

An Ungracious Retort.

Daily Guard, March 2. In a report in this paper of the large ball at Roseburg last week, mention was made that the Roseburg ladies were entitled to higher compliments for their excellent taste in dress than for their beauty. The Review now takes exception to our construction. After quoting the paragraph it says: "If that last sentence is to be construed to mean that Roseburg ladies are better than the ladies of other towns, we hasten to reply that the GRAY reports must have worn leather goggles, or else is so used to the society of plain women in his own town that he doesn't know a pretty girl when he sees one." Down there the infallible test of beauty is for a young lady to wear green goggles and have a scholarly stoop to her shoulders. Why, man, Roseburg has more feminine beauty to the square inch than any town in Oregon."

Now, Mr. Review, don't be unjust. It was not our intention to draw comparisons. But if this done he must not refer to Eugene beauty at the present time as he has just done by "telling me" when he attended the university here. At that time there was an unusually large attendance of the female sex from Douglas county. However we are willing to compare Eugene beauty now, students and all, with any reports as the limit of this great nation. As to his last statement the testimony of Roseburg dealers in Wilson's Robertine would doubtless verify it.

Notice of Dissolution of Partnership.

Notice hereby given that the co-partnership heretofore existing between Patterson, Etris and Gray, under the firm name of Patterson, Etris & Co., is this day dissolved by mutual consent. A. S. Patterson and J. G. Gray retiring. William Etris and W. P. Etris will continue the business under the firm name of William Etris & Son, and they will pay all debts of the firm and collect all accounts due the firm. Dated this Feb. 14th, 1893.

A. S. PATTERSON, J. G. GRAY, Wm. ETRIS.

No Coffin Trust.

We wish to inform the people of Eugene and Lane county that we are not in the coffin trust and will run our undertaking business independent of all trusts. This means that we will sell coffins, caskets, robes, etc., at a great reduction from the trust prices. Hoping our old friends will approve of our action in leaving the trust, and that it will make us many new friends, we remain yours truly, DAY & HENDERSON.

Notice.

Is hereby given to the shareholders of the Elmira Grist Mill Co., of Lane county, Oregon, to meet at Elmira on Tuesday, the 25th day of March, 1893, at 10 a. m., for the purpose of electing a board of directors, and transacting such other business as may come before the meeting.

By order of incorporators, F. M. NIGHSWANDER, H. C. HUSTON, J. CASERBER, J. F. KIRK, J. B. SALSMAN.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism. If the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today, and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cents bottles for sale by Osburn & DeLano, Druggists.

Notice to Debtors.

All persons indebted to the late firm of Patterson, Etris & Co. are hereby notified to call at the office in the mill, within thirty days, and make settlement by cash, or arrange for an extension of time. We must have a settlement. WM. ETRIS & SON. EUGENE, Feb. 20.

Mothers' Recommendation.

We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and are recommending it every day. From personal experience we can say that it has broken up bad colds for our children—Centerville, South Dakota. Citizens 50 cent bottles for sale by Osburn & DeLano, Druggists.

F. W. Kelly, editor of the Breeder and Sportsman, published in San Francisco, has sent to Dr. T. W. Harris, of this city, that he will send his stallion, Memo, to the doctor's breeding farm near here this summer. This horse is a full brother of the filly that made the fastest record ever made by a yearling trotter.

The report of a yellow fever strike has reached Ellensburg from Swan creek. Johnson and York struck a 10-inch vein on Selma point, several tests of which shows that it goes \$29,000 in gold to the ton. It is found in what is called the old French pocket, which was worked 18 years ago by the Frenchmen, who took out one million worth of gold. Today's report created great excitement here and a number of men will leave for the camp tomorrow.

The telegraph conveys the information that from present indications there will be but little done in the way of surveying public lands. The amount of the appropriation for the purpose included in the general appropriation bill now before congress is only \$100,000 as compared to \$400,000 last year. Congressman Hermann moved to amend the bill so as to provide for the survey of 300,000 acres, but the amendment was lost, as was also an amendment moved by Wilson of Washington to insert \$200,000. Out of the \$100,000 the sum of \$30,000 is set aside for examination for surveys. Oregon's share of last year's appropriation was \$20,000 and on the 1st of March her share for the year will be less than \$5000. This will not go far in surveying public lands in Oregon, and Surveyor-General Byars is looking forward to a quiet time next summer. The only hope is that when the bill goes to the senate it will increase the appropriation.

OREGON'S NEW ROAD LAW.

Full Text of Senator Cross' Bill as it Passed the Legislature.

