

Eugene City Guard.

SATURDAY, MAY 13.

Clean the streets and alleys and keep them clean. The city authorities have the power to enforce the ordinance and should not neglect their duty.

It is unlawful to sell tobacco, cigars or cigarettes to any minor under the age of 18 years, and any such minor found smoking is liable to a fine. The law is a good one and should be enforced.

The order to not allow the giving of fruit free in the horticultural building of the world's fair will be hard to enforce. Oregon and California will have their products on hand and will distribute them to whoever asks.

The Oregonian now explains that it wants 40,000 more Chinamen to do grubbing on this Northwest coast. When it is considered that the Chinamen now here are not engaged to any great extent in grubbing, the explanation appears very ingenious.

The Roseburg Review remarks that Secretary Carlisle thinks he can get along without the co-operation of the New York bankers. As long as he is heartily sustained by the solid West he can demonstrate that the republic is more than a match for Wall street.

President Cleveland has taken the bull by the horns and made a ruling that he will no longer listen to personal appeals of office seekers. He is right. The president will now have a chance to eat and get a little sleep. The scramble for office has made the president a mere machine for the dispensing of patronage.

So far as the general outlook is concerned, there appears to be a gradual shaping toward better values for wheat, but the influence of positive shortage in the winter crop in this country, and some lack of satisfactory conditions attending the starting of the spring crop, with less promising indications in a general way for European crops, will likely continue for a time to be modified by the evidence of a decided surplus to be carried over to the new crop year. This is the reason why prices for June, July and August delivery advances so slowly in Chicago. September and later delivery, when some of the surplus will have been worked off, have advanced more freely.

Albany Herald: The experience of Monday evening, at this city and Corvallis, cannot but make the thoughtful ones seriously inquire whether we are truly civilized or not. A crowd of several hundred people on an excursion steamer, naturally hilarious and having a good time, when three of their number are seen struggling in the water where they have fallen. Two are rescued, one goes down and after a search is made cannot be found. The steamer returns with its hilarious crowd, seemingly with no diminution of its fun and frolic to this city, where the absence of one and the communication with Corvallis where he could not be found conclusively showed that he was drowned. Still the hilarity went on, the crowd booted and shouted themselves hoarse, the band played and the procession moved off with the usual eclat. Are we really civilized?

Among the reforms which the democrats will give the country, is the abolition of Davenportism in New York. The Chicago Herald says "the ceremonies attending the disappearance of Davenportism in New York city are being celebrated. Pay day has arrived, and the congressional appropriation for their benefit is being disbursed to the special deputy United States marshals who surrounded the registration and voting places last November under the order of Davenport, chief federal supervisor of elections for the southern district of New York. It has required several days, from the hours of 9 a. m. to 4 p. m., to pay off this electioneering force of 3500 men. It is the last pay day of the kind. Among the first acts of the new democratic congress will be the repeal of the federal election act. It will be extirpated, root and branch."

The Campana, which has just commenced her second voyage, is the forerunner of a new class of steamships—a class as much bigger than the big ships of the present as they are bigger than those of a dozen years ago. And in other things than mere bigness she marks an advance in maritime construction. The Great Eastern, built nearly forty years ago, has never been equalled in mere bulk; but in all else that constitutes greatness in a ship there is a whole fleet of vessels sailing out of New York which surpass her. She was a little less than 700 feet long, while the Campana is but 620. She had 83 feet beam, while the Campana has but 65. But her engines, for both screw and paddle-wheels, were incapable of developing more than 10,000 horse-power, while the Campana's reach nearly to 30,000 and the new White Star ship Gigante, which is to be full 700 feet long, will have engines of 45,000 horse-power.

The young German emperor ran against a snag in the shape of his parliament and lost his temper. He may lose a job before long.

One less wife murderer in this world. Carlyle Harris met his fate in the grim old walls of Sing Sing penitentiary yesterday. His nerve did not fail him at the last critical moment and he died protesting his innocence of the crime.

