SPEAKING AT CRESWELL.

Geo. Noland and Dr. Mullinix Discuss Political Issues.

Daily Guard, Oct. 19. A representative of the Guard attended the public speaking by Geo Noland and Dr. Mullinix at Creswell Tuesday afternoon.

While the attention was not large, clear attention was paid to the speakers and they were frequently applauded.

Several ladies graced the meeting with their presence and the Creswell Brass Band, which deserves credit for its proficiency, did not stint the quantity of music.

Mr. Noland was at his old home and informed his old friends that he did not feel like making a political speech. He devoted the principal portion of his time to the tariff, presenting facts that were convincing to the farmers that the high tariff caused them to pay excessive prices for their wools, binding twine, tin and many other articles, for the benefit of manufacturers 2000 miles away, while their wheat, hops and other products were sold in the open markets of the world. High tariff which had been inaugurated as a war measure had been increased, so that in many instances it prohibited commerce by the high tax party. Our ships once were seen in every port of the world and three-fourths of our produce were carried in American bottoms. High tariff has lengthened them of the open sea. Mr. Noland paid his attention to the absurdity of the home market cry.

Dr. Mullinix scored the high tariff party for its efforts to muzzle free elections and perpetuate itself in power with the infamous force bill. Our erratic governor seemed needed attention and the erring democrats had wandered from the fold into the people's party were exhorted to return. Dr. Mullinix is an eloquent speaker, is enthusiastic in the cause which he champions, and awakens the enthusiasm of his democratic auditors.

City Council Proceedings.

Daily Guard, Oct. 19. Council met in special session at the city hall last evening.

Full council present. The ordinance relating to the franchise of the Eugene-Springfield Electric Railway was read the second time and laid on the table.

A proposition from the water company was then read. Said water company agree to withdraw their suit now pending against the city and not litigate any matter arising from the cause of said suit, provided, the city would agree to refrain from any such litigation. Each party to the present suit to pay its own attorney's fees and also each bear half the cost already accrued. Also that the city refrain for 60 days from making sewer connections, this giving said company time to complete their new station.

We do not print the proposition in full but merely state the subject matter. As presented it was not entirely satisfactory to the council, who thereupon appointed a committee consisting of city attorney E. R. Skipworth, Councilmen Matlock, Page and Wheeler to have full power to confer with the Water Company and if possible come to an arrangement which would satisfy both parties.

Daily Guard, Oct. 17. ARRESTED.—James McCord was arrested on the Harlow place across the river from Eugene this morning by Deputy Sheriff Croner, charged with the larceny of a cart from M. Suslaw Salmon.

An Acme correspondent of the Roseburg Review has this concerning the phenomenal run of salmon: The greatest run of silver salmon for years is now in the river. The advance guard crossed the bar on Saturday the 24th day of September, and those who witnessed their coming say it was a grand sight to see them as they settled and rolled and squirmed, almost choking the flow of wondering waters of the "Great Suslaw" in their mad rush to get in Kyles and Timmin's made cans. Timmin's seine caught in four days upwards of 7000; the two biggest hauls being 1250 and 1104. The seine was then laid out as the gill nets could easily supply all the salmon needed. The Rose Hill