SECTION 1. That section 4075, title 1, chapter 76, of the Miscellaneous Laws of the State of Oregon, as compiled and annotated by W. L. Blair, be amended by adding an act entitled "An act to amend sections 4061, 4070, 4084, 4085 of title 1, chapter 76, of the Miscellaneous Laws of Oregon, as compiled and annotated by W. L. Blair, approved February 23, 1890, and the same is hereby amended so as to read as follows: SECTION 4061. In assessing such estimate and assessment the supervisor shall proceed as follows: 1. He shall apportion the labor to be performed in his road district to the valuation of the taxable property owned therein, the ratio of one day's work for each and every \$1000 assessed for state and county purposes the last preceding year; provided, that any person may, in lieu of one day's work to be performed according to this chapter, pay into the hands of the supervisor a sum of money not exceeding ten dollars for labor or material on the public roads in the district where the said property so taxed is located.

2. He shall assess two days' work, to be performed by each male between 21 and 50 years of age, except persons who are exempt from military or naval service, or are too infirm to do manual labor. Every such male actually in said district shall be subject to such tax at any time from the first day of February of each year to the first day of the following February. And the supervisor may at any time assess a public charge, or any person who is not actually in said district, and the same shall be subject to such tax at any time from the first day of February of each year to the first day of the following February. And the supervisor may at any time assess a public charge, or any person who is not actually in said district, and the same shall be subject to such tax at any time from the first day of February of each year to the first day of the following February. And the supervisor may at any time assess a public charge, or any person who is not actually in said district, and the same shall be subject to such tax at any time from the first day of February of each year to the first day of the following February.

3. He shall call out and have performed two-thirds of the total road work in his district, as may be assessed in the manner provided in this section, upon the public roads in his district before the first day of April following unless the county court shall extend the time for performing said labor. 4. Providing in counties containing 6000 inhabitants or over, the county court of such county in the state at the time of levying such taxes for county purposes, may levy a tax upon all the taxable property in the county, not to exceed five mills upon the dollar, and in addition thereto a poll tax of \$2 be assessed upon every person who shall be liable to pay a state poll tax, which taxes shall be collected with and at the same time and in the same manner as the county taxes are collected, and shall be paid into the county treasury and shall be kept as a separate fund to be known as the road fund, and shall be used for the purpose of laying out, opening, making and repairing county roads, and building and repairing bridges, and no other tax or other taxes shall be levied or collected, except that the county court may order bridges built or repaired out of the general fund. Such county court shall apportion the taxes so collected among the several road districts in the county, and the amount of such apportionment shall be paid to the county treasurer in the several road districts, to the condition of the roads and necessity of repairs, and to the amount of travel thereon. The county court shall thereupon notify the road supervisor in each of the road districts in his county of the amount of the road tax set apart for the use of his road district for opening, making and repairing county roads and building bridges in his road district, and such supervisor shall direct and supervise the expenditure of such amount of the road fund so set apart for the use of his road district, and certify his accounts for labor performed or material furnished to the county court, and if the county court approves the same it shall order warrants on the county treasurer in favor of the person performing such labor or furnishing such material, paying out of the fund so set apart for the use of his road district, and until such fund is exhausted; provided, having a roadmaster, the money shall be expended under his supervision.

Provided, further, that in counties having a county roadmaster no road tax shall be levied or collected, and the approval of such county roadmaster be enclosed in writing upon the petition filed for such purpose; and provided further, that no road shall hereafter be located in the state of Oregon having at any point a grade exceeding 10 per cent, which shall be ascertained from the certificate of the surveyor.

Sale Postponed.

The sale of the A. P. Anthony place, near Selma, that was to have been sold the first Tuesday in March, is hereby postponed until April 1, 1893, as parties have written me to postpone the sale of the ranch as they desired to purchase the place, and cannot be present at the time first advertised; the reason I have made the postponement is that the land is in a very poor condition of brick clay on the place, and parties propose to put in the brick process.

HOW THEY KIDN. Apropos to the remarks by a certain paper, concerning the art of "circulation" "our poet" thought a few remarks in order:

The Cottage Grove girls so we are told, Like lions fierce and bold, Grab a catch as catch can hold And kiss until you cry Let me go or I will die.

The Creswell girl, the prudent miss, Don't believe in hugging kids They say it spreads disease and ill. But with their dainty finger-tips They pluck a kiss from off their lips, And wait it to you on the breeze.

Rev. Wallace of Cottage Grove will preach at the M. E. Church the second Sunday in every month, commencing with March 12. All are cordially invited to be present on that day especially all church members.

