From the Troy, (Kansas,) Chief. Some years ago we were very much subject to severe spells of cholera mor-bus; and now when we feel any of the symptoms that usually preceed that allment, such as sickness at the stomach, diarrhoea, etc., we became scary. LOOKING AT ASTORIA .- These Astoria railroad items are getting to be sort o' funny. 'The local papers have to say something so they get off things even like this: Southern Pacific peo-ple are interested in Astoria just at present. They are making no noise nor talk to any sussidy committee, but they are doing considerable investigating. It is not at all likely that the citizens of this city will waste any time with the Southern outfit, as old Huntington, like the rest of the railroad bilks, had them rustling for \$230,-000 two or three years ago, and when it was raised he went back on them. If the Southern or Union wants to come to Astoria, let them come; and pay their way in.

The Irrepressible Blythe Case

SAN FRANCISCO, Sept. 18 .- In the supreme court the motion of Alice Edith Blythe to have the remittitur recalled in the Blythe case has been denied. Attorney Hart, representing Florence Blythe Hinckley, speaking of this matter, said: "The motion to re-call the remittitur was on the ground that the judgment rendered by Judge Coffey had not been properly recorded, and the action of the supreme court negatives that assumption. This is one more step toward a settlement of the litigation." The Holladays, representing the gypsy Blythes, have a petition pending before Judge Coffey on the same point. This decision setties it.
