Portland Ex.: Dr. E. O. Bostwick, the grand secretary of the Ancient Order of Foresters, gathered in all the funds he could get and has gone to parts unknown. The exact amount is not known, but some place it at \$450. The doctor was quite a society man, being a member of the Masons, Odd Fellows, Star of Bethlehem, Druids and Knights and Ladies of Honor. He could always be found in societies where the lady members predominated. A pretty grass widow from Albina is said to have gone with him.

FRIDAY, FEB. 11.

The thermometer registered 50 degrees above zero at 2 p. m. Lee Teutschel is confined to his room with the mumps.

The snow storm still continues in Eastern Oregon and Washington. Mr. and Mrs. Dr. Kuykendall went to Drain this afternoon to visit friends.

The fire hydrants were all tested today and found to be in good condition. Jack Dempsey and Billy Kogh, prize fighters, are to meet in Portland Feb. 28th.

Albany Herald: Only nine lights on the streets of Albany last night looked like the sun.

L. Zamwalt, of Mohawk, who has been quite sick, is reported to be a little better.

Ex-Marshall Hoffman, of Albany, wants to be appointed agent at the Umattila Indian reservation.

Miss Sallie Wagner left on last night's overland for Van Buren, Ark., to make her future home.

The Springfield land will give an entertainment in Eugene at Rhinehart's opera house, February 18.

Wm. Morgan, who has been visiting his mother here for several weeks, returned to his home in Montana this morning.

Louis Johnson went to Creswell this afternoon to attend the bedside of his grandfather N. A. W. Howe, who is very low with pneumonia.

H. L. Bettman, a well known violinist of Portland, arrived in the city this afternoon and will visit at the residence of his uncle, G. Bettman.

A Jasper correspondent writes that S. R. Davis' house caught fire Friday, but was not destroyed, and was out after a lively effort. A hole in the roof is the result.

Capt. Sachs' Marine Cadets will assist in the entertainment to be given for the benefit of the Cumberland Presbyterian church at Rhinehart's hall February 19.

Dr. C. E. Loomis returned from Humboldt Bay, Cal., this morning, where he had been on U. S. official land business. He was compelled to go and return via San Francisco.

A suit has been commenced in Judge Egan's court, in Union county, in which \$40,000 is involved. This is another one of the cases of Nodine vs Shirley, formerly cattle owners.

Springfield Messenger: Miss Ruby Yerington is quite sick. The physician pronounced her with a terrible hip disease. Mrs. Yerington will probably take her east to the Sanitarium at Alma, Michigan.

McMinnville Register: The United States banking company has gone up from all reports. The depositors of the Sheridan bank have about \$21,000 in their credit and from appearances will receive more than 25 cents on the dollar.

Geo. T. Downing, superintendent of the Oregon penitentiary, was sued yesterday in Salem by Mrs. Chas. De Leon for \$10,000, for scandalous statements made concerning her. Mr. Downing says it is a case of black-mail.

In settlement of the divorce proceeding at Portland between Richard Clinton and his wife M. M. Clinton, Mr. Clinton gives his late wife the house and lot where they dwelt valued at \$15,000, and \$2000 per year, payable quarterly for five years. This is tendered as a gift so that the divorced wife will not be out in the cold world penniless.

The orchards of Oregon are worth looking after. The state has thirty-six nurseries covering about 1570 acres, containing about 9,000,000 young trees, and orchardists have upward of 100,000 acres of growing trees. One-half of this acreage is in prunes, one-fourth in apples, one-tenth in pears and the remainder in various kinds of fruits.

State Superintendent McElroy has received and accepted an invitation to deliver an address before the World's Educational congress, to be held at Chicago during the Columbian exposition this year. This congress will convene July 17. The subject will be "The Rise and Growth of the Public Schools of the Pacific Slope."

