DIED.—Mrs. T. E. Caulfield of Salem, gave birth to a boy baby yesterday and died last evening, just before 9 o'clock. Deceased was a daughter of Mr. and Mrs. C. W. Young, who reside just north of this city. Mrs. Young went to Salem night before last, in response to a telegram that her daughter was seriously ill. Mrs. C. M. Young and Miss Mary Young went to Salem this morning, and Miss Fannie and C. M. Young will go tonight. The funeral services will take place there tomorrow. The deceased lady had a large circle of friends here who deeply sympathize with the bereaved relatives in their deep affliction, rendered more sad by the thought that one life was given for another, and the precious hopes which brightened the household have been blighted.

Daily Guard, April 6.

THE MISSING MEN.—Dr. Oglesby, of Cottage Grove, came down this morning. He is well acquainted with the entire Bohemia country, and says that if the lost men, Downing and Weaver, did not reach the steamboat cabin, that they have undoubtedly perished. And he further states that the missing party which left Cottage Grove have had an abundance of time to have reached that place and return, therefore he is very much afraid that the unfortunate men are not alive. Besides, the men leaving their blankets would tend to prove that they were erased, and traveling probably at night. Precipitous bluffs are found everywhere and a misstep would in many cases hurl them below a distance of from 100 to 300 feet.

A SANTIAM EVENT.—Albany Democrat: An exciting affair occurred a few days ago on the Santiam. A young man in the presence of several other young men made a peculiar kind of a remark about the three young ladies, probably not intending all it implied. The young ladies were informed of it. One of them took a six shooter, the other whips and called on the man for the purpose of doing some active work with him; but he apologized and declared his remarks had been misconstrued, and the whipping was not given.

SHERIFF'S CASE DECIDED.

Judge Fullerton Confirms the Report of the Referee.

Daily Guard, April 7.

The decision of Judge Fullerton in the celebrated sheriff's case was filed in the county clerk's office this morning, and it is a victory for Sheriff Noland. The decision is in the following words:

In the circuit court of the state of Oregon in and for the county of Lane: H. E. Perkins, W. H. Spangh, A. C. Jennings, et al, plaintiffs vs. Frank Reiser, as treasurer of Lane county, and Jas. E. Noland, defendant.

The above entitled case came on for hearing in chambers at Eugene, Oregon, on April 2, 1894, upon motion to confirm the report of the referee in said cause, the plaintiff appearing by A. C. Woodcock and Geo. A. Dorris, and the defendants by E. E. Benedict, A. H. Kennedy and J. F. Amis.

After hearing the argument of counsel upon said motion being in doubt as to what order should be made thereon, the said matter was taken under advisement for further consideration and now having considered the same find that the said report should be confirmed.

Wherefore it is ordered that said report of the referee in said cause be and the same is hereby confirmed. It is further ordered that the injunction order heretofore issued in said cause be and the same is hereby vacated.

It is further ordered that plaintiffs have and recover from the defendant, J. E. Noland, their costs and disbursements in said cause to be taxed.

Done at chambers in Roseburg, Oregon, this 6th day of April, 1894.

J. C. FULLERTON, Judge.

The decision is a curious one. For instance, the judge says that "the cause came on for hearing on a motion to confirm the report of the referee." This is a mistake. The matter was heard upon a motion made by the attorneys for the plaintiffs, asking that the report of the referee be set aside, and that they have leave to file an amended complaint. Then the decision states that Woodcock and Dorris appeared for plaintiffs and Benedict, Kennedy and Amis for defendants. The attorneys appeared just to the contrary.

Again, it seems strange, to say the least, that after finding for the defendants that the judge should tax the costs in the proceedings to the defendants.

We are informed that the costs in the case will amount to about \$250.

Junction City Items.

Times, March 7th.

Marsh Eccleston and John Millhorn have gone to the gold mines of Southern Oregon.

A lot of emigrants from Dakota arrived here Monday. They are stopping here and will look for land.

Sheriff Noland extended the time for the payment of taxes until April 8. The taxpayers certainly appreciate this extension.

