

TUESDAY, APRIL 3.

Cottage Grove had two city elections yesterday.

J. A. Bushnell, of Junction City, is in the city.

Charles Lauer went to Portland on a visit this morning.

Prof. S. E. McClure returned from Portland this afternoon.

Mrs. L. G. Adair returned from Portland on the local this afternoon.

Hon. S. G. Thompson, of Monroe, came up on this afternoon's train.

George Hall Jr. returned to the business college at Portland this morning.

J. E. Young of this city has been appointed a notary public by the governor.

The city officers elect will be inducted into their offices next Monday night.

Rev. W. H. Wiltsie and daughter Besse, of Harrisburg, are visiting for a few days in this city.

George W. Rhinehart, formerly of Creswell, has sold his general merchandise business at Condon.

Sheriff Noland will likely pass through here tonight, with Richardson, the "hero" enroute to Roseburg.

Albany cast at her last city election, in a very exciting contest, 729 votes. Eugene cast yesterday 732 votes.

Cincinnati and Cleveland elected mixed tickets yesterday; Toledo went republican and Columbus democratic.

Albany Democrat: Mr. R. F. Wyatt, the lawyer, left for Boise City, Idaho, this noon on an important probate matter.

"She frowned on him and called him Mr., because in fun he'd merely Kr., and then, in spite, the following nite, this naughty Mr. Kr. Sr."

Mrs. M. Burns and daughter, who have been spending the winter with relatives here, returned to their home at Des Moines, Iowa, yesterday.

Mrs. A. Plymate and daughter Leota, who have been visiting at the residence of Wm. Parsons in this city, returned to their home at Halsey this morning.

Henry Wilkinson who has been confined to his home with lung fever for the past week is now convalescing and indications point to his speedy recovery.

Albert Jessup, Howard Davis and Clarence Keene, three state university students, arrived Saturday from Eugene to spend their Easter vacation at home.—Salem Journal.

Albany Democrat: Geo. Richardson, the "hero," of the recent week at Youncalla, is nearly well. There is a prevailing opinion that Richardson did not secure his wounds in the manner claimed.

There it goes again. A rude fellow goes to the stamp-window and asks for two "Landings," and one "Discovery," but he gets a two-cent and a one-cent postage stamps.

A horse is not good for much until he is entirely broken, says a well-known horse tamer. He is good for still less if he is only partly broken; as for instance his leg or his back.

Salem Journal: "The Reflector," published by the students of the State University, for March is received. It contains quite a pretty, though labored poem on "A Sophomore Maiden."

Peterze Irnehzikowski is a San Francisco cabinet maker, and Peterze Zunezhikowski is a Buffalo boiler maker. Their names consolidated would make a first-rate clothesline.

It is reported that Charley Nickel, of the Jacksonville Times, will soon be married to Miss Jennie Penny. An exchange suggests that they are going in to the college business.

Michigan held an election yesterday for a judge of the supreme court and two regents of the state university. The republicans were victorious. The municipal elections were about evenly divided.

The Ladies Guild of the Episcopal Church met in the Parish room yesterday afternoon and elected officers for the ensuing year: President, Mrs. J. A. Straight; vice president, Mrs. J. Gray; treasurer, Mrs. Lovredge; secretary, Lillian Rhinehart.

The graduating exercises of the medical department of the University of Oregon took place in Portland last night. The graduates were, Miss Helena Leamon, and Messrs. James R. Cutter, Emil Pohl, Hicks C. Fenton, R. E. Crosby and C. P. Richards. Prof. Hawthorne, McClure and McAllister were present.

Major Healy has returned to Eugene. This man, we understand, has a war record which many a soldier might envy, but he has a mortal weakness which has brought him to grief. His friends should take the matter in hand as he is past ability to work, and see that he is safely and comfortably established in some soldiers home to be cared for the rest of his life.

S. Warshawer has purchased a Petaluma incubator and two brooders which he intends using on his chicken ranch, in the Hoffman-Hendricks addition, where he intends raising chickens and eggs on a large scale. In digging a well on his ranch the workmen are down 75 feet with no indications of a sufficient supply of water.

732 VOTES CAST.

The Entire People's Ticket Elected by Good Majorities.

A CELEBRATION INDULGED IN.

