NEW YORK, Oct. 30.—The Rev. A.
E. Wright and his wife, who are both regular ministers of the Universalist church, will be installed together on Tuesday evening in the Universalist church of the Reconcilation in Brooklyn. The eremonies will be of unusual interest because of the fact that Mrs. Wright will share with her husband the duties, honors and responsi billties of the pastorate. This is the only case known where both husband and wife are regularly ordained ministers, and their future will be watched with considerable interest. Mrs. Wright, who is about 30 years old, became a minister some years after her husband. They had They had seen associated in church work pre-

vious to their marriage.

RICHMOND, Va., Oct. 30.—One of the columns of the old Mary Washing-ten measurent at Fredricksburg was stolen last night. It is supposed that the theft was committed by some relic hunter, whose purpose is to sell the shaft to some one.

Harrison Put on Guard INDIANAPOLIS, Ind., Oct. 30.— Mrs. Rachel Pederson of Beloit, Wi Wis consin, came all the way here to give a warning to ex-President Harrison. She has had a vision that the ex-president was to be the next president of the nation, but that there were several demons and evil forces at work to defeat this end. In the vision she was told to warn Mr. Harrison of the great danger that lay in his path. With no other object in view she left Beloit for Chicago, where she heard Mr. Harrison was. At Chicago she learned that be had just left for this city, so Mrs. Pederson followed him here. She called at the Harrison home but was disappointed to find that gentleman out. She told her vision to the expresident's private secretary, however, and then left by the next train for her home much relieved.

A Berenved Finnee.

CHICAGO, Oct. 28.-Mayor Carter Harrison, who was assassinated yester-day, and fixed his wedding day for November 7th. On that day he was to have been married to Miss Annie Howard of New Orleans. The cere-mony was to be performed at the home of the bride-elect in that city. It was reported that the mayor was to charter a special train from Chicago to New Orleans for himself and party which would have included his cabinet, his two sons and their families and several others.

Presence of Mind.

EMPORIA, Kas., Oct. 30.—A thrilling incident occurred on the Howard branch of the Sante Fe road this even-As the passenger train due here at 8 o'clock was approaching Olpe, a small station a few miles north of here, a little baby was noticed by Engineer Burt Monroe playing on the track, but not until he was almost on it. He im-mediately reversed the engine, put on the air brakes and rushed to the front. The momentum was too great too stop, and just as he got on the cowcatcher the child was disappearing under the engine. He made a grab and clutched a portion of its clothing, holding on until the clothing gave way. Just then the engine came to a stop and the child was discovered to be uninjured with the exception of a few bruises. Two inches more of movement by the engine would have ground the baby to pieces. Mouroe was white as a ghost after the incident, but was a proud man, when he placed the child in the arms of its mother.

Ex-Secretary Foster.

Tolino, O., Oct. 30.-Rumors are current that on Governor Foster's return from the East, where he has been for several weeks past, he will be arrested on some charge connected with his recent assignment. Persons who have had communication with the committee who have the expert at work on the books at the bank have let drop remarks to this effect, also that Cashier Wilkison would be arrested. Late developments look as though this was not idle talk. The committee was hard at work all day Saturday on some matter connected with the bank affair. They were closeted all day in an attorney's office with the expert examiners and Dick Blackford, the well-known Findlay attorney. All parties to the consultation were very reticent as to what was under consideration and also as to any plans they have made for future action. Assignee Gormley de-clares that there might possibly be some irregularities in the books, but he does not think anything criminal was contemplated. He said Mr. Foster would be here to answer any charge that might be preferred against him.
