisman and son Miss Nettie Stewart went to Salem this morning to attend the fair.
 The Ninth Street evangelist was soliciting funds today among our business houses. He paid each of the saloons a visit soliciting aid.
 W. P. Shelley has returned from Kirby, Josephine county and will remain in this vicinity at least during the winter.
 An epidemic has attacked a considerable number of persons in this city during the last week which has the aspect of cholera morbus in a mild form.
 Rev. E. A. McAllister held a short service at the close of the temperance meeting in the court house park yesterday afternoon. A small audience was present.
 Mr. and Mrs. A. L. Bentley, who have been visiting at the residence of F. M. Wilkins returned to their home at Monmouth this morning.
 Mr. and Mrs. E. A. McAllister, Mr. and Mrs. S. W. Gandon and children and Missa Benetta and Cecile Duris returned from Newport on the local this afternoon.
 Dr. P. K. Walters and son left for Salem this morning. The doctor took along three handsome St. Bernard pups to enter for prizes at the fair.
 H. R. Corning, of the editorial staff of the Cleveland Leader, died in Michigan of typhoid fever, just seventeen days after an auspicious marriage.
 Edward F. Dillon was drowned in the Willamette river near Portland yesterday. He ate watermelons, then went in swimming with the above result.
 The London Times says: According to the new British postal regulations a foreign letter may be of any weight, but must not exceed two feet in length, or one foot in breadth or depth.
 Clearance sales are the order. Bargains may be secured at these sales as the merchants want more room for their new goods, besides it prevents shelf-worn stocks.
 Don't carry the barrel off in front of Chambers' hardware store. It is filled with chain to be used by Bailey & Mitchell on their Sluslaw boom and weighs only 1195 pounds.
 W. W. Baker, of Portland, Dairy and Food Commissioner, came up this afternoon to take part in the case of the State vs. J. P. Peterson, for selling unwholesome cheese.
 Rev. E. C. Thompson, of Woodburn, and Rev. J. C. Templeton, of Cottage Grove, are in the city on business connected with the Cumberland Presbyterian church. They are the guests of Rev. G. A. Blair.
 Harney Valley Herald, Sept. 7: Winnie Gowran left here Monday morning, his destination is Eugene where he will attend the University for the fall and the winter term. On Silver Creek he will be joined by Eugene Boone whose purpose is the same.
 Medford Exchange: I. E. Sayer, accompanied by his wife, two children and brother, arrived in this town last week overland from Bloomfield, Iowa. Their destination was Sluslaw bay, where they were to take up government land and make a home. The cold hand of death has cut the program short. Mr. Sayer was a painter by trade and had been suffering for some time from lead poisoning, and about the time of their arrival here he was taken suddenly worse and died Sunday about 12 o'clock.

FOUR GIRLS AT A BIRTH.
 The Mother is Only 28 and Weighs But 110 Pounds.
 YANKTON, S. D., Sept. 12.—Mrs. Ted Deakin, the wife of a young Yankton farmer, gave birth to four girl babies weighing nearly five pounds each this morning. The mother is 28 years old and weighs 110 pounds. She and the daughters are doing well.

A Farmer Missing.
 JEFFERSON, Or., Sept. 11.—Considerable excitement is caused here by the mysterious disappearance of Elijah Gain, a prominent farmer living at the Green bridge, about three miles south of this city. He was last seen at the bridge about 8 o'clock Friday evening, and was acting queerly. Since that time no trace of him can be found.

Roseburg Residence Burned.
 ROSEBURG, Or., Sept. 11.—Tonight at 10:30 o'clock, the one-story frame dwelling of C. L. Hadley, East Roseburg, was burned to the ground. It was valued at \$1200. Insurance on the dwelling, \$500, in the Hartford; furniture, \$300, in the Firemen's Fund.

MARRIED—In Eugene, Oregon, at the residence of the officiating clergyman, D. D. 1892, by Rev. E. P. Henderson, D. D., Geo. R. Redford and Hattie Hymas, all of Lane county, Oregon.

