### Presented to the Steamer 1075 "Eugene"-The Ceremony. Formal

# maily Guard, March 16.

The formal presentation of the colors aished to the new steamer by the zens of Eugene took place at the ter this afternoon. The affair had anticipation on part of our citizens, particularly town this afternoon. those who look upon the new George Lakin returned oper as a substantial addition to in Portland this morning. agene's commercial facilities, being all exclusively for the upper river

### ade to this point. THE BOAT.

The first trip was so successful that is almost certain the boat can run in this far at least nine months in The experienced river cap he year. ins who made the trip affirm that he stemmed the current the best of ny light draft boat which has ever atmpted the trip. In short bends in day. he river and over shoals, where other Dr oats have been bothered considerably, his boat never swerved from her ourse. The dimensions of the craft re 140 feet length, 29 beet beam, 4 feet, inches depth of hold, and 14 inches bus and can make greater speed than any other light draft boat on the Wil-amette. The cylinders are 13x60 and raft, light. She has a capacity of 175

# THE PROCESSION.

The music of the Eugene Band on the corner of Willamette and Elghth streets, shortly before 2 o'clock was the signal for the forming of the proces-

The pupils of the Geary school were marched up Willamette street to the corner, and the procession of Central chool children took their position in to the patrons of the office. the line to the rear. There were 300 of the former and 398 of the latter, each school decked out in ribbons of their adopted color.

Promptly at 2 o'clock the firemen Fromptly at 2 o clock the hremen fell in line, and headed by the band, the procession started down Eight street, followed by citizens on foot and in carriages. When the river was reached the crowd gathered on the bank around the boat, and the exercises began.

## THE PRESENTATION

The colors consist of three pieces, the stars and stripes, pennant and ensign. The United States flag is about 12 feet in length and of the usual design. The pennant is striped red and white alternately and about 17 feet long with "EUGENE" worked lengthwise in large "EUGENE" worked lengthwise in large letters. The ensign is a square of blue with white stars. All are well made,

with white stars. All are well made, of strong bunting. The Marine Cadets under Col. Sachs had assembled on the river bank and fired a salute of 21 guns upon the ar-rival of the procession. This was the had assembled on the river bank and fired a salute of 21 guns upon the ar-rival of the procession. This was the signal for the exercises to begin. The band played a selection and then Hou. F. M. Wilkins, president of the Board of Trade, made the speech of presenta-tion. He made reference to the con-ditions which gave rise to the event and paid a glowing tribute to the stars and stripes. With appropriate words With appropriate words and stripes. he presented the flags, which were car-ried by Ruby Hendricks, Nina Wilkins and Ina Craig. The ensign was raised at the bew of the best and the pennant

and the tring, at the bew of the beat and the pennant on the flagstaff on the pilot house. The response was made by Captain Bell in behalf of Captain Jones. In fitting language Mr. Bell thanked the people assembled for the evidence of earnestness in the matter of river com-merce and their recognition of the ef-merce and their recognition of the ef-
