

Eugene City Guard.

SATURDAY, NOVEMBER 10.

The elections have resulted in a complete victory for the republican party. No one familiar with the peculiarities resulting from popular suffrage will be surprised at the outcome. Hard times and financial stringency are the most powerful political factors that can be called into play, and the party in power must suffer from the silent, unthinking vote. Two years ago the republicans under the Harrison administration experienced the worst defeat ever before known in the politics of the country. It was the result of the financial depression that was then seriously affecting the labor and produce markets of the world. This time, while the worst seems to be over, the democrats are in power, and have to take the same medicine. The democratic party repeated many of the inequities of the tariff law, thus making necessities of life cheaper to the consumer, but no party can enact a law that will give us better prices for our products that must be sold in the markets of the world. Voters may express their dissatisfaction at the polls, but the economic laws governing supply and demand are inexorable and party success cannot modify them to any great extent.

The democracy has met an overwhelming defeat. They hardly have the hole left to crawl into.

The past congress abolished 923 offices which were drawing \$1,235,992 in salaries every year from the taxpayers of the country.

Jim Budd of California has blossomed into a governor flower. This is a bud that Southern Pacific railroad frosts could not nip.

Hard Times voted against the democratic party Tuesday. Two years ago the same vote gave Harrison and the republican party an equally severe knock-out blow.

The populist vote has almost disappeared except in California and Washington where they ran strong. The greater portion of their vote was drawn from the democratic party.

Eugene needs a good roller flour mill. There is money in it for any person who has the necessary capital and experience. There is an excellent local market for mill products in Eugene.

The attention of the next legislature should be directed to the exorbitant freight charges made by the Southern Pacific railroad where freight is received by that soulless corporation from the Oregon Pacific. The freight rates from Albany to Eugene, 45 miles, are invariably higher than from San Francisco to Albany, 600 miles by water and 90 miles by railroad, besides the work of transferring at Yaquina City. For neat and open-handed robbery of the people the Southern Pacific management cannot be surpassed. The robbers that hold up their trains and relieve express agents of cash are novices at the business compared with them.

Since the new tariff went into effect dealers in playing cards have been studying how to effectively evade paying the tax on them, and have at last found a method, says an exchange. The law declares that the tax shall be paid on each pack containing "not more than 54 cards." The regular number of cards in a pack is 52, but most of those now manufactured contain an extra one, the joker. It will be an easy matter for the manufacturers to put three jokers in the pack in stead of one, when the pack will contain 55 cards and be exempt from tax according to the plain provisions of the law.

The principal disturbing factors in wheat at present are Russia and Argentina. The latter country now ranks third as a wheat producer, the United States standing first and Russia second, with the Black Sea countries, Roumania and Bulgaria fourth and India fifth. India was formerly the dread of the wheat producers on this continent, but her production of wheat this year was only about one-third that of Argentina. With her vast population to be supplied at home, it seems probable that India has been over-rated in years past as to her ability to expand her wheat production. On the other hand Argentina is a young country with a small population and with plenty of room to expand her cultivated area. The enormous increase of wheat production in the South American country of late has surprised the world. Russia, too, is a comparatively sparsely settled country, with abundant room to expand her cultivated area. With better shipping and handling facilities the production of wheat in Russia could no doubt be greatly increased. Russia and Argentina have always been free sellers at low prices, which makes them undesirable competitors in importing markets. In Siberia there is a vast area of territory adapted to the cultivation of wheat. The black soil regions of that country resemble, it is said, the famous wheat districts of western Canada. The railway which the Russian government is now building across Si-

THE ELECTIONS!

Daily Guard, November 8.

Adolph Sutro is elected mayor of San Francisco.

Judge Holcomb, fusion candidate for governor of Nebraska, is probably elected by 1,000 majority.

Tom Johnson, the great single taxer of Ohio, is among the defeated.

The legislature in North Carolina is in doubt. The fusionists claim they have carried it.

All the constitutional amendments were carried in New York.

Tennessee has gone democratic by a small majority, and the legislature is also democratic.

Washington is republican by 10,000 and the legislature has 23 republican majority.

R. P. Bland, the great Missouri free-silver advocate, failed of re-election.

W. L. Wilson, of West Virginia, was defeated by 1,000.

The Montana legislature is republican.

