LANE : LUMBER : LEAGUE.

Directors:
A. WHEELER, Pres. and Mgr., B. A. WASHBURN,
T. C. WHEELER, Secy., W. W. CHESSMAN,
O. A. WHEELER.

This corporation, organized at Springfield July 28th, 1892, has acquired the mill, the lease of water and ponds, the stock of logs, the stock of lumber, the teams, the machinery, and all the property used by A. Wheeler in the business of making lumber at Springfield, and in selling lumber at Springfield and elsewhere.

TREBLED THE CAPACITY OF THE PLANT.
which makes another addition of 50 per cent. to the present capacity, a matter of a few hundred dollars expense only; thus making the mill EQUAL TO FOUR SUCH MILLS as that which he acquired four years ago.

THE MILL HAS PAID FOR THESE IMPROVEMENTS.
During this time great losses were sustained by the flood of February 1890. THE MILL HAS PAID THESE LOSSES.

During this time improvements have been made in the channel of Fall creek by rearing obstructions, constructing dams, etc., whereby there has been opened an entire district of virgin forest, and whereby it has become practicable to bring the finest lumber that grows in the Cascade mountains to the mill at a moderate expense.

The mill has paid the greater portion of the cost of making these improvements. During this time more than one hundred thousand dollars has been paid out in wages to laborers in Lane county.

During this time the average price of lumber has been reduced fully 20 per cent., a great advantage of builders in all parts of the county.

During this time the mill has earned and paid interest on nearly its whole working capital.

During this time the mill has earned the money to pay taxes, insurance and all the expenses of management of whatever name or nature.

During this time a new planing mill has been built and fitted up with additional machinery, making the planing capacity nearly four times as much as when the property was under its present management.

The mill has paid for this improvement. During this time an engine and boiler has been bought and put to use in driving the mill.

The mill has paid for this improvement. During this time a furnace has been raised to consume the saw dust and the needful machinery for its transfer there has been bought and put in operation so that the laws of nature need not be violated.

The mill has paid for this improvement. In addition to all these things the business has earned a FAIR INTEREST ON ITS PRESENT CAPITALIZATION during all this time. So much for the past.

Now a few words regarding the present: The mills are running right along, and even in the present depressed state of the lumber trade are making good money; a result partly due to careful selection of best quality timber from the high regions of Fall creek, and partly to the decreased cost of doing lumber resulting from increased efficiency of the mills.

This Corporation Owns
power equal to 250 horse power, with a provision for 50 per cent. more water than 50 per cent. more rent, for which \$10 per annum per horse power is a low valuation.

A lease for the exclusive use of the Springfield mill race for conveying logs and of the ponds connected therewith for storing logs. These last have a storing capacity of more than five million feet. This privilege in this location convenient as it is to transportation is worth a considerable sum of money every year.

The rental of water power and ponds is only \$1,000 per annum. These privileges as properly utilized are worth much more than the present entire subscribed capital.

This corporation is the owner of the most complete, best arranged, and most economical saw and planing mill plant in Lane county and of ample yards, sheds and offices. This corporation has a good stock of logs in the pond.

This corporation is the owner of good stocks of lumber in Springfield, Albany and of a good stock of lumber in Eugene.

This corporation has an established trade and is now doing a good business. This corporation has better facilities for transporting its products to more markets than any other mill owner south of Portland.

This corporation endowed with sufficient capital and given efficient management is to make big money for its stockholders.

The books of the corporation are now open for the subscription of the remainder of the capital stock, and notwithstanding all the facts above set forth, a limited number of shares the par value of which is \$100 each, will be sold for \$80 each. They should be bought twice the money in twelve months.

Further information given and subscriptions received by H. C. HUMPHREY or S. B. HENNING, Eugene, A. WHEELER, Springfield.

THE LAST HOPE GONE.

The Atchison Withdraws From the
Association.

