

# CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANTHONY, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

The Castoria Company, 27 Murray Street, New York City.

## INDEBTEDNESS OF TWO CITIES.

"Salem is gradually being plastered with debts beside which Albany is entirely in the shade. At the last meeting of the city council this resolution was passed: 'We also, recommend that the council pass a resolution unanimously agreeing to use their influence in securing the passage of a bill through our next legislature to amend our city charter, giving the city council power to bond the city for the necessary amount to complete the city hall.'—Albany Democrat.

Examination shows that the total of Salem's bond issues is as follows: First bridge bonds, \$30,000; Sewer bonds, 20,000; Refunding bonds, 20,000; Last issue of bonds, 60,000.

Total, \$149,000. Total warrants out, \$10,000. Total possible city debt \$159,000. The city debt of Albany is as follows, per statement June 14th, of City Recorder N. J. Henton, to Mayor Hatch: Bonded debt, \$75,000; Outstanding warrants, 21,000; Accrued interest, 2,000.

Total debt, \$98,000. This would indicate that Salem's total city debt is \$61,000 greater than Albany's.

Salem's debt is big enough, too big; but considering that her property and taxable resources are double and treble those of Albany, the comparison is not creditable to Salem.—Journal.

Salem's assessment instead of being double is but a little more than Albany's. Her resources may be double but not her assessment. Our assessment is over \$1,700,000, what is Salem's?—Democrat.

OREGON PIONEER ASSOCIATION.

At the recent meeting of this association the following action and election of officers of the ensuing year was had: The question of extending the pioneer limit from 1854 to 1859 was brought before the association and discussed at length. F. V. Holman, A. S. Watt, T. A. Wood and Robert Ford opposed the extension, which was favored by John Minto, A. R. Burbank, Dr. Strong, William Galloway, T. D. Humphreys, W. H. H. Myers, and Geo. H. Himes. A vote showed 123 in favor and 85 opposed to the proposition, so it was carried.

The following officers of the association were elected for the ensuing year: Hon. W. W. Corbett, Portland, president; Hon. William Galloway, Yamhill county, vice president; Geo. H. Himes, Portland, secretary; Dr. C. C. Strong, Portland, corresponding secretary; Henry Failing, Portland, treasurer; J. T. Apperson, Clackamas county; J. M. Wagner, Marion county; and T. R. Cornelius, Washington county, were chosen as a board of directors.

The Oregon Presbyterian assembly has decided that women cannot preach. However, the average woman can give the average preacher points on practicing.—Denver News.

And the average woman can preach better than some of the foghorns who now hold cases in the sanctuary.—Portland Dispatch.

According to the Chronicle, business is improving very materially in San Francisco, and it gives a long list of new buildings in course of construction to prove its assertion. In conclusion it says: From a dullness approaching stagnation, which existed six or seven months ago, a revival has grown which indicates very clearly that a great change in popular feeling has taken place to account for the present activity, which is little behind some of the most flourishing periods in real estate and building business known in this city. No pretense is made here to mention every building which has cost \$10,000 or more, but the majority of the business buildings of whatever nature, and the principal new residences, have been briefly enumerated in furtherance of the demonstration that confidence has been restored to the real estate and building business in this city and that an era of better times is not merely approaching but has already begun. There have been more active periods in both businesses than the first five months of this year, but the change for the better has never been more striking, and it is safe to say, never more welcome.

Louisville Courier Journal: We fear that our old friend Penney is allowing Waite to overshadow him from the public view. It is hard to see what is left to Penney now unless he shall issue a bull against the weather. Penney and his unyoked bull ought to be a match for Waite and his bridle horse.

Twenty-four carat gold is all gold, 23 carat gold has 22 parts of gold, one of silver and 1 of copper; 18 carat gold has 18 parts of pure gold and 2 parts each of silver and copper in its composition; 12 carat gold is half gold, the remainder being made up of 3 parts of silver and 8 parts of copper.

## ELMIRA, OREGON.

Do You Know Where It Is? MRS. W. T. KAYSER, Lives There and tells in the Following Letter of the Wonderful Benefit Received from using Dr. Grant's Medicines.

ELMIRA, OREGON, April 6th, 1894. Dr. PAUL GRANT, President O. W. R. Mfg. Co., Portland, Oregon.

