DECISIVE **Baking Powder Tests**

The United States Official

Investigation of Baking Powders, made by authority of Congress, in the Department of Agriculture, Washington, D. C., furnishes the highest authoritative information as to which powder is the best. The Official Report

Shows the ROYAL to be a cream of tartar baking powder, superior to all others in leavening power (U. S. Dept. Agricult's).

KISSING GOODBY.

And her heart grew enddenly lighter:
A triffe, you say, to color a day,
Yet the dull gray morn seemed brighter.
For hearts are such that a tender touch
May banish a look of sadhess;

A small, slight thing can make us sing,

Is the little act of kindness, And the ke-nest sting some careless thing

And be lovers still if we only will, Though youth's bright days are over.

Ah, sharp as swords cut the unkind words

That are far beyond recalling. When a face lies hid 'neath a coffin lid,

And hitter tears are falling. We fain would give half the lives we live

When we part in the light of morning.
-Lillian Plunkett in San Francisco Call.

UNITED AT THE LAST.

PITIFUL TALE OF AN EMIGRANT FAMILY THAT PERISHED.

The Terrible Blizzard of 1881 Had for Some of Its Victims a Whole Family Which Froze to Death in Dead Man's Cove Herole Efforts of a Mother.

your eyes," said the old man as he point-boring confectioner's. She cut the cake to a recess of half an acre in extent and endeavoyed to induce her husband to in the southern face of the Little Booky mountains, "That's Dead Mane cove, and you kin see the iron work of the wagon lyin about when ye git closer. When I first looked in here that was and quickly disposed of its five human bodies lying dead in that wagon. Me an my pard we dug a big grave and buried 'em all together back agin that cliff, thar whar the rocks is. We piled the rocks that way so the wolves couldn't git at the dead."

"But there is no headboard - no names," I protested as I rode closer to the spot pointed out.

"Couldn't be no names, 'cause we that varnish batch of cake. I am so sorry. couldn't find any," he replied, "and them rocks is a gravestnn as will last forever. We'll git off and sit down fur a smoke. and I'll gin ye the full particklers. I've passed here a hundred times in the last three years, and it allus gives me the heartache. Poor husband-poor wifepoor children!

"It was this way," he continued after his pipe was alight. "Me and pard had derstood the date. New York Times. our shanty down the valley about a mile. Plenty of emigrants in the'r kivered wagons used to come by this trail and turn south into Wyomin, or keep west into Idaho. They'd come five or six families at a time, and they'd come singly. Some of 'em would take sich chances of Injuns, sickness, landslides. starvashun and death as would make your ha'r stand on end to think of. No man kin begin to guess how many graves thar be of men, women and children between the Dakota line and the west branch of the Missouri river. I've counted a hundred in a day's ride.

"Waal, one December mornin me and pard woke up to feel that thar was a blizzard makin ready to bust on us. It had been coolish but pleasant up to that time. We could tell by the feel of things what was comin, and began to git ready When Secretary Foster first came to confor it. It was jest arter noon when a gress the Washington monument was literally the national laughing stock, lookwoman walked into our shanty. She was an emigrant. Right here in this ing, as it stood there, like the trunk of a cove she had left her husband and four storm severed mast-apparently the tower children to try and find some help. He builder could not finish because he had not | had bin sick fur three weeks and was counted the cost. It was the sneer of the little better than a dead man, and she tourist and the shame of the resident. It was perfectly evident that it was not going had bin drivin the team an takin keer of things gener'ly. She orter to hev turned to be finished with the contents of the back long before, but some fool of a fittle collection boxes labeled "For the Washington monument," which stared at doctor had told the man he'd get well if

they kept on.
They had got separated from the you as you entered any public building, any more than with the "memorial" or votive stones sent by countries, cities and party they started with, and had made societies. It was equally evident that no the last hundred miles alone. They war out o' grub, hadn't a match left to would have to be completed by the governbuild a fire, and the woman knowed a change for the woss was blowin up. Samuel J. Randall was chairman of the She was a frail, leetle woman, and she committee on appropriations, of which Foster had been made a member by Speaker Kerr. Randall, who liked Foster. had gone through with nuff to down a man, but she hadn't lost all her pluck yit. As soon as she told us the story we jokingly created him a sub-committee on jokingly created him a sate committee on monuments, and turned over to him as got ready to go back with her an bring such a lot of bills for monuments to this in the outfit. We made a start, but we man and that memory. One day there never got that." came over from the senate a bill which John Sherman had gotten through there.

