Advertisements Are Selling Well.

BATTLE CHIEF, Mich., Jan. 2.—Ellen C. White, the mother of Adventism, says the end of the world is fast approaching. She was conveyed to her in a vision. She cannot tell exactly when the day will come, but that it will soon come. The elders here have enjoyed all who can sell their personal effects and to go out into the world and preach the gospel. About twenty families in this vicinity in this junction have sold their houses and gone within the last month, and as many more have their places advertised for sale. They sell for any price the place will bring. At a meeting held in the tabernacle last night the elders called upon those present to donate what they could of their personal effects to educate the heathen. When the meeting ended, 50 gold watches, 60 gold rings and other articles of value, and \$250 had been donated. The money will be used to send missions to foreign countries and to spread the doctrine over the country. They have expended over \$50,000 in buildings here.

China Is Only Bruising.

SAN FRANCISCO, Jan. 2.—King Ow Yang, Chinese vice-consul in this city when seen in reference to a dispatch from Victoria, B. C., in reference to an interview with Thomas Wilson, a planter, who had just returned from India in which he predicted that France and Siam would soon be at war with France and that the Chinese squadron is congregating in Siam waters, said that since the Tonquin affair, China has felt cool towards France, but it is doubtful if the sentiment is sufficiently strong to precipitate a war. An interpreter of Chinese has discussed the Wilson interview with a number of Chinese merchants who are inclined to believe that nothing will come of the present agitation. The Chinese has learned the Yankee trick of bluffing and the military and naval attitude of China is probably a bad bluff to set the French to thinking that they can't have everything their own way in Indo-Chinese waters, said one of the merchants.

Young Wilcox the Aggressor.

ASTLAND, Or., Jan. 2.—Young Wilcox who was shot Saturday evening by D. L. Conwell at Harvey's from north of here, is still alive but cannot survive long. Conwell had a preliminary examination before Justice Fou-dray at Phoenix yesterday and was discharged, it being shown that Wilcox was the aggressor. Wilcox was intoxicated at the time of the shooting.

In the Hands of a Receiver.

CHICAGO, Jan. 2.—In the United States circuit court a receiver was appointed for the American Building, Loan & Investment Company on a petition by its president. The bill states that the company is in a state of insolvency and is in violation of the provisions of the act of March 3, 1879, which provides for the appointment of a receiver in such cases.

Miner's Rescue.

ROSEBURG REVIEW: J. M. Hutson was down from the Myrtle Creek mines Saturday. He tells us that the company have begun operations there again under the management of H. W. Holden, of Eugene. The mines have been dug up by an attachment filed by the employees for several months past, but the company have now given satisfactory bonds and resumed work.

Franklin Notes.

Jan. 1, 1894.

Happy New Year to everybody. Seth Harpole was in town Monday. Patronize home industry by attending the exercises at amusement hall. Santa Claus' headquarters were established at U. L. Hansen's grocery in Smithfield. Benjamin Franklin Smith has taken a child to raise. It weighs in the neighborhood of ten pounds. The literary society is in a flourishing condition, and keeps itself in perfect harmony with the sentiments of its centrifugal pillars. F. A. Brown was at Eugene last week visiting his mother who is somewhat indisposed. Hygienians are ordinarily more scarce than Hong Kong lawyers, and when by chance such specialists are secured for the good of the country, and at reasonable rates, due appreciation for their services should be kindly demonstrated. Wallace Hurlburt spent Christmas with his family at the county seat. Miss Esther Beaman thinks of getting up a class in portrait engraving. A beautiful specimen of her artistic drawing adorned the walls of the blackboard at a recent session of the Lyceum. The lady handles the science without gloves, like one who is thoroughly conversant with her profession. Prof. F. C. Webb has taken permanent quarters at Lee Moun's private boarding house, on Franklin Boulevard, three blocks from the public school building. Hurlburt sells goods at prices that challenge competition. Try and be convinced. The Christmas entertainment held here was unanimously declared to be one of the most delightful events that have transpired since Smithfield was incorporated with a mayor who imagines that the whole earth shakes if he happens to fall on a cross-pole. The appropriate recitations, Christmas carols and other noticeable features all blended harmoniously together in producing an ideal musical and literary treat. The free was by no means an unsatisfactory object, for it literally groaned under the weight of the many presents it sustained. At the conclusion of the program the large crowd left for their respective places of abode, feeling that it was "good to be there."

