The Raisin Growers Organize a Protective Union.

KILLED BY A BLOW FROM THE FIST.

Northern Pacific Raffroad Cancels All Its Eastern Lumber Engagements -Fight with a Bear.

The Nevada State Fair is in progress

The Indian population of Arizona given out as 35,777.

Phoenix, A. T., is to have an electric light plant and a \$300,0.0 hotel.

Chinese pheasants are quoted in the Portland market at \$1.25 a pair. This is a big bid for their slaughter through the valley.

The leaks in the wrecked Wetmore cannot be located. The pumps have no effect, and the chances for saving the vessel are very small. At Holbrook, A. T., Ben Mitchell with

his fist struck Tom Lance a blow on the neck, breaking it and causing instantaneous death.

Santa Barbara openly expresses its dissatisfaction at the work of the State Board of Equalization in raising its assessment roll

Governor Ross of New Mexico denies the published report that the Dalton gang of robbers have been captured in gang of robbers have been captured in that Territory. They have not been The raisin growers of Riverside and

vicinity have organized a raisin growers protective union, where growers expect to realize better prices for this year's The Mexican Boundary Commission

ers find no material change to make in the line between the two countries so far, and do not expect there will be any. New monuments are being put up. The Treasury Department has appoint-

ed Dr. W. F. Chenoweth of Nogales, A. T., Sanitary Commissioner of that port as a precaution against the entrance of cholera into the United States via Guay Advices from the White Hills in Ari-

zona report an immensely rich strike on the seventy-foot level of the tirand Arm-mine. A body of ore that will run 1,000 ounces of silver per ton has been found,

The Pendleton roller mills are now running quite steadily, with an increased output, there being a better water sup-The milis have now 150,000 bushels of wheat on hand and 100,000 bushels more engaged.

The Northern Pacific road has can-

celed all Eastern lumber engagements The Canadian Pacific generally received these consignments at the boundary, and it is believed the Northern Pacific's aim s to strike the Canadian Pacific.

Two Mexicans were found Monday anging to the limb of a mesquite near the Mexican line in Arizona and were recognized as mescal smugglers who have been along the border for some time. They were hanged doubtless by vigilantes who had caught them with

W. R. Monroe with his dog left Pres cott, A. T., to hunt for bear. He shot a suddenly appeared. Monroe shot him, but the bear was only wounded. It made a rush for the hunter and a rough and tumble fight ensued. The dog dis-tracted the attention of the bear long enough to permit Monroe to start up a tree, using one arm, the left being fractured. The bear returned to the man in time to seize him by the shoe, which came off, and the beast started away with it, but fell dead from its wound after going a short distance. Monroe was badly used up and was taken to Prescott for medical treatment he being terribly bruised and scratched.

It is announced that within a few days San Francisco and Great Salt Lake will file articles of incorporation. articles of incorporation under which the company at present exists were filed in Stockton. The papers only set forth the object of the company as being the construction of a railway between this city and Stockton, though, of course, no secret was made of the fact that this was nental line, or, at all events, one extend-ing from San Francisco to Salt Lake. In the articles of incorporation which are to be filed, however, the complete object of the company will be set forth. that is, the construction, as stated, of

a cross-continent road. The 40-cent rate made by the Union Pacific a short time ago on lumber from Portland to Colorado applied only to lumber shipped in box cars, and not to timbers such as are carried on flat cars and which are not brought from the South, whence comes the lumber which enters into competition with Oregon lumber. The company has now made another change, and gives a 40 cent rate on timber which can be carried on a flat car, but the old rate will remain in force on all timbers long enough to require of the Un ted States at between 13,000-two cars to load them on. The first change did not benefit lumbermen here pends \$150,000,000 for their instructions. to any extent, as the roads carrying it is a thousand-fold better investment Southern lumber made a corresponding cut in their rate, but the last change may enable the lumbermen to build up a trade in timber with Utah and Col- tion.