"The blizzard prevented, eh?" "She did. She came swoopin down all of a sudden, like some great bird droppin from the sky. A fine snow begun to fall, the wind started right in to blow a livin gale, and I believe the thermomdall, seewiing at it, was about to pigeon-hole it, he spoke up and said: "No, no, Mr. Chairman. I'm the sub-committee on eter went from 45 degs, above to 10 degs. ow inside of half an hour. We hadn't monuments; that bill belongs to me," with any with us, but the change was sudden | toes turned inward directly facing each that persuasive smile which has moved more obdurate hearts than Randall's. "Take it, then," said Randall, throwing it went to work at once collecting the data teen rods from the house. As to the for a report on the subject, which was so fall and so strong that it convinced a majority of the committee then, and after ward a majority of the house more than a fall around and particular terms of the house more than a fall around and particular terms of the house more than a fall around and particular terms of the house more than a fall around and particular terms of the house more than a fall around and particular terms of the house more than a fall around and particular terms of the house.

ward a majority of the house passed the till the aluminum cap was put on the apex of the pyramidal top. No wonder Foster finds satisfaction every time he looks at pond of water and let it freeze up with us, but we couldn't buck agin that blizhis handiwork.-Washington Cor. Phila zard. When we made the second start we got about half way up here, the little woman leadin the way all the time. Amyelæ, if the old legend of its fate is to Then we had to stop. You couldn't see be relied upon, actually perished through three foot from your nose, and all of us was freezin to death by inches." clas was a town of Laconia, founded by the

"And you went back?" "We did. The woman was deter- cause of the unpleasant taste which is gen mined to push on, and we jest had to erally attributed to dyspepsia. If a meal independent city for many years, but was-finally conquered by the Spartana. The city had been so often alarmed by false rumors of a projected Spartan invasion that at last, weary of living in a state of pick her up and carry her back. It was only by the Lord's hand pintin the way that we ever reached our cabin agin. We had our ears, noses and fingers friz, and an hour arter we got back water friz solid in our cabin within five foot of a roarin fire. The woman prayed to soon after eating involves a sort of pump-God and appealed to us, but we knowed | ing operation which is anything but conit was no use. That was the blizzard of | duc| 1881, and I've heard men say it was 42 degs, below zero in this valley that "silence" myth concerning Amycle. Ser vius says that the city was founded by

night.
The woman got nipped wuss than we did, but her mind was on the family back here. She was bound to come back alone, but we stood her off till about of habit, and the sooner it is acquired the sought the precincts of the city, and, no one daring to speak of it to his neighbor or to harm the slimy creatures, one by one the inhabitants left, until finally the city was completely turned into a snake den.—

"Jest as dark. Then she made a bolt fur it and bester for the sleeper and the worse for the

"And went to her death?" "Jest as sartin as if she had jumped off that cliff. The blizzard shet us in fur three days. When we got out we One of the most interesting and valuable features in the shipbuilding yard of the found her within twenty rods of the cabin. She had friz to death goin that Dennys, on the Clyde, ip what is known as for. Of course we knowed how it would the experiment, which is 300 feet long and be up here. The horses had been on-10 feet deep. In this tank are experimenthitched and turned out. They lay over sily determined the speed, resistance and other similar qualities of all vessels to be by that tree. The folks in the wagon had crowded together and kivered up built before the designs are completed. This tat .. and the models which are used with all the blankets, but all war stun are by no means toys, but are of valuable dead and as hard as rocks. They never assistance as mathematical methods of scientifically determining facts of the ut-

of course in front. Partners are thus on William E. Rockwell, No. 512 West 57th the opposite diagonals. The players move street, New York, says: in the order of the sun. The tactics of the game, apparently from the "Bhaviahya. "I have seen a martyr to billious head-Purana," are not to attack your opponent ache and dyspepsia. Any indiscretion in who has just played, as would be done in diet, overfatigue or cold brings on a fit of who has just played, as would be done in double chess, but to obstruct the opponent who has to play next. The game is distinguished from double chess by marked variations.

There is no queen, and the ship or bishop is "lame"—can only move two squares at a time, though be can be over an intervening piece if he likes. Moreover, a player can take his partner's rajab if things are not going well, and so assume command of both armies, and if both sides have lost a rajah they can be restored by mutual consent.

The game is thus pervaled by a military spirit, though not so stiff but that the opening moves are made by the aid of dice.

diet, overfatigue or celd brings on a fit of indigestion, followed by a headache lasting two or three days at a time. I think I must have tried over twenty different remedies, which were recommended as certain cures by loving friends, but it was no use. At last I though. I would take a simple course of purgation with flaxagaman's little as I though it was no use. For the first week I took two pills every night, then one pill for thirty nights; in that time I gained three pounds in weight, and never have bard an ache or a pain's nee.

The game is thus pervaled by a military spirit, though not so stiff but that the opening moves are made by the aid of dice.
