J. F. FORD,

(Evangelist.)

Of Des Moines, Iowa, writes under date of March 25, 1895:

S. B. MED. DRUGS, Dufir, Oregon.

GENTLEMEN: On arriving home last week, I found all well and anxiously waiting. My little girl, eight and one-half years old, who had wasted away and 28 pounds, is now well, strong and vigorous, and well dressed up. S. B. Cough Cure has done his work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosperity, we are yours, ME AND MRS. J. F. FORD.

It is an article that is both cheerful and ready for the use of work, clean, the system with the Household and Liver Cure, by taking three times a week.

Send for a bottle by mail to drug stores.

June 4. Election day. Rainy weather. Born, at Isabel, to the wife of C. B. Leaton, a daughter. All parties concerned doing well, and by good care Charlie will recover. We learn that the sawmill is being repaired and will resume operation in a few days. The condition of little Johnny Aldrich is improving, and he will probably recover. Most of Mohawk's young people who have been attending school at Eugene, have returned home. Lily and Wood have about got their logs out of Mill Creek. They will complete the drive this summer. We are to have a daily mail in the near future.

Those "Deep Sea" Fish.

Florence West: On May 27 the steamer Roberts took out a jolly crowd of passengers to the Hecla banks to catch the festive halibut and the deep sea sole. After loading the steamer down with an enormous catch, the return was made. The fish caught, amounting in all to about three tons, were transferred to the clipper ship Cheta to be sent to the San Francisco market. The animals caught were of a various character. Some caught slams before they went to sea, others herring. Ed Furnish caught oysters, and Joe Morris caught the mal de mer. Frank Condon's catch was a seal and Albert Kanowsky's a fish, which proved to be Al Reddy's line. One fish caught a new set of teeth that was thrown overboard by an Acme passenger engaged in looking at the bottom of the ocean. H. Bultman was the only person aboard that did not succumb to seasickness. Charley Morgan caught some life preservers that had a cork pulling attachment. It is estimated that about four tons were left by the fishermen and only the aforesaid three tons returned, which leaves a credit to old father Neptune of one ton. Everybody enjoyed the trip and was sorry that it ended so soon.

Road to Blue River.

The road to the Blue River mines is now reported to be in a passable condition. The pasture on top of the mountain is open and ample enough for all pack horses. At the mines there is very little snow and prospecting may be worked to advantage. Although this is late in the season if machinery is put in at once a good summer's run may be looked for at these mines.

A Long Skip.

In reply to a correspondent, who asks whether the year 1900 is a leap year, the following facts, which explain why it is not, will be of general interest. The astronomers of the time of Julius Caesar, 45 B. C., fixed the solar year at 365 days, 6 hours, 48 minutes and 49.6 seconds. In the year 1582 the error had amounted to about 12 days and with a view to rectification Pope Gregory XIII ordered that Oct. 5 of that year should be called the 15th. In order to reconcile the civil year with the solar year, he further ordered that all centennial years which are not multiples of 400, should not be made leap years. Thus 1600 is not a leap year after 1500 will be 1604.

A Fish Story.

Portland Telegram: During these perilous times, when the high water is threatening to swallow every thing up within its hungry reach, a great many "fishy" stories are being told, and the snake and trout liar must take a back seat. The St. Helen's Mist is responsible for this one: "In a great many places where the waters have risen over the meadows, carp are said to be destroying the grass. On the farm of Richard Cox, near Gillton, it is said one can clothe himself in a pair of rubber boots and armed with a pitchfork, secure any amount of these food fishes in a short time and without much labor. This may seem a little fishy, but our informant is willing to prove it to any one passing that way."

HAS SIX WIVES. COLORADO SPRINGS, Col., June 4.—News reaches here that warrants have been sworn out in Tennessee for the arrest of W. D. Richmond, who was one of the earliest men to cripple Creek and who made a fortune there, squandering it here later. In this city he has quite a reputation, though not of a complimentary nature. The charge against Richmond is bigamy, it being alleged that he has two wives in western Tennessee, one in Texas, one in Indiana Territory, one in California and one in this city—six so far as accounted for. About two months ago Richmond went from here to Gainesborough, Tenn., to obtain his share of the estate left by his foster-father. That is his native place, and while there he took his sixth wife. It is she who is now deserted and brings suit against the marriage, and seeks his arrest. Richmond is 32 years old.

MARRIED IN THE EAST.

Salem Statesman: "An eastern paper received yesterday mention of the marriage at Cincinnati a few days ago of Genl. W. H. Odell of Salem, to an Eastern lady. The paper containing this announcement, which will indeed be news to the general's many friends, could not be located last night, but it will be discovered today and its news given in full."

The following is the marriage notice from an Eastern paper: At Delphi, Indiana, Wednesday, May 23, 1894, W. H. Odell, of Salem, Oregon, and Carrie B. Taylor, of Louisville, Ky.

AGAINST COL. HOGG.—The decision rendered by Judge Bellinger in Portland on Friday, in the case of Charles Altschul vs the Oregon Pacific and Willamette Valley & Coast railroad, T. Edgerton Hogg and others was in favor of the plaintiff and settled the title to about 1,000,000 acres of land. The court held that in the transactions of Col. Hogg in the matter there was nothing considered or straightforward, and that several of his acts were not consistent with fair dealing.

Excuse—One Edmondson, a populist, not a prohibitionist, got a little noisy this afternoon in a crowd on the street and refused to quiet at the request of the police. He attempted to resist Officer Mathews but Marshal Eastland and Special Policeman Pratt came to his assistance. Several friends in the crowd undertook to rescue Edmondson, but he was lodged in the city jail after a miniature riot. Afterwards he was bailed out by friends.