Sir—I wish to express my heartfelt thanks to you for the great benefit I received from using your medicines. I have been a constant sufferer for

Twelve Years with spinal trouble and the complaints so peculiar to women. I have doctored with several different doctors, and from some of them I received temporary relief, but from none of them have I received the relief I have from using your remedies. The Congo Oil, was particularly beneficial, as it instantly relieved the pain and quieted the nerves, and after using it I can go to sleep and not awaken until break of day. I am very grateful for the relief obtained and will do all I can to encourage the sale of your medicines. I have used one and a half bottles of Congo Oil and two and a half bottles of your Native Discovery for women's diseases, and that is all the medicine I have taken in

Six Months, and I am in better health than I have been for the past twelve years—weigh more and can work without feeling as though I should.

Drop Dead every minute, and it is due to your medicine that I feel this well; and I am willing that all who are afflicted should know of the wonderful results from using your medicines.

Respectfully, MRS. W. T. KAYSER.

SOLD EVERYWHERE. Congo Oil, price 50c. and \$1.00. Native Discovery, price \$1.00. For sale by all Eugene Druggists.

At a recent meeting in New York City of rich men opposed to the income tax, the following was read: PORTLAND, Or., June 1. We are in hearty accord, and most earnestly enter our protest against the income tax clause.

JOHN MCHAKKEN, Pres. Chamber of Commerce. H. W. SCOTT, Prop. Morning Oregonian. F. L. HIRSH, Ex-Minister to Turkey.

Valley Transcript: Election is over, now let's turn our attention to road building. Already much good work has been done on the roads of the county; but it is done in considerable of a haphazard, go-as-you-please sort of way by the supervisors. The supervisors should get together and inaugurate some systematic mode by which they can better the road system and then all work in unison. In this way we believe, our roads can be vastly improved.

It is reported that Mr. Donald H. Farquhar of St. Louis, has succeeded in concentrating the electric light that it will illuminate the brain. The same plan can also be adopted when it is necessary to study the pathological condition of other parts of the body. A small cone of light from an eight hundred candle power lamp made to penetrate the tissues, and it is said that broken bones can be studied and injuries learned that could not be determined by the ordinary methods of examination.

In a German medical journal Dr. P. Furbinger treats of the peanut as an article of food rich in albumen, of which it contains forty-seven per cent of fat and non nitrogenous extractive matters. He recommends the use of roasted peanuts in the form of soup or mush. On account of their cheapness peanuts are recommended as a popular article of food, especially in poor houses and the like; moreover, they are recommended as an article of food for the corpulent, for diabetes, and for the subjects of kidney disease, in the mention of whom foods rich in animal albumen are to be avoided.

Portland Telegram: We can say in all frankness to the legislature that the most important ballot reform that can be provided is a registration law. This is needed above everything else, and if the members of the legislature are sincere friends of honest elections they will pass a registration law. Here in Portland it is absolutely impossible to have an honest election without such a law. The system of repeating has been reduced to a science in this city. It is so skillfully manipulated by experienced ballot-croppers that it cannot be checked except by violence. And it has come to a point that the friends of honest elections are determined to put a stop to it, if they have to swing the repeaters to lamp posts. Hence, the legislature will do something in the interest of law and order by passing a registration law. That is the only honest method, and what is honest cannot damage anyone.

WANTS PINKIE as Dictator BUREAU OFFICE, June 18.—A correspondent in Rio Janeiro sends a word that efforts are being made to induce President-elect Morales to resign in favor of President Pezotas, whom it is proposed to establish as dictator. The army, it is said, is favorable to this programme.

The provisional banks of Salto, Santiago and Desierto, Argentina, cannot pay even judicial deposits, all the money left in their care having been hoisted to the bank governors and their friends.

Suffered Pain NEAR DEATH'S DOOR FROM Inflammation of the Kidneys

ELEVEN YEARS.

Dear Sirs: For eleven years I suffered with a bad case of Salt Rheum, or Eczema, and was hardly able to move about. My doctor treated me a long time without doing me any good. A friend requested me to try Dr. Grant's Sarsaparilla and Grape Root. I did so, and today feel very thankful for so doing. I received benefit from the first bottle, and kept on taking it until I had taken over a dozen bottles. The result is today I am perfectly well, and I can not say too much for Dr. Grant's Sarsaparilla.

MRS. JOHN KILBY, 603 Fourth street, Portland, Oregon.

Price 50c. 6 bottles \$2.50. For sale by all Eugene Druggists.

The Steamer Eugene.

