Cholera in Pennsylvania.

Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who have been troubled with cholera for two or three weeks were cured by a few doses of this medicine. P. P. KNAPP, Ph. G.

Mothers' Recommendation.

We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and are recommending it every day. From personal experience we can say that it has broken up bad colds for our children.—Centerville, South Dakota, Children. 50 cent bottles for sale by Osburn & DeLano, Druggists.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cents bottles for sale by Osburn & DeLano, Druggists.

Belknop Springs Notes.

A correspondent writes us from Belknop Springs under date of March 8 that the snow is going off with indications of a good season. The manager, Mr. Ostrander, has been at work on the springs and struck a large vein of water heretofore unknown giving water enough for 10 more bath rooms which will be built at an early date. Fresh water pipes are being put in to furnish water to the hotel and camp. There will be 6 hydrants on the camp grounds, situated at suitable distances apart, with 100 feet of hose, so all parts of the camp can be reached so the dust can be kept down. The viaduct and pipe will be nearly a mile long. Mr. Carey Thompson has the contract to put in the water and to have it finished by the first of May. Other improvements are being made in the way of new bath tubs, vapor baths, painting, etc.

SEASON CLOSURE.—The season closed yesterday so far as the killing of wild duck, swan, etc., is concerned. The attention of the public is called to the law on that subject. Section 1963 of the game law says: Every person who shall, within the state of Oregon between the 15th day of March and the 1st day of December, of each year, take, kill, injure or destroy, or have possession, sell or offer for sale, any wild swan, mallard duck, wood duck, widgeon, teal, spoon bill, gray, black, sprig gull or canvas back duck shall be guilty of a misdemeanor.

DRAIN DRAIN.—I am prepared to furnish any size tiling for less money than anybody in this part of the valley.

Planes and Organs.

In answer to the manager of the "Jim Crow" piano house in Eugene, who is trying to make the people of Albany believe the Kimball piano ranks with the leading pianos, such as the Knabe, Miller and Haines Bros.  
GOOD MAN FROM PORTLAND, do you take our people to be stupid? They know the ranking of the Kimball pianos, one that I know and the man who trade knows that it is near the bottom of the list.  
GOOD MAN FROM PORTLAND, they have seen and talked with your salaried (7) salesman who is representing to prospective purchasers that he had found it to be false. They also know a man on a salary from a first-class house will stop at a hotel and not try to board out a piano.  
GOOD MAN FROM PORTLAND, if you think you can beat my price, come on, but the first place in first class piano, one that is acknowledged by the trade, and by the people as such, don't bring one with a bass wood case painted black, 7 octaves, celluloid keys, inferior in all parts. In fact bring a PIANO. You say you can beat my price and you ask \$250 for my small piano, "H. H. H." I can duplicate the same for \$250 and then make a profit. You say your salaried (7) salesman, Mr. Mead, is in town. Good man from Portland, they all know him, teach him that the truth should be spoken at all times. As his experience is to bring in a piano for the sale, selling a cheap piano, as he may be ignorant of the fact, he may be trying to be an honest man. You say you get your pianos from the factory. So do I. I can buy pianos as cheap as you can. My expenses are such that I have no room for profit, but I can pay no more than 40 mills municipal tax. My clerks work "gratis" my insurance is light, and nothing would give me more pleasure than to meet you with your Kimball piano any day. Yours Truly, E. U. WILL. Albany Herald, March 12, 1893.

I am situated as well or better than Mr. Will, so I can echo the above as my case.  
F. A. RANKIN.

A large commodious blacksmith shop has been erected at Seaton by Mr. Wm. Neely.  
Schooner Danielson was towed to the mouth of the river Monday, loaded with about 150,000 feet of lumber.  
The painters and carpenters are putting the finishing touches on the store building of O. W. Hurd, which will soon be occupied by the Florence drug store.  
At the school meeting Saturday evening O. W. Hurd was re-elected clerk for the ensuing year and B. F. Alvey director to serve three years.

FIXED FOR CONTEMPT.—The following from the Albany Democrat of yesterday shows how Judge Burnett of the third district, treats attorneys in his court. "Judge Burnett not only keeps very commendable order in court; but he does not stand much foolscap generally. Yesterday Judge McCadden, the well-known Corvallis lawyer, interposed a demurrer in certain case. It appeared to the court that it was done merely for delay and the judge promptly fined the Corvallis attorney \$5 for contempt of court, which will no doubt break up a common practice not in the interest of justice."  
Daily Guard, March 16.