The contest at the city election yesterday narrowed down to a square fight in favor of and against the machine, and the former won by a decided majority. Much earnest work was done by both parties, and when the polls closed at 9 p. m., both sides were confident that victory would crown their efforts when the ballots were counted. Meals were furnished to the first and second wards at the polling places, which hastened the count somewhat. The third ward election officers ate their supper at home, but finished their count in splendid time. It was estimated that, notwithstanding the great interest taken in the contest, at least 75 of our citizens neglected to avail themselves of the right of franchise. The successful gentlemen were elected by the following majorities: S. H. Friendly, mayor, 33; G. B. Dorris, councilman, second ward, 53; J. L. Page, councilman, third ward, 196; B. F. Dorris, recorder, 150; B. D. Paine, treasurer, 180. The vote in detail was as follows, the first named gentlemen being candidates on the people's ticket and the last named on the citizens' ticket:

Total vote cast in city. 732.

AFTER THE BATTLE.

During the counting of the ballots large crowds of excited adherents of the two parties congregated on the streets and about the polling places, much more interest being manifested than at any previous election ever held here—presidential, state, county or city. When it was finally learned that the event had elected the people's party ticket entire, much enthusiasm was prevalent, and large crowds jammed the walk in front of S. H. Friendly's store and completely filled the large store room each bent on offering his congratulations to the next mayor.

CELEBRATION AND SERENADE.

Immediately after an impromptu celebration was arranged. The Eugene Cornet Band was engaged and every carriage in the livery stables were hired. In a few minutes the band was placed in the large hotel bus and driven down Willamette street, the carriages following in the procession filled with a portion of those who had voted for the successful ticket, to the residence of Mayor-elect S. H. Friendly. Although it was raining hard an immense crowd was present filling the street and the yard in front of the residence. After a selection by the band Mr. Friendly was called out and enthusiastically cheered. The gentleman made a brief but appropriate speech in which he said he would labor, as in the past, for the upbuilding of the city in which he had lived for so many years, and after cordially thanking all for their work in his behalf, he bade them good evening, wishing them well with the congratulations of himself and family. Afterwards the large crowd serenaded Councilmen-elect Dorris, Page and Preston and Recorder Dorris who each made suitable addresses, especially Hon. Hon. Geo. B. Dorris, who stated that this was not a fight against the church, but was a fight for the best interests of the city. He said he had always contributed liberally to the cause of religion and should continue to do so in the future. The residence of Treasurer Paine was visited, but Mr. Paine and wife were out calling, much to the regret of the people. Then the procession moved to the residence of N. L. Boney and J. H. Goodman and serenaded them for the work they had done for the success of the ticket. Each made appropriate acknowledgments, and the procession marched to

Willamette and Ninth streets and disbanded.

It was certainly a very enthusiastic celebration, and will be long remembered by the people of this city.

ETHEL CLARK KILLED.

The Lover Also Kills Himself.

CHICAGO, April 1.—Miss Ethel Clark, of Spokane, Wash., a member of the freshman class of the Northwestern University, was tonight shot and instantly killed by E. Ross Smith, aged 25. Until recently Smith was a resident of Spokane. Smith, after shooting Miss Clark, shot himself in the head, inflicting a fatal wound. The cause of the murder was the refusal of the young lady to entertain Smith's proposal of marriage. Smith had been an ardent suitor for the hand of Miss Clark, but his intentions were repulsed by her parents and herself. He was so persistent that, in a final effort to escape his attentions, Miss Clark, who was 19 years old, was sent to the Northwestern University. Shortly after her arrival in Evanston, Smith put in an appearance, and had been tireless in his attempt to win the young woman for his wife. This evening he called upon Miss Clark and persuaded her to take a walk with him. She was accompanied by her roommate, Miss Abernathy, who was the only witness to the tragedy. Smith urged his suit again, but without success, and tried to get the young lady away from her companion. She refused to go until Smith said he had something to tell her in confidence. They stepped off a short distance, and Smith at once drew a revolver and fired five shots at her. One bullet entered her left ear and another passed through her left side. Smith then turned the weapon against himself and sent a bullet through his head. Miss Clark was removed to a neighbors house, but expired in a few minutes. Smith was taken to the police station, where before lapsing into unconsciousness, he said: "I shot her. She wouldn't marry me, so I shot her."

The doctors pronounced the young man's condition as hopeless, though he may live a few hours.

FORMERLY LIVED IN PORTLAND.