The democrats carried Arizona, New Mexico and Oklahoma; the republicans Utah.

Gen. Weaver was defeated for congress in Iowa by 3,000.

Jerry Simpson is among the defeated of last Tuesday.

Morton's plurality in New York will be over 150,000.

In California the democrats have elected Budd for governor, supreme judge, one congressman and the legislature is in doubt.

The republicans carry Illinois by 90,000; the legislature is republican in both houses.

The unofficial returns indicate that the republicans have carried Missouri; the legislature will be democratic.

Indiana elects a solid republican delegation to congress, and the legislature will have a majority of 35 republicans.

The New Jersey delegation to congress will be solidly republican.

In Nevada the free silver party was successful.

THE SENATE.

The next United States senate will consist of 40 democrats, 42 republicans and 6 populists.

THE HOUSE.

The next house will be composed of 248 republicans, 88 democrats and 5 populists, with three districts in doubt.

Budd Elected.

SAN FRANCISCO, Nov. 8.—There seems to be no doubt that California has gone democratic so far as governor is concerned, but the Golden State will probably elect a lieutenant-governor, most of the state officers, almost a solid republican congressional delegation, and a legislature which will be republican on joint ballot.

Faulkner's Figures.

WASHINGTON, Nov. 8.—Chairman Faulkner given the republicans 230 members of the house, the democrats 142, the populists 5, doubtful 8. By states, this would give the democrats 12, the republicans 27, populists 1 and doubtful 3. The doubtful states are Colorado, Idaho and Wyoming.

250 Republican Congressmen.

WASHINGTON, Nov. 8, 6 p. m.—Chairman Tabcock now estimates that there will be 250 Republicans in the next house.

Coburg Items.

Nov. 5.

Miss Lena Chandler of Cottage Grove visited home last Sunday.

Several drummers visited Coburg last week.

George A. Drury has accepted a position with W. M. Vandyne as clerk.

Mr. Peplot is very low with dropsy at the residence of C. E. Powers.

Uncle John Diamond who has been quite sick for the last few weeks is reported some better.

John Doyle received a severe cut on his foot, with an axe, one day last week while working on J. C. Goodale's dam.

Work with the pile driver on the dam is progressing rapidly.

Coburg will soon have a boot and shoe shop, one door east of the meat market. It will be conducted by Mr. H. A. Daniels.

Star Items.

Nov. 5.

The farmers are busy plowing and sowing fall grain.

A. W. Morse and Henry Smith, of Creswell, were at Chas. Smith's last week gathering up some cattle which they took to Creswell.

George and Jim Land, who have been working near Creswell, returned home last week.

Those who attended the dance at Mr. Barker's last Friday night report having had a good time.

Chas. Teeters has built a house and moved into it on the piece of railroad land which he bought near his father's place.

Mr. Bligow, our storekeeper, seems to be doing a good business. The store is quite a convenience to the people around here.

Our local footmower, Roy Land, is busy hauling lumber from Barker's sawmill to his father's place.

PAT.

Died.

In Coburg, Sunday evening Oct. 21, 1894, Derrell C., only child of George and Minnie Drury. The remains were laid to rest in the L. O. O. F. cemetery near that place. Baby Derrell was 10 months and 29 days old when this precious little one was called to join the angels above.

This lovely darling, so young, so fair, Called to see to early doom, Just came to show how sweet a flower In Paradise would bloom.

To us the eleven anxious months His infant smile was given, And then he bade farewell to earth And went to live in heaven.

Farwell our little darling, But not forever, For soon we shall meet on your bright shore, Where parting is no more.

Admiral Gherardi Retired.

WASHINGTON, Nov. 7.—Secretary Herbert has issued a formal order retiring Admiral Gherardi, senior admiral of the navy, and commanding at the navy-yard, on the 10th instant.

Creswell Casualties.

George Townsend arrived from Lake county Monday evening.

Nov. 8.

Miss Teutich had a little runaway last Friday evening, his team starting at the blacksmith shop and running nearly home. J. I. Jones, of Cottage Grove, caught them when it was found that they had broken the tire on one wheel, and smashed the seat a little, but nothing else.