Springfield Messenger: We are reliably informed that W. G. Ferguson, who visited Springfield a couple of weeks ago in company with J. C. Boyd, represents a Chicago syndicate who are negotiating the purchase of the Springfield Investment and Power Co's property and is in Portland at this writing with Mr. Boyd with the prospect of closing the deal. If this company buys the property we can look for interesting developments in Springfield within the year.

Springfield Messenger says: Blaine county will very likely meet at the hands of the committee a fate similar to that of Mineral county. Since the boundary of the proposed county has been changed before the World's Exposition, with a strong probability of Monroe becoming the permanent county seat, Junction City's interest in the division scheme seems suddenly reduced to a low ebb. The best thing now to be done is to all join hands and circle to the right in the interest of Lane county.

The East Oregonian had a missing word contest. The following sentence from Henry George was used: Men's souls, encompassed here with bodies and passions, have no communication with God, except what they can reach to in conception only; by means of ———, as by a kind of an obscure dream. But when they are loosed from the body and removed to the unseen, invisible, impassable, and pure region, this God is then a leader and King; they there, as it beholding without weakness and passionately affecting that beauty which cannot be expressed or uttered by men."

The missing word was Philosophy and only one out of 42 a man in Virginia, guessed it.

DRENCHED FROM SCHOOL.—Twenty-two boy pupils were recently expelled from the Milton, Oregon, school for smoking cigarettes. They were given a chance to come back on condition that they submit to merited punishment and promise to indulge no longer in the demoralizing cigarette. Fourteen accepted this offer, and at last accounts the remainder were negotiating for a compromise.

THE LEGISLATURE.

SALEM, Feb. 3, 2:30 p. m.—The following business was transacted by the House:

Bills were reported back by several committees.

Joint memorial calling for government ownership of telegraph and telephone lines, was defeated by a vote of 20 to 36. Speaker Keady voted aye.

The estimate for expenses of this session of the legislature increased to fifty thousand dollars.

Proposition to reduce poll tax to one dollar, defeated.

The second reading of bills occupied several hours and is still proceeding.

SENATE.

The morning was spent on the Monmouth Normal school bill. It was defeated by a vote of 12 to 17. The following is the detailed vote.

Nays—Alley, Bancroft, Cameron, Crane, DeWitt, Dodson, Fulton, Gates, Hayler, Looney, McAllister, McGinn, Smith, Steiner, Ventch, Willis and Woodward.

Yays—Beekley, Blackman, Butler, Cogswell, Crosno, Hirsch, Huston, Matlock, Myers, Raley, Vandenberg, Weatherly.

Absent—Maxwell.

Friends will try to pass the bill with a smaller appropriation.

SALEM, Feb. 4.—The house spent the morning on reports of special committees.

The senate bill appropriating \$50,000 for the world's fair at Chicago passed the house by a vote of 32 ayes to 20 noes. The bill now goes to the governor for his action.

SENATE.

By Wills, incorporating the port of Portland; read third time and passed.

Senator Veatch gave notice of reconsideration of the Monmouth Normal school appropriation bill.

Considerable debate was had on the judiciary committee's report on the salary bill of sheriffs and clerks.

Crosno's bill creating county of Lincoln; passed unanimously. This county lies west of the Coast Range of mountains which includes Yaquina Bay. It takes the main territory off from Benton county; a small slice also comes off of Tillamook. The temporary county seat will be Toledo.

Both houses adjourned at 11 o'clock a. m., to meet next Monday at 2 p. m.

HOW THE HOPS HAVE BEEN.

SYRACUSE, N. Y., Feb. 2.—The Homestead publishes this week the complete report of the hop crop of the United States, based upon reports from 3987 plantations in the whole country, of which 2494 are in the state of New York. The aggregate results show an increase of rather less than 3000 acres in the 1892 area, compared with 1891, and an increased yield of 230 bales.

California shows a heavier crop last year than in 1891, the average being 51 bales per acre compared with 61 bales the year before.

