Address P. O. Box 119.

City Property.
The value of an investment in property depends upon the actual merit which it possesses, and the prospects of its increasing in value. That is why—
UNIVERSITY ADDITION.
Property is the best investment in Eugene, especially if you want a beautiful place for a home. Adjoining the University grounds and the city limits on the East, with street-cars, city water and electric lights extending to it, it is the most convenient and desirable property on the market. Never mind the weather, UNIVERSITY ADDITION, is high and dry and naturally well drained. Prices low, and on easy terms. Call on or write to H. N. Cockerline, Eugene, Or. Office in Chrisman Block.

Farms.
Fruit Lands
LINN & KAYS,
FURNITURE DEALERS,
UNDERTAKERS & EMBALMERS.
Calls answered day or night. Opposite Hotel Eugene, Willamette street.

Another Item of the Dilemma.
WASHINGTON, Oct. 12.—A report is current on the floor of the senate, that the silver democrats who have acted with the repeal senators in making a quorum will early this evening announce a determination to no longer pursue this course because of the futility of attempting to get a vote. If this is done it will place the responsibility of maintaining a quorum entirely upon the repeal men, and, of course, increase the difficulty of continuing the session. Blackburn visited Carlisle today for the purpose of urging the necessity of a compromise in view of the evident impossibility of getting a vote by a continuation of the session. It is said Carlisle expressed the opinion a vote could be secured, and did not promise more than to consider the suggestions.
Killed Himself with Morphine.
SANTA CRUZ, Oct. 16.—A young man named Thurston, lately employed as a teamster at Hahn's mill, above Apo's, committed suicide at Seaford hotel last night by taking a dose of morphine. He was found in his room at 6 o'clock in a stupor. He stated he had come to Santa Cruz with the intention of committing suicide. There was \$3,325 and a fine gold watch found upon him. His mother, it is believed, is in Pomis and his father in Petaluma.

SCHOOL REPORTS.—The report of the Eugene public schools for the month ending Oct. 6 is as follows: Total No. enrolled 641. No. visitors 86. Total days attendance 2228. No. absences 296. No. tardiness 91. Average No. belonging 475, average daily attendance 455. No. pupils neither absent nor tardy 345. The enrollment at the opening was smaller than usual, but the number has increased so that the enrollment at present is nearly up to last year. The attendance has been good since the pupils entered school.
Chamberlain's Eye and Skin Ointment.
A certain cure for Chronic Sore Eyes, Tetter, Salt Rheum, Scald Head, Old Chronic Sores, Fever Sores, Eczema, Itch, Pruritic Scatches, Sore Nipples and Piles. It is cooling and soothing. Hundreds of cases have been cured by it after all other treatment had failed. 25 cents per box.
For sale by Ogden & DeLano.

LICENSE DAY.—The liquor licenses of Eugene for the next six months became due this morning, excepting the druggists, who pay annually. All the saloons in the city took out the necessary licenses, and the city is thereby enriched to the amount of \$1200. A rumor was prevalent a few days since that two of the places would close, but this proves to have been unfounded.
If it is proposed to take advantage of the river to ship freight to and from Eugene a suitable warehouse should be built. It is useless to talk about unloading freight in the winter months on the bank of the river.

OUR PUBLIC SCHOOLS.
MR. EDITOR:—Pure air is the first principle of hygiene. Now, the highest room in our public schools (Central building) is crowded with ninety pupils or near that number. Can our community tolerate this?
No blame is attached to our directors or teachers. The schools are open to everybody. It is necessary, however, to sound the alarm, in order to prevent our children from being slowly poisoned by exposing them to nitrogen laden air for a number of hours every day. No healthy mind in an unhealthy body. Then don't let us expose our beloved children to such danger. There must some outlet be found to prevent the overcrowding. Don't let us wait until the mischief is done, but let us ventilate the question in good time. It is the imperative duty of every parent and teacher to give this matter immediate attention. It would be no use of saving a few dollars to the community, while charging a number of our citizens with heaps of sorrow and plenty of heavy doses of pills.
The question whether teachers are able, physically and mentally to manage and instruct more than a reasonable number of pupils, is left out here, but certainly ought to present itself to every reasonable person. Pure air for our children, less care and sorrow to our teachers and parents.
A FATHER.
SALMON CANNING INDUSTRY.
Florence West: It is gratifying to both cannermen and people that there is an abundance of salmon in the river. Both canneries are now running from morning until 12 o'clock in the night to can the salmon. Two men with a net went to Ten Mile creek recently, and all the teams are unable to deliver the fish caught there to the Florence Canning Co. It looks as if the present time as if Skislaw will take second rank among rivers in Oregon in the number of cases of salmon caught.

