

PEOPLE'S CORRESPONDENCE.

Camp "White City" July 27.

Nearly all the campers have been able to remain in camp today, but very few have been able to do much hunting and fishing as they were nearly all tired out at the dance which was given at Belknap Springs last night.

The dance was one of the most pleasant affairs ever given in mountainous regions, and indeed would compare very favorably to those given in Eugene. A large platform had been built for the occasion and although the night was cold, everyone seemed to have a fine time. Dancing continued until 11:30 when it was interrupted by Mr. Ostrander who very cordially invited the guests to a sumptuous supper which had been prepared for the occasion, and one which will compare with the best of banquets.

After supper dancing was continued until a late hour when all who could sought rest and repose until an early morning hour when they departed for their homes, all agreeing that it was by far the most pleasant affair that can possibly be given outside of a city. Foley Springs furnished a goodly number of dancers as will be seen by the fact that eight wagons were required to take all wishing to go from here.

On the return trip one wagon loaded with ladies was overturned twice by the recklessness of the driver, and persons narrowly escaped injury. As it was some heavy slight brushes, especially the two young ladies who were attempting to drive, and they have been advised to practice some before trying to drive to another dance. No names mentioned. There were over 125 persons present at the dance and much credit is due to Mr. Ostrander for the kindness and hospitality which he is always willing to show to his guests. To say that he is a genial, kind and good natured land-lord is putting it in mild terms, and while he was unable to furnish hotel room for all present last night, he very freely gave up everything he had for the accommodation of his guests. Anyone wishing to stop at Belknap Springs will find Mr. Ostrander most accommodating.

The Eugene contingent at Foley Springs are still enjoying themselves in the best of style and while we have lost one of the original party, G. W. Griffin, still others are arriving daily and it looks more and more like home. Messrs. Matlock, Holden and McAllister were here on their wheels last Wednesday. The Morris, Dunn and Williams families arrived tonight and it is reported others are on the way.

W. H. Alexander, W. H. Smith, Jas. Hoffman, D. E. Yoran and A. D. Johnson will leave for Horse Pasture tomorrow morning to straighten up and improve the ball grounds for the game to be played against the Eugeneites next Tuesday.

The only complaint yet heard among the Eugene people is the fact that they will have to return to their homes ere long. Everyone would be willing and glad to remain longer.

CAMP "WHITE CITY."

Florence News.

The West, July 27.

It is expected that the Low Pass road will be completed about the first of August.

Not less than \$5000 will be expended in building sidewalks in Florence this summer.

A law office, with Benedict & Holden as the occupants, is reported to be opened soon in town.

Senator S. B. Eakin and wife, of Eugene, arrived in this town on Thursday, and will visit Heceta Head, friends here and on North Fork.

For the first time in four years we are to have practically a through mail every other day. With such a man as Mr. Ed Baugs to manage the affairs, and four relays of horses, will insure an ease in traveling not to be found in riding behind jaded teams.

Two horses ranging on the mountain Heceta, fell over the abrupt outcropping to the ocean. One was killed, and the other severely injured, but extricated by cutting a trail sufficiently wide for him to walk out. The horse killed, fell into a giant fir tree top on his downward flight, cutting away great limbs of the tree, and horse and limbs alighted in the ocean breakers below.

It is now known that the Morse addition to Florence is included in the consignment of David Morse, Jr. This will leave those who do not have deeds to their lots in a bad fix, and it may cause some of those trouble who acquired title to some of this property since the consignment was made. It is held, we understand that the transfer of Morse to his wife is void.

Chinese Miners Robbed.

A Jacksonville Dispatch says: A very bold robbery took place on Elliot creek, twenty-five miles southwest of Jacksonville, last week. Some Chinamen have been mining on the creek the past winter or two. White men, without masks, surprised them while they were eating dinner and robbed them of \$250 in gold dust. Sheriff Patterson visited that section the past week, but the Chinamen refused to swear out warrants, as they were afraid to prosecute them. They claim, however, that they can identify the men if they see them again.

Hurtin Hawks, of Elliott creek, was arrested this week by Sheriff Patterson on a warrant sworn out by Dr. Watkins, charging him with larceny. He was brought to Jacksonville and is now in jail, and will have a preliminary examination before Justice Dunlap tomorrow.