Mr. J. H. Shortridge stopped over at this place Friday evening to visit his sister, Mrs. Stewart, while on his way home to Hebron from attending court.  
W. W. Moore's section Chalmers left him last week and Sunday he was the recipient of a pump, net looking like the Japanese to take the place of the deserting Mongolians.  
The individual attempting to represent this place in your last week's issue with a merely batch of so called "items" may be "handy" at some thing, but it certainly can't be any thing honest. He sought to vent his spleen by some uncalculated insinuations and ought to be rewarded with a coat and made of tar and feathers—and a pleasant ride out of the locality on a rail.

A Thirst for Knowledge.

The demand for good, cheap books is constantly increasing. People want education and refinement, and the thirst for knowledge is growing among all classes of society. This is why enterprising publishers are now engaged so earnestly in the effort to publish cheapened editions of the old standard works.  
A splendid example of the achievements in this line is furnished by a firm which is printing a complete new edition of Chambers Universal Encyclopaedia, and virtually giving it away, the entire thirty volumes of 400 pages each (12,000 pages in all) making a complete family library. This work is standard the world over, and is filled with information on every conceivable subject. Science, art, mechanics, history and biography are all to be found there, treated in a most interesting manner.  
This is the work which the GUARD is now offering as a premium, particulars of which may be found in our advertising columns.  
We want to supply every home in Lane county with Chambers Universal Encyclopaedia.

Also two pairs No. 8 plain-toed shoes, Peerless brand, two pair of wool striped underclothes, two blue flannel hats, No. 7 and 71 and two suits of clothes, one suit brown-checked. They tore things up generally, demolishing the money drawer, but did not get any money. They probably stole more than that is not missed. They effected an entrance by forcing the front door open. ICE WORKS SOLD.

Henry Weinhard, the Portland Brewer, the Purchaser.  
Daily Guard, March 15.  
An event which may have a considerable bearing on the future of this city occurred today. Henry Weinhard, Portland's millionaire brewer, made an investment in Eugene which will, in part, make his interests identical with those of this city and vicinity. The Union Cold Storage, Ice and Brewing Company sold him their entire plant and gave possession today, Messrs Simon and Hoffman having business interests which are from them immediately to Portland. Although the public has nothing to criticize under the old management, the choice of Mr. Weinhard in locating a branch of his Portland Brewery in Eugene is very significant to the prosperity of the city. This gentleman is a liberal, public-spirited citizen, an amply able man to materially assist in all enterprises which tend to increase the prosperity of the different communities in which his interests lie.  
The plant will manufacture ice as heretofore both for home consumption and shipment. What the public has been kept constantly on tap and Billy Myer will act as superintendent. Mr. Weinhard will improve the property as occasion demands, taking special pains to accommodate the public in the Cold Storage department.

World's Fair Appeal.

TO THE CITIZENS OF OREGON.—The Oregon World's Fair Commission has been legally organized. Its officers, superintendents, assistants, and agents have been chosen, and they are now actively engaged in the preparation of an exhibit of the rich and varied resources of Oregon, to be placed before the eyes of the world in the several departments of the Columbian Exposition at Chicago. As this World's Exposition opens shortly, no time should be lost if we would be properly represented. Our State has been allotted ample space in the different department buildings, which this Commission has promised to fill, and which it hopes to occupy with honor to the State. And to make the labors of this Commission the more successful, which will add not only to the credit of the State, but to her every citizen, the free co-operation of her each and every resident is earnestly solicited.  
To this end, therefore, all persons who have prepared individual exhibits, all societies, organizations, or associations of any kind whatever that have prepared exhibits of any kind for the coming Exposition, are urged to at once place themselves in communication with the heads of the several departments, as organized by the Commission. You may be able to judge to which department your exhibit belongs by reading what follows: This Commission desires to send to Chicago those things which will in any manner give a true representation of any of Oregon's resources, or add in any way to the attractiveness of the spaces allotted to Oregon in any of the Exposition buildings.  
The Oregon exhibit will be collected and displayed under the following headings:  
The Department of Agriculture, Forestry and Forest Products, and Live Stock, W. F. Matlock, Superintendent.