Frank Love has been transferred from the Roseburg division as track walker to this place; and Tom Watt will take the Oakland run.

In the Van Vranken building Mr. Howard has partitioned off two rooms, in the rear fronting south. One of them will be occupied by Dal Gore and the other by Miss Clara McKee.

Mr. and Mrs. H. W. Hall and Dan Caldwell returned from Fort Stephens Wednesday. Work on the jetties at that place has been shut down as the appropriation has been exhausted.

Wednesday morning a tramp in attempting to board the overland missed his footing, and but for his agility would have been crushed to death. As it was his heel was caught and nearly severed from his foot. He was furnished a ticket and sent up to Eugene and sent up as a county charge. The county got rid of him somehow, as he passed down on the local Thursday.

The republicans of Junction City and vicinity will meet in this city Saturday evening, for the purpose of ratifying the county ticket. Hon. Seymour W. Condon and others from Eugene will be present and address the meeting.

Stallion Show.

Daily Guard, April 7.

Numerically the stallion show this afternoon was a slim affair. The horses which were exhibited were up to the usual standard of blooded breeding, however, and attracted quite a crowd of spectators. Following is a list of the horses and names of owners: Royal Oak; English Shire, black. Owner, M. C. Davis, Springfield. Everett; Lynn; Clyde, deep bay. Owner, W. F. Eakin, Eugene. Don Pedro; Clyde, dark bay. Owner, J. E. Ebbert, Springfield. Sullivan; half-blood, Clyde-Canadian, bay. James Calvert, of Fern Ridge.

Daily Guard, April 7.

BORN.—At the residence of Mr. Whipple, on South Willamette street, last evening to Mrs. Wm. Crawford a 2-pound boy baby. Mrs. Crawford had intended to start for her former home in Michigan this morning, and take the body of her husband which was embalmed here some days ago. Although in a delicate condition, she was still able to travel, had not the strain of excitement to which she has been continually subjected lately, produced a premature birth. The body of her husband was sent on this morning's local, but the lady will necessarily delay her trip until she recovers. Later: The little baby died shortly after noon today. Although in a community of strangers the lady is receiving many assurances of sympathy in her repeated bereavements.

Daily Guard, April 6.

PROBATE MATTERS.—Estate of John Chostnut; E. M. Carpenter, executor, files his resignation and further report. Report approved and resignation accepted. S. H. Friendly appointed executor with \$20,000 bonds; sureties, Chas. Lauer and S. B. Eakin.

Daily Guard, April 6.

A BIG STRIKE.—In the Ashland mine, two and one-half miles east of that city, there was a rich quartz strike Monday. An eight-foot ledge of this stuff makes a rich strike in mining parlance. A big bagget and dance will be given at Ashland Saturday night, as this is a big thing for all Southern Oregon.

Daily Guard, April 6.

DIED.—Fred Lucas, a brother of Mrs. Adah L. Shelton, of this city, died at Portland yesterday morning. Mr. Lucas had a wide acquaintance in Eugene and his friends here offer sympathies to his bereaved relatives.

Arbor Day Exercises.

Arbor Day will be celebrated by the pupils of the Eugene public schools on next Friday, April 13th at both school buildings at 2 o'clock.

At a meeting of the board of directors of the public schools last evening the names selected to be commemorated were Philip Mulkey and J. M. Hendricks. The tree planted at the George school will be in commemoration of Philip Mulkey, and Dr. Joseph P. Gill has kindly consented to deliver a short address, and the tree planted at the Central school will be in commemoration of J. M. Hendricks, and the address will be given by Rev. G. M. Whitney.

The exercises out of doors will consist of an invocation, a song, a five or ten minutes address, the tree planting and another song.

The pupils will then return to their respective school rooms and render programmes, consisting of songs, recitations, etc.

The public is cordially invited to attend all of the exercises.

The exercises will be held at both schools at the same time, commencing promptly at 2 p. m.

A Happy Marriage.