A Good Thing For All.
CHICAGO, Sept. 20.—The Atchison has withdrawn from the transcontinental Association. A few railroad optimists have professed to believe that the association could continue to believe that the association could continue without the Canadian Pacific, Northern Pacific and Great Northern. The withdrawal of the Atchison road knocks the last prop from under this belief. The Atchison covers practically all transcontinental except in the North, where all the roads have already withdrawn. It is a direct competitor of every road now in the association, and none of them can afford to be hampered by the association restrictions while the Atchison is a free lance. Acting on its avowed policy of openly meeting every secret rate, it could secure nearly all the business before the association lines could make corresponding reductions under the rules. It is doubtful if there will be another meeting of the association except possibly to wind up its affairs. Atchison officials refused today to tell on what date their withdrawal notice would be effective, and even refused to confirm the withdrawal notice itself. It will probably be effective on January 1, the date of withdrawal of the Northern Pacific, Great Northern and Canadian Pacific, and also the date of cancellation of the Pacific Mail steamship subsidy.

Returned to Washington.
TRON, N. Y., Sept. 20.—The president and Mrs. Harrison left Loon Lake for Washington at noon. Mrs. Harrison is improved in health. The doctors decided her condition would warrant a departure. The entire trip will be made by special train. From Loon Lake to Plattsburg the train will include a baggage car, drawing room car and sleeping coach, from the Pennsylvania railroad, due at Whitehall at 6:30, but the only stop between Plattsburg and Albany will be at Saratoga at 8:35, giving 10 minutes for lunch. Arriving in Albany at 9 o'clock, the party will be transferred to the West Shore road, and at Jersey City the route will be continued on the Pennsylvania road. The train will be fast time between some points, being better than that of limited trains.

The Sovereign Grand Lodge.
PORTLAND, Or., Sept. 20.—The Sovereign Grand Lodge of Independent Odd Fellows convened at 9:30 this morning. The report of Grand Sire Busbee shows a net increase of active lodge membership from January 1, 1891, to January 1, 1892, was 48,807. The largest yearly increase in the history of the order. The lodge membership in good standing the first of last January had reached 721,146, and including Rebekah lodges, 802,891.

The expenditures for relief during the year past were \$3,176,382.08. After disposing of preliminary routine, the lodge proceeded to the election of the grand officers for the ensuing year, C. T. Campbell, of London, Ontario, was chosen Grand Sire at noon. No other officers have been elected.

This afternoon the election of officers were completed as follows: Deputy Grand Sire, John W. Stebbins, of Rochester, N. Y., secretary, T. A. Ross, of Columbus, Ohio; re-elected; treasurer, Isaac A. Shepard, Philadelphia, re-elected.

The Grand Army.
WASHINGTON, Sept. 20.—A feature of the day was the dedication of Grand Army place.
On the lawn adjoining the south wing of the treasury building a large colored stand, named in honor of Lincoln, was placed 800 school girls, so arranged in red, white and blue dresses as to produce a living star spangled banner. Farther down near Central market, colored school girls massed together on a stand, with melodious voices, blending harmoniously in grand chorus as the old soldiers marched.

Two Men Killed.
SONORA, Cal., Sept. 20.—William Simons, sr., and J. R. Leavitt were killed in the Calotta mine this morning. They were standing upon a platform built in the shaft for the purpose of making repairs, when the platform gave way, precipitating them to the bottom of the shaft, a distance of about 100 feet, killing them instantly. Both men had families.

A Bicyclist.
WALLA WALLA, Sept. 20.—Frank G. Lenz, correspondent, making a tour of the world on a bicycle arrived here this evening in a heavy rain storm. Lenz left New York June 7th. He expects to arrive in Portland in another week; then he rides on the wheel to San Francisco, then by steamer to Japan.

Southern Oregon Fair Opened.
ROSEBURG, Sept. 20.—The Southern Oregon district fair commenced here this morning with a large attendance. A large number of campers are on the ground. The races were postponed until Wednesday on account of rain.

Commissioners' Court.

Met in the court house, at Eugene, Oregon, Tuesday morning, September 20, 1892, at 10 o'clock. Present, Judge Flak, Commissioners Parker and Perkins, Sheriff Noland and Clerk Walker.

The following business was transacted:
At this time the court proceeded to open the bids for keeping the following named paupers, including washing and mending, for the term of one year, at a stated price for each per week, to-wit: A Lewis, Jos Carter, Robinson, Williams, Warner, Owens and George Arzberger, the court reserving the right to reject any and all bids. The bids were as follows:
O M Davis—\$175.28 per year for each except Arzberger; Arzberger \$247.50 per year.
S E Cannady—\$3.50 per week each.
Mrs Cordelia Carter—\$180 per year for Jos Carter.