Stamer "Eugene."

Captain Brown who is constructing the light draft steamer at Portland, especially to navigate the Willamette river between Portland and Eugene has informed one of our citizens that he will name the new steamer "Eugene." If our citizens will present the boat with a set of colors upon her first arrival at this place. Of course the colors will be forthcoming, as our people know the advertising received would be worth considerable. We understand that the hull of the boat has been completed, the machinery placed in position, and the upper cabin is now being placed upon the new craft. We shout "hurrah for the steamer Eugene."

WEDNESDAY, JAN. 3.

Commissioners court is in session. The Fairhaven, Wash., Daily Herald is dead. The railroad commission is in session at Albany. Oregon has 44,444 persons subject to military duty. Commissioners Parker and Perkins are in town. Frank Anderson, of Junction City, is in Eugene. E. J. Crow went to Roseburg on this afternoon's train. Dr. H. A. Davis, of Harrisburg, is visiting in Eugene. Bert Miller, of Woodburn, was in Eugene last night. Jos. Widmer has returned to his home at Seattle, Wash. Miss Gertrude O'Brien left for her home in Oregon this morning. Miss Elizabeth Kent, of Des Moines, has been visiting relatives in Eugene. Mrs. J. W. Alameda, of Wallerford, was visiting in Eugene last night. A necessity in Portland has \$2000 which he has made by selling papers. O. R. Hinchart will ship a car of apples to Kansas City, Mo., in a few days. A marriage license was granted today to Jas. K. Wiseman and Martha England. Frank Blanton leaves for Ashland this evening where he will spend several months. O. A. Phelps, the Free Thought lecturer, left for Portland on this morning's local train. The new officers of J. W. Geary Post, G. A. R., will be installed next Friday evening. The weather bureau displayed a white flag this morning and of course it naturally rained. Studies were resumed at the state university this morning. A number of new students were in attendance. Lane county fruit growers' association will meet at the court house in this city on Friday, Jan. 5, at 2 p. m. The ways and means committee of congress has concluded to raise the revenue on whisky from 50 cents to \$1. Aaron Cohen, a pioneer commission merchant of Albany, died in this city last evening of apoplexy, aged 57 years. Albany Herald: Mr. Elms Awhrey, of Eugene, is spending a few days with his brother, Dr. O. C. Awhrey in this city. The victorious Stanford university football team passed through Eugene on last night's overland train en route home. The state board of equalization, as a dispatch from A. C. Woodcock states, will not disturb the assessment on real estate values in this county. A grand masquerade ball will be given early in February. Fine management. Intend to make it the dance of the season. Further developments later. President Chapman, Dr. I. D. Driver and J. B. Wetherbee will deliver addresses before the College Y. M. C. A. which meets in Albany next Friday. Forest Grove Times: President M. C. Cleland will deliver a lecture on "Sociology" at Eugene on January 4. This is the first of a course of lectures arranged by the state university. The funeral of the late John Brown occurred this morning from his late residence at the Mulkey cemetery, and was largely attended. The religious services were conducted by Revs. Mc Inturff and Blair. G. W. Lamson, the cashier of the old defunct bank at Junction City, recently engaged in the racket store business at Forest Grove. The first of the week he was compelled to close the bank on account of a number of attachments. Mayor Flinn of Albany advises that the wagon bridge across the Willamette at that place be made a toll one. Even with toll the city will be compelled to levy an eight mill tax. And still our citizens grumble at a five mill tax with a free bridge. A. E. Reames will leave next Friday morning for Portland, where he will locate for the practice of his profession. Mr. Reames is a bright young attorney and is certain of success in the metropolis. The people of Eugene dislike to see him leave, but all wish for his success. E. W. Hadley, receiver of the Oregon Pacific, has forwarded his unconditional resignation to Judge Ferguson, who is now holding court at Toledo. It is thought that Frank J. Miller, secretary of the state railroad commission, will be chosen. His appointment was recently requested by the employees of the road. The Roseburg Plaindealer says: One of the spectators of this city recently sent a friend of apples to a San Francisco commission house. A few days ago he was sent a bill for \$41, being the balance due the commission house for freight charges paid and commission charges. The apples cost here in Roseburg in the region of \$30. And it is rather tough on the speculator to lose not only the first cost but \$41 in addition thereto. CHANGE OF DATE.—The executive committee of the Oregon Press Association have postponed the date of attending the midwinter fair till the latter part of March, in compliance with a request of the San Francisco club. This delay will give the people of San Francisco a chance to make suitable arrangements for the entertainment of the press of the Northwest. An invitation will be extended to the British Columbia Press to join us. THE BARBER TRAP GUY.—M. S. Barker, of this city, the well known gun dealer, has just received his patent for the gopher trap gun invented last spring. He is now negotiating with an eastern firm for the manufacture of one thousand of them to supply the increasing demand. Several of our leading farmers have tried these guns for killing gophers and other farm pests and are well satisfied with the results. APPROPRIATE GIFT.—Supplementarily to the gift of the bible by the Union Universal Y. P. C. U. mentioned last week a very neat and tasteful altar, adorned by a rich velvet cushion, was presented as a New Year's token to the pastor and congregation, by this generous and helpful society.