SHERIFF NOLAND SUEB.
Rev. Enoch P. Henderson.
The Grange-Alliance Committee at Last File their Complaint.
Daily Guard, Oct. 15.
This afternoon at 2:30 o'clock the grange-alliance committee filed their complaint against Sheriff Noland. They allege that the sheriff has been allowed warrants to the amount of \$11,555.28, since November 1, 1892, and that they are fraudulent and made with the intent of cheating and defrauding the county, and were made in collusion with Judge Fisk and County Commissioner James Parker. The complaint asks that the county treasurer, Frank Heister, be restrained by an order of the court from paying the said warrants.
On account of the length of the complaint which makes 30 pages of type written matter, we are unable at this late hour to go into detail.
James F. Smith, John Burnett and L. E. King are plaintiffs and plaintiff. H. C. Perkins makes affidavit to the truthfulness of the complaint.
The plaintiffs, besides asking for the injunction restraining the payment of the warrants, ask for their costs and disbursements.
Sheriff Noland is pleased to have a chance to forever prove that he has administered his office according to law, and will meet the matter in the courts fearlessly, and only asks that the verdict of the people award the decision of the same.
The charge that Judge Fisk and County Commissioner Parker are in collusion to defraud the county will not be entertained in any one acquainted with these gentlemen, and we believe is a damnable one and unwarranted and unjust in the extreme.
To show to what extremes the committee go in their charges against Sheriff Noland, the complaint alleges that he has not performed any services whatever since Nov. 2, 1892, but what are of a fraudulent nature. In a nutshell, the whole cause of complaint arises from the fact that Mr. Noland has compelled the payment of delinquent taxes and charged for it.

Real Estate Transfers.
COUNTRY.
J. A. Crow to Margaret E. Partridge, 160 acres in Tp 18 S, R 5 W, \$1700.
John A. Erickson to John Kuest, Jr., 20 acres in Tp 17 S, R 4 W, \$400.
John Bailey to Eben Bailey, 80 acres in Tp 18 S, R 4 W, \$1.
J. W. Martin to Albert Simmons, 22.30 acres in Tp 17 S, R 2 W, \$1000.
Martha J. Rohrer to Almira Miller, 1 acre land.
Mary S. Henck to Geo. A. Houck, 1778.93 acres in T 15 S R 5 W, \$1.
A. H. Guyette to Isabella Sharm, 140.80 acres in T 15 S R 1 W, \$1600.
Emil Gerslach to G. L. Day, 20 acres in T 18 S R 4 W, \$1000.
COTTAGE GROVE.
Lewis M. McPherson to John T. Carlwell, 20,100 feet in McFarland's addition, \$1200.
Fred Sherman to Chester Davis, 32x100 feet in Shield's addition, \$1500.

Street Car Accident.
Daily Guard, Oct. 15.
A little excitement was caused on Willamette street between Seventh and Eighth about noon today by a street car collision. Three cars had been run to accommodate the members of the Presbyterian Synod who visited the University. Upon their return Wiley Griffin, who was driving the advance car, stopped to unload some passengers at the Hotel Eugene.
The car next in the rear was in the charge of a very careless driver, who kept it in full gallop until so close to the other car that the animal dodged from the track and the car run full headway into the front one.
The damage to the car is slight amounting only to a broken door and twisted connections. The passengers in both cars were badly shocked and much surprised for no one would ever dream of a horse-car collision in the daytime.

