Dufur, Oregon.

GENTLEMEN: On arriving home last week, I found all well and anxiously waiting. Our little girl, eight and one-half years old, who had wasted away to 28 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Cough Cure has done its work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Washing you properly, we are Yours, MR. AND MRS. J. F. FORD.

If you wish to feel fresh and cheerful, and ready for the spring's work, cleanse the system with the Headache and Liver Cure, by taking two or three doses a week.

Steamer News.—The steamer Eugene tied up at Independence last night. It was found that her wheel was too high in the water for a swift current, and the necessary alteration had to be made. A dispatch from Independence at 11:30 this forenoon stated that the steamer would lay at Harrisburg Wednesday night, and reach here Thursday. She left Portland loaded to the guards, and has 35 tons of freight for Eugene, which amount will probably be increased by Oregon Pacific shipments at Corvallis. The river is at an excellent boating stage.

Escaped.—George Park, who was serving a fifty days' sentence in the city jail, escaped from Marshal Eastland the afternoon just as he was going to eat his dinner. The marshal could have easily shot him but did not think it was best. The last seen of the prisoner he was going at a lively speed across the Eugene bridge. He had 23 days of his sentence to serve yet.

THE PEN.—Lee Hay and William Probst were taken to the penitentiary at Salem Saturday by Deputy Sheriff Croner. Each of the prisoners has a sentence of one year to serve for the crime of burglarizing a house near Harrisburg.

REGIMENTAL INSPECTION.—Major G. O. Yoran went to Hubbard this morning where he will be joined by C. E. Roblin, adjutant of the 2nd Regiment and Captain Grim of Company E, O. N. G. The boys will then make a tour of the regiment and inspect each company.

Dexter Items.
March 13, 1894.
Lo! the gentle spring time.
R. L. Edwards, who is attending school at Drain visited friends here on Saturday and Sunday while on his way to visit his home on Fall Creek. He speaks highly of the school.
Miss Lesona Howard is visiting relatives on Fall Creek during the present week.
Elder J. C. Richardson preached here Sunday, he will also preach again on the second Sunday in April.
Levi Harper, who has been ailing for years, is reported as falling somewhat noticeably late.

Mrs. Nes Nest has been very sick, since our last writing, but is slightly improved at present. She is being attended by Dr. Thompson.
E. R. Parker will teach the spring term of school at Pleasant Hill.
It was our intention last week to state that Thomas Bowen (not Brown) had taken a barefooted boy to board.
The populists failed to hold a primary in this precinct. Thus leaving us without a representation in their convention.

From reports the voters of Upper Lost Valley district held a startling session on the first Monday in March, voting one director out for the non-performance of duty and further fining him the sum of ten dollars.
E. J. Chandler has recovered from his sick spell and is about again.
John Parker, of Cloverdale, visited with friends and relatives at this place a couple of days this week.

Proxys has gone to Pleasant Hill for a season but we prophesy that Mr. "Greenhorn's" hide won't hold water by the time Proxys gets through with him. He takes the GUARD.

The incompetent disseminator of Trent happenings, undertakes to mislead the general public in regard to the mail service to this place, and assures us that only a few individuals are interested in making this change. Now if such misstatements are to control our affairs by misrepresentation, inferred or expressed, then we had best give up our ranches and emigrate to where the flies won't bite us. Mr. "Greenhorn" are you aware of the fact that we have more hours of daylight in July than in December, when the mail was carried by this schedule, and don't you know there are a few people living on Pleasant Hill that should be consulted in regard to this arrangement, moreover we never have asked the department to make this change until after July, 1894, and have no explanation to offer as to the notions of the department in making the change as they did to take effect immediately. We consider the fact that Mr. Eaton's service expired in July, and have never sought to do him an injustice as the chronic pessimist insinuates. But we know what is best for us individually and shall not hesitate to ask for our just deserts in spite of such cranky, cross road statesman as this greenest of "Greenhorns," who as though ashamed of his productions would seek to deny his already well established identity. Don't do it any more, take our advice.

RIVER RAISING.—The river is nearly at a 14 foot stage and still on an upward movement. The factories at the mill race are running today, and it is likely that the electric light will be able to run by water power tonight.

REGIMENTAL INSPECTION.—Major G. O. Yoran went to Hubbard this morning where he will be joined by C. E. Roblin, adjutant of the 2nd Regiment and Captain Grim of Company E, O. N. G. The boys will then make a tour of the regiment and inspect each company.

Mack and Harvey Samerville, of Harrisburg, have rented the handsome residence lately owned by E. R. Luckey, on east Ninth street, and will occupy the same with their mother.