Clackamas county comes to the front with \$277,000 indebtedness with \$9000 cash on hand and an intangible delinquent list of \$142,000. But that amount of indebtedness is nothing to speak of, for Clackamas has not less than \$10,000,000 of property within her boundaries.

The Portland Dispatch hits the nail on the head when it says that with the repeal of the Sherman law and the right of every American silver producer to do with his product as he pleases, whether to sell it for the arts or have it coined, if he will pay for it, the price of silver will go up to its former value, and a great American industry will be restored to its former prosperity.

The people of Lane county are to be congratulated on the reduction of the county debt and the showing made by the semi-annual statement just issued. On the 1st of April the debt was in round numbers \$70,400, with cash on hand to be used in payment \$47,600, leaving a net indebtedness of \$22,800. Besides there are delinquent taxes of the year 1892, nearly all of which will be collected, \$14,700, and of the years 1889-1891 inclusive, \$10,800, of which probably one-half is uncollectable. This left the county practically out of debt on the first of last month. This is a good showing, and is due to a careful and prompt collection of taxes by Sheriff Noland, and careful financing on the part of the county court.

Fruit Men are Angry.
CHICAGO, May 10.—Chief Samuels, who was allowed by the management to drop horticulture, and devote his whole time to horticulture, at the world's fair, has made the fruit men hopping mad. He has issued an order compelling the guards to modify all exhortations with sample apples and oranges that they were not allowed to distribute them free. A concession had been sold allowing the peddling of fruit, and it was not fair, he said, to cut into their receipts by the use of free samples. The order was received by the California, Florida and Oregon commissioners, with derision and laughter. They came to the fair prepared to prove the excellence of their fruits by the eating of them. They say they will ignore the decision, and wonder what means will be taken to suppress their generosity.

Pension Frauds.
WASHINGTON, May 10.—The pension department has unearthed what appears to be a series of gross pension frauds by W. H. Brewey, a pension attorney of Norfolk, Va., who is now under arrest. A year ago he was discovered in frauds and delinquent from practice in pension cases. An investigation by the present administration shows he had been pensioned granted, mostly to illiterate negroes and that 98 per cent of them were fraudulent, the notary's name and seal being forged. The extent of these frauds is better appreciated when it is stated that all pension cases carried arrests. The matter will come up in the United States court at Norfolk Monday. The frauds will probably reach \$100,000.

A Boy Killed at the Ball.
THE DALLAS, OR., May 10.—Arthur, the 9-year-old son of Rev. J. W. Jenkins, pastor of the Christian church, of this city, was thrown from a pony last night and killed. The boy left home early in the evening to drive the cows home. His parents, becoming anxious when he did not return, summoned neighbors, who found his body in a field this morning. An examination showed that he had been dragged over the ground, and sustained a fracture of the skull.

Took the County's Money.
CHICAGO, May 10.—County Treasurer H. C. Schwaib, took \$42,000, in sums of \$5000 to \$10,000, to tide along Michael Schwaib who failed some time ago. Michael was a brother of Felix, who was a banker.

The Last of the Cattle Rustlers.
GREAT FALLS, MONT., May 10.—William Matthews King, the last of the cattle rustlers, who for some time in 1880 and 1891 defied the law successfully in Wyoming, Idaho and Washington, was brought to this city heavily ironed, by Deputy Sheriff Dwyer last night. He was captured at Clinton, where he was traveling under the name of Thomas Briggs.

Appointed by the President.
WASHINGTON, May 10.—The president appointed Frank H. Jones of Illinois, first assistant postmaster-general, vice H. C. Evans, resigned. Postmaster: Miss Bertha Wood at Chester, S. D., vice C. W. Hitchcock, removed; Alonzo B. Case at Tacoma, vice John D. Hogg, commission expired.

A Quainter Arrested.
SAN FRANCISCO, May 10.—U. T. Gale, ex-treasurer of the city of Laramie, Wyo., was arrested here last night and will be held pending the arrival of officers from Laramie. Gale is a deserter by \$12,000 and fled in April to Denver, thence to Mexico, thence to this city.