Died.
Daily Guard, Oct. 15.
Rev. E. P. Henderson, D. D., the aged and highly respected pioneer teacher and preacher of this town died this afternoon at 2 o'clock. When the news of his death was announced it was received with surprise by many and sadness by all. He was not considered dangerously ill until three days ago, and even then it was hoped that he would recover. His last illness was rheumatic fever which afterward complicated with heart trouble, and caused his death, he is old age, 75 years, rendered him unable to resist acute disease.
A biographical sketch will be published in tomorrow's issue and also the arrangements made for the funeral.

THE JOB BANK.—The report of assignee Bryson of Hamilton & Job, of Corvallis, shows the total number of firms is 450, and the aggregate amount is \$223,412.25. The report confirms the view taken of the bank affairs by Mr. Bryson in his report to receiver of the creditors, and indicates that the assets will ultimately be out about the per cent named in that report, which was 50 per cent, which is considerably more than is being generally reported.
TOO BAD IT TRUE.—We clip the following disheartening news from yesterday's Albany Democrat: Superintendent I. R. Fields and the master mechanic of the Southern Pacific have been in the city yesterday and today making a private inspection of the Oregon Pacific's property, rolling stock, round house, buildings, etc. It is reported, and please do not tell who told you, that the S. P. is making arrangements to purchase the road, steamers, etc. If true it will materially change the transportation aspect on this part of the coast.
Floor is selling for 55 cents a sack in Jacksonville and can probably be bought for less by the thousand pounds. This is the lowest quotation that we ever heard of.

TRAMPS.—About 75 tramps were aboard the south bound overland, when it reached here last night. They were too numerous for the train accommodations, and twenty-five were left. Members of the gang were begging food of merchants and others with which to supply the camp.

THE OREGON SYNOD.
The Proceedings of the Presbyterian Annual Assembly.
Daily Guard, Oct. 15.
The Presbyterian synod of Oregon met in the First Presbyterian church of this city last evening at 7:30 o'clock, following Moderator, Rev. W. J. Hughes, preached the opening sermon from John 1:23-25.
After the sermon the election of officers for the ensuing year resulted as follows:
Rev. A. J. Brown, D. D., Moderator, J. T. Ross, temporary clerk.
Rev. W. O. Forbes, reporting clerk.
Rev. W. J. Hughes, reporting clerk.
New York, was invited to sit as a corresponding member. The committee of arrangements presented its report, appointing a woman's meeting for Friday afternoon; address on "Home Missions," by Dr. Phraner, on Saturday afternoon; and "Foreign Missions" on Sunday afternoon.
After prayer the session adjourned.

VISIT THE UNIVERSITY.
Nearly a hundred persons in all boarded the street cars and arriving at the University were met and appropriately welcomed by President Chapman. The faculty and students had assembled in Villard hall and after the welcome Rev. A. J. Brown, D. D., delivered a short address. Afterwards the visitors went to Prof. Condon's room and were pleasantly entertained by the explanations of his wonderful cabinet. The collection of art in Prof. Carson's room was also noted with much interest. The gymnasium and dormitory were also visited and much satisfaction expressed with the appearance of the institution.
The synod voted its thanks to the faculty for the courtesy extended. Its prosperity and extended usefulness are earnestly desired by the entire Presbyterian church.
"We remember what an earnest friend of the University was found in the late Rev. E. R. Geary D. D. The interest he always manifested is continued by the ministry as well as laity of the church to which he belonged."
FRIDAY MORNING.
Synod convened at 9 a. m. and opened with devotions conducted by Rev. R. Reasoner. Synod was then constituted by prayer by Father Babes. Roll called. Minutes of last night's session were read. A supplementary report from committee of arrangements was made appointing a visit to the university at 10:45 a. m.
W. S. Holt and D. O. Ghormly were appointed a committee to confer with Dr. Phraner as to appointments for addresses to the synod. The standing committees were announced.
J. V. Milligan was elected stated clerk and Dr. Townsend permanent clerk for the next five years. Prayer was offered for Dr. Townsend's family. The Dr. was absent. Prof. Wallace H. Lee was elected to act as permanent clerk during this session.
The stated clerk was instructed to write a letter of sympathy to Dr. Townsend.
The synod accepted an invitation to hold the next meeting with the 4th church in Portland.
It was decided to send greetings to the synod of Washington and suggest a joint meeting of the two synods next autumn at the 1st church in Portland.
Elder Ross resigned as temporary clerk and Elder Lutark was elected to succeed him.
The order of the day for Saturday was made as follows:
President Goodell's report.
Committee on visitation of Albany college institute.
Report of committee on aid for colleges.
The report of the committee on history of the synod reported progress. Committee continued.
Rev. D. N. McInturf, of Oregon M. E. conference, was invited to sit as a corresponding member.
The report of the committee on foreign missions was made second order of the day for Saturday.
The committee on Indian missions reported.
Rev. A. J. Brown, D. D., and F. G. Strang were elected directors of the California Theological Seminary.
At 11 o'clock the Synod left in a body to visit the State University.

