An evangelist in Pendleton made a remark from a pulpit that Pendleton is such a Sodom and Gomorrah that he would not dare to bring his wife and children there. The E. O. there upon got mad, and made some hot remarks about the evangelist.

Albany Democrat: The Hawaiian Islands are about the size of Marion, Linn and Lane counties, 6940 square miles. Population 60,000, of whom about 20,000 are Americans. Not very much to them, and yet they are of vast importance in a commercial sense.

It is rumored that the reason the lawyers of Multnomah county enjoyed the state from making the state levy is that they hoped thereby to escape paying the last year's tax on mortgages, by claiming that the new tax law became effective before the state levy was made.

A conductor on the narrow gauge road reports a narrow escape for the train the other day. While passing Elk rock, a large stone, weighing many tons, came tumbling down, just grazing the hind part of the last car in its descent. If it had struck the car a frightful loss of life could not have been averted.

We are informed that there is but little improvement in the health of Hon. R. B. Cochran, who was stricken with paralysis at his home near Coburg a short time since. His right side, arm and leg are paralyzed so that he is completely helpless. The power of speech is gone, but he is entirely conscious of his surroundings.

E. J. Frasier writes us from Woodland, Cal., that he has been quite sick from the grippe, but expects to return to Eugene tomorrow morning. He states that it has been a very unpleasant winter in California, and that the rivers are all now very high. He says the climate in Oregon is much better than that of the Golden State.

Ashtland Record: "Frank J. Miller, clerk of the railroad commission and brother of Hon. H. B. Miller, has been placed in the insane asylum at Salem. Nervous tension over the struggles of the commission is alleged as the cause." It is Mrs. Miller, who is suffering from mental troubles. Her many friends in Eugene hope for her early and complete recovery.

The La Grande Gazette is cruel enough to print the following: "A maiden fair with sun-kissed hair came tripping down the street; the air was keen, her age was teen; but gaze-white wasn't she sweet; the sidewalk was slick and she went down quick, with a jolt that took out her curls, and the words she used must be excused for she's one of our best girls."

Jacksonville Times: Frank Huffer is said to be meeting with great success in the practice of his profession, the law, up in the sound cities, and has already carried some important cases through the supreme court of Washington, with the right kind of a verdict for his client. He is another of the young men in whom Jacksonville justly takes pride.

Mr. Huffer is a graduate of the Oregon State University and was a tutor in that institution for two years.