Messrs Wallace and Sons of Cottage Grove are looking for a location for a brick and tile factory here. Good clay can be secured and the prospects are good for the removal of this industry to our town.

The Goshen correspondent speaks of horses dying from blind staggers in his neighborhood. From what we hear from there the strong arm of the law—if there is any law at Goshen—should be brought to bear on parties, who will keep horses and cattle and let them starve to death in this land of plenty.

Messrs. Fred. Parmenter and Will Edwards of Cottage Grove were in town Sunday.

The revival closed last Sunday night and 18 were converted during the meeting, mostly children. A collection was taken up on Sunday morning, \$13 being collected and presented to Rev. McDonald.

Rev. Gittins went to Cottage Grove Saturday, preaching at that place Sunday morning and evening.

Under the heading, "To remove the county seat," the Register carries an interview with a gentleman from Junction in regard to removing the county seat to Creswell. Now, we want the chronic growlers and disgruntled politicians on both sides of the county to understand that Creswell is loyal to Eugene and Lane county and will not become a party to the miserable hauling and pulling that has disturbed our county in the past six months. It would be very fine to have a county seat and might increase the value of property, thereby benefitting a few individuals, but it would cost the county a vast sum of money and break down what little influence Lane county has left at the legislature. The best thing for the Blaine and Mineral county boomers is to fall in line with old-time enthusiasm and try to make the most prosperous year in the history of the county.

Some would have us believe this town a small edition of Sodom and Gomorrah, but self-praise counts for naught. By your actions shall you be known.

PARDONED.—Pardons were issued yesterday by Governor Pennington in the case of John A. Long, sentenced for five years for larceny from Multnomah county, upon recommendation of the district attorney, who secured his conviction. Also to Wm. E. Michaels, a young man from Union county, for manslaughter, who is recommended by the attorney who convicted him. Harry Howard of Multnomah county has been restored to citizenship. In the case of Michaels it is stated that he killed a child by accident, and the only witness was another child four years old. The killing is now believed to have been accidental.

LIKE PULLING A TOOTH.—The slender suit of Dr. C. C. Newcastle against Dr. L. M. Davis, for \$1000 damages was called for trial this morning in Portland, in Judge Stearn's department. The case having been sworn down from Judge Shattuck of alleged prejudice. It was alleged among other things by Dr. Davis that Dr. Newcastle kept a person at the head of the stairs leading to his office to steer people into his office, a sort of "spider and the fly" arrangement. Both parties are well known dentists of Portland, and Dr. Davis is a member of the city council. Dr. Davis formerly resided in Eugene.

Daily Guard, March 2.

BEING TRIED.—At the time of going to press, Justice Kinsey was hearing the case of the State of Oregon vs Wm. Crawford, charged with embezzlement. Attorneys E. O. Potter and J. F. Ames appeared for the state and Attorney Bluffen for the defendant.

LATE.—After hearing the witnesses for the state, Mr. Crawford was discharged, being perfectly exonerated from the charge.

Notice to Taxpayers.

Notice is hereby given that section 2795 of the code, requiring the sheriff to visit the precincts for the collection of taxes, has been repealed, the law now requires taxes to be paid at the county seat. Taxes for the year 1892 will become delinquent April 1st next. All taxes must be paid on or before that date, as the books will be closed to make up delinquent rolls and tax warrants. Costs added after that date. Dated March 1st, 1893.

J. E. NOLAND, Sheriff of Lane Co. and Tax Collector thereof.

Seed Potatoes for Trial.

CORVALLIS, Oregon, Feb. 21, 1893.

The Oregon Experiment Station is prepared to send to the farmers of the state for trial a limited number of varieties of seed potatoes. The potatoes will be labeled and mailed to individuals in pound packages upon receipt of ten cents to pre-pay postage and expense of package. No more than two varieties will be sent to a single individual. Persons ordering will please state whether they desire early or late varieties. All parties receiving seed potatoes are expected to report as to the yield and value, when desired, for the benefit of the agricultural interests of the state. Address all orders to H. T. FRENCH, Agriculturist Exp. Station, Corvallis, Or.

MAN MISSING.