Monday's Albany Democrat.

It is reported that Herbert Farrell, of this city, oldest son of Mrs. M. E. Farrell, has just fallen heir to \$90,000 by the death of a relative in England. Being the next male in line he takes the estate as well as the title of lord.

An editor wrote a ball room puff, saying: "The dirty feet were uncased in shoes that might have been taken for fairy boots." But the blundering compositor made it read: "Her dirty feet were uncased in boots that might have been taken for fairy boots."

Rev. N. B. Alley, after finishing his sermon at Thurston last night, found his horse loose and gone. He and Mrs. Alley remained over night and this morning he tracked the runaway nearly home and then lost all trace of the outfit. Later the rig was found during the day.

Prinville Review: On Thursday of last week West Cobb started to Webfoot with a band of six head of horses, crossing the Cascades by the McKenzie route. He was accompanied along the lava by his father, and on the old gentleman's return he said there was nothing to prevent persons from crossing the mountains on horseback. There is considerable snow, but it is solid in the forenoon and horses can pass right over it.

Cy Mulkey, the well-known horseman, is now in charge of the Sprinkles string in California and according to report A. B. Sprinkles is \$25,000 ahead since the veteran commenced training his horses. Sprinkles' string he has won to lose them 15 races, which is a wonderfully good record. Wm. Mulkey, who resides near Oakland, is a brother of Cy's.

THE RIVER HERE.

The water in the Willamette at Eugene rose rapidly this morning. In the short space of 7 hours it came up 4 inches. This forenoon at one time it registered 9.2 feet, but at the time of going to press it stood only at 8 feet.

FOURTH OF JULY.—Eugene should make arrangements at once to properly celebrate the coming Fourth of July. The people in the country expect the county seat to be taken in the matter at once. Who will start the ball rolling?

DEED.—At Salem, Oregon, June 3, 1894, a corporation, Wm. Harris, aged 35 years. The young man resided in Lane county for a number of years.

BORN.—At Salem, June 1, 1894, to the wife of C. M. Lockwood, a nine pound boy.

High Water in Portland.

Special to Daily Guard.

PORTLAND, June 6.—The river is now rising very slowly, and it is thought that by night it will be on a stand. The water covers a vast area and is doing considerable damage.

EVERYTHING REPUBLICAN. The State Ticket and Legislature Carried. No News From Eastern Oregon. PORTLAND, Ore., June 5, 3 p. m.—The count of votes in this city will not be completed before tomorrow morning. The count is not far enough advanced yet to form any reliable estimate, but the republicans are claiming the entire county and city tickets, with possibly the exception of a few minor offices.

The republican state ticket is elected by a large plurality.

Returns from the Willamette valley indicate large republican gains and success generally.

The telegraph and telephone lines to eastern portions of the state are still down and nothing can be learned of the result in that section.

A DEMOCRATIC SHERIFF. COVINGTON, June 5.—D. A. Osburn is certainly re-elected sheriff of Benton county.

POLK COUNTY. INDEPENDENCE, Or., June 5. Polk county goes solidly republican.

ROSEBURG, June 5.—Douglas county is largely republican.

JACKSON POPULIST. MEDFORD, June 5.—Jackson county probably elects the entire populist ticket.

MARION COUNTY. SALEM, June 5.—The county goes republican by from 500 to 500. The contest is close on Sheriff and clerk.

LINN COUNTY REPUBLICAN. ALBANY, Or., June 5.—The republicans carry Linn county on the county and state tickets by from 50 to 150 plurality.

The Latest. PORTLAND, June 5, 3:15 P. M.—Marion county gives Lord fifteen hundred plurality. Entire county ticket elected. Western Oregon counties all republican, including Polk, Clackamas, Multnomah and Benton. Eastern Oregon counties not reported.

Ten counties complete indicate Lord, for Governor, will have fifteen thousand plurality. Entire republican state ticket is elected.

PRESIDENT OFFICERS. The vote on president officers in the Eugene district is as follows:

CONSTABLE.			
Crow.	Linton.	Scott.	
N E No 1.....	15	147	79
" " 2.....	34	122	168
" " 3.....	36	30	32
S E No 1.....	21	103	105
" " 2.....	19	55	80

JUSTICE. Stapleton, Wheeler, Forrest.

N E No 1.....	12	120	103
" " 2.....	34	122	168
" " 3.....	40	34	15
S E No 1.....	18	137	75
" " 2.....	12	72	69

THE ELECTION. The Legislature Largely Republican, as is the State. Special to the Daily Guard. PORTLAND, June 5, 3 p. m.—State election news unchanged. The republican state ticket will have from 10,000 to 15,000 plurality. The legislature is overwhelmingly republican. Portland is republican, except sheriff and district attorney. Penoyer is broken-hearted over the result. The senate will stand: Republicans, 18; democrats, 7; populists, 2; doubtful, 3. House: Republicans, 47; populists, 7; democrats, 1; doubtful, 1. The result is in doubt in Clatsop county. The populists made a clean sweep in Coos county. The river is 23 feet at Portland, and 59 feet at The Dalles. Unatilla and Linn counties have gone solidly republican. The populists carried Clatsop county, excepting school superintendent. Polk county has elected the entire republican ticket, the first time in years. D. V. S. Reid made a great run for superintendent of public instruction, but is probably defeated.
