

TO SUBSCRIBERS.

In a few days we shall commence sending out statements of accounts to subscribers of the WEEKLY GUARD. While in many instances the amount due is small, in the aggregate the sum is large, in fact not less than \$5000.

It takes cash to run a newspaper. The bills for paper, ink, postage, and material connected with the publication must be paid monthly, while our employes receive their wages every Saturday night.

We have steadily increased the size of the GUARD, and the volume of reading matter, while a reduction was made in the price.

If you cannot pay the entire bill pay part. The money is needed to enable us to conduct business, and we hope to obtain what is due us.
