There are at present 381 prisoners in
the Oregon penitentiary. The total
number that have been incarcerated
there is 2,845, so that Oregon has open-
ed her doors to 2464 ex-convicts.
The Oregonian is abusing Mr. T. F.

morning to conduct the funeral services of
the year old son of Rev. H. S. Wallace
of that place. The parents have been greatly
afflicted as they lost an older child but
a short time since and now the only remain-
ing one is taken.
Astoria may well be said to be fortunate
in regard to fires. The city's fire depart-
ment has not been called out for nearly two
months. The Examiner truthfully says, al-
though none desires to see such a calamity,
it is very strange that a city of its kind
should escape from flames for such a time.
The street preacher that left Eugene
on account of being exposed must be in
Albany, taking the following from the
Democrat as an indication: Nearly
a bushel of tomatoes is reported to
have disappeared from in front of C. E.
Brownell's store in one evening,
strong boys flocking them to throw at a
street hanger.

besides his clothing. Hereafter his keep-
ing will cost only \$2.50 per week.

effort was made to derail the Albany local
train last night about three miles south
of Salem by placing a tie across the track.
The tie was knocked off by the train.

but for several years a resident of this
city, died this morning from an over-
dose of chloral, taken with suicidal

Children Cry
FOR PITCHER'S
Castoria
Castoria promotes Digestion, and
overcomes Flatulency, Constipation, Sour
Stomach, Diarrhoea, and Feverishness.
Thus the child is rendered healthy and its
sleep natural. Castoria contains no
Morphine or other narcotic property.
"Castoria is so well adapted to children that
I recommend it as superior to any prescription
known to me." H. A. Andrews, M.D.,
36 Portland Ave., Brooklyn, N. Y.
"I use Castoria in my practice, and find it
specially adapted to affections of children."
ALEX. LEITCH, M.D.,
107 3d Ave., New York.
THE CHEMIST CO., 77 Murray St., N. Y.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became a Woman, she clung to Castoria.
When she had Children, she gave them Castoria.

HILL IN BUFFALO.
BUFFALO, Sept. 24.—A vast audi-
ence congregated in Music hall to-
night to listen to Senator Hill, Lieut-
enant Governor Sheehan, and other
democrats. Senator Hill was received
with tremendous applause. He said:
"I am here tonight in the promotion
of democratic principles and to ad-
vocate the election of Grover Cleveland
and Adlai Stevenson. No apology or
explanation is needed for my course.
Among honorable men the discharge
of political duties outweighs all minor
considerations, and in this crisis of our
country's history and great emergency
of our party affairs, individual disap-
pointments or even alleged personal
injuries should be subordinated to the
faithful performance of political obli-
gations. We all have a mission now
to fulfill. Petty jealousies must be
dismissed, regulated organizations re-
spected, party discipline enforced, and
apathy given away to enthusiasm."
Speaking of the tariff the senator said:
"There can be no reasonable doubt
that tariff taxation will continue to be
permanently the policy of the govern-
ment, notwithstanding the opinions
of sincere but impracticable theorists
who advise its abandonment. The
dispute between the two parties arises
over the extent, effect, and object of
taxation. The conclusive and suffi-
cient objection to a protective tariff is
that it is an abuse of the taxing power;
it compels the whole people to pay
tribute to a few; it is a system based
upon injustice and unfair discrimina-
tion, and tends to build up monopolies.
The democratic position is so plain and
reasonable that it is well understood.
It believes the true and constitu-
tional purpose of the tariff is the
raising of the necessary revenue for
the support of the government,
and that is all."

Florence News.
The West, Sept. 23.
Fifteen passengers came in on the
Coos Monday last.
Since the showers of rain this week,
the salmon are more abundant in the
river.
H. H. Flak has taken a home on
Smith river and is building a house
thereon.
The Kyle cannery is putting up be-
tween four and six hundred salmon
every day—mostly silversides.

C. E. Pond, an attorney at law,
called at this office and expressed a de-
sire to locate here if the business of his
profession would justify the act.

The Whisman Bros. have establish-
ed a stage station between Varian
and Hale post offices, and John Whis-
man moved his family there last week
to take charge.

Major Handbury came to Florence
on the 19th instant, went directly to
Hecla, conveyed thither by C. H.
Page, and returned to Portland via
Astoria and Yaquina. It is reported
that he is highly pleased with the
work now being done on the light-
house.

E. E. Marr, while coming down the river
last night, with his row-boat, in which
was a large dressed beef, was unfortunate
in swamping the boat near Cox island, and
he was obliged to leave it in order to save
his own life. This morning the boat and
beef are both gone.

Mitchell & Bailey have moved their camp
from Mrs. Beas's place to Fred Mason's
landing just below Point Terrace. They
have three hundred piles in the river near
head of tide which will be brought down
this week and work on the boom com-
menced at once, a pile-driver having been
taken up from Astoria Wednesday for
that purpose. These gentlemen have ex-
pended already nearly \$200 on this pro-
ject, and the end is not yet by several dol-
lars.