In New York state, while the total number of boxes were larger than in 1891, their weight is lighter, thus reducing the average yield by about nine pounds per acre.

Wisconsin harvested 4877 bales. The total crop of the country is given at 217,942 bales, compared with 215,327 bales in 1891.

Legislative Notes.

Daily Guard, Feb. 3.

Committee on counties reported adversely on the bill creating Hamilton county from a portion of Grant; laid on the table.

By Alley, to appropriate \$2000 for a salmon hatchery on the Sluslaw; read second time and referred to committee on fisheries.

Salem Statesman: The mortgage tax law and the clause of the assessment law allowing deductions for indebtedness are both no doubt doomed. This is indicated by the action of the house in the committee of the whole Wednesday. The two propositions were considered separately, and the vote on the repeal of the mortgage tax law was 35 ayes to 22 nays, 2 absent. It will take six more votes to carry this proposition in executive session.

There were more ayes on the proposal to repeal the reduction of indebtedness clause, and this will go through the house easily. Friends of the bill say there will be several votes to spare in the house on the repeal of the mortgage tax clause, and that the two propositions will pass the senate. When the committee of the whole arose, it was with the recommendation that the bill, embracing the two propositions, pass.

Wilkens' bill incorporating the town of Colberg, read third time in house; passed.

Alley's bill incorporating the town of Florence, read third time in the house and passed. It now goes to the Governor.

Dissolution Notice.

Notice is hereby given that the partnership hitherto existing between J. W. Withrow and Chas. Hadley, under the firm name of Withrow & Hadley has this day been dissolved by mutual agreement. The business will be continued at the old stand by Chas. Hadley who will pay and collect all debts of the old firm.

J. W. WITHROW, CHAS. HADLEY.

Daily Guard, Feb. 3.

THE "BEAUTIFUL" GOING.—The thaw that commenced yesterday still continues, and today it has been raining lightly. The snow will soon be a thing of the past, if the present weather continues. The top of skinner's butte is already bare of the white mantle it has worn during the past week. Oregonians can stand any amount of rain, but a little snow gets away with them completely.

Daily Guard, Feb. 4.

TWO MORE ATTACHMENTS.—Deputy Sheriff Smith went to Junction City this morning and placed two more attachments on the defunct bank at that place aggregating \$4,000. They were sent here from the Marion county circuit court, and were from residents of Gervais.

BORN.—In Eugene, Monday morning, February 6, to the wife of A. Lombard, a boy.

Board of Trade.

Daily Guard, Feb. 3.

A special meeting of the Board of Trade was held last evening to hear the report of Mr. Auten, a sugar beet expert, who had been hired to look into the practicability of a sugar manufactory here.

It is only in certain sections that the soil and climate are favorable to the raising of beets testing a high percentage of sugar. Experiments have been made here the last year or two and the product when analyzed gave a greater percentage of sugar than those made by progressive factories in California.

Mr. Auten in an exhaustive report ascertained that the conditions here were entirely favorable for an industry of the kind to be made a paying one. The advantages to the people generally in the vicinity where such a factory exists is obvious to one who has given the subject any attention.

The gentleman also stated that it might be possible to interest capital in inducements and co-operation were extended. Acting upon this suggestion the board then passed a resolution to the effect that any county who would erect a plant here of a stipulated value of \$400,000, should be pledged for five years, and also a cash bonus of \$50,000 would be raised. It is understood that the expert will confer with capitalists and if possible induce them to accept this offer.

Do You Want a Public Office?

There are 180,000 offices within the gift of the new administration, and now is the time for those seeking public employment to take proper steps to secure one of these lucrative positions. All who are interested should at once send for a copy of the United States Blue Book. It is a register of all Federal offices and employments in each state and territory, the District of Columbia and abroad, with their salaries, emoluments and duties; shows who is eligible for appointment, questions asked at examinations, how to make an application and how to pass it, to succeed, and gives besides a vast amount of important and valuable information relative to government positions never before published. Handicompactly bound in cloth. Price 75 cents, post paid. Send all remittances in draft, money order or registered letter. Address J. H. Soule, Publisher, Box 43, Washington, D. C.