River Transportation.
Daily Guard, Oct. 15.
Owing to the swiftness of the current on the upper river and the difficulty of piloting on account of snags and changes in the channel, the Oregon Pacific company's steamer Wm. M. Hoag was obliged to lay over Saturday night several miles down the river. It arrived at the landing here about noon yesterday with no worse mishap than a broken paddle on the wheel.
The boat was loaded with about 20 tons of freight for this point. Two-thirds of it was San Francisco freight transferred from the ocean steamer Willamette Valley and taken on the Hoag at Corvallis. The balance was lower river freight.
The bringing of this boat here will speak for itself in influencing improvements for this part of the upper river. It is one of the largest boats running on the river above Portland, has a capacity of 225 tons burden and draws about a foot of water when fully loaded. She is commanded by Captain Robert Young with Harry Robinson, mate. Captain Bell, who used to run boats on the river when freighting by boat was an ordinary thing for Eugene, is pilot of the Hoag. The river has so changed since then that he found it necessary to study out the course.
Captain Hatch of the snag boat came up with the Hoag and says that his boat is now working near Junction but the snagging will be thoroughly done all the way up the river to Eugene so that in a few days the snag boat will be taken down by the Three Sisters.
The steamer started below again at daylight this morning. In order to get to the lower river in time to make its regular trip the boat will be taken at the Meek warehouse, where the wheel will be taken down by the Three Sisters. This is a smaller boat, of 100 tons capacity, and draws only 11 inches of water when loaded, having been especially overhauled for the upper river work. This is the boat which will make regular trips to Eugene at each trip of the Willamette Valley from San Francisco. The through rate from the Golden Gate city will be less than the Southern Pacific rate from Portland.

We understand that E. C. Smith has made a canvass for subscriptions toward the building of a wharf and freight sheds and met with good success. The grading and lumber have been provided for, leaving the nails and work to be furnished or money subscribed to pay for the same. No trouble should be experienced in having sufficient funds to finish building a place for steamers to land here, as a little from each would aggregate a plenty.

The Tramp Nuisance.
The tramps continue to come and go with increasing numbers. The railroad men inform us that many of those who are traveling on the "blind baggage," in freight cars and on the top of passenger coaches, are well dressed, have fine watches and gold jewelry, and it is to be believed have plenty of money. This class of "gentleman tourists" refuse to ride on the brake beams, the home of the professional tramp. Conductor Houston says during the past week he has ejected two of thirty to fifty cents were wearing real diamonds. From the reports of railroad men it is learned that the stampede for the midwinter fair in San Francisco by this class has only just commenced. It is predicted that when the world's fair ends that instead of thirty to fifty cents were wearing real diamonds. From the reports of railroad men it is learned that the stampede for the midwinter fair in San Francisco by this class has only just commenced. It is predicted that when the world's fair ends that instead of thirty to fifty cents were wearing real diamonds.