REGETTA AT ASTORIA.—Efforts are being made by Astoria people to hold a regatta some time next month and give prizes. Every business man in the city is taking a hand in it. It is their purpose to make the most of three days' duration and \$1000 will be offered in prizes. Excursion rates will be secured from all points leading to Astoria. Some fine racing can be expected as there are some fine boats on the Columbia that will be manned by excellent sailors.

R. A. Washburne of Springfield is home from the coast.

The ladies of Lakeview, according to the Examiner, ride astride. It says: Several of our leading society ladies have formed a club for horseback riding in the bloomers costume. It is now a common thing to see a company of them on our streets nearly every evening riding astride, or man-fashion. When it comes to genuine style Lakeview can show more of it to the square yard than any other sagebrush town on the coast. The ladies have our admiration for the courage of their convictions in introducing a style that is the only sensible way for a woman to ride, regardless of what thoughtless or inconsiderate persons may think or say. If men had always been in the habit of wearing skirts, and one of them should undertake to wear pants, the rest of the community would probably want to tar and feather him. That is about the amount of reason that is used in objecting to the bloomers style of riding. We have always believed that a woman had just the same right that a man has to ride a horse in the easiest way, and while some of them may elevate their proboscis a little it is only a question of time until they will all come to it.

Oak Dale Items.

July 30.

Binders are running steady.

Wm. Fisher has purchased two fine milky cows.

A match game of base ball was played here last Saturday, between Grand Prairie and Oak Hill. Ask Oak Hill who got best.

Zim Mulkey is visiting at Mr. Zehner's.

Miss Millie Mack and Luther Fisher visited in this neighborhood last Friday.

Dick Preese had a fine cow shot by some contemptible sneak last Thursday.

I guess it will be the hop pickers time to strike next. A Chinaman couldn't live and pick hops at 25 cents a box.

ACORN.

Cottage Grove Items.

July 28.

Mrs. Rhinhardt, of Eugene, is visiting at Dr. Ogelsby's.

Mrs. Labbe Beckley, of Portland, is visiting with relatives and friends on Coast Fork.

E. G. Carson, sustained quite a severe loss last night by one of his valuable horses falling and killing itself, and on last Friday a fine mare was smothered and died very suddenly.

R. S. Owens, of Row River, informs us that travel to the Bohemian mines at present far exceeds all former seasons, and that many valuable ledges have recently been opened and many of the owners are preparing to put in stamp mills at once. It is apparent that mining operations have begun in real earnest.

Weekly Report.

Following is the daily receipts of the county for last week:

Monday, July 23, clerk \$8.75.

Tuesday, July 24, clerk \$9.05; sheriff \$1.70.

Wednesday, July 25, clerk \$10.75; sheriff \$6.10.

Thursday, July 26, clerk \$12.95; sheriff \$1.75.

Friday, July 27, clerk \$9.95.

Saturday, July 28, clerk \$6.45.

Totals—Clerk \$57.99, and sheriff \$8.55.

MARKING ERRORS.—All newspapers and books are full of errors. It can't be helped. One would think, though, that school books would be correct.

See how far they are from it. The Pope Manufacturing Company sent out an offer to ten young people of the United States, of five bicycles as prizes for those discovering the greatest number of errors in text books published in this country. As a result of the contest, from 192 critics 5990 alleged errors were pointed out, 675 admitted by the judges as real errors, 5114 rejected, and 1572 not considered. The prizes went to six persons, all gentlemen, and residing respectively in New Jersey, Kentucky, Pennsylvania (2), Massachusetts and Iowa. The order given indicates the order of precedence from highest number of errors discovered to lowest, and the range was 25 to 25. The two last were ties, and the Pope company to make it satisfactory gave each one a bicycle, making six in all. When all returns were in the publishers of the text-books were notified and in nearly every instance changed the plates from which the books were printed. No disputed historical point, no difference of opinion, no typographical error was admitted to figure in the contest.

SOLDIERS REUNION.—A reunion of all the soldiers of Oregon, including veterans of the civil, Indian and Mexican wars, will be held at Forest Grove three days next week—Wednesday, Thursday and Friday. There is to be a roasting old "campfire" gathering every evening, and the program is to consist of speaking, interspersed with songs, etc. A large number of veterans from Portland and surrounding towns are making arrangements to attend. A general invitation to all is extended by the committee having the affair in charge. It is stated that tents, wood and straw will be furnished on the grounds free; also meals at reduced rates by the Ladies Relief Corps, to all old soldiers and their families. Every effort will be exerted to make the event highly successful.