T L Zumwalt—\$30 per week for the seven, and all others that are well at \$3.75 per week.
Mrs E S Davis—\$20 per week for the seven.

Dr B F Russell, Thurston—\$2.50 per week each, including medicines and medical attendance, and all others at a like rate.
J C Carter—\$20 per month for Jos Carter.

E E Schenck—\$2.45 per week each for five paupers, and \$2.90 for Carter and \$2.60 for Arzberger.
A W Williams—\$13.50 per month for H Lewis.

W H Kanoff—\$3 per week each.
It was ordered that contract be awarded to Dr. B. F. Russell, upon his signing a contract and furnishing bonds.

Balance bill of F. W. Osburn for \$12 for examining books of county officers, allowed.

Contract for constructing wooden piers under the Spores McKenzie bridge is hereby awarded to H. M. Stone, he having filed a good and sufficient bond, which the court at this time approved.

At this time A. S. Powers declined the appointment of justice of the peace for McKenzie precinct.

Bill of Dunn and Richardson for \$2.35, for cross cut saw for G. W. Clarno; allowed.
Florence and North Fork road; petition dismissed.

E. J. Lowry's bill for house rent for paupers for \$3.
Ordered allowed, Frank Reisner, pauper supplies, \$16.75.
Ordered allowed, Hurd & Davenport, pauper supplies; \$8.

Cottage Grove Items.
Leader, Sept. 17.

Rev. E. Gettins, who received the appointment to take charge of the M. E. church in this district, preached his first sermon in their church Tuesday night.

Again the bright smiles and stately figure of Mr. Henry Pearson, the hero of the Annie mine, can be seen on our streets. Henry has been visiting at his home in Hornbrook, Cal., where the mercury has been registering the moderate temperature of 112 deg. in the shade.

The Springfield and Cottage Grove amateur clubs will cross bats at this place Saturday. A very close and interesting game is predicted by the sports, and will probably be the closing game of the season.

Some time since Mr. Simon, near this place, cut his foot and neglecting proper treatment an abscess formed under one of his toes. His foot had become as large as two ordinary sized feet. Dr. Wall, assisted by Dr. Hamell, amputated the toe and scraped the bone.

Mr. Wall Davis and family, accompanied by P. Foley, G. A. Lamb, C. A. Burford and A. L. Lamb, arrived at this place by Wednesday morning's overland, from Nashville, Missouri. They are looking around and it favorably impressed with the country will buy land and make this their future home. Mr. Davis says they will be joined at this place by a number of families from the same vicinity in the spring.

Mr. L. P. Drexler, a San Francisco millionaire and one of the principal stockholders in the Annie mine, arrived in this city, in company with Henry Person, by Thursday's overland. He went up to the Annie mine Thursday, in company with Dr. B. F. Hamell, on business connected with their mining interests.

Portland Telegram: S. W. Bailey and George Tilden, divers, employed by the Willamette Bridge Company, returned this morning from Gray's harbor, where for the past month they have been engaged in raising railroad iron from the wrecked Abercorn. Up to date, 1600 tons of the cargo of 2800 tons had been recovered and taken to Aberdeen for shipment, but owing to the fact that a sand bar has formed around the hull of the wreck, the remainder of the cargo is not accessible, and work will be abandoned this week.

Trespass Notice.
We, the undersigned, citizens and property holders in and around Spencer Butte and vicinity, do hereby agree and promise to prosecute any and all persons, friend or foe, who shall trespass on any of our premises for the purpose of hunting or otherwise:

DIED.—The mother of E. M. Warren died in Elgin, Canada, Sept. 12th, after two days' illness, aged 74 years.

BOTH ASK THE CREDIT.

Friction Between Federal and State Health Authorities.