Miss Henrietta Tate has opened a stock of millinery in the Scarborough building and proposes to supply a long-felt want. Heretofore milliners and dressmakers have made their stay short in Creswell and that is one reason we had to give up being a county seat town—because we could not support a milliner, but Miss Tate proposes to stay.

S. J. Wright is making some needed repairs on the church to stop the leaks in the steeple.

Miss Grace Hunter visited Eugene Wednesday, likewise Tim Sullivan and wife, also W. P. Lower.

Sheriff Johnson and wife made this place a visit last Sunday, returning home Monday.

Several of our people went to the Day school house last Sunday to hear Rev. Richardson preach the funeral service of Mrs. Taylor.

The GUARD's Cook Valley correspondent missed the spot entirely in explaining the failure of the dance. It is out of our range, but we have good reason to believe that the people up there reserve all their rymthology, harmony-enjoying and foot-patting powers for the semi-occasional musicals given by "Peck's Bad Boy."

ZEPH.

Killed by a Train.

PHILADELPHIA, Nov. 7.—An ex-employee on the Reading road struck a street car at Newtown, Pa. George Conrad, driver, and William H. Hillburn, a passenger, were fatally injured.

Plenty of Time to Repent.

PORTLAND, Nov. 7.—Ex-Precator W. A. Willison, who is credited with clearing up some \$10,000 by his forgeries in this county, received a sentence of 15 years in the state penitentiary today at the hands of Judge T. A. Stephens.

The ex-reverend was apparently becoming cool and collected. He was brought into court early, and heard his fate pronounced without a murmur.

Willison seemed to realize that when he was put on trial, there was not much hope, and so he calmly pleaded guilty to two indictments, allowing the jury to try him on the other two, and then made up his mind to take everything easy henceforth.

The story of the wanderings of Willison and his various roles is so familiar that it is an old tale. The four indictments against Willison, on which he was arrested in Joplin, Mo., and brought back to Portland, are for forgeries of promissory notes. The first indictment was for the forgery of a note for \$1000. On this he received a sentence of seven years. The second indictment was for the forgery of another \$1000 note. On this he received three years. This note was forged in October, 1892, and was passed on by J. T. Ravlinson, and was signed by William and Lauer Wagner. The third indictment was for the forgery of a note for \$500. On this the ex-precator received five years. The final indictment recites the circumstances of a forgery for \$700, and on this the forger got three years, making a total of 18 years. Willison will probably be committed this evening. It is claimed that a number of other charges could have been brought against him, but it was thought that he might get his deserts on the four indictments for forgery.

One of the most pathetic incidents in connection with Willison's escapades in this county was his death of his three daughters, one of whom died shortly after his departure from Portland with a woman whom he had married within a very short time of his meeting her. Willison's daughters, who were strangers here, were left without scarcely any support. They bravely tried to defend their father's headless action, and by the aid of friends, succeeded in caring for themselves. What has become of all the money obtained by Willison in his fraudulent operations is a question that remains unanswered. Every cent of the money he secured was probably squandered.

The Chinese Fleet Hemmed In.

LONDON, Nov. 7.—A Shanghai dispatch says it is rumored the Ping Yang squadron is in Port Arthur. The Chinese report that the Japanese are rapidly advancing in the rear of Port Arthur, and that a strong Japanese fleet will fall into the hands of the enemy. Chinese deserters are arriving in New Chungking in large numbers panic stricken. A Japanese flying squadron is reported to be 100 miles off New Chungking.

Chinese in a Panic.

LONDON, Nov. 6.—A Shanghai dispatch says: The Chinese army has been thrown into a panic by Japanese victories, and are still fleeing before the Japanese. The Chinese troops in Manchuria are robbing the natives and committing horrible atrocities wherever they pass. The Japanese on the other hand, are treating the Chinese well, and are consequently receiving with open arms. Viceroy Li Hung Chang, the dispatch also states, has been ordered to Peking.

The register and receiver of the land office at Roseburg are advertising a second list of railroad lands, which the Southern Pacific company has applied for patents to. Townships 31, range 3 west, and 33 to 40, ranges 3, 4 and 5 west and 1 east, contain most of the land described.