CATTLE CONTRACT.—Prineville News: M. Parker of the firm of Spelts, Hitchcock & Only, live stock merchants of South Omaha, was in Prineville the first of this week, and contracted with Howard & Stearns, Sanders Logan, Hampton Bros. and others for between 1000 hundred and 2000 head cattle. These cattle are bought for feeders, and will consume part of the large crop of corn now being raised in Nebraska. Mr. Parker informs us that Eastern Oregon cattle are highly prized by buyers. He claims they are the best cattle west of Missouri. We did not learn the particulars of the contract, but understand that the price was quite satisfactory, the cattle to be delivered during the last half of September at Huntington.

Pleasant summer weather.

The train office is specially prepared to print hop tickets.

Several people are expected home from the springs this evening.

Arnold Nelson, a fisherman, was drowned at Astoria last evening.

The small boy has already begun to rustle for circus money. It was ever thus.

A number of people will leave here Monday for the mountains and sea coast.

Fires are destroying forests and towns in British Columbia and Wisconsin.

The Eugene base ball club will leave for the Foley Springs tomorrow morning.

The GUARD job rooms are rushed with work not withstanding the dull time of year.

Posters are billing the city today for Renfrow's circus, which is to appear here Wednesday, August 8.

Calico lawn social at the First Presbyterian church Monday evening. Come and have a good time.

The double column advertisement of the Drain State Normal will appear in these columns next Monday.

The First National bank of Astoria closed its doors Tuesday. The cashier says the depositors will be paid in full.

Conductor W. S. Conner has returned from an outing at Long Beach with his family and is running on the local train again.

Hop raisers held a convention at North Yauhill last Saturday to discuss prices. It was decided to pay 50 cents per 100 pounds for picking, and \$1 per day for polepollers.

Roseburg Review: The sale of the personal property of the Myrtle Creek Mining Company last Wednesday was postponed indefinitely, owing to some error in the description of the property.

Ashland Record: Miss Brown, this lady who has been teaching the Indian school near Ft. Bidwell, was married by contract to a Pitt river Indian buck of the ordinary species. There is no accounting for tastes these paucity times.

The executive committee of the Board of Regents of the State University held a meeting yesterday and arranged to have a room set off in the upper story of Deady hall for the new business department of the institution. Carpenters will commence on the contemplated work at once.

A religious lecture was delivered at the M. E. church last evening by Rev. Granville, the subject chosen, "Is Romanism American." A good audience attended and listened to an impassioned appeal to those of the Protestant faith to regard Roman Catholicism as an enemy to good American government. A contribution was taken up at the close.

The pay of the California militia while in actual service is as follows: Privates 43 cents a day, corporals 50 cents, the sergeants 60 cents, first and second lieutenants \$4.16, captains \$5, lieutenant adjutants \$4.44, regimental adjutants \$5.55, majors \$6.95, lieutenants \$8.36, colonels \$9.19, brigadier-general \$15.25, and general \$20.85.

Riddle Enterprise: W. C. Conner will return in time to get out the Enterprise next week. E. P. Thorp will be at Cottage Grove the first of next week to resume his work on the Echo-Leader.

The weather has been so warm during his stay here that he could not go out to see the fine country and its wonderful possibilities. Perhaps he will be here a few days to help pick prunes when they get ripe.

Ashland Record: It is reported that Dunsuir society was very much cut up when the blockade was broken by the militia. The railroad men's wives got badly split up and called one another "scabs" and "anarchists," as well as casting other slandering reflections on each other's nerve and patriotism. The boys made it so miserable that hotels would not feed "scabs" who came along to take the places of strikers.

Dr. J. W. Harris is building a small addition to his residence.

The Register office will soon move into the Dunn block, up stairs.

Hard times lawn social at the Presbyterian church Monday, July 30.

The work of grading Charrelton street from 4th to 5th has commenced.

The first of the 1894 wheat was delivered at Albany today. The quality was No. 1.

The Mexican War cost the United States \$100,000,000. The number of troops engaged was 101,282.

A Sunday school picnic will be given at Meriau's Park, by the Bethel school, next Saturday. All are invited.

There will be one assessment in the A. O. U. W. order for the month of August. This makes 10 assessments for eight months.