SATURDAY, SEPT. 13.
 Coburg has 278 population.
 J. C. Goodale's new mill is now at work.
 Junction has a new saloon. It is located in the Gilmore block.
 G. F. and John Blanton have gone to the springs at Sadaville.
 Mrs. Louise Russell has returned from a visit to her sister at Florence.
 John Brown will finish picking hops today on his yard across the river from Eugene.
 The oil painting in the window of the City drugstore attracts considerable attention.
 Dan Bass, formerly of Salem, is the democratic nominee for state auditor of Washington.
 Robt. Johnson and children, of the Minnesota Hotel, have returned from Florence.
 Elijah Connell is in the city and will be a student at the university again this year.
 Auctioneer Kinsey sold a number of horses this afternoon. They sold at low prices.
 An additional freight train is now run on the railroad between Junction and Portland.
 A cement sidewalk is being laid in Junction in front of the bank and Earnest Lee's property.
 Misses Theresa Friendly and Barbara Lauer went to Salem this morning for a short visit.
 Seventy-two citizens in the vicinity of Junction City publish a trespass notice in the Times.
 W. D. Mulkey and Mr. Boyd, of McMinnville, have opened a new grocery store in Junction.
 Gen. E. L. Applegate arrived on the local this afternoon, stopping off on his return home to Southern Oregon.
 The state university resumes studies one week from Monday. The attendance promises to be large.
 Ashland Record: Conductor Wick Huff and wife left Monday for a trip to San Francisco. Billy Jamieson is in his place.
 C. A. McDonald is running an engine on the west-side road and makes his home with R. McCalley in East Portland.
 The Junction Times says: Jacob Mitchell, of Eugene, was here Tuesday and succeeded in selling a safe to the hotel company.
 T. C. Powell, of Portland, county clerk of Multnomah county, came up last evening to take a pheasant hunt with Ed McCallahan.
 Albany Herald: Rev. Geo. W. Hill will return this week from a trip to California, and will preach at the Baptist church on Sunday.
 Geo. Frazer's dog is a careful carrier of orders sent home in the morning. He is proud against the fascinations that other dogs use to gain his attention.
 Ashland Tidings: Mrs. Nelson, of Eugene, state inspector of the W. R. C., was in Ashland Tuesday, and visited the corps here officially.
 Ashland Record: The street evangelist says he was treated better in Ashland than in any other town he has been in. All the other towns treated him with rotten eggs.
 From the number of trespass notices sent out from the GUARD office most of the farmers about Eugene must be protecting their places against hunters.
 The interest in the Corbett-Sullivan prize ring contest has abated to some extent. It is now probable that the presidential contest will receive reasonable consideration.
 S. A. Bliton of the West was in town and made this office a call last evening. He left on the local this morning for Portland. He reports the condition of affairs at Florence encouraging.
 Dr. J. M. Keene and J. A. Porter, of Salem, J. W. White, of Portland, Miss Nida Griswell, of Portland and Mrs. J. T. Wilkins of Roseburg are registered at the Hoffman today.
 Mr. Oberauer went to Portland this morning and will spend the next three or four weeks in supervising the publication of the Eugene city directory which he has just finished compiling.
 Cary F. Martin, who has been setting as city editor of the Journal in an acceptable manner is visiting relatives and friends at Florence. He walked the entire distance, 80 miles in 17 hours.
 Tom Aubrey arrived home from Oakland last night and will take the position of night operator at this place. Mr. Floyd who has held the position will take charge of the freight department.
 Journal: The Pacific Builder of September 3 contains a picture of the residence of Wm. M. Killingsworth in Albina. He went from Eugene about twelve years ago without any capital and is now worth \$300,000, having made it all in the rise in real estate in and around Albina.
 Junction City Times: A rich agricultural county like Lane should have a county fair. Her neighboring counties are walking away ahead of us. Eugene is not alive to her own interests as she would whoop up the fair racket in short order. Go ahead, boys, and we'll help you out.
 Frank Lyles of Marion has a son of the famous Oregon Wonder, which has attracted considerable attention in the east. The horse is four years old, is built exactly like Oregon Wonder and has about the same length of mane, tail and forelock that horse had when the same age, the mane being three feet four inches, forelock two feet, and the tail neatly recently clipped, dragged ten inches on the ground. The mane is growing an inch a month, and promises to equal that of his \$35,000 sire.
 According to the latest report issued by Weather Observer Olney, of the state of Washington, harvesting is almost finished so far as early grains are concerned, while late sown wheat will soon be threshed. Dew has fallen liberally at night, and frost has appeared on the board is to try the case of W. E. Loughmiller vs. the Southern Pacific Company, being an overcharge claimed by the plaintiff by the railroad company on a shipment of oats from Letanion Junction to Portland, the sum being \$43.20, and also a shortage of twenty sacks of oats in the transportation. The company claims that there is a mistake and therefore are going to have the issue tried by the commissioners. Mr. Loughmiller appears in person and S. A. Threlker for the company will be in the auditing office of the railroad at Portland.