Ribbon Factory Destroyed.
PARIS, May 10.—Colombet's ribbon factory at St. Etienne, department of the Loire, was burned today. The loss is estimated at \$100,000. Several workmen were injured.

Refusing Sea Tribunal.
PARIS, May 10.—Attorney-General Charles Russell, counsel for Great Britain before the British sea tribunal, of arbitration, began his address today on behalf of the British case. The court room was thronged with English and American residents of Paris, and visitors from abroad.

Will Marry a Widow.
RICHMOND, VA., May 10.—Thomas Nelson Page, the well-known Southern novelist, will be married June 8, at Elmhurst, Ill., to the widow of the late Henry Field, of Chicago.

Pleasant Hill Items.

May 11, 1893.

Picnic idled for June 24. Beautiful sunshine once the rain. Andy Titus made our town a call last week.

Jno. Harkins and wife returned from Eastern Oregon recently.

Mrs. Kelley is preparing to build a plank fence around her farm. A good improvement.

Dead—Mrs. A. J. Cruzan departed this life, Sunday, 9:50 a. m., after a brief illness. Funeral services were held at the church Monday at 11 a. m. A large concourse of people were out to pay the last respects to the memory of deceased. Rev. Gittins of Creswell conducted the services.

Elder Burnett's last appointment at this place resulted in one conversion. The young lady was immersed by Elder R. G. Callison the following Sunday.

Henry G. Bristow of Illinois and Mrs. Kate Bristow, his sister, of Salem, are visiting their many relatives and friends at this place. They go to Creswell in a few days.

Two new horns have been added to the band at this place at an expense of about \$125. They will be used at the picnic June 24. Come and see them. Band boys are to have a candy stand to the exclusion of all others. Come and patronize them and help them out with their great expense in furnishing music to the neighborhood.

An Endeavor sociable was given last Tuesday night at the church. A large table groined under the weight of the good things of the eye. The receipts of the evening were very gratifying. Our endeavor is an auxiliary that the church should be proud of.

s. Handaker and wife have moved to Junction where they will make their home in the future.

STAR.

THE ESCAPED MURDERERS.

Body of One Found in the Hudson River.

A Bullet Hole in His Head.
SING SING, N. Y., May 10.—The body of Frank W. Rohle, who, with Thomas Pallister, escaped from the death house in Sing Sing prison April 20, was found at 8:45 o'clock this morning in the Hudson river, opposite Rockland, directly across the river from Sing Sing. The body was found by three fishermen. They towed the remains of the murderer to Shippers' dock, and immediately notified the prison officials. State Detective Jackson, and Principal Fowler Cunningham at once repaired to the spot and identified the body by means of a picture and the prison shoes which the dead murderer wore. The body was very much decomposed. Fisherman Frank says he thinks he saw another body further down the river, but did not go after it, as he had the body of Rohle in tow. Searching parties are now trying to find the body of Pallister in the river.

MAY HAVE BEEN MURDERED.
The body of Frank W. Rohle, the murderer, under sentence of death, who escaped from the prison April 20, was found badly decomposed in the Hudson river, opposite the prison, this morning. He had been shot in the head. It is supposed that Thomas Pallister, another condemned murderer, who escaped at the same time, did the shooting to facilitate his own escape.

Chosen Over All Competitors.
WASHINGTON, May 10.—President Cleveland has appointed Edward C. Russell, of Portland, Oregon, United States appraiser of merchandise for the district of Willamette, in Oregon and Washington.

Minister to Hawaii.
WASHINGTON, May 10.—Commissioner Blount has been appointed minister resident to Hawaii.

Mistake, Mistake.
The use of this word seems to be so anomalous as to need some inquiry and explanation.

I may be mistaken, for I continually make mistakes. When shown to have been mistaken I own myself in error. Yet, if I am mistaken, it is not the error of him who mistakes me! But it may be that I am right and that he is mistaken, though I suppose that I ought to take him right and not mistake him. Nevertheless I often have to say in argument: "You were quite right. I was mistaken."

In a word, though he who mistakes must be in error, our common use of language considers him who is mistaken to be so.—Notes and Queries.