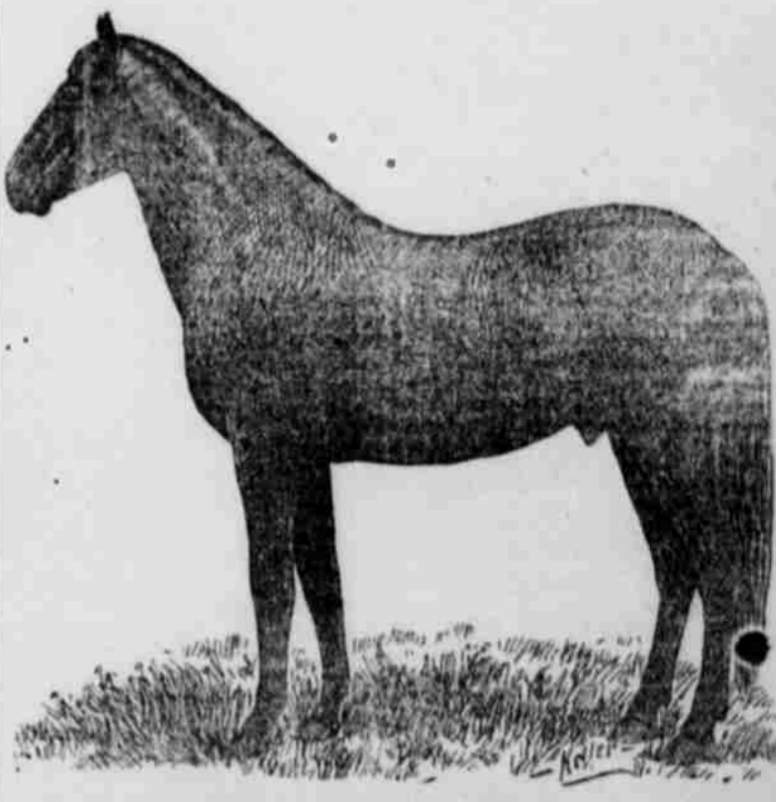

August Olson, a well-known resident of Florence has been missing since Sunday, February 22th. It is feared that he has been drowned, or foully dealt with. Rewards Lodge No. 111, I. O. O. F., offers a reward of \$50 for the discovery of his body.

ARRESTED FOR LARCENY.

Deputy Sheriff Croner, yesterday afternoon, arrested one Harry Becknam, at the Maxwell farm, a few miles northwest of the Marsh term, which convenes in Eugene next Monday. The complainant charges Becknam with stealing a watch and chain, valued at \$9, last Saturday, from the store of Dunn & Richmond, the same being the property of John A. Bush, who swears to the complaint. This afternoon at 1 o'clock, the time set for the preliminary examination, the defendant waived the same, when Justice Kinsey placed him under \$500 bonds to answer the charge before the grand jury next week. At the time of going to press Becknam was still in the custody of the sheriff, but it was thought he would be able to furnish the required bonds before night.

McKenzie River Stock Farm.

(Capital \$100,000.)—The home of FAVORITUS WILKES! The handsomest stallion that ever lived. FAVORITUS WILKES 15240, services for season of 1893, only for return privileges next year if the mare does not prove with foal. J. M. BOWES and S. C. REEVES, Proprietors.

OF INTEREST.

To the business man, to the farmer, to the banker and to all thinking men of our state: We have imported from Kentucky one of the best bred stallions Kentucky ever produced, and he is now located in Oregon, where his services can be had by all who wish to breed to him.

HANDSOMEST STALLION THAT EVER LIVED!

We have both power and speed combined, which all breeders should breed for, as well as the best bred stallion in America. We have the best color, a blood bay, the best of bone and feet and substance of any stallion in the state. He weighs 1150 pounds in fair flesh, stands 15 1/2 hands high; his coils are large and handsome and of the best disposition and are natural trotters and are very speedy. This stallion will be limited to forty approved sires at \$50 for the season with usual return privileges, or \$75 to insure mare in foal; this small fee not being one-half of all who wish to breed and raise a horse superior to any they ever raised in Oregon. Remember this stallion will cost you not less than \$1000, and you will not get another such a good steady filly, so if you have an idea you wish to breed this season send in said book your mare at once.

WE OFFER \$250.00 CASH PRIZE!

For the best suckling colt, to be shown at the state fair at Salem in 1894, sired by this stallion. We offer \$250 for the fastest, reaching trotter sired by this stallion. We offer \$500 for the fastest trotting two-year-old sired by this stallion, to be trotted at the Salem state fair in 1893. We offer to the breeder of the fastest 3-year-old colt \$500 cash premium and \$250 to the driver of this colt. We offer each horse for the first year-old trotting in \$200 or better, at Salem fair in 1893, and \$100 for each second better than \$200; also, \$500 to the driver and developer of this colt, sired by FAVORITUS 15240.

The Great Wilkes Stallion