Trouble has commenced over the allotment of lands in the Kootenai Valley to Indians. About four months ago seven ranchers settled on land near Sonner's Ferry, Idaho. When Indian Commis sioner Rouan made allotments to Indians on this section, an Indian named Fry claimed for his children and grandchildren, fifteen in all, land on which haifbreeds to acquire possession of this land, and Judge Holman issued an injunction restraining settlers from interfering with Fry's cutting here. these ranchers had settled. A few days tering with Fry's cutting hay on the land. Under this Fry set men at work cutting hay and stacking it. A good deal of bad feeling has been engendered, and a though "gun plays" have been of public schools larger discretion, espe-made, no shooting has yet been done. cially in the apportionment of time On Saturday night warrants of arrest for Fry and five of his men, charging them shown that many pupils who have with grand larceny, were sworn out passed through the schools are extremewith grand larceny, were eworn out. Deputy Sheriff Doust, who has been protecting Fry under the injunction issued, was also arrested. The settlers claim that the mothers of both Fry's children and grandchildren are Colville Indians and are not entitled to land under the

R. G. Dun & Co. report that cholera has had no effect on trade.

Safe and Lock Men.

Garbage creamatories will be in opera tion in Chicago within a few days. A trust of all the safe and lock men in the United States, involving \$5,000,000,

Within the next ninety days all the elephone wires at Cincinnati will be laid underground.

Fong Hoy, a Chinaman, is held in St. manufacturing opium for smoking purposes.

There is talk of a formal consolidation of the Baltimore and Ohio and Ohio and Mississippi railroads. The brewers of Cincinnati will fight in

court an additional tax levy of \$500,000 assessed against them. Texas has established a quarantine

station on Red river, where the Santa General Miles is under orders to throw

troops into Choctaw nation whenever Indian Agent Bennett calls for them. The Chicago Inter Ocean has begun a hot war on the anthracite combine and demands both civil and criminal prose-

The largest artificial stone in the world forms the base of the Bartholdi Statue of Liberty on Bedloe's Island, New York Harbor.

The circular of the Treasury Department requiring crews of vessels on the Great Lakes to be vaccinated has been The late Father Mollinger's assum

fortune of \$20,000,000 has been dwindled down to a matter-of-fact valuation of about \$100,000. A train a mile and a quarter in length was lately hauled over the Reading rail-

road by a single engine. It consisted of 250 empty freight cars. Major Harvey, United States Pension Agent of Detroit, paid off the 43,000 pensions of Michigan in six days, thus sur-

passing all previous records. Captain Berckman, of the American Steel Barge Company, is investigating the Texas coast, looking to securing a harbor for the whaleback ships.

Judge Short, the leader of a notorious band of cattle thieves in the Bad Lands N. D., has been captured and lynched together with several of his men. Governor Francis has proclaimed Oc-

the idea that prompted the German government to forbid all soldiers to go to see the repulsive battle pictures of Verstate of Missouri, calling it Columbus day.

The people of New York are not afraid of a cholera epidemic this fall, and are going about their business just as though the scourge had not crept past the bar riers. Over a hundred houses in different

and the owners have raze and burn them. The State Legislature of Pennsylvania

expenses of the labor riots at Pittsburg A Detroit paper says the confusion in the administration of the quarantine

regulations in that city has reached such a pass that the customs officers have thrown up their hands in despair. The house of Ward McAllister is mer aced with a divorce scandal. The wife of Haywood, the son of Ward McAllis

ter, has threatened her husband with arrest for desertion and non-support. The New York Central now owns the biggest engine. It is No. 903. Its driving wheels are seven feet two inches

and a man may walk erect beneath the boiler. The monster is for last train service. The street pageant which New York will get up for its Columbian festivities will be lighted by 100-candle electric

torches borne alongside the floats, and receiving electricity from storage batteries on the floats. The proceedings at New York in the case of the steamer South Portland, seized by the United States Government

on the allegation that she was laden with arms for the revolutionists in Venezuela, have been dismissed for lack of evidence Acting Secretary Chandler has ordered the payment of \$200,000 authorized by Congress as an indemnity to the Sioux

Government some years ago, during one of the Indian outbreaks in the North-The East Tennessee Railroad Com pany has issued an order requiring ab stinence from the use of intoxicating drinks on the part of its employes; also hat they shall, while in the company's service, keep away from places where in-toxicants are sold, and lend their influ-

ence to keep others away. In a lot of scrap and waste paper re cently unloaded at the paper mill in Palmyra, Mich., were found two land grants on parchment, bearing the signa-tures of John Adams and Martin Van The first was drawn in 1810 for a strip of Virginia soil, and the other in 1840 for a section of Mississippi.