Two Things Without Patents.

The floating dock and the typewriter are among the many important inventions that were hit upon by men who have made no attempt to patent their ideas. A photographer conceived the idea of the floating dock before the device was perfected and put to practical use, and a naval officer thought out a practical typewriter, but was persuaded by friends to abandon his invention as a thing that nobody could be induced to use.—New York Sun.

Some Old Cheeses.
In the cheese regions of Switzerland a custom formerly prevailed for the friends of a bride and bridegroom to join in the presentation on their wedding day of an elaborate cheese. This cheese was used as a family register, on which the births, marriages and deaths were recorded. Some of these old cheeses date back to 1600.—Exchange.

The Russian Spout.
The Russian spout, with its oddly twisted handle, is greatly admired by our New York artists. It is made of solid and costs a lot of money. The bottom of the bowl is made of Russian enamel in green and red and has the appearance of being set with emeralds and rubies.—Once a Week.

The growth of fungus which flourishes upon the roots of oaks and beeches surrounded by decaying leaf mold turn the latter into nourishment for the trees, and the seedlings of the trees are unable to grow amid such surroundings without the aid of the fungi.

The application of animals and animal manures to the cure of disease has prevailed from the earliest times, though the greater part of such remedies, until recent times, have been founded on either fantastic or superstitious notions.

FASTEST ON RECORD.

The New York Central Distances all Competitors.

The Columbian Engine is Speedy.
BUFFALO, N. Y., May 10.—The New York Central railroad's Empire State express broke all railroad records this afternoon in the run from Rochester to Buffalo, attaining a speed of 102 miles in an hour. The train was drawn by the new Columbian engine No. 569, which will be sent to the world's fair. Miles were made in from 42 to 50 seconds right along until Corfu was reached. The distance from Corfu to Crittenden, four miles was made in 34 minutes and the two miles between Wendle and Loonsville were reeled off in one minute and thirty seconds. Just before Corfu was reached, a mile was made in thirty-five seconds, timed by a stop watch. The sixty-nine miles from Rochester to Buffalo was made in sixty-eight minutes.

A Wife-Murderer Convicted.
SAN FRANCISCO, May 10.—P. J. Sullivan was found guilty last evening of murder in the first degree, for the killing of his wife, Deanie Sullivan, last November. He will be sentenced on the 19th of this month. The murder was a very brutal affair. The man had been drinking and from his wife with which to kill her. He stabbed her eight times.

Something to look out for—the fraudulent imitations, dilutions, and substitutes that are sold as Dr. Pierce's Great Peppermint Cure. To protect the public from fraud and deception, these genuine, pure, and tested medicines are now sold only through druggists regularly authorized as agents, and always at these long established prices.
Dr. Pierce's Great Peppermint Cure (for the liver, blood and lungs) \$1.00.
Dr. Pierce's Favorite Prescription (for women's weaknesses, irregularities and ailments) \$1.00.
Dr. Pierce's Pleasant Pellets (for the liver, stomach and bowels) 25 cents a box.
Dr. Sage's Catarrh Remedy, 50c.
But remember this: they cost you nothing, if they don't help you. They're guaranteed in every case to benefit or cure, or the money is returned. They're the cheapest medicines you can buy, for you pay only for the good you get—but they're the best, too, or they couldn't be sold on any such terms.

NOTICE FOR PUBLICATION.

UNITED STATES LAND OFFICE, ROSEBURG, OR., April 6th, 1893.
NOTICE is hereby given that in compliance with the provisions of the act of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," James R. Sellers, of Pleasant Hill, County of Lane, State of Oregon, has this day filed in this office his sworn statement No. 17, covering certain Lot No. 4, of Section No. 32, in Township No. 18 S., Range No. 2 W., and will offer proof to show that the land is timber land, for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Monday, the 13th day of June, 1893.
He names as Witnesses: James A. Moore, John W. Winward, William W. Moore, John Sellers, all of Pleasant Hill, Lane County, Oregon. Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 13th day of June, 1893.