A lobster's skin, when shedding, splits down the back and comes off in two equal parts. The tail slips out of the shell like a finger out of a glove.

A picnic is being held at Meriau's Park today and a base ball game will be played there tomorrow. The foundation of the pavilion is in position and the floor will be laid today.

A London newspaper offered cash prizes for the best definition of "Home." Three of the best answers were: "A world of life shut out," and "A world of love shut in." "Where you are treated best and grumble most."

"The only spot on earth where the faults and failures of fallen humanity are hidden under the mantle of charity."

Scio Press: Mr. Edward Loat, of near this city, recently visited his friend Mr. Medders Vanderpool, of Seaside, aged 97. It is seldom that two persons of so great an age are together.

Mr. Loat has never worn spectacles, hears accurately, and has a good memory. Mr. Loat is 70 years of age and has not had his hair cut for 12 years.

Albany Democrat: Two boys stopped in Albany last night on a tramp from Portland to California. One of them had been brought up and adopted by Dr. J. B. Lee of Corvallis and went to Portland recently. Marshall Lee telephoned to Mrs. Lee who came to Albany in a carriage and took the boy home, paying the other boys fare back to Portland. A bad start.

The King of Korea a Prisoner.

LONDON, July 27.—A dispatch received at 11:50 a. m. today from Lloyd's agent at Shanghai, China, confirms the announcement which was made last Saturday that war between China and Japan had been declared. Hight, Mathison & Co., Chinese government agents in England, have received a message which also confirms the announcement. Both the Chinese and Japanese ministers say they have not been officially informed that war is declared. They also claim to be ignorant of the Japanese have captured the king of Korea. The immediate cause of the declaration of war is said to be the fact that the Japanese attacked Chinese transports conveying troops to Korea. It is reported a number of Chinese ships have been sunk by Japanese cruisers. Telegraphic communication has twice been completely interrupted beyond Nagasaki, Japan, and all messages have been delayed. If the treaty ports remain open, England expects to make a continuous profit out of the war, while the fact that Russia is directly or indirectly giving assistance to Japan is likely to place a perpetual stop upon Russia's trade progress with China.

Affair is surrounded in mystery.

RENO, Nev., July 27.—Mrs. M. A. Hartley last evening shot and killed State Senator M. D. Foley. The cause of the shooting is not known. Mrs. Hartley is an artist and has rooms in the Bank of Nevada building, where the shooting occurred. Foley was shot in the stomach and died in half an hour. Mrs. Hartley has been arrested.

The shooting caused the greatest excitement here. Foley was one of the most prominent men in the state, having occupied a most conspicuous place in politics and having been president of the Bank of Nevada. Mrs. Hartley when asked to make a statement, said she had nothing to say, except that she had shot Senator Foley and had intended to do it. She had known Foley since last October. Mrs. Hartley is a widow. Dr. Phillips, in whose office Foley died, said he heard two shots. He stepped to his office door and saw Foley at the head of the stairs waving his hand at Mrs. Hawley and ordering her back. Then he walked into the doctor's office, announced that he had been shot, became unconscious and died in 20 minutes.

RENO, Nev., July 27.—Mrs. M. A. Hartley, who shot and killed State Senator M. D. Foley last night, still declines to make any statement as to the circumstances which led to the shooting. The murdered man was president of the Bank of Nevada, had been a delegate to several national republican conventions and was a commissioner from Nevada to the mid-winter fair.

King of Korea a Prisoner.

WASHINGTON, July 27.—The king of Korea is a Japanese prisoner. The information was the important statement in a telegram, dated yesterday, which Secretary Herbert has received from Captain Day, of the United States steamer Baltimore, now at Chemulpo, Korea. Captain Day reports he had dispatched marines to Seoul to protect the United States legation.

War Ships in Action.

YOKOHAMA, July 27.—Cable communication between Japan and Korea is interrupted, but a rumor comes from a semi-official circle that a Japanese warship fired upon a Chinese warship at Kusan, upon receiving a hostile provocation.

Hot Wave to the East.

CHICAGO, July 28.—A hot wave today is central over Iowa, Wisconsin and Illinois, the temperature at many places running over 100 degrees. In Montana and the Dakotas the worst is past. In Kansas and Nebraska growing crops sustained great damage.

The Strike Declared Off.