The Salem Daily Independent of Saturday had this: The light draught steamer Eugene, which has been making weekly trips between Portland and Eugene, has demonstrated the fact that she will be able to run as far as Corvallis during the whole summer, giving the shippers along the Willamette a two-trips-a-week service, thereby saving them the exorbitant rates charged in the summer by the railroads. It is to be hoped that shippers of all classes will patronize this low water craft, thereby encouraging the building of low water boats on the Willamette river. On one trip to Eugene she carried 75 tons of merchandise on 18 inches of water.

She has been repairing her machinery and hull and also making more steam rooms for her cabin this week in Portland. She will leave Portland for Eugene Tuesday morning leaving Salem on her way up at 5 p. m. As soon as the water prevents her from reaching Eugene she will make a schedule of two round trips a week on the river. The owner of this craft has secured the landing formerly used by the steamer Elwood, the O. P. wharf boat, and also the services of the Elwood's agent who has opened up his office today. She will undoubtedly meet with success. Besides being a popular boat, manned by careful and competent men, her agents ever on the alert for business, the fact of her being a craft which will be able to run all summer, should entitle her to a fair share of the shipping on the river.

I. O. G. T. Reception.

Last evening Eugene lodge, No. 583, tendered a reception to the Grand Lodge which was carried through with success to the large and much pleasure to the recipients. The lodge was most beautifully decorated with garlands of flowers.

The exercises began with a song by the choir. Rev. W. S. Gilbert made the address of welcome on the part of the church. Miss M. Brown gave a song entitled "The Boy." Reception by Miss Clara Evanson. Rev. H. Snyder of the United Brethren church gave a very eloquent address of welcome. Mr. N. R. Gaylord, on the part of the lodge, tendered the Grand Lodge members a formal and hearty welcome; a recitation by Miss Nellie Williams. A song by Mrs. E. Jones, of Cottage Grove, called for an encore, and song by Mrs. Irene Brownson, were followed by addresses in response by James Kennedy, G. C. T. Mrs. M. E. Kellogg, of Medford, and Prof. Wm. Crowe, of California. A recitation by Miss Bird Brown, of Hillsboro, and a song by Mrs. Long closed the exercises.

It is unnecessary to state that the program was enjoyed immensely by the guests and reflected great credit upon the program committee and to those taking part.

The Lost Men.

Billy Gault, June 18.—Some parties have been reported about town that both the bodies of Downing and Weaver, who were lost in the Bohemia mining district, had been found. Their account of the finding appears plausible, but it is singular that nothing is known at Cottage Grove of the finding of but one body, and that not identified. The GUARD received the following dispatch today: COTTAGE GROVE, June 20, 1894, 11:25 A. M.—Only one man found. Cannot tell which. Cannot be brought out now. Signed, E. P. THOMP.

Mr. Thompson is the editor of the Cottage Grove paper, is thoroughly reliable, and it does not seem probable that both bodies could be found, without his knowing about it, as Cottage Grove is the point from which the searching parties started and to which they would return.

Half Rates to Eugene.

EUGENE, June 18, 1894. EDITOR GUARD—For the encouragement of Independence day celebration, I beg to say that, beginning on the morning of the 23rd day of July, half-fare round trip tickets will be sold from all stations—good until and void after July 31st. This will give people from a distance a chance to spend the Fourth in Eugene.

L. G. ADAMS.

MARRIED.—At parsonage of First Presbyterian church, by Rev. Wm. S. Gilbert, on Monday, June 18th, at 11 a. m., C. C. Case and Mrs. E. N. Hanson, both of Junction.

## CIRCUIT COURT.

3403. Lemuel Clark vs H Bundy et al; to recover possession of real estate. Tried before court. Taken under advisement.

3404. W J Clark vs H Bundy et al; to recover possession of real estate. Tried before court. Taken under advisement.

3405. In re-assignment of Boyd Bros; assignment. Continued.

3503. M A Severs vs J W Severs; divorce. Divorce granted.

3508. Hattie A Parker vs Millard F Parker; divorce. Decree of divorce.

A motion for a new trial has been filed in the case of D. A. Paine vs Mrs. Fronk Henderson.

The case of Claiborne Bonney vs the city of Eugene, for damages, was argued last evening on demurrer. The court took the matter under advisement. The case will not be tried at this term of court.

3311. Harrisburg Lumber Co vs trustees M E Church of Junction City, Oregon, and E Bashaw, contractor; foreclosure of lien. Evidence being read. Taken under advisement.

3420. J C Goodale vs W A McBea et al; to recover money. Continued to adjourned term.

3476. S S Stephens et al vs T T Barnhart et al; foreclosure. Jos M Stephens appointed receiver, with \$4,000 bonds. Referred to J E Young to report testimony at next term.