SPokane, April 1.—A dispatch from Illinois, received tonight, reports the murder of Miss Ethel Clark by a rejected suitor, Miss Clark, who was attending school at the university at Evanston, is a daughter of the Rev. Nelson E. Clark, a wealthy and retired minister of this city. A Review reporter who called at the home of Rev. Mr. Clark found the family in possession of the news of the tragedy. They were so grief stricken that it was difficult to obtain information from them. It was learned that the young man who killed Miss Clark was E. Ross Smith, formerly of Portland and the son of Shipbuilder Smith of the firm of Smith & Paquet. He was studying medicine in Chicago. The couple had been engaged until six weeks ago, when Miss Clark broke the engagement.

SMITH DEAD.

CHICAGO, April 2.—E. Ross Smith, the murderer of Ethel Clark, died today in the police station at Evanston. He never recovered consciousness after he had shot the girl because she would not become his wife. The parents of the unfortunate girl requested that the bodies be shipped to them at Spokane and Portland, respectively. They will be sent tomorrow after the inquest. Memorial services for Miss Clark will be held tomorrow at the Northwestern university.

A Terrible Experience.

Corvallis Gazette: Mr. James Webster, whose experience in the wilds of the Alsea country would have cost 99 men out of 100 their lives, is resting well with speedy recovery in prospect, at the residence of his sister, Mrs. G. W. Quiver, of this city. Dr. Logan, of Philomath, and Drs. Applegate and Leonard set his broken leg in plaster of Paris and made him as comfortable as possible. Webster, living far from neighbors, was on Sunday, March 19, struck by a falling tree which broke his leg and pinned him for several hours under its crushing weight. Notwithstanding the agonies of his situation, he heroically struggled until he exhausted himself, and by one hand with which to help himself, as he had already been crippled of one arm. He managed to crawl to his cabin where for four days he subsisted on raw eggs—everything else being out of his reach—until he managed to get news to a neighbor by tying a line to a dog's neck, which delivered the merciful message. These neighbors came promptly to his relief, but they had first to get him out into civilization, and their avenues of travel over trails and streams and foot-logs, with their mode of conveyance at best very crude and imperfect, the tortures of the man, wounded as he was, were most pitiable to think of. Dr. Logan had already set the broken limb as best he could in the back settlement, but came with Webster as quickly as he could for better surgical treatment.

HE IS A JEW.

VIENNA, April 1.—The anti-Semites and clericals are greatly agitated over the appointment by President Cleveland of Max Judd, of Missouri, as consul-general of the United States at Vienna. The opposition to Judd is being based on the ground that Judd is a Hebrew, and therefore an undesirable person for the office. A petition is being prepared addressed to Emperor Franz Joseph to have Austrian foreign office asking the imperial authorities to refuse to accept Judd as the American consul-general.

SAME MAN.—Albany Democrat: E. E. Loofborough, the man who was arrested at Florence, Lane county, for marrying his niece, and afterwards discharged, is the same man for whom a warrant was issued several months ago at Albany, for assault with a dangerous weapon on Mr. Truax. Loofborough skipped out and managed to evade arrest, probably not stopping until he reached Florence. His former Lane county neighbors do not speak very well of him.

Sunday's Oregonian contains a short description article of Lane county, and particular of the Bohemia mines and Cottage Grove.

THE FRENCH-EVERSOLE FEUD.

Interest in the Famous Kentucky Vendetta Revived.

WICHITA, Ky., April 3.—The bill which has passed the Legislature allowing the hundreds of felony cases growing out of the famous French-Eversole feud, and which were brought here from Perry County on account of the state of anarchy in that section, to be sent back, meets with the approval of the people here, inasmuch as it frees their courts from a mass of cases which effectively prevented anything from being done in the way of local business. Many of the best informed people believe, however, that when these cases come up for trial at Hazard hostilities will be again resumed.

R. F. French, the leader of one faction lives here. John Eversole, the leader of the other, lives at Booneville, Owsley County, both many miles from Hazard and from each other. The old feeling of hatred is not dead, but sleeping, as is shown by the confession of the Whittaker brothers, who after being sentenced for life for a murder growing out of the feud, stated that at a late term of the Perry County Court they lay in wait for French, intending to kill him. The efforts to convict some of the leaders have cost the State thousands of dollars, and it has been clearly shown that the only ones that can be reached are some of the ignorant tools, and that the principals can never be convicted. In view of this fact, an effort will be made to induce Judge Scott to file these cases away at the next term of Circuit Court, instead of sending them back to Perry County.