Another crank has appeared. He is to be hauled from Jansau, Alaska, to New York City by dogs in 200 days on a wager, not entering the U. S. until he reaches Dakota.
We have received volume one, number one, of the Esparto Press, dated at Esparto, California, March 2, 1894, and edited by Byron H. Buck, formerly an employe of this office. It is a neat, sprightly paper. We wish it success.

The editor of the Benton Leader is said to have been converted and to have joined the Methodist church, and this, according to an exchange, is viewed by the press of Lincoln county with "much consternation." Why this is so is not explained.
The Quaker social given by the Cumberland Presbyterian church under the direction of Mrs. G. A. Blair and Miss May Jones, Saturday evening at the church was largely attended and a pleasant affair. The program was well received and each who took part did honor to the occasion and themselves.

The Willamette Presbytery of the C. P. church meets at Albany today at 10 o'clock. The special business aside from the routine is arrangements to secure a large attendance at the coming assembly of those from this state, also that such come to care for themselves. Rev. G. A. Blair is in attendance.

Dallas Transcript: Some people wonder how it is that papers like the Oregonian can make any money. Here is one of the reasons: The advertisement of Dallas city bonds for sale was published in that paper one month and the bill was \$24. In a country paper \$2 would be considered a good price.
Harrisburg Courier: Our business men have received notice that the new steamer Eugene will leave Portland for Eugene next Monday, the 12th inst. This boat has been built especially for the upper river and if the people want a boat they can rely upon it that it stands them in hand to see that the Eugene is patronized.

"We would urge every one to read the advertisement of Simmons' Liver Regulator. We have never before said one word in favor of any patent medicine advertisement in our columns, but having given Simmons' Liver Regulator a fair trial, we do not hesitate to say that, for Dyspepsia and general debility it cannot be excelled."—Fred M. Childs, editor of News, Kenton, Ohio.

THE ANNE MINE.—Roseburg Review: F. Rowell, who has been working at the Anne mine in the Bohemia district, was in Roseburg the latter part of the week. He states that the mine has closed down after a very successful season's run. They worked 49 men in summer and 15 in the winter, and when they suspended work 13 of them came out together on snowshoes. The snow was in many places 15 feet deep and they came down the mountain at a lively rate. Mr. Rowell will return in a few weeks to resume work in the mine.

A RAILROAD PROJECT.
Attorney Norton and S. L. Moorhead representing the company.
Lakewood Examiner: The following letter from V. C. Stelling at Red Bluff to Vince Stelling, of this place, is self-explanatory:
"In your letter you spoke of the projected railroad, and which built you expect to pass through your country. Now I will endeavor to give you the facts in regard to this matter as I have been able to glean them myself from persons of our town, who, on account of the interest that they manifest in the railroad, and the wealth that they represent in our county.
"They say that the construction is almost an assured fact. Of course they realize that there will possibly be a good many obstacles to overcome in the future, the interference of the Southern Pacific, etc., all of which they thought would have no effect. In fact they seem to think that the projectors are perfectly reliable.
"The gentlemen representing the proposed railroad company here are H. T. Norton, of Eugene, Or., and S. L. Moorhead, of Junction City, Or. They expect to make this town the terminus in this valley. They expect this town and county to be paid \$250,000 of the railroad stock, to be paid when the road is completed to this place. The time for the completion to this place is figured for two years.
"The road is expected to start from a point at the water on the Pacific bay, the terminus to be on the Idaho line, no particular place specified.
"I asked Mr. Norton if he had any idea about the survey through your county. He replied that he had no knowledge of the company's survey other than it ran through the Goose Lake country into Lake county, Oregon, through Harney valley and to the Malheur. You can judge from that as to the course of the road.
"They expect to complete the entire road in four years from the date they begin construction, which will be as soon as they find that the people living between here and the starting point of the railroad meet their demands. They figure the time now at two months, but I hardly think that can be relied upon at the present.
"Our people have raised the required amount in the town, and the committee having the matter in hand have appointed committees in every precinct in the county to solicit the people for the required amount."

Supreme Court Decision.
Roban Ward, respondent, vs Southern Pacific Company, appellant, appeal from Douglas county; judgment of the lower court reversed. Opinion by Lord, C. J.

A six-year-old son of the plaintiff and respondent was killed by a locomotive of the appellant, the accident occurring on the farm of the plaintiff in Douglas county. The respondent's complaint alleged that the boy was killed by negligence in the management of the engine. The answer denied any alleged negligence and made a claim that the plaintiff and his son were contributorily negligent. The reply denied the new matter. The result of the trial was a verdict for the plaintiff and respondent, and upon this the appeal was taken.