3478. E G Sperry vs J M Keeney et al; equity. Referred to Frank Matteson to report testimony at next term.

3500. Levi F Revere vs George Bromfield et al; foreclosure of lien. Demurrer sustained. Decree of foreclosure.

3501. V McFarland vs J M Strong; et al foreclosure. Decree of foreclosure.

3516. J S McMurray vs A L Frasier and wife; foreclosure of mortgage. Continued.

3521. T E Seavey vs A C Brown and wife; to recover money. Judgment and sale of attached property.

3522. Thos Day vs Mike Schneider and wife; equity. Argued and submitted. Taken under advisement.

3523. J H Honig vs Eliza Saunders; foreclosure. To be heard at adjourned term.

3525. Geo M Miller vs Peter Nye; equity. To be tried July adjourned term.

3528. Carrie L Delaney vs Clayton D. Delaney; divorce. Dismissed.

3529. S N Butrick vs H and M Bundy; foreclosure. Decree. Stipulation to issue execution for 90 days.

The motion for a new trial in the case of D. A. Paine vs Mrs. Fronk Henderson, overruled.

Allowances ordered: S W Condon, district attorney, \$45 00; I B Riddle, reporter, 45 00; G W Kinsey, bailiff grand jury, 9 00; L D Forrest, bailiff court, 24 00; J W Cherry " " " " 24 00.

The motion for a new trial in the case of Ida L. Corson vs the State Insurance Co., was overruled.

State of Oregon vs Geo Hays; for vacation of judgment. Taken under advisement.

On motion of J. J. Walton, George W. Kinsey was admitted to practice law in this court, also H. S. Wallace.

The court adjourned until Monday, July 9th, at 10:30 a. m.

## New Mexico and Oklahoma.

WASHINGTON, D. C., June 18.—The supporters of bills for the advancement of New Mexico and Oklahoma to statehood have not lost courage. Several times in the course of the present session the two statehood bills have been on the eve of receiving consideration from the house, but each time they were sidetracked by important legislation or party misunderstandings. Bills for the admission of Utah and Arizona were passed by the house early in the session, but have since been hung up in the senate. An attempt was made at the same time by the republicans to secure an agreement for the consideration of the New Mexico and Oklahoma bills together, but Speaker Crisp in his Delegate Flynn that the point of order would be against such an arrangement, and that being undoubtedly the case, the attempt was abandoned.

The speaker has assured General Wheeler, the chairman of the committee on territories, that the bill for New Mexico can secure a hearing after the Indian appropriation bill, which comes up this week. The Oklahoma bill will follow that of New Mexico, unless unforeseen matters arise to delay one or the other. New Mexico is democratic and if admitted will add two to the democratic majority in the senate, but Oklahoma is republican, so that the success of the bill for the admission of the latter territory is very doubtful. Moreover, there has been much disagreement in Oklahoma over the details of the statehood plan, which has been complicated by the opposition of Indian tribes to it. Republicans have feared that if the New Mexico bill was passed other legislation would be pressed forward to displace Oklahoma; therefore, it would be to their satisfaction to secure consideration of the case of Oklahoma first.

## That Pie

I had for dinner the best I ever ate. Thanks to COTTLENE, the new and successful shortening.

A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to war, and to state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable name. In respect to its soldiers, Indiana will know as a writer as well as an honorable position. During the late war he was a member of Co. B, 2d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important disclosure he writes as follows: "Several of us old veterans here are using the Miller's Incurable Nervine, Heart Cure and Nerve and Liver Pills, all of them give splendid satisfaction. In fact, we have never used anything that compares with them. As the pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have some old words of praise for them. They are the outgrowth of a new principle in medicine, and some up the system wonderfully. We say to all, try these remedies."—Solomon Yewell, Marion, Ind., Dec. 3, 1893.

These remedies are sold by all druggists on a positive guarantee, or sent direct to the Dr. Miles Medical Co., Elkhart, Ind. Each outfit of pills, 25c per bottle, six bottles \$1.50, prepaid. They positively contain neither opium nor dangerous drugs.

Easy to Take and keep the system in Perfect Order.

## AYER'S CATHARTIC PILLS

A specific for Headache, Constipation, and Dyspepsia. Dives dose

Effect

Golden West Baking Powder

Purity and Leavening Power UNEQUALED.