Albany Democrat: We knew it. Salem feels very sore on account of the Soldiers' home going to Roseburg, and will get out an injunction. Built up on the state's "paw" the city is not even willing that a \$12,000 soldiers' home should go somewhere else. If the injunction is served it will do more to disgust the people of Oregon with the Capital city than any movement that could be taken. Don't be a clam.

Elevator Collapsed.

WEST SUPERIOR, Wis., April 4.—The Fulton big elevator collapsed today burying five men. Two are dead.

IN THE TOILS.

Daily Guard, April 2.

Warrant was sworn out at Roseburg this morning charging George Richardson, the party who claimed to have been assaulted brutally at Rice Hill by train robbers last Thursday night, which charges him with the crime of assault with intent to kill, in tearing up the track. He was arrested by Sheriff Kelley, of Multnomah county, last night at the request of Sheriff James E. Noland, of this city, who went to Portland to take charge of the prisoner, by this morning's local train. He will pass through here tomorrow evening with Richardson, and will be accompanied by Sheriff Miller, of Douglas county.

The evidence is said to be quite strong but wholly, of course, of a circumstantial nature. One thing is quite certain, and that is, that Richardson is an inveterate liar.

The sum of \$3000 is offered by the railroad company for the arrest and conviction of the guilty party.

NEW YORK, April 3.—Lawyer Hummel, who represents Pugilist Mitchell's interests in this country, has cabled his principal, advising him to accept the Coney Island Club's offer of \$40,000 for his fight with Corbett.

According to a popular preacher every man is two-sided. If so, most men prefer to be on the inside than on the outside of all good things that are going.

The typewriters, machines, not operatives, are being formed into a trust. The enormous profits made from their sales would seem to preclude the necessity of a trust.

The expense account of the American commissioners to arbitrate the Behring sea question has made quite a scandal. It is but a relic of the extravagance that depleted a \$100,000,000 treasury, and left a deficit of nearly \$20,000,000. The change came none too soon.

The people of Michigan are asked to give any county that desires to introduce any system of road improvement the constitutional right to do so. It imposes no burden on any other county. The clause in the constitution is antiquated and a serious obstacle to the growth and prosperity of those counties that feel able to afford the road improvements.

Speaker Keady says the Portland sportsmen got all the legislation they asked. The courts are now trying to settle the status of laws recommended by the gentlemen pot hunters of Portland, but however the decision is made the practice of residents of the country in need of meat will not be varied.

The reports from the use of the voting machine in the state of New York a week ago are very encouraging. In one place the total vote on 44 names was read and verified by the poll books in six minutes after the polls closed. At another the total vote of the chief candidate was read and verified in exactly one minute after the closing of the polls. No error has yet been found nor has the machine been discredited.

It may be hard to prove that the man Richardson, whom the Portland press has been exploiting as a "hero," is the man who removed the railroad rail near Rice hill, but it is almost a moral certainty that he committed the deed. Sheriff Noland and his efficient deputy, George Croner, are entitled to credit for the part they have taken in tracing up the crime. The man's statements heretofore brand him as an uncommon liar seeking for notoriety. His mind is a diseased one to say the least.

The prosecution of some liquor sellers on the ice below Niagara falls resulted in the discovery that the boundary line between Canada and the United States follows the channel of the river and that it runs so that two-thirds of the river is in Canada and one-third in the United States. Hence Canadian criminals escaping by the suspension bridge will have to run twice as far as the American criminal. This favors the American criminal, and is another reason for annexation, for then running wouldn't help either of them.

The agony of the city election is over and all will feel relieved. The American people must have a vent for their feelings and elections come in good play. City elections, however, where there is a contest excite more rancor and ill feeling than any other class. It often is the case that voters must choose between personal friends because of the principles involved, then there is soreness and heart burnings. The people should have a choice of rulers, but elections for city officers should be held at the same time with the county, and then but once in two years.

A recent decision of a federal court judge is that railway employees are not allowed to quit work when such act would be an interference with interstate commerce. The St. Louis Republic commenting on the decision says: Some way must be found of ridding the federal bench of corrupt men, and as present methods of impeachment are a failure there must be a change under which the legislature of any state may lodge articles of impeachment with the United States senate against any federal judge. With such an amendment we might have some show of responsibility from the federal judges who are now the irresponsible creatures of corrupt and tyrannical corporations.
