He called at the residence of S. D. Holt yesterday morning and asked for food which was refused him. He went away but re-turned again, finding Mr. Holt in the garden trimming hedge. He proceeded to abuse that gentleman and went away again. He says he went out into the country a few miles, returning to town shortly before 6 o'clock. This time he passed the Holt residence and pulling a 32-calibre revolver from his pocket fired a shot into the front gate

The shot attracted the attention of the neighbors, who followed the man into the business portion of the town. Here he was apprehended by E. J. McClanahan and delivered over to Sheriff Noland. The sheriff secured the revolver and in response to a query as to his intent, Siayton said he "wanted to mark the place." The man is about 27 years of age and

from what could be gathered during an interview this morning, was evidently feeling desperate. He was willing to stay in jull and evidently hoped to get food and shelter by creat ing some disturbance. He is not a vic-ious looking man, but exposure to rough weather and irregularity in enting and sleeping have caused a feeling of abandonment. He has been lodged in the city jail two nights lately.