No New Cases Reported.
NEW YORK, Sept. 20.—These steamers have been released today—The Richmond Hill, the Furnesia, La Bretagne and Ems. There is a growing friction between Dr. Hamilton, in charge at Camp Low, and Health Officer Jenkins. The former feels that Jenkins has sent him infected passengers contrary to agreement. Jenkins' friends feel that Hamilton is seeking a selfish advantage by what they deem the cholera scare at Sandy Hook. The scare was set up to be set down for personal credit. Some think a clash of state and federal authority imminent. General Hamilton has this afternoon issued an official bulletin on the condition of the camp. In it he says there have been no deaths from cholera today and no new cases of a suspicious character have occurred. Dr. Bryan, at Swanburne island, telegraphs that there are four new suspected cases from the steamer Bohemia.

IN EUROPE.
The Cholera Increasing in Virulence in the Country Districts.

LONDON, Sept. 20.—Berlin correspondent says Emperor William has issued an order that the annual muster of recruits be postponed one month in all the cholera-infected districts of Germany.

A St. Petersburg correspondent explains the decrease in the number of cases of cholera and deaths in towns and the rapid increase and virulence in the rural districts by the fact, as he says, we are only just beginning to learn the real state of affairs in the vast isolated regions distant many miles from the principal towns. Generally the mortality in these places amounts to about one-third the number of cases. Notable exceptions, however, are Voronezh, which has a record for twenty-four hours of 291 new cases, 379 deaths; Stavropol, 453 new cases, 243 deaths; and Ertvan, 89 new cases, 176 deaths. Other provinces where the epidemic continues virulent are Viatka, Kasan, Pensa, Saratoff, Samaria, Tambof, Ufa, Tiflis, Ruban, Oral, Taganrog and the Don country.

A Short Quarantine Useless.
LONDON, Sept. 20.—A Berlin correspondent says: "Two fresh cases of Asiatic cholera were discovered in this city yesterday. One case which proves the complete usefulness of a short quarantine was that of a woman who nursed cholera patients in Hamburg. She arrived here September 12 but was not taken ill till yesterday. The other case is that of the leader of a Hamburg orchestra, who arrived here the 15th. The Potsdam authorities declare the Havel, Spree and Oder river infected with cholera bacilli, and have stopped all shipping traffic between the hours of 8 p. m. and 7 a. m.

Reports from Hamburg are not favorable, the decrease in the number of cases is scarcely noticeable. The character of the attack is very virulent.

Broken Out in Mexico.
PHOENIX, A. T., Sept. 20.—Private information from the City of Chihuahua and other points southeast to the Pacific ocean is to the effect that cholera has broken out and the Durango and other points are in the state of quarantine. Censors of the telegraph lines have been forbidden to let anything relative to it pass, and this information came in a private letter from P. J. Burke, who is held at Pinos Altos. Burke is from St. Louis.

A Democrat This Time.
NEW ORLEANS, Sept. 20.—Two republican conventions were held in the second congressional district yesterday. That representing the leadership of ex-Governor Warmoth nominated Captain Barr D. Wood, a prominent steamboat owner and coal merchant, a native of Pittsburg, Pa. The Leonard wing of the party nominated Morris Marks, a leading lawyer, and for many years head of the popular Hebrew charity, the Widow's and Orphan's home. The district has twice been carried by the republicans in past years, but of course, a split ticket assures democratic success in the coming election.

50,000 in Line.
WASHINGTON, D. C., Sept. 20.—There were more men in line than at any former Grand Army parade. An estimate of 50,000 men would not be far from the mark.

Both Killed in a Duel.
ANNISTON, Ala., Sept. 20.—Albert Fuller and Henry Casper fought a duel last night at Goldridge. Casper was killed and Fuller fatally shot. An old quarrel.

Fire at Rockaway Beach.
ROCKAWAY BEACH, Long Island, Sept. 20.—A conflagration started at noon today which threatens to wipe out a large section of this resort. Seaside museum, Foley's hotel, Wm. Burgess hotel, Murray and Dalz hotel, and Grand Ocean hotel, all ablaze and will undoubtedly be destroyed. The fire department of Rockaway, Lawrence and Woodburg have been summoned by telegraph. It is reported 20 lives are lost.

At 2 o'clock, it looked as though all the buildings on Seaside avenue would be destroyed. If this proves the case the loss will be fully \$400,000. Cause of fire not yet explained.