House Bill No. 259.

Introduced by Mr. Wilkinson and read January 23, 1893. For an act to regulate the transportation of passengers by railroad corporations.

Section 1. That it shall be unlawful for any person or persons engaged alone, or associated with others, in the transportation of passengers in the State of Oregon, to charge or receive from any person who is lawfully conveyed over any railroad or railroads in this state, any sum exceeding three cents per mile for the distance to be traveled by such person.

Section 2. All acts or parts of acts in conflict with any of the provisions of this act, are hereby repealed.

Card of Thanks.

To the friends who so kindly rendered assistance and extended sympathy and comfort to us in our recent bereavement, I desire to express my sincere thanks.

C. F. LITTLEFIELD.

STATE CENTRAL COMMITTEE.

The democratic state central committee met in Salem yesterday. No indorsement of candidates was made. The meeting was principally devoted to making arrangements to organize the party in the state. A committee was named with power to call the next state convention. The following resolution was adopted: "The state democratic central committee of Oregon here assembled regret the attitude of its excellency, Gov. Penoyer, towards the leader of our party, President-elect Grover Cleveland. The people of the second time, by an overwhelming majority have shown their confidence in President Cleveland, and it ill becomes Governor Penoyer, who has repeatedly been honored by the democratic party, to attempt to throw shurs on its great leader. We hereby renew our allegiance to the chosen chief executive of this country, and consider Governor Penoyer's utterances against him as unwarranted and sensational."

FOR WIFE BEATING.—Albany Democrat, Feb. 3: On Nov. 17, 1892, John Hammer and Mary Kelley, a widow with two or three children, were married in this city. Though the honeymoon is hardly over there is said to have been plenty of trouble, and Hammer is accused by his neighbors of treating his wife in a manner not becoming a good husband. Last evening the neighbors were called in, Hammer was arrested, put up his watch for bail, plead guilty today, and \$12.50 settled the matter. Mrs. Kelley is said to be a hard working, Christian woman.

Met at the Court House Monday afternoon at 1 o'clock. Present—Commissioners Perkins and Parker, Attorney Skipporth, Sheriff Noland and Clerk Walker. Absent—Judge Fisk, who is sick with the mumps.

The court commenced work on the books of the county officials for the past year, as required by law.

THREE DOLLARS EACH.—Springfield Messenger: G. E. Corey and a young Mr. Hall, were taxed \$2.50 each and costs by Recorder Penger Thursday, for shooting firearms within the town limits.

Disgustingly Silly.

The last issue of the Cottage Grove Leader, after copying the GUARD's article in relation to the passage of the bill appropriating \$95,000 for roads in the state, to be divided according to the areas of the respective counties, has the following:

"Were Lane county to receive the whole \$95,000 not one dollar of it would ever be used for the benefit of the southern part of Lane county roads. Every dollar of it would be sunk in the 'low swales' and 'fog ponds' in and near Eugene, and yet when over 700 voters ask for a new county, they are called 'selfish' by a lot of yellow legged scrubs. The people of southern Lane will remember these things and the old serpent will yet have some of the poison scales raked from his dirty carcass."

The above does not do credit to the editor of the Leader, who is generally gentlemanly in his discussions of all topics, and must have been the work of a "sail" or else written when Mr. Thorp was in an abnormal condition, to say the least.

The city of Eugene improves its own streets and in a manner far superior to any town in Oregon, and that too at the expense of its property owners. Besides, she pays about \$15,000 under the state road law that is expended on the roads outside of the city. On her own petition the county roads within the city limits were vacated, and her road taxes have ever since been applied to the highways in the country. Is this very "selfish" Bro. Thorp? The county during the past 12 months has appropriated for roads and bridges on the roads outside of the city.