Without any explanation the Nickel Plate has put into effect a passenger rate of \$12.50 from Chicago to New York, being a cut of \$7.50. The Chairman the Central Traffic Association is trying to find out what it means and to prevent Strangers have appeared at Guthrie,

O. T., with a box of gold quarts which assays \$20,000 to the ton. They claim that they found it within easy distancof that city and that the quantity is unlimited. There is much excitement over the matter and further developments are expected. The Southern Pacific railroad has

given notice of its withdrawal from the Western Traffic Association, which is now practically dead. The Transconwest of Chicago which is really of any value is the Western Freight Associa-

square, New York, are building a new factory for the manufacture of cutlery. To McKinley the firm gives credit for employed, and no expense will be spared in pushing the business to a success.

States at any time.

## THE CHICAGO EXPOSITION.

Arkansas to Exhibit a Relief Map of the State at the World's Fair-The Washington Flag Pole.

Emperor William has intimated that he would possibly visit the World's Fair at Chicago.

A Congress on Africa is to be held next year in connection with the World's Co-

umbian Exposition. The international chess tournament to be held at Chicago in connection with

the World's Fair will distribute \$7,000 in prizes.

The owners of the Mammoth Cave of Kentucky propose to reproduce the "starry chamber" in the mining build-

ing at the World's Fair. The British building at the World's Fair will have among its decorations flags bearing the arms of the principal cities of the United Kingdom.

The London Times does Chicago the honor to say that that city is a sufficient attraction within itself to justify a visit

to the Columbian Exposition. Building material dealers will make an exhibit at the World's Fair. They will also hold an international congress for the discussion of matters of interest to the building trade.

The final programme for the dedica-tion of the World's Fair buildings is settled. W. C. P. Breckinridg, of Kentucky, will be the orator. Cardinal Gibbons will deliver the opening prayer. Arkansas will exhibit at the World's Fair a relief map of the State, showing

elevations, depressions, lakes, swamps, coal and stone areas, arable lands, wheat corn and cotton regions, timber and prairie lands, etc. Eight cases of Indian relics from the Skokomish and Quiniault reservations have been received. The relics include a dress made of hair, which is probably 200 or 300 years old. Mr. Eells of the

Indian reservation collected the relica R. F. Beale of Lewiston, Idaho, has left at the World's Fair headquarters, in the Fidelity building, a sample of red magnesium found in Asotin county. When taken from the earth this sub-stance is pliable and easily worked; when exposed its hardens like terra

cotta. The King of Siam has been asked to send an exhibit to the Chicago Fair, and will probably forward a few of his sacred white elephants if there is an assurance given that the circus men will not try to paint their own animals in the same whitewashed colors and advertise them as being wool-dyed.

The flag pole for the Washington building will be 200 feet high. It has been prepared for shipment at Edgecomb Snohomish county. It will have to be cut in two for shipment and then spliced at Chicago. This will be the largest flag pole at the World's Fair, according to the present plans. One of the Washing-ton flag poles standing in front of the administration building will carry the largest American flag ever made,

### FROM WASHINGTON CITY.

The Department of State Receives ar Important Telegram From Our Minister to Brazil.

Rear-Admiral Benham has been or lered to proceed with his flagship, the Newark, now at Genoa, to Cadiz to escort the Queen Regent of Spain to Huelva on October 8, where the next day of Dickens, the interesting statement is made by Mr. Chapman, Dickens' publisher, that the sale of his works last as unsanitary by the Board of Health. will accompany the Newark and the fleet of Spanish vessels and participate in the

The Treasury statement, just issued shows an increase in the net gold held in the Treasury since September 9 o \$2,250,000, making the total \$116,560,659. The receipts from the custom-house at New York from September 1 to September 20 were \$6,544,000, as against \$6,531,-757 for the like period in last September, showing an increase despite the existence of quarantine.

The Department of State has received the following telegram from the American Minister to Brazil: "Recent reguations compel all ships from the United States to any Brazilian port to go first to the quarantine station at Rio de Janeiro.' The United States Minister has made due remonstrance against this harsh measure against all the ports of the Inited States, and has urged the adoption of local inspection at ports of ar rival.