THE MOST STUBBORN

Skin and Scalp Diseases, the worst forms of Scrofula, all blood-taints and poisons of every name and nature, are utterly rooted out by Dr. Pierce's Golden Medical Discovery.

For every disease caused by a torpid liver or impure blood, it is the only remedy so certain and effective that it can be guaranteed. If it fails to benefit or cure, you have your money back.

Eczema, Tetter, Salt-rheum, Erysipelas, Boils, Carbuncles, Enlarged Glands, Tumors, and Swellings, and every kindred ailment, are completely and permanently cured by it.

RUBBER BOOTS

ARE WAY DOWN.

If you want rubber boots at WAY DOWN prices go to No. 181. We have a large stock of all sizes of boots and will not be undersold.

Call and examine our stock.

YORAN & SON.

H. D. NORTON. G. W. KIRBY.

Norton & Kinsey, Attorneys-at-Law.

Commercial and Private Business a Specialty. Office in Harris' Block.

WEBSTER'S INTERNATIONAL DICTIONARY

Successor of the "Chamberlain's"

Standard of the U. S. Office, the U. S. Supreme Court and of nearly all the Schools.

Warmly recommended by every State Superintendent of Schools, and other educators almost without number.

A College President writes: "For a case with which the eye finds the word sought, for accuracy of definition, for effective methods in inducing pronunciation, for terse yet comprehensive statements of facts, for practical use as a working dictionary, Webster's International is any other single volume."

Great Standard Authority.

Rev. P. J. Brewer, Justice of the U. S. Supreme Court, writes: "The International Dictionary is the perfection of dictionaries. I commend it to all as the one great standard authority."

A saving of three cents per day for a year will provide more than enough money to purchase a copy of the International. Can you afford to be without it?

G. & C. MERRIAM CO., Publishers, Springfield, Mass., U. S. A.

Send to the publishers for free pamphlet. We do not buy cheap copies of our dictionary.

A Stormy Voyage.

NEW YORK, Nov. 7.—The Netherlands American line steamer Amsterdam arrived this morning from Rotterdam, after a most tempestuous voyage. She was unable to call at Cologne for passengers owing to a heavy gale. October 30 and 31 she experienced a cyclone, and strong gales were encountered up to November 5, when the ship ran into another hurricane, lasting four hours. The storm was accompanied by vivid lightning and heavy rain. St. Elmo's fire was seen at the mast head fully 15 minutes. The vessel received no damage.

Missing Men Are Safe.

SAN FRANCISCO, Nov. 7.—Word has just been received here that the four missing men from the burned wrecking San Pedro are now on the steamer Eureka, en route to Santa Barbara.

Japanese Attack Port Arthur.

SHANGHAI, Nov. 8.—Foreigners who have arrived at Choo Foo from Port Arthur say the Japanese have attacked the latter place by land and sea. The Chinese fleet lies inside the harbor.

What Japan Will Accept.

LONDON, Nov. 7.—The Telegraph says Japan will demand as terms of peace cessation to her of the island of Formosa, and the payment of an indemnity of £30,000,000 to £40,000,000.

A New Railroad Scheme.—Today's Oregonian: Henry C. Grady, C. W. Johnson and R. W. Mitchell yesterday filed articles of incorporation of the Columbia & Eastern railroad. The capital stock is \$500,000. The articles state that it is to be the business of the corporation to build and equip a railroad, commencing at a point in Clatsop county, near the mouth of the Columbia river, and passing through Clatsop county toward the Nehalem valley and passing through Columbia, Washington, Multnomah, Clackamas, Marion Lane, Harney and Crook counties to a point near Snake river at Ontario, or near Owyhee, state of Oregon.

Exchange: A retired newspaper man gives this philosophical reason for quitting the business: "A child is born, the doctor in attendance gets \$25; the editor notes it and gets 0; it is christened, the minister gets \$10; the editor writes it up and gets 0; it marries, the minister gets another \$10; the editor gives a column puff and gets 000; in course of time it dies, the doctor gets from \$5 to \$100; the minister gets another \$5; the undertaker gets \$25 to \$300; the editor prints an obituary and gets 000 and then the privilege of running free of charge a card of thanks, and a half column of 'pome.'"