The necessity of a bridge across Dead-
wood draws more forcibly upon us as the
rainy season draws nearer and we realize
the danger of loss of life and property to
those who are compelled to cross this
stream during high water. A bridge across
this stream will make the Lake Creek road
comparatively safe one at any season of
the year. Without the bridge it is decid-
edly unsafe and after the experience of last
winter we would in no way feel like cen-
suring the Whisman boys for lack of duty
were they to pull off their stage line and
carry the mail on horseback.

General James W. Husted.
PRECKILL, N. Y., Sept. 25.—Gen-
eral James W. Husted died at 8:16 to-
night. He was taken ill on his way
to the republican convention in June
last.

ARRESTED AND SENTENCED.—Last Saturday
morning, just before the arrival of the north
bound overland train, W. Robertson had a
valise and a new suit of clothes stolen from
him which he had taken temporarily to the
dept. Marshal Eastland was informed of
the crime and Saturday he arrested a man
who gave his name as John Doe, at his
boarding house, finding the property in his
room. The man arrived here a few days
ago from Myrtle Creek where he had been
working on the ditch for H. W. Holden.
He was given an examination before Justice
Kinney, this morning on the charge of petty
larceny, when he entered a plea of guilt,
saying that he was drunk when he took
the property. He was sentenced to 30
days in the county jail by the justice.
Deputy Sheriff Smith took the man to Sa-
lem on the local train, where he will serve
his term out in the Marion county jail.

PUMP SHIPPED.—The big pump for
the Water Company was shipped from the
East on September 14, and is now
expected here daily. It will be placed
in position immediately on its arrival,
and it is thought that in a few days
thereafter the new pumping station
will be used. The pump is a fine one
and has a capacity of 1,500,000 gallons
every twenty-four hours.

A BIG TRAIN.—The overland train
went through Saturday night in two
sections. The first carried the baggage
cars, including two filled with scenery
for the "Von Yonson" company, and a
through car to Medford carrying
O. H. Fellows and his wives.

GRAIN UNCT.—Deputy Sheriff Matthews
informs us that Morris Allen, who lives near
Smithfield has 60 acres of oats still uncut.
The grain was irrigated and is nearly six
feet high, and has therefore been slow to
ripen.

A GOOD ONE.—Uncle Jack Keeney,
who lives near Goshen, as is well
known, is an ardent admirer and sup-
porter of Gen. Weaver, for the presi-
dency. He came to town this morn-
ing and purchased a campaign silk
handkerchief, and was gaily display-
ing the same thinking it was one of
the people's party's article. However,
he was informed of his mistake by Dr.
Faine and Tom Craig, greatly to his
astonishment and consternation. The
handkerchief contained fine photos of
the next president and vice president
in—Cleveland and Stevenson—and
underneath the same motto, "The
People's Choice." The motto is what
foiled him. In a rage he returned it
to the store and received back his sil-
ver dollar, much to the amusement of
the two gentlemen above named. It
will be remembered that Uncle Jack
some time since bid \$125 that Weaver
would be the next president.

PROBATE COURT.—The following
proceedings have occurred in the Pro-
bate Court since our last report: Es-
tate of J. H. Park, deceased, fleas peti-
tion for the assignment of dower in
and to the real estate of deceased; or-
dered that citation issue to heirs at
law to appear at office of county judge,
October 3, 1892, and show cause, if any,
why the dower should not be set off to
her. Guardianship of person and es-
tate of Maud A. Pritchett; R. P. Long
appointed guardian, and bonds filed.

BLUE RIVER ROAD.—A soliciting
committee consisting of A. V. Peters,
R. M. Day and B. F. Dorris, were vis-
iting our citizens today asking for con-
tributions to aid in the construction of
a wagon road into the Blue River
mines. They report fair subscriptions
thus far. It is a business proposition
for our citizens to aid this enterprise
liberally.

DIED.—S. B. Knox, a pioneer of the
state and county died at his home about
three miles this side of Cottage Grove this
morning at the advanced age of 82 years.
He came to this county in 1853 and reared
a large family. He was honored by all for
his sterling worth and integrity, and his
friends will be pained to hear of his demise,
although he has lived longer than is usu-
ally allotted to mankind. The funeral will
take place tomorrow.

LODGING HOUSE.—J. D. Matlock is
reconstructing the two upper
stories of his brick block suitable for a
first class lodging house. It is prob-
ably already leased. Eugene, we are
satisfied, is large enough to give such
an enterprise a good support.

A FLYING MACHINE.—Geo. M. Mil-
ler thinks he has invented a successful
flying machine, and we hope he has.
He has sent the model and his papers to
the patent office at Washington, D.
C., asking that letters patent be grant-
ed him.