MARRIED—In Eugene, Oregon, at the residence of the officiating clergyman, D. D. 1892, by Rev. E. P. Henderson, D. D., Geo. R. Redford and Hattie Hymas, all of Lane county, Oregon.

MARRIED—In Eugene, Oregon, at the residence of the officiating clergyman, D. D. 1892, by Rev. E. P. Henderson, D. D., Geo. R. Redford and Hattie Hymas, all of Lane county, Oregon.

MARRIED—In Eugene, Oregon, at the residence of the officiating clergyman, D. D. 1892, by Rev. E. P. Henderson, D. D., Geo. R. Redford and Hattie Hymas, all of Lane county, Oregon.

Washington has adopted the sobriquet of the "Evergreen state."
 Mr. Blaine favors reciprocity, but has little to say in favor of his former chief.
 The state fair which commences at Salem Monday promises to be up to the usual standard.
 The cholera microbe cannot fight with the mercury trained down below 70. He can't stand frost bite.
 Forest fires are reported from numerous places in Oregon. The loss of timber from fire in the state is almost incalculable.
 The cholera scare has not abated in the least in New York harbor. New pest laden ships are arriving with loads of infected immigrants.
 The announcement that David B. Hill will take the stump for Cleveland will not surprise anyone who has followed his political career. He will not be found sulking in his tent.
 The force bill issue has made Arkansas almost solidly democratic, the first time since the war. One county that gave 4300 republican majority two years ago changed to 400 the other way.
 It is now announced that Tammany Hall is solid for Cleveland and Stevenson. There should have never been any doubt on the attitude that organization would assume towards the democratic candidates.
 Now it is the Hindoo who must go. The Russian authorities have ordered every man who hails from India to leave Turkestan forthwith. The ukase means ruin to thousands. This fact, however, doesn't trouble the czar in the least.
 The road into the Blue river mining district will prove of material interest to Lane county. The ledges in that district are undoubtedly rich in precious metals that will reward mine owners, and indirectly the whole community, by proper development.
 The water supply of Portland is a menace to the health of the city and state in case of the introduction of cholera. The water is taken from the river at a point where the tide rises carrying with it the refuse of the sewers to a greater or less extent. This constitutes the most deadly source of infection.
 The shooting of Frick by Bergman is ridiculed at Homestead as a fake. Though Frick was supposed to have been shot full of bullets and carved almost into strips, a few days thereafter he appeared without a wound. Frick made use of this transparent trick to prejudice the country against the strikers. Capital will resort to any means or any device to beat labor.
 The Japanese government has arranged to send to this country 2000 Japanese of the middle class, who are to be here during the world's fair and afterward make a tour of the principal cities of the United States. Instruction and information as to the industries and customs of the American people constitute the object desired to be attained.
 It appears that the ex-champion, John L. Sullivan, was not in the fight at New Orleans to any appreciable extent. The Californian, although of lighter weight, outranked him in every round of the pugilistic encounter. The next fight will be between Corbett and Jackson. Sullivan always refused to meet him, drawing the color line. As Corbett fought him he cannot refuse on that score.
 Exchange: Campaign charges are numerous and peculiar. In North Carolina one candidate is accused of buying from a merchant a lot of western salt pork, smoking it thoroughly, and then selling it back to the same merchant as home-cured meat. That was considered a worse crime than the familiar campaign charge of the candidate having murdered his grandmother.
 The large cities, and especially those on the seaboard, have important duties to perform in seeing to it that no inducement is presented for the spread of cholera, should it once find its way past the government barriers. Although perfect cleanliness will not protect us from the coming in of the cholera, it will not protect us from its spread, and the first requisite is, therefore, perfect cleanliness.
 Mr. Harrison, in illustrating the wonderful prosperity brought to the country by the high tax tariff calls attention to the fact that \$144,000,000 of breadstuffs were exported last year. That was exporting to the high tax interests, as all the wheat imported into this country is taxed 25 cents per bushel. The farmers who have to pay freight on sand from Liverpool to Portland should encourage Mr. Harrison with their votes. If it was not for the McKinley tariff no market could be found for their products.
 President Harrison's proclamation compelling all vessels arriving from foreign ports to go into quarantine for twenty days, is having the effect of stopping immigration from Europe. Something ought to be done to stop it for an indefinite period and let us catch up with the work of Americanizing the big crowd which has been dumped through Castle Garden during the last ten years. After the mass has been leavened with love of liberty, equality and a knowledge of the English language, the bars might be taken down again.