Secretary of State Foster had a call the other day from Mr. Lauterbach, representing the Pacific Mail Company, and representative of the Panama railroad, regarding the action of the Columblan Government instituting a quarantine against European and American trading vessels, the effect of which was practical stoppage to commerce. They desired the government to take some ac tion to relieve matters. It is considered probable that the United States will submit a remonstrance to the Columbian dovernment.

Secretary Noble has received the an-

nual report of the Utah Commission for Indians for 5,000 ponies taken by the the year ending September 1 last, during which time three sessions were held, one at Chicago and two at Sait Lake City. Speaking of political matters, the commission says a change is apparent in the political condition of Utah, which, if properly fostered and honestly man-aged, will be pro luctive of good results. considerable space in the report is deoted to a discussion of the subject of polygamy. The commission insists that polygamy still exists, and that there are nany cases constantly coming to public knowledge of the association between polygamists and the plural wives they had processed to have put away is a fact that can hardly be controverted. The commission reports fifteen persons who are believed to have entered into polygamous marriages during the last year, and more than \$00 persons who are known or believed to be now living in polygamous relations.

A short time ago the Collector of Customs at Port Townsend wrote to the Treasury Department for instructions in the case of one Ching You, the Chinaman who claimed to be a British subject and applied for admission to the United States as such, exhibiting a certificate of natura ization issued at Vancouver. The Collector expressed the opinion that this was a test case, and if the man were allowed to enter, the authorities on the other side of the line would begin at once to make British citiz ns of the Chinese in order to evade restriction law. Assistant Secretary Spaulding, in reply informs the Collector that the naturalization of a Chinese person by an adja-Tiffany & Co., jewelers of Union far as admission into the United States is concerned. An official of the Treasury Department said that it was a debatable question whether this action of the department in refusing to recognize the British natural sation of Chinese per-sons is not in conflict with the treaty

Сикеве — Oregon, 11@12c; Young It has been well demonstrated that the fodder produced by a crop of corn is fully equal in value to the grain. If the America, 12½c per pound. Eees — Oregon, 25@27¾c; Eastern, 25c per dozen. grain was wasted as in the case in the 25c per dozen.

POULTRY—Old Chickens, \$4.00@4.50;
broilers,\$2.50@3.50; young ducks,\$5.00@6.00; old geese, nominal, \$5.00@8.00;
young, nominal, \$6.00@9.00 per dozen; management of the fodder by many, it would create surprise. It has been claimed by an eminent authority that the amount of fodder wasted annually turkeys, 15@17c per pound.
VEGETABLES—Cabbage, \$2 per cental;
Onions, 75c@\$1.00 per cental; potatoes, 80@9.5c per cental; Oregon curumbers, 10@15c per dozen; tomatoes, 50c per box; Oregon turning 15c per by exposure and trampling is sufficient to feed all the stock in the United States during the winter. The claim is a broad

a fact fully recognized. The practice of "shocking" the corn fodder in the fields is an old one. At first the cured fodder is bright in color, 50c per box; Oregon turnips, 15c per dozen; young carrots, 15c per dozen; beets, 15c per dozen; sweet potatoes, 2c per pound; Oregon cauliflower, 75c@ ≰1.00 per dozen; celery, 90c per dozen. but as the rains and snows come upon it \$1.00 per dozen; celery, 90c per dozen.
FRUTTS—Oregon peaches, \$1.10@1.25
per box; Siculy lemons, \$9.50; Calitornia lemons, \$7.00@8.00 per box;
cantaleups, \$1.50@1.75 per dozen; watermelons, \$1.50@1.75 per dozen; California
grapes, \$1.00@1.25 per box; Oregon
grapes, 50c@\$1.00 per box; pineappies,
\$1.00 per dozen; pineappies,
\$1.00 per dozen; pineappies,
\$1.00 per dozen; pineappies, winds literally clean the stems of all that is of value. The shocks are blown cattle tramp that which remains by pulling it first to the ground and picking it over. Just why care should be exer-cised in cutting the folder and securely binding it, only to allow it to waste later 83.00 per dozen; plums, 70@90c per box; Oregon Italian prunes, 55@90c per box; Oregon pears, \$1.25@1.50 per box; ba-nanas, \$3.00@4.00 per bunch; quinces,

