GENTLEMEN: On arriving home last week, I found all well and anxiously waiting. Our little girl, eight and one-half years old, who had wasted away to 38 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Cough Cure has done its work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosperity, we remain,

Yours truly, J. F. FORD.

TUESDAY, APRIL 17.

Rev. Straven visited Cottage Grove this afternoon.

Miss Leota Billings went to Creswell this afternoon to visit friends.

Ed Helm will leave tonight for a visit with relatives at Jacksonville.

Miss Oglesby is down from Cottage Grove visiting friends here today.

H. C. Emery, one of the earliest settlers of Union, died there yesterday morning, aged 74 years.

N. E. Markley spent Sunday with relatives and friends at Cottage Grove, returning home this morning.

J. W. Kays went to Cottage Grove this afternoon, and will proceed from there on a trip through Southern Oregon.

The contract for erecting the new school building at Albany was let to Frainer & Gamber, of Albany, for \$15,000 yesterday.

Thanks to H. H. Glify for a copy of the tariff and administrative customs acts of 1890, compared with the bill 1894, passed by the house of representatives and reported to the senate from the finance committee, on the 20th of last month.

The Klamath Falls Express in its report of the recent democratic county convention there has this: "No nomination was made for surveyor and 'Dad' Galbreath was endorsed for the position of coroner, and as he is on every ticket death only will keep him from clutching graciously by a corpse."

A mother no sooner brings her son through the epidemic disease age than he falls into the sentimental period, observes the philosopher of the Atchison Globe. She sits up nights to save him from a scarlet fever death, to hear him woe in a few weeks, that he will kill himself because a cheap, early-headed girl with her eyebrows blackened won't smile at him.

Hoppen Gazette: George W. Harp, agent at the Umatilla Indian reservation, reports that the leasing of the land belonging to the Indians on the reserve is going on nicely. There is a good demand for the lands, and a large portion of that which is subject to cultivation is bargained for. There seems to be a sufficient of money available for rental fees, as judged from the prompt payment by the lessors.

A number of farmers in Oregon and Washington are experimenting in raising broom corn, and it pays very well. One farmer in Washington raised three acres of broom corn last year, and harvested enough to manufacture 120 bushels of good brooms, which sell in the market for \$3.50 per dozen. At this rate his gross earnings on the crop amount to \$140 per acre. On this basis 25 acres would yield the farmer \$3500 gross per year, provided he manufactured his brooms. The net profit would be large.

The weighing of the mail matter ended on the Southern Pacific between Portland and San Francisco began Monday. This work is done only once in four years and continues for 34 consecutive days and reported upon, and an average reached, upon which basis the company is paid for its hauling to the post office.

The next lecture in the university course will be delivered in Villard Hall next Friday evening by Hon. H. B. Miller, of Grant's Pass. His subject will be "Political Economy Applied to Citizenship."

That Steam Scow.

Corvallis Times: The steam scow is to have another trial trip Wednesday afternoon. Castings for hitching her wheel to the shaft that turns it so securely that it will slip no more, were cast in Albany Saturday, and a couple of days will be required to fit them.

Rev. G. A. Blair and daughter Anna went to Portland this morning. Mr. Blair is kept continually busy with assemblies arrangements.

Deputy Sheriff Cromer, who has been at Florence to sell the Masterson stock of liquors under attachment there, arrived home this forenoon. The property was bid in by the judgement creditor for the sum of \$400.

West April 13.

Capt. Peregrine intends to take his schooner, the "Anonymous," to San Francisco about the end of May.

J. F. Tanner was nominated for constable on the democratic ticket, and H. M. Chamberlin for justice of the peace.

The tug Roberts towed out the schooner Chetco, lumber-laden and bound for Frisco. The Roberts will proceed to Alsea bay to tow the schooner Mayflower to sea, and from there the Roberts will finish her regular trip to Yaquina and return here with freight.

The schooner Eureka, Capt. Wirschnert, arrived in the offing last Sunday and was towed into port by the Roberts. The Eureka is one of the fleet this morning's local, stated that the troops were waiting for this afternoon's freight. They came from Roseburg to the "divide" on a wood train and walked to last night's camping ground.

The freight is expected to arrive here about 5 o'clock this afternoon, and if the men are on board it is likely they will pass directly through, and thus Eugene will avoid a direct siege.

Now point out wherein the "business" was blocked?"