OAKLAND, Cal., July 27.—At a meeting of the local lodge of the American Railway Union last night, lasting from 8 o'clock until long after midnight, the union decided, by a vote of 187 to 140, to declare the Southern Pacific strike off. The meeting was decidedly stormy, and much bitterness was shown. In fact, the agreement was not reached until a strong following had threatened to leave the union. Many of the men will be taken back by the railroad company.

Mayor Hopkins in Earnest.

CHICAGO, July 27.—Mayor Hopkins said today if the Pullman works are not started within a few days he will withdraw the militia. It is thought the works will be started Monday.

In the Interests of the Populists.

OMAHA, July 27.—The great executive board of the Knights of Labor has completed arrangements for canvassing Nebraska in the interests of the populist party, and State Workman D. Allenand has been sent out to confer with the populist central committee to fix dates for 24 rallies during the fall campaign. The general secretary was instructed to carefully prepare a list of all congressmen who have opposed the Knights of Labor, and extra efforts will be made to defeat them. Copies of this list were ordered sent to all local assemblies in the United States.

Patriotic Japanese.

SAN FRANCISCO, July 26.—Prominent Japanese residents held a meeting last night to consider the probability of war between Japan and China. It was decided to raise \$10,000 to assist the Japanese army. The announcement was made after the meeting that if necessary, 4000 Japanese of California are willing to arm at their own expense and fight for their country.

A Clever Swindle.

NEW YORK, July 26.—The suspension of the Higgins Laundry Soap Company, of Brooklyn, today, is one of the sequences of the operation of David Coleman, a breezy gentleman of obscure antecedents, who succeeded in swindling a number of people in this city, Brooklyn and Paterson. Coleman described himself as a retired mail transportation contractor and capitalist. He has disappeared with \$25,000 worth of stock, the Higgins Company was paid for with a forged check.

War May be Averted.

LONDON, July 26.—Up to noon today the Chinese and Japanese ministers had received no news regarding the situation in Korea. The opinion was gained ground, however, that war will be averted.

Simply a Civil Service Rule.

TOKIO, July 26.—Goro Tatenos, Japanese minister in Washington, has been recalled and Minister Kurem, an experienced diplomat, has been appointed to succeed him. The change is made in accordance with the usual custom in the Japanese government looking to the modification of extra territorial treaties.

WASHINGTON, July 26.—Mr. Tatenos, Japanese minister to the United States has been recalled. The recall it is stated is due, not to anything connected with the Japanese-Chinese-Chinese treaty, but to matters growing out of recent treaty negotiations.

The reason assigned for the recall of the Japanese minister is said to be erroneous. While there have been negotiations between the government of Japan and the United States since 1882 looking to a revision of treaties, little has been done recently and the notes that pass contain no matter objectionable to our government, or that in the slightest degree could subject Mr. Tatenos to censure; furthermore it can be positively stated on the highest authority that the change is in no way connected with the communications addressed to the Japanese government by the department of state regarding the Korean imbroglio.

Mr. Tatenos was notified three months ago that his term had expired, and he would soon receive notice of his recall. It is learned that Tatenos was recalled simply in pursuance of Japan's rigid civil service rules.

A Drunken Man's Awful Crime.

LOS ANGELES, July 26.—Three people killed and one fatally wounded was the wholesale murder record made by John Craig, an ex-polic officer, last night. About five o'clock Craig hired a horse and buggy and drove to the house of his divorced wife situated in Corlitos canyon, near Tropic, where she lived with her uncle, her brother and three younger children. Before Craig started, he stated he was going there with the intent of seeing his children, but murder was evidently his determination, as he had armed himself with two revolvers and had been drinking heavily during the afternoon. As near as can be learned, when he arrived at the house he deliberately drew a revolver and shot his wife dead. Her brother, George Hunter, who was some distance from the house when the shooting occurred, rushed to his sister's assistance, when Craig shot him, inflicting a wound which will prove fatal.

Craig then jumped into his buggy and drove back to the city. Arriving at the house of his father-in-law, William Hunter, who lives on Buena Vista street, he tied up his horse and without any ceremony, walked into the house and shot and instantly killed his father-in-law and mother-in-law as well. He then placed the pistols in his own hand, with the intention of ending his own existence, but only succeeded in inflicting a flesh wound. A man by the name of Long and one by the name of Desphane, who happened to be in the vicinity, rushed upon Craig and prevented him from doing further harm. Mrs. Craig secured a divorce two months ago on the grounds of cruelty, and Craig, who is reputed to have a very quarrelsome disposition, has never lost an opening to make it unpleasant for her family.