Good prospects for rain. It would be welcomed.
 The quarantine of cholera patients and steamers in New York harbor is a big job. It is estimated that 10,000 people will have to be cared for before the last of the steamers afloat arrives.
 After nearly 400 years a fifth satellite of Jupiter has been discovered. Galileo discovered four of them in 1610. The boasted progress and skill of the nineteenth century in many things is but little ahead of the earlier ages.
 The new jail of Lane county will not be excelled by any in the state. It will be well ventilated and lighted and will afford comfort to prisoners and safety to officers. The plan of building it separate from the court house is commendable.
 The hop crop of Lane county is an extremely light one, but little over one-half the usual yield being reported. In a number of the yards no hop lice made their appearance. The growers were favored with dry weather, which is not favorable to the pest.
 The people of the East are finding out who pay the taxes on imports of sugar. Since the cholera scourge limits the importation of German sugar, the sugar trust has advanced the price 5-16 cents a pound. Their extra profits amount to \$32,000 daily.
 The West is again after the scalp of Yarrow Symons. It however supports the principal, Binger Hermann, and can see no guile in that worthy. It is but little use to show up the partiality of a subordinate, while covering with fulsome praise the man who pulls the strings.
 Spokane Chronicle: That an increase of tariff duties can both decrease the prices of manufactured goods and increase the wages of employes in manufacturing establishments, and at the same time please the manufacturers, who buy labor and sell goods, is one of the mysteries which the high tax organs never explain.
 Scoonchin, the centenarian of the Modoc tribe of Indians, who recently died on the Klamath reservation, was always a friend of the whites, and rendered great service to them during all the Indian troubles. He was a brother of the Scoonchin who figured so prominently in the last Modoc war.
 The results of the opening of the Eugene public schools yesterday are very gratifying. The attendance exceeds that of the first day last year 57. The schools are a certain index of the growth of a community, and show that Eugene has increased considerably in population during the past year, notwithstanding the depression to which the entire coast has been subjected.
 An exchange says that the codlin moth can be gotten rid of by simply tying a strip of paper around the trunk of the apple tree in the early spring, thus preventing the insect from climbing the tree to deposit its eggs. Later in the season, the paper is removed and the moth, webs and all destroyed. Of course if there are insects up in the tree since the preceding season, spraying must be resorted to to finish them.
 Portland is the latest aspirant for a prize ring exhibition. It is expected that Corbett and Jackson can be brought together. This is not likely to occur for some time, as the now champion may be expected to take no chances on losing his new found honors before the financial results of the victory materialize. The prize ring seems to be a stepping stone to the stage. Brain gives way to brawn and muscle.
 By the provisions of the McKinley bill the rich monopolists have reserved to themselves the right to buy all their wearing apparel in the cheapest markets of the world, and import it into the United States, duty free. It is estimated that not less than 150,000 citizens of the United States spend a season in Europe annually and each is entitled to, and no doubt avails himself of the privilege of bringing home \$500 worth of wearing apparel free of duty. The clothing of the poor man is taxed 50 to 150 per cent, and he has to pay more for shoddy material than the man rich enough to visit Europe pays for fine imported goods.
 Independence West Side: Judge J. C. Fullerton, of the Second judicial district, decided the O. P. railroad case just as Judge Pipes had decided it. Wonder how those "fellers" feel who "downed" Pipes and elected Fullerton. Pipes was right, and Fullerton dared not decide otherwise. Since our knightly conferee, Robert Johnson, of the Corvallis Times, has written a resume of the legal phase of the C. P. company this week, and since he took such an interest in the election of Fullerton, and since, according to the Times, Pipes was owned by the O. P. company, and now since Fullerton has followed exactly in the steps of Pipes, is it not fair to presume that Fullerton is owned by the O. P. as well? The only noticeable difference is, the Times has not been able to work up its courage to say so yet. Perhaps it will be consistent after a little, or as soon as its election ink dries, and people forget its Fullertonian editorials.