CASH PRIZES

To introduce our Powder we have determined to distribute among the consumers a number of CASH PRIZES. To the person or persons returning us the largest number of certificates on or before June 30, 1894, we will give a cash prize of \$1,000, and to the next largest, numerous other prizes ranging from \$5 to \$75 in cash.

A Wheat Pest.

Roseburg Review: The farmers of the county are at present considerably exercised over the appearance of a very small green insect upon the wheat. A close inspection of the heads shows them to be very different from the rows of grain, and it is feared they are some species of destructive pest. They were first discovered on the lower Calapooia, but seem to be general over the county, and samples of infected heads were left at the Review office Saturday from Looking Glass, and also from fields up the river as far as town. As nothing of the kind was ever seen in this county before, the farmers are naturally very anxious to know just what the result will be and what the little visitors propose to do. Some think them harmless and believe they will soon disappear without doing any damage. A. E. McGee, of Looking Glass, however, tells us that he is sure they are the same kind that he saw in Indiana in 1889, where they were known as the "wheat aphid," and totally destroyed thousands of acres of grain, rendering it unfit even for hay. We can only hope that he is mistaken—otherwise the loss to the farmers may be very heavy. Possibly the unusual amount of rain at this season of the year is responsible for the appearance of this insect.

Irving News. June 19.

The roads are receiving much needed gravel and work.

Mr. Jones had a horse choked to death last week, by becoming wound up in a rope.

The ice cream sociable given by the Irving Epworth league, at the residence of Mr. and Mrs. E. Zimwald was a grand success in every way.

The U. R.'s have the lumber nearly all hauled for their church. They expect to commence building it in the near future.

The Irving picnic last Saturday was a grand success. After a very interesting program dinner was served in the regulation picnic style. There were several runaways in the evening but no one was hurt. The team of Miss Olive Marquis became frightened, but fortunately the horses broke loose from the carriage, and left the occupants all safe and sound.

X. Y. Z.

A Terrific Wind Storm.

OSAGE CITY, Kan., June 19.—A terrific wind storm raged here last evening. Half damaged the corn badly and almost rained the wheat.

Protected His Intended Wife.

New York, June 18.—Phillip Moran, a plasterer, was shot and killed at his home by Harvey Curtis yesterday. Curtis was the fiancé of Moran's oldest daughter, Frances. Moran was a widower with five children. Curtis has been betrothed to Frances Moran, and the pair intended to marry this summer. Curtis drew a revolver and a party of young people were going to a picnic, and when they called for Frances her father forbade her to go. She insisted, whereupon Moran abused her and drawing a revolver fired at her but missed. Just as he raised his weapon to shoot again, Curtis drew a revolver and fired. Mr. Moran fell to the floor with a bullet which penetrated his left lung. Before he died he accused Ernest Fitzsimmons, one of the young men who came with Curtis, of having shot him. Curtis told the officer that he was the guilty party.

An Impetus to Business.

PITTSBURG, June 18.—The settlement of the coal strike and the return to work of 15,000 of the 20,000 miners in this district has given an impetus to all kinds of business. At many large plants in this city work has resumed today after a long idleness. It is believed that the McKeesport tube works will start up. In the river district the miners are still out in the second and fourth. The pool operators object to signing the yearly agreement, and the miners will not go back until this is done. At Monaca, work has not been resumed but will be shortly.

A Miner's Fatal Death.

BAKER CITY, Or., June 18.—Robert Elliot, a miner, last evening fell from a shaft at the Virtue mine and was killed instantly. He fell over 200 feet, breaking nearly every bone in his body. He was about 36, and had relatives in Boston and New York.

The Toxicity.

LOUISVILLE, June 19.—The police boat Pavington from Albany, met Kelly's army at West Point, Ky., and ordered them to keep away from the Falls city. After angry parley, Kelly ordered the captain to turn back to Evans landing, where he disembarked. He will come to Louisville and get enough money to take the army to Cincinnati.

Some Lucky Democrats.

WASHINGTON, June 19.—The president has sent the following nominations to the president: Edward Harbeck, receiver of public money at San Francisco. Registers of land office—John R. Dunn, San Francisco; John C. Gaithe, Humboldt, Cal.

Accident at Baker City.

BAKER CITY, June 18.—A fearful accident yesterday left a young man named Eugene McJohnson, employed in the Oregon Lumber Company mill. His right leg was caught in the eyes of five rollers, and the member was torn in shreds, necessitating amputation half way between the knee and hip.

Gold For Shipment.

New York, June 18.—\$1,500,000 in gold has been engaged for shipment tomorrow.