As to my failure as reading clerk I will say that neither I nor any other one of the many who have tried it, nor the members on the floor of the house were able to be heard in all parts of the hall, but the readers and speakers have not been blamed for it by any fair-minded person, but place the blame where it properly belongs to the acoustics defects of the hall. Consequently the legislature appropriated \$10,000 to cultivate and improve men's voices, but to remedy the defects in the acoustics of the hall and appointed a board known as capitol building commissioners (see laws 1891 page 57). Now in regard to the pay of the chief clerk I will say that I received no more than my predecessor or any one who has filled the place since. In 1887, the whole amount of the house clerk salaries for three was \$25 per day in 1889 it was \$34 and in '91 \$36 it was \$40 per day.

During the session I, as chief clerk, carried on all the correspondence between the house and senate and the different state officers and handled 270 H. B. 67 H. R. 25 H. C. R. 17 H. J. R. 96 S. B. 16 S. C. R. 19 S. J. R. 16, besides a large number of petitions, memorials and remonstrances distributed in the same among 25 standing and 32 special committees and to the state printer, and at the close of the session not a single paper passed through my hands but what was properly accounted for and turned over.

I have in my possession a personal letter from Hon. J. T. Gregg, dated March 8, 1891, who was speaker of the house during that session, and who was appointed chairman of the committee to examine and approve the house journal, after reviewing the work of the state printer, and the records, he says: "I feel satisfied the house were pleased with their clerks and if the session has to be held over again, the same would be retained."

You no doubt remember also, that in 1890 and 1891, when I was a member of the house, that at the close of both these terms, I was appointed one of a committee of three to examine and approve the journals.

Believing that in justice to me you cannot refuse me space to answer your charge, I am truly yours,

A. C. JENSEN.

AT THE CHURCHES.—Rev. Earl M. Wilton of Portland, delivered very able sermons at the Congregational church yesterday. In the morning he discussed upon "The Practical Value of a Religious Faith," and his subject for the evening was "How We Are Saved; Believing in the Lord Jesus."

At St. Mary's Episcopal church, Bishop B. W. Wister Morris delivered two sermons to large congregations. In the evening service after the sermon the bishop performed the confirmation ceremony with a class of twelve.

At the other churches the usual services were conducted both morning and evening.

Daily Guard, April 18.

ROCK CRUSHER.—Commissioner J. M. Parker was the only member of the Lane county court which attended the trial of the rock crusher at Salem yesterday. He is well pleased with the work done, a \$500 machine crushing over 10 tons an hour for 2 or 3 hours steady running. Mr. Parker is of the opinion that one of these machines would be an economical purchase for use on the roads in this county. If it proves a success as it is almost certain to do, one or more others could be procured in addition.

DAILY GUARD, April 18.

PENITENTIARY REPORT.—Superintendent Downing filed his quarterly report yesterday, which shows the expenses at \$9734.19; earnings, labor to work, \$204.65; board U. S. prisoners, \$451.42; cottage rent, \$21; total, \$9677.7. Total number of prisoners 377.

Rev. G. A. Blair and daughter arrived home from Portland this afternoon.

John Davis was in Junction on business today.

Bishop Morris returned home to Portland today.

Wm. Mayer is at Roseburg this afternoon on business.

J. B. Hopkins and W. B. Andrews visited Junction today.

B. A. Washburn and wife, of Springfield, visited Eugene today.

Rev. Earl M. Wilbur returned to his home in Portland this morning.

Mrs. G. H. Yerington, of Springfield, spent Sunday with friends in this city.

Shadrack Bucknam has been appointed postmaster at Royal, Lane county.

I. L. Campbell is absent at Astoria attending the democratic state convention.

In the evening the Eugene band appeared on the street, and after playing several selections, marched to Mr. Kincaid's house and accompanied that gentleman to the court house, under the escort of Mayor Friendly.

Arriving there the gathering was called to order by A. C. Woodcock, who made a neat introductory address stating the object of the meeting. After music by the band, the chairman called upon Mr. Kincaid who responded with a short but appropriate address. The following gentlemen were then called upon and responded with ratification speeches: Mayor S. H. Friendly, A. S. Patterson, J. C. McClung, B. F. Alley, Dr. C. L. Loomis, C. F. Martin and J. J. Walton.

All were unanimous in the opinion that the vote of Lane county for secretary of state would declare the largest majority ever given a candidate.