The Sealing-Wax Fad.

Eugene's "400" are found to be in fashion, if nothing else, however hard the times may be. It is many years since the gummed envelopes became the rage and none but ordinary people persisted in using sealing wax for letter envelopes. However, within the past year the east have discarded the more convenient style of convert and, as fashions, like history, repeat themselves they have gone back to the almost obsolete sealing wax and turning their fingers nine times in a dozen attempts to seal a letter or a billet. The fad has just struck this city and a society swell of the "400" class furnishes this paper with the appended regulations to be observed in the use of the sticky, nasty article: White sealing wax is chosen for communications relating to weddings, black for obituary, violet for expressions of sympathy, chocolate for invitations to dinner, red for business, orange for engaged love letters, green for letters from lovers who live in hopes, and brown for refusals of offers of marriage, while blue denotes constancy, yellow jealousy, pale green repugnance, and pink is used by young girls and gray between friends.

Populist Speaking.

W. H. Spangh, chairman of the executive committee of the people's party, will deliver addresses in Lane county as follows: January 6, 1 p. m.—Coburg. January 8, 1 p. m.—Irving. January 9, 1 p. m.—Pleasant Hill. January 10, 1 p. m.—Laurel Home schoolhouse. January 11, 1 p. m.—Smithfield. January 12, 1 p. m.—Goldson's. January 13, 1 p. m.—Chesler. January 15, 7 p. m.—Hale. January 16, 1 p. m.—Walton, Lyon's schoolhouse. January 16, 1 p. m.—Glenora. January 17, 1 p. m.—Seaton. January 18, 1 p. m.—Florence. January 19, 7 p. m.—Indian Creek. January 20, 7 p. m.—Elmira. January 21, 1 p. m.—Spencer. January 22, 1 p. m.—Hadleyville. January 24, 1 p. m.—Lorane. January 25, 7 p. m.—Cottage Grove. January 26, 1 p. m.—Grange hall south of Cottage Grove. January 27, 1 p. m.—Trewell. January 28, 7 p. m.—Pleasant Hill. January 29, 1 p. m.—Jasper. January 31, 7 p. m.—Springfield. February 1, 7 p. m.—Eugene.