A correspondent at Croswell sends the following:

The marriage of Mr. James Moore and Miss Mary Sheridan was the event of the season in Mount Hope settlement. The elaborate preparation made by Mr. and Mrs. Sheridan to grace the nuptials of their only daughter, surprised and delighted the many guests who were present to witness the happy event. Promptly at 7 o'clock on the evening of March 28 the young couple took their place in front of the officiating clergyman, Rev. E. Gittins, and the brief but solemn vows were taken, and the divine blessing invoked by Rev. Mr. Salms. Congratulations by relatives, and friends following, a magnificent repast awaited the guests, the crowning ornament being a snow-cake of immense proportions, representing Mount Hope. Were the order, and from the flashes of wit and genuine mirth it was easy to see that some who were much older than the happy couple still preserved a youthful spirit. It was really a most enjoyable affair, nothing occurring to mar the happiness of the occasion.

GUEST.

Precinct Nominating Meetings.

Daily Guard, April 6.

The democratic voters of the two North Eugene precincts met at the court house, last evening, in goodly numbers, for the purpose of placing in nomination persons to be voted for as delegates to the county convention, at the primaries, Saturday afternoon.

Judge Walton was elected chairman and H. J. Day secretary of the North Eugene, No. 1, precinct meeting. This precinct is entitled to four delegates, and the following persons were placed in nomination:

J. W. Cherry, Dr. A. W. Patterson, C. Marx, J. J. Walton, E. Anderson, Rev. G. A. Blair and B. F. Dorris.

North Eugene, No. 2, entitled to four delegates, organized by electing Geo. A. Dorris chairman and L. Bilyeu secretary. Delegates nominated:

J. V. Elhwegen, R. M. Day, Chas. Lauer, J. B. Harris, A. J. Pickard, James McClaren, G. A. Dorris, James Barger and Dr. R. L. Willoughby.

The meetings were harmonious and enthusiastic.

The two South Eugene precincts meet at the same place this evening to place in nomination their delegates.

Swift Current.

Daily Guard, April 7.

The steamer Eugene arrived here this morning about 8 o'clock. The boat was tied up last night at the Davis slough 5 miles below here. After leaving Harrisburg no trouble was experienced, with the exception of a swift current, until they got above Meek's warehouse. Here a bar had been formed by a pile of drift and the wheel threw gear lively. The boat was about three hours lining over and after that steamed smoothly along until above the mouth of the McKenzie. At that place is a short bend and the current was so swift the boat would not stem it. After lining over this place the boat tied up for the night and this morning had no difficulty in proceeding to her landing here. She was loaded with nearly 40 tons of freight. Capt. C. A. Carey, the pilot, accompanied the Eugene and assisted Captain Ward above Corvallis. He states that nothing occurred on the trip to cause serious discouragement, but the river must be given constant attention by the tug boat and some wing dams will be necessary when the river falls.

A STEAMER RACE.—Yesterday's Salem Independent has this concerning the steamer Eugene: "Yesterday afternoon the steamer Eugene came up from Portland, and discharged what freight she had at the Altona's wharf. She then went on up to her city, and will lay there over Saturday. The Elwood arrived yesterday afternoon and at 4 o'clock landed at the Salem docks. This fast time was occasioned by a race between this vessel and the Eugene. The Elwood arrived here half an hour ahead and discharged her freight and went on up the river. The Eugene started out at the same time and about three lengths in the lead, but no word has yet been received as to the outcome."

FILED.—Salem Statesman: The nominations as made by the state people's party convention at Oregon City, on March 15th, have been filed with the secretary of state in compliance with the law. There are nine nominees, and of this number four have filed their acceptance. These are Chas. Miller and Joseph Waldrop, members of congress, Geo. M. Orton, state printer, and R. P. Caldwell, state treasurer.

A BIG STRIKE.—In the Ashland mine, two and one-half miles east of that city, there was a rich quartz strike Monday. An eight-foot ledge of this stuff makes a rich strike in mining parlance. A big bagget and dance will be given at Ashland Saturday night, as this is a big thing for all Southern Oregon.

"Take Sand."