> given that consideration which it deserves, so far as its nutritive value is concerned. When cut at the proper time and left in the fields until an opportunity is afforded for storing it under a covered shed, in a condition which will make it very acceptable to all classes of stock, and if cut with a cutter and fed moistened or steamed with a small proportion of ground grain, it will keep in good condition without the aid of hay, It may be stored under cover by stand-ing the fodder on end under a large roof. or may be layered, and if well cured and not having been exposed, it will not heat. It should be used as much as possible before the wet season sets in to essen the bulk. If there is a power cutter, it may be cut in large quantities at a time and stored in bins. No matter how preserved, it is a fact that, until

the crop will be lost. Care of Poultry.

Many of the suggestions as to the care ponitry are unnecessarily cruel. In my own experience with poultry I have secured satisfactory results with less severity in handling the fowls. It is quite a common practice to lay a barrel on its side, placing the hens and chicks in it, \$2.00@2.25; blackberries, \$1.85@1.90; raspberries, \$2.40; pineapples, \$2.25@2.80; apricots,\$1.65@1.75. Pie fruit: Asclosing the end, leaving only space for the chicks to run in and out, thus keeping the hen a prisoner until such time as the chicks are ready for the fattening coop. The latter is something I do not .40 per dozen. Vegetables: corn. \$1.40

possess-in fact, have no use for. @1.85; tomatoes, 95c@\$1.00; sugar peas, My hens and chicks are given a roomy coop, with slat yard 4x3 feet, which gives the hen a chance to scratch and partial freedom secures the hen in good condition and prepared to resume laving

confined. While some advocate underfeeding, I give my fowls all they will eat twice a day, and my egg record is the best in the neighborhood. I am convinced that liberal feeding will increase the receipts and keep the fowls in good condition. NAILS-Base quotations: Iron, \$3.00 steel, \$3.00; wire, \$3.50 per keg IRON—Bar, 2% c per pound; pig iron STEEL-1014c per pound. Tin-I. C. charcoal, 14x20, prime quality, \$8.25@8.75 per box; for crosses, \$2 extra per box; roofing, 14x20, prime quality, \$6.62\(\frac{1}{2}\) per box; I. C. coke plates, 14x20, prime quality, \$7.75\(\infty\)88.00 per box.

Another neighbor was advised to feed but once a day. He got no eggs, and de-served none. At this time I was getting four and one-half and five dozen eggs from a flock of ninety fowls, many of

six pounds to the pair, and have perfect barrel; pitch, \$6.00 per barrel; turpenfreedom. When one can produce chicks of that weight by allowing them to enjoy the few weeks of life allotted to them, what need of confining them in fattening coops and excluding all light by a green shade to be partially raised at feeding time. This latter was the advice of a recent writer in an agricultural paper. In my own experience, if fowls are made comfortable and contented, they will make constant gains, and I beings, 10@20c; tallow, good to choice, 3 @31cc per pound. Wool—Umpqua Valley, 16@19c; fall lieve the quality of the chickens will be better than under close confinement.

be lessened.

market, if you grow them yourself you can afford to feed them.

VEAL—4@6c per pound. Smoked Mears—Medium ham, 13½@ they not only injure the trees, but reader them unsightly. Calves that are weaned from their dams when but a few days old are not easily raised during the warm season. Give them fresh milk four times a day,

rations of the cows should be increased at the barn. If there is then a supply Buffalo Bill has purchased a house in Naples. He has become an enthusiast turnips, the cows may be gradually regarding life on the continent, and he changed from green food to grain and regarding life on the continent, and he was offered an old house in Naples at a ridiculously small price. It is a place of yield of milk.

historical interest, as King Bomba once ing roots. When it gets a start it takes possession of every square inch of the Some of the South American states one of the easiest plants to kill when it is young. Keep the cultivator moving have reorganized their armies and now where crab grass is liable to appear, as The generals kick vigorously, as there

By a combination of movable ballast, in the form of pendulums controlled by water cylinders fitted with loaded valves, it is proposed to so control the rolling of vessels in a seaway that the disagreeable features attending their want of steadiness will entirely disappear. - New York Times.

The largest and longest stone bridge in the world is over an arm of the Chius sea-five miles long, 300 arches, each seventy feet high.