John Craig, who last night murdered his divorced wife, father-in-law, mother-in-law and attempted to murder his brother-in-law, has been arraigned for murder and lodged in the county jail. There is great talk of lynching but it will be a hard matter to get him from jail if that should be attempted. It appears that he attempted to murder his brother-in-law, George Hunter, a week ago and failed. He also tried to hire two Italians to blow up the house of his wife's parents in this city, with dynamite last week, but the Italians refused.

More Rumors of War.

LONDON, July 26.—The Central News has this dispatch from Shanghai: War has been declared between Japan and China. The Japanese have seized the King of Korea and hold him prisoner. Eleven Chinese steamers are on their way to Korea. Most of the troops aboard them are coolies, armed with bows and arrows. Some Chinese steamers, which have arrived at Korea, have been prevented by the Japanese from landing troops. It is reported that the Japanese artillery sank several of them.

Henry George for Congress.

NEW YORK, July 26.—Friends of Henry George are talking of putting him in nomination for congress. One of them recently asked him whether he could be induced to leave his literary work and set about the work of a congressional canvass. "I think I could be induced," Mr. George replied, "if it were shown me that there are any great number of people anxious to have me make the run; yet I have no more desire for political office now than in 1886."

Hand S.'s Record Broken.

CLEVELAND RACE TRACK, O., July 26.—First heat, free-for-all trot, purse \$2,500; Alex first, Pixley second, Walter E third; time 2:08. Only three horses started.

Second heat—Alex won, Pixley second, Walter E third; time 2:08.

Alex time 2:08, in the first heat, beats Maud S.'s famous record on this track.

An Expensive Bon in Law.

NEW YORK, July 26.—The World's Saratoga special says: "Prince Hatzfeldt, C. P. Huntington's son-in-law, has for some time played roulette at the Saratoga Club. He was given a high limit, and frequently won or lost several thousand dollars at one sitting. The managers became alarmed and fixed a \$10,000 limit on the prince. Last night the prince, putting down from \$100 to \$1,000 on every roll of the ball, won \$11,000. Presently luck turned and he lost all but \$200. He left for a time, but returned and lost the \$2,000 and \$1,000 besides. Then the proprietor forced the limit, whereupon the prince upset the table in a rage and smashed things generally. At last he was quieted and left the place."

No More War for Them.

SACRAMENTO, July 26.—Governor Markham said this afternoon that he did not think there was any further need for state troops in the field and that he decided to order all of them home immediately.

A very careful canvass of the passengers on trips of three hundred miles and more shows that six-sevenths of the people never take trips, says the Salem Statesman. Indeed, we may say that they never venture more than one or two trips per capita, of ten miles during the whole decade. The vast bulk of the travel is done by several hundred thousand commercial travelers who average some three trips per diem; and by a million or so of business men of cities who reside from two to sixty miles out of their business points, and by children who live outside of cities and large towns and go to school at these places. By multiplying these and the commercial men by the number of days in the year you have nearly all the trips as reported by the railways per year. This shows that the vast mass of people never travel by rail. The roads stand in their own light by their excessive rates, both for travel and freight. The original error was in making charges for distance instead of for time consumed.

By their own statements they can charge persons for travel the same as for freight. At the great conventions of the greatest experts in railway affairs it has been shown time and again that when once a train is started for a long trip—say of a thousand miles—if a person or a ton of freight is put on it does not matter to the roads whether they are carried one mile or a thousand. The difference between carrying either of them one mile or one thousand is so small that it cannot be appreciated. Double the track, increase the number of cars, and put rates down to not over \$5 per thousand miles per passenger and the roads will make a thousand times more money and become a blessing to all people.

Farmers report the grain cut as plump but in some instances not filled to the full extent.

An expert is at work on the Klamath county books. He will go back over the records ten years.

The railroads that are in the hands of receivers of United States courts should not be allowed to employ Chinamen or Japanese as they are now doing to a large extent.

From all accounts the outers at the McKenzie springs are having a royal time. These summer health and pleasure resorts have never been fully appreciated by the people.

And now comes Judge Bronaugh of Portland, who fixes the date of the end of the world for the year 1899. The judge has settled some knotty questions in law in his time but our opinion is that he has now tackled a bigger rounding up of things earthly than he has ever passed on in court.