Irving Items.

Cold and rainy weather. Bud Comp and sister visited friends in this vicinity last week. J. A. Hagan contemplates putting in a pigeon-hole table in the building vacated by W. B. Yates. We understand that J. A. Zumwalt and daughter Mae will start tonight for California for the benefit of his daughter's health. Fred Hastings, of Idaho, is visiting with Mr. and Mrs. James Kitchen. For the past five nights the people of Irving and vicinity have listened to a religious debate between Rev. T. P. Haines, of the Methodist church, south of Junction City, and V. Millard, evangelist. Proposition for debate: "If V. Millard do affirm that there was war in heaven, Michael and his angels fought against the dragon, and the dragon fought, and his angels, and prevailed not; neither was their place found any more in heaven. And that the dragon was cast out to this earth, and his angels with him. And that this body of flesh and blood was made for one of the angels to dwell in and Co.," was decided last night by two for the affirmative and three for the negative. The chairman then submitted the proposition to the house and called for a dividing vote, which resulted in about five to one for the affirmative. The decision of the judges was thought to be a fair one as those on the negative highly recommended V. Millard for his Christian spirit and gentlemanly behavior throughout the debate. Mr. Millard was presented with a handsome bible by his Irving friends, as a token of the esteem in which his friends hold him. He is announced to hold a series of revival meetings at the hall commencing Wednesday evening of this week. X. Y. Z.

WHAT IT COSTS.—It has been reported a \$1 admission to the midwinter fair enabled one to see everything. This is far from the truth. In the first place the admission is only 50 cents. Dexter Items.

January 3, 1894. New Years greeting. A petition will be presented to the county court praying for relief for the family of George Rice. Mrs. Rice has for some weeks been confined to her bed by sickness, and it looks as though the county or neighborhood would be obliged to contribute to their support. Ed Morgan and wife, of Lowell, have been visiting at Louis Morgan's, of Trent, during the holiday week. Dexter has a professional bromo rider in the person of Eldon Templeman. If you want to know anything more ask W. R. Parker.

The promoters of the proposed cheese factory at Pleasant Hill held a meeting of that place last Tuesday and have appointed Saturday, January 13th as a day on which to meet, and further discuss the project. All interested should attend. T. S. Handaker, the young Monmouth student preacher, addressed the Dexter people last Sunday. Miss Bertha Feisterly and James Parker, Jr., of Clatsop, are visiting at this place Saturday and Sunday. E. J. Chandler is announced to preach at this place next Sunday. Come out everybody. School resumes January 2, to continue six weeks. W. L. Bristow and family, of Pleasant Hill, attended church at this place last Sunday. There is talk of dividing this road district by cutting the Push and Pull road off into another district. It should be done. Let the good work go on. Having our mail a month by the new arrangement it is simply indispensable, and to those few who are desirous of returning to the old schedule, we would say better let well enough alone. We've got it and we're going to keep it if possible. We think in common with many others that the proper sphere of the newspaper correspondent is to give the general neighborhood news, without allowing himself to be drawn into petty local strifes which reflect credit on no one and are bound to cause hard feelings among neighbors in the end, and are likely to reflect more heavily on the one that cast them. A match hunt was had last Thursday by the professionals captained by Edgar Johnson and the Invincibles, led by Eldon Templeman, and was won by the Invincibles at the expense of the professionals of an oyster supper given New Years evening of Clean Parker's. All report a splendid supper and a basket of fun.

Revival at Methodist Church.

DAILY GUARD, Dec. 30. A very large crowd was at the revival at the Methodist church last night though it only started the night before. A number were at the altar and were converted. The church is in excellent condition and the people went out in earnest to talk to the unconverted. Great solemnity rested upon the audience and there were many requests for prayer. The crowds at the afternoon and evening meetings are more than double what they were at the end of two weeks last year.