Grant's Pass Courier: A new remedy for dyspepsia and stomach troubles has made its appearance in Southern Oregon. It is nothing less than a spoonful of common, everyday river bottom sand, taken wet, just after meals. Mr. Rybee, a well-known citizen and proprietor of Rybee's springs, is supposed to be the originator of this queer remedy in Southern Oregon, but testify a number of venerable gentlemen to its curative properties, which are supposed to take the form of medicinal action by carrying off impurities from the mucous lining of the walls of the stomach. "Take sand," is quite a popular piece of advice around Ashland, when anybody complains of chronic stomach trouble. As there is no patent on the sand, that commodity being within the reach of the poorest of us, this article cannot be called a patent medicine advertisement. If our advice is followed by even one sufferer with beneficial results, the Courier will consider itself amply rewarded for giving the simple remedy to the public.

Pacific announces the customary reduction of rates for delegates to the state and congressional conventions, viz: one and one-third fare for the round trip.

Daily Guard, April 6.

SIXTY TONS.—The steamer Eugene left Harrisburg this morning at 6 o'clock for Eugene. A telephone message stated that she had on board 60 tons of freight for this city. She is now due here.

Hundreds of Men Marching.

SCOTTSDALE, PENN., April 5.—The entire coke region is greatly excited, and fears of more bloodshed and destruction of property are entertained. Armed bodies of strikers are assembling to march on the works. The operating workmen wish to continue but are afraid. Sheriff Wilhelm is busy arresting men concerned in the riot in which Engineer Paddock was killed, and over 100 men are arrested. It is reported that the bodies of six men were found on the road over which the mob fled. About 400 strikers started for Mt. Pleasant this morning but the region is well guarded. A mob of 600 is marching for Mt. Bradock and another 1000 is going to Leomonte and Oliver.

Dead Bodies Found.

UNIONTOWN, PENN., April 5.—The bodies of eight Hungarians were found in the woods near Dawson today by boys going to school. All had bullet holes through their bodies. It is supposed they were shot yesterday afternoon by deputies during the attack on Bradford Works.

The Hill farm mines are overrun by strikers today and workmen are being driven from the grounds. The works are now closed down.

Ten Strikers Killed.

UNIONTOWN, PENN., April 5.—Yesterday's tragic events had a sobering effect on the strikers and a repetition of blood letting is improbable. The bodies of two more strikers were found in the woods, makings ten.

Rioters at Scottsdale are subdued by the arrest of President Davis. District Attorney Jeffrey laid information against secretary Darby of the association, on a charge of murder.

A Battle With Indians.

EL RENO, April 5.—A courier just arrived from a battle between the cowboys and Indians, says the battle is still on, and that 25 Indians and 14 whites are known to have been killed. All the soldiers at Fort Reno are in the field except three troops of cavalry. The courier came for ammunition and assistance. Parties are hastily organizing and going to the fight.

Police Officers on Bicycles.

LOS ANGELES, April 5.—An order has been issued by the chief of police here requiring two police officers to patrol the city on bicycles. The men are to serve all subpoenas, jury venues and answer telephone calls and general police duty from the police headquarters, using bicycles instead of horses. This innovation meets with much favor in police circles, and more men will soon be mounted on wheels.

Recruits from Homestead.

HOMESTEAD, Pa., April 6.—Homesteaders have become excited over the speeches of Coxey and Browne. A number of recruits here, estimated at 5000, camped over night in the icehouse. Several members were discharged for quarreling over a sack of tobacco.

Wholesale Shooting Scrape.

CHARLESTON, W. Va., April 6.—Last night at Gauley, James Smith shot and killed Louise Brown, fatally wounded Jim Brown, her husband, and seriously wounded Sarah Hanley. Smith made his escape, and is looking for a man who he claims alienated Sarah's affections from him.

Fruit Crops Almost Ruined.

SPRINGFIELD, Ill., April 5.—Reports from correspondents all over the state to the state board of agriculture show the fruit crops are almost ruined by the cold snap of March 25 and 26, owing to the unseasonably warm weather previous to those dates.