Good prospects for rain. It would be welcomed.

 Independence West Side: Judge J. C. Fullerton, of the Second judicial district, decided the O. P. railroad case just as Judge Pipes had decided it. Wonder how those "fellers" feel who "downed" Pipes and elected Fullerton. Pipes was right, and Fullerton dared not decide otherwise. Since our knightly conferee, Robert Johnson, of the Corvallis Times, has written a resume of the legal phase of the C. P. company this week, and since he took such an interest in the election of Fullerton, and since, according to the Times, Pipes was owned by the O. P. company, and now since Fullerton has followed exactly in the steps of Pipes, is it not fair to presume that Fullerton is owned by the O. P. as well? The only noticeable difference is, the Times has not been able to work up its courage to say so yet. Perhaps it will be consistent after a little, or as soon as its election ink dries, and people forget its Fullertonian editorials.

Good prospects for rain. It would be welcomed.
 The quarantine of cholera patients and steamers in New York harbor is a big job. It is estimated that 10,000 people will have to be cared for before the last of the steamers afloat arrives.
 After nearly 400 years a fifth satellite of Jupiter has been discovered. Galileo discovered four of them in 1610. The boasted progress and skill of the nineteenth century in many things is but little ahead of the earlier ages.
 The new jail of Lane county will not be excelled by any in the state. It will be well ventilated and lighted and will afford comfort to prisoners and safety to officers. The plan of building it separate from the court house is commendable.
 The hop crop of Lane county is an extremely light one, but little over one-half the usual yield being reported. In a number of the yards no hop lice made their appearance. The growers were favored with dry weather, which is not favorable to the pest.
 The people of the East are finding out who pay the taxes on imports of sugar. Since the cholera scourge limits the importation of German sugar, the sugar trust has advanced the price 5-16 cents a pound. Their extra profits amount to \$32,000 daily.
 The West is again after the scalp of Yarrow Symons. It however supports the principal, Binger Hermann, and can see no guile in that worthy. It is but little use to show up the partiality of a subordinate, while covering with fulsome praise the man who pulls the strings.
 Spokane Chronicle: That an increase of tariff duties can both decrease the prices of manufactured goods and increase the wages of employes in manufacturing establishments, and at the same time please the manufacturers, who buy labor and sell goods, is one of the mysteries which the high tax organs never explain.
 Scoonchin, the centenarian of the Modoc tribe of Indians, who recently died on the Klamath reservation, was always a friend of the whites, and rendered great service to them during all the Indian troubles. He was a brother of the Scoonchin who figured so prominently in the last Modoc war.
 The results of the opening of the Eugene public schools yesterday are very gratifying. The attendance exceeds that of the first day last year 57. The schools are a certain index of the growth of a community, and show that Eugene has increased considerably in population during the past year, notwithstanding the depression to which the entire coast has been subjected.
 An exchange says that the codlin moth can be gotten rid of by simply tying a strip of paper around the trunk of the apple tree in the early spring, thus preventing the insect from climbing the tree to deposit its eggs. Later in the season, the paper is removed and the moth, webs and all destroyed. Of course if there are insects up in the tree since the preceding season, spraying must be resorted to to finish them.
 Portland is the latest aspirant for a prize ring exhibition. It is expected that Corbett and Jackson can be brought together. This is not likely to occur for some time, as the now champion may be expected to take no chances on losing his new found honors before the financial results of the victory materialize. The prize ring seems to be a stepping stone to the stage. Brain gives way to brawn and muscle.
 By the provisions of the McKinley bill the rich monopolists have reserved to themselves the right to buy all their wearing apparel in the cheapest markets of the world, and import it into the United States, duty free. It is estimated that not less than 150,000 citizens of the United States spend a season in Europe annually and each is entitled to, and no doubt avails himself of the privilege of bringing home \$500 worth of wearing apparel free of duty. The clothing of the poor man is taxed 50 to 150 per cent, and he has to pay more for shoddy material than the man rich enough to visit Europe pays for fine imported goods.