ROSEBURG RACE.—In the free for all pace,
purse \$175, at Roseburg, yesterday, F. P.
Judson's Cameo won, Captain Mount 2nd,
Geo. Gill's Rocket, 3rd; time 2:39; 2:37.

BOND FILED.—Dr. B. F. Russell of
Thurston yesterday filed his bond for \$1000
with Jas. M. Seever as surety, for the com-
pliance with the contract for the keeping
of the Lane county paupers for the ensuing
year. Papers are now being delivered.

Springfield Items.
Messenger, Sept. 23.
The force of men on the section has
been increased to fourteen.
Professor Hunt reports 123 scholars
enrolled in the two rooms the first day.
There are three applicants for every
vacant house in town. Who will
build a few cottages to rent.
Geo. Lyne is fitting up his building
on Main street next to the barbershop.
We understand it is to be occupied by
the new millinery establishment.
A summary of the Lane county
wheat crop so far stored in the differ-
ent warehouses places the estimate at
about 500,000 bushels. Of this amount
120,000 bushels is stored at Junction,
40,000 bushels at Eugene, 50,000 bush-
els at Cottage Grove and 80,000 bush-
els in Springfield.
The Free-Methodist campmeeting
began Wednesday evening on the
west side of the river. Amongst the
ministers present are Revs. Scott, Abi-
son, Bowerman, Goode, Dollarhide,
Taylor, Green and Reynolds. The
daily program begins with prayer
meeting at 6 a. m., followed by preach-
ing at 11 a. m. and 7 p. m. The at-
tendance is large.
B. F. Powers received a letter from
The Dalles Monday announcing the
sad death of his nephew Allie Ander-
son. The letter says Allie started for a
horseback ride on the 5th inst., when
the horse reared up and fell back, the
horn of the saddle striking him on the
abdomen. He died the next day. De-
ceased was a promising young man 25
years of age.
Last Thursday as Miss Mae See was
driving from Springfield to Coburg,
she met a traction engine in the road
just outside of the latter place. She
stopped the horse within a few rods of
the engine. At that moment the en-
gine blew off steam which
frightened the horse that he turned
around, tipping the buggy over and
throwing Miss See violently to the
ground bruising her face and side. The
horse ran about 100 yards dragging
the buggy on its side making a wreck
of it. The animal was badly injured.
Miss See has fully recovered.

Arrested for Prize Fighting.
PORTLAND, Or., Sept. 22.—The grand
jury today indicted Billy Maber, Billy
Smith, Billy Hennessey, Gus Herget
and Jack Dempsey, for participating
in a prize fight at Pastime Athletic
club on Tuesday night last. Maber
and Smith were principals, and Herget
and Hennessey seconds, and Dempsey
referee. Men were arrested this
afternoon. Their bonds were
fixed at fifteen hundred dollars each.
Dempsey provided bonds for himself
and will put up the bonds this after-
noon for the others who are now in
jail.
The defendants have engaged Henry E.
McGinn to defend them, and the attorney
made an effort to have their bail re-
duced to \$500 each; but District Attorney Hume
held that as the lowest fine for prizefighting
is \$1000, while the briefest term of impris-
onment is one year, therefore the court kept
their bonds at \$1500.

The grand jury is composed of F. O. Pitis
foreman, F. S. Fields, S. E. Evans, D. C.
Powell, F. H. Grubb, J. Culver. As the
contest had been liberally advertised, one
member of the grand jury concluded to in-
vestigate. He did so, and brought the mat-
ter before his colleagues without outside in-
tervention.

MANAGER DEMISEY TALKS.
"We gave nothing but a scientific contest
for points, and no one can say there was
any exhibition of brutality. Every other
state in the Union has granted clubs the
privilege of giving contests for points.
Neither Maber nor Smith was hurt in the
least, and after the contest was awarded to
the latter, Maber jumped upon a chair ad-
miring that Smith had made the most
points. Next morning Maber appeared on
the streets without a blemish on his face or
body."
Smith and Maber sat side by side in the
courtroom, talking pleasantly with each
other as if they had been brothers. No one
could have thought that one had recently
beaten the other.

The prisoners will all be arraigned for
pleading tomorrow morning.

A BUNGLING OFFICER.—Deputy
Sheriff Kinnison, of Baker county, at-
tempted to arrest a man without first
showing his authority. The man refused
to be searched, demanding to see the
officer's authority. The officer did
not see fit to comply with the request
and taking his "gun" attempted to in-
timidate the man but the scheme did
not work, says the Democrat. The
fellow who is a traveling rope walker
and athlete, landed his fist in Kinnison's
face and in an instant six feet
and two inches of Missouri was down
at full length on the ground, so eye
witnesses state. The rope walker soon
after took his departure from the city
by the first train. Kinnison gave up
searching people and returned to county
headquarters a wiser but very mad
man.
