THE SAN FRANCISCO BOARD OF HEALTH URGES THE USE OF THE

### Royal Baking Powder. ---- 0

The magnificent tribute of the San Francisco Board of Health to the great purity and wholesomeness of the Royal Baking Powder greatly disturbs the manufacturers of the lower grade powders. Their envious publications, however, cannot break the force of this unsolicited and unbiassed high medical endor ment. Attached is a certified copy of their original report, with the signatures of the members of the Board in fac-simile :

We, the members of The Board of Health of the City and County of San Francisco, cordially approve and recommend the Royal Baking Powder. It is absolutely pure and healthful, composed of the best ingredients of the highest strength and character.

In our judgment it is impossible to make a purer or stronger Baking Powder than the "Royal."

Why continue the use of remedies that only relieve when Ely's Cream Balm, pleasant of application and a sure cure for catarrh and cold in head, can be had. I had a severe attack of catarrh, and be-mue so deaf I could not hear common conversation. I suffered terribly from roar-ing in my head. I procured a bottle of Oly's Cream Balm, and in three weeks could hear as well as ever, and now I can say to all who are afflicted with the worst of disease, catarrh, take Ely's Ceam ary to all who are afflicted with the worst of diseases, catarrh, take Ely's Coran Balm and be cured. It is worth \$1,000 to any man, woman or child suffering from catarh. - A. E. Newman, Grayling, Mich. Apply Raim into each nostril. It is quickly absorbed. Gives relief at once. #### Power of Will.

The influence of a powerful will in arresting or retarding the progress of a disease apparently fatal is one of the most wonderful of all mental phenomena. A person of feeble frame, but of a determined and hopeful spirit, sometimes keeps death at bay for weeks, months even years, and finally, in deciance of the physicians who have sating the strange that I should have such in judgment on his case and pronounced in utterly hopeless, recovers and raturns to do not care for them. But why is it his customary vocations. On the other hand, a man of strong physique not un-

aister, noticing his depression, urged him to accompany her to some neighborhood merry making. He consented, but on en-tering the hall started violently. "There! there it is again!" he exclaimed, "What do you mean?" whispered his sis-"The phantom?" he gasped, pointing to an advancing figure. "Thave seen it twice in my journeys up here, and each time it van-ished into air." "
