ENGINEER'S STORY.

A TRUE AND INTERESTING NAR-RATIVE FROM CASPAR.

California The Remarkable Experience of a Railread Man-How He Was

Away up on the California coast, 140 niles north of San Francisco, in the beautiful little seaside town of Caspar, lives a man upon whom a modern miracle has been wrought. The man is Charles L. Hubbard, well known all over the coast for his faithfulness and integ-rity. His word in a dozen towns along 'alifornia's coast is as good as a bond, according to what leading citizens say. Mr. Hubbard has worked for the Mendocino Lumber Company for the last thirteen years. He is working for the company now as a locomotive engineer, and

man in a more trying and exhaustive occupation could hardly be found. Mr. Hubbard was found, after diligent nestioning, in the cab of his locomotive. His hands and face were covered with engine grease and perspiration, betokenng his hard labor, but his clear, blue plain that these people with all their boasted independence were quite amenable to pecuniary considerations. Never and said: "Mr. Hubbard, I've come all the way from San Francisco to hear all the way from San Francisco to hear develop from 10 to 15-horse power; can be the story of your suffering and how you had at a sacrifice by addressing were cared.

more conscientious and industrious

"Well, I'm glad to see you," said Mr. Hubbard, "I've half been expecting to see some newspaper man from there about it, for my case has attracted wide-spread attention. I've had rheumatism that's what my trouble has been-for years. I get it in this hot cab when the cold wind and fog from the ocean blow in here.

But, to begin at the beginning, I must tell you that I have been working here for this company for thirteen years. I have had rheumatism all the time, and I think I first contracted it at the Chick-ahominy swamp in the war of the rebellion. I suffered terribly with it, espe-cially of late years. Why, some nights I went home all doubled over and hardly able to walk. I don't know how I kept at work, but suppose it was because I had to. I suffered a great deal in my bed. Some nights I have waked up and found my arm outside of the covers. At such times I could not put it back in bed, but had to lift it with the other the horse's back laid his chin on his hand and get it under the clothes very

slowly. Of course, I was trying every-thing. I spent money for all sorts of patent medicines, paid doctors here and in San Francisco for treatment, and bought a lot of electric belts. I paid over \$70 for electric belts, got the most powerful I could find, but they did no good. Well, sir, my wife's sister in St. John, New Brunswick, sent us a lot of papers from time to time, and nearly all of them had remarkable stories of cures by a medicine called Dr. Williams' Pink Pills for Pale People. Finally my wife got at me to try some of the pills. I got ome, and there was such an improvement in me after taking two or three boxes that now I wouldn't think of trying to get along without them in the house. My wife, too, has bad much ervous trouble, and she began to take the pills with wonderful effect. They proved the best thing in the world for e, and my wife thinks there is nothing ike them for nervous trouble. Our faith them is so great that we recommend them to every one. People laughed at me at first and I laughed myself, but they turned out to be the thing, and I wouldn't take lots of money for the good they have done me. As for the neighbors, I have purchased \$15 worth of the pills

for them, and they are doing them good for all sorts of ailments. I can give the pills the strongest recommendation, as I tried everything before without any good effect, and these have done wonders for Mrs. Hubbard, the wife of the engineer, was found in her pretty little home, which is fairly embowered in flowers. She was most cordial, and corroborated

all her husband had said. The neighbors and fellow-workmen of Mr. Hubbard were most warm in their

praises of the engineer, and also con-firmed the story of the improvement in Dr. Williams' Pink Pills for Pale Peo-

ple contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as ocomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheu-matism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, and all forms of weakness either in male or fe-male. Pink Pills are sold by all dealers, or will be sent post-paid on receipt of price (50 cents a box or six boxes for \$2.50) by addressing Dr. Williams' Med cine Co., Schenectady, N. Y.

Mr. J. C. Jones, of Fulton, Ark., says of "About ten years ago I contracted a severe case of blood poison. Leading physicians prescribed medicine after medicine, which I took without any relief. I also tried mercurial and potash remedies, with unsuc-
