Several Stores Hadly Wrecked.

Los Angeles, April 17.—Shortly after midnight a building on the cor ner of Fifth and Spring streets was completely blown up, leaving scarcely one brick upon another. The building was owned by Dr. G. F. Mehn, who occupied it as a jewelry store. There was in it also a cigar store and a res-taurant. An alarm of fire was quickly turned in and responded to prompi ly; but when the firemen reached the scene they found merely a confuses mass of smoldering and splintered tim bers, pieces of shattered glass and pile of brick extending from sidewalk t sidewalk. Mrs. K. Schlezer, proprie tress of the People's restaurant, was asleep in the rear of the building, bu escaped unharmed. It is thought the building was otherwise arrioccupied at the time. Spring street for half a block is littered up by fragments. The damage is estimated at about \$5500. Ben Baharowski, a cigar-dealer, was