PERSONAL.
Daily Guard, Sept. 21.
T. D. Linton has moved to town.
C. C. Matlock returned home this afternoon.
George Gill is attending the fair at Roseburg.
Mrs. John O'Brien is visiting at Dunsuir, Cal.
Tom Abrams returned to Corvallis this morning.
Recorder Dorris is at the Blue river mines.
K. K. Kubli, of Jacksonville, arrived here last night.
C. J. Eddy, of Portland, is visiting with Dr. Loomis this week.
Dr. Kuykendall made a professional visit to Shedd's today.
Mrs. S. D. Holt returned this afternoon from Dr. Loomis at Portland.
Geo. Crow and E. M. Warren returned from Foley Springs yesterday evening.
Miss Mabel Fuller left on this morning's local for a trip to Tacoma.
Attorney Geo. B. Dorris returned from a professional visit to Portland today.
Judge Walton and wife returned home from Portland this afternoon.
Mrs. C. O. Harburt expects to soon return to her old home in Iowa.
Mrs. Emma Doy, of San Francisco is visiting with her parents in this city.
Chas. Wilkinson is now one of A. V. Peters' extra force of clerks.
Geo. Crow and N. S. Dubois returned from the Foley Springs last evening.
Salem Statesman: Howard Davis will attend the state university at Eugene this year.
C. P. Houston, of Junction, is "subbing" for station agent Gilmore at Riddle.
G. R. Chrisman and family left this afternoon for a trip through Southern Oregon.
Mrs. Ida Nelson returned to her home at Portland on the local this morning.
Miss Laura Walker returned to Portland this morning after a visit of several weeks in Eugene.
M. F. Parker, of Florence, came up on the stage last evening and will remain here several days.
E. B. Whitney, of this city, is visiting with his brother, J. R., at the latter's ranch on the Santiam.
Geo. A. Kingsbury, who is representing "The Stowaway" is in the city today. He gave this office a pleasant call.
Lenn Stevens and H. T. Condon left last night for Ann Arbor, where they will attend the law department of the University of Michigan. They went by the S. P. R. R. route. Elijah Connell of Portland joined them here. He will attend a medical college at Philadelphia this winter.
A. G. Hovey returned from attending the Sovereign Grand Lodge of Odd Fellows at Portland last night. He reports a large attendance and that the eastern delegates are delighted with the cordial reception given them. Mr. Hovey was a delegate from Oregon to the grand lodge in 1893 and at this session met several who had sat with him in that body.

General Weaver in Alabama.
JACKSONVILLE, Ala., Sept. 20.—General Weaver spoke here last night to 800 people. He denied responsibility for the acts of his superior officers at Pulaski, Tenn., during the civil war. Most of those present were negroes.

Drunken Men Run Amuck.
BUDA-PESTH, Sept. 20.—Six drunken conscripts ran amuck in this city today. They stabbed a woman and her husband, killing the woman and leaving the man unconscious. They afterward stabbed and seriously wounded several others. Two of the gang were arrested.

Standing the Journey Well.
ALBANY, N. Y., Sept. 20.—The special train conveying Mrs. Harrison to Washington reached here at 8:50 tonight. The train will reach here at about 1 o'clock. Mrs. Harrison has stood the journey better than was expected, and Dr. Gardner is pleased at her condition under the circumstances.

Salem Journal, Sept. 20: J. M. Duneau, a deputy sheriff of Vale, Malheur county, arrived in Salem this morning with Wm. and John Bailey for the penitentiary. They go into that institution for life, having been convicted of murder in the second degree, they having killed Wm. Lambert some time since. The penitentiary now contains 380 convicts.

Nearly every paper in the United States is urging the people of their locality to clean up. This is the great secret preventive of disease at all times, and it should be the policy of all cities at all times. In the case of cholera scares, now particularly, it should be insisted on. Clean up and keep cleaned up. No rubbish, no cesspools.

Newberg Graphic, Ind., rep: Some of Portland's police force are kicking over the appointment of a colored man on the force. If the color line is drawn so closely in Portland, is it any wonder that people farther south object to working with negroes? True consistency would indicate a more tolerant course toward the negro in the north, or less talk of their opposition to him in the south.

The dome of the state house at Salem is again delayed on account of the non arrival of steel girders.
