MRS. S. W. BARNES

Poisons Her Husband in Order

Her Infutuated Spouse Refuses to Be lieve the Evidences of His Own Senses, Although She Has Made a Full Confession of Her Hellish Crime.

SAN BERNARDINO, Cal., November 8 .-Mrs. S. W. Barnes, who with her paramour, Tom Slater, was arrested for attempting to rid herself of her husband by slow poisoning with arsenic and strychnine, passed the night in the county jail. Her injured husband, who is almost helpless from the effects of the poison and has become a mental as well as a physical wreck in consequence, was at the jail early this morning, and was allowed to take his murderous wife home for a short time. Letters found show that Slater and Mrs. Barnes had planned to elope to Honolulu, and had their arrest been delayed twenty-four hours one at least would have been out of reach. In a trunk in Slater's room was found a large amount of the woman's clothing, taken there in preparation for elopement. The reason for the poisoning was that Barnes had considerable property and had roade a will in his wife's favor. Slater roomed at the residence of Mrs. F. Gill of the Woman's Christian Temperance Union, where the assignations of the parties were made, and it was in his room the principal evidence of guilt was obtained.

The husband is infatuated with his wife and refuses to believe the evidences of his own senses, although she made a full confession this afternoon, stating that she was under the influence of Tom Slater, who not only held her in his power, but placed a revolver to her head, compelling her to give the poison to her husband. She admits everything as charged, making it impossible for Slater to make any defense. It is thought be will plead guilty on the preliminary ex-

amination and not stand trial.

Her husband wants to go on the woman's bond, which has been fixed at \$5.000, and to shield her from the consequences of her crime. Barnes is an Odd Fellow and a member of the Junior Order of American Mechanics. It is the members of these orders who are caring for him and had taken steps to detect and stop the terrible crime. The woman was about to desert two interesting children as well as an injured husband. In their possession was found the following letter written by her 12-year-old daugh-

CHICAGO, November 8.—The Southern Hotel at Wabash avenue and Twentysecond streets is divided against Itself. A plain board partition through the center of the rotunds separates the two parts, and all the boarders are on one side of the partition. The division is a disagreement between the owners of the property and Dr. W. Clark, the maniger. The southern half of the building is owned by A. & A. E. Wells, and the other half by the Jennings estate. Dr Clark had a dispute with the Wells people regarding the payment of rent and he was ordered to vacate. The Chinese Government Would Like the Powers to Intervene on the Basis of the Independence of Corea as War Indemnity.

Lornox, November 7.-The Central News says: There is reason to believe that China has resolved to formally ask the powers which have immediate commercial interests at stake to stop the war. The Chinese Minister is said to have transmitted the request to the foreign office in London this afternoon. This evening he started for Paris to seek interviews with M. Hanotaux, the French Minister of Foreign Affairs, and President Casimir-Perier. The Daily News has information that China is suing for peace; in fact, has instructed her envoys in Europe to submit to the powers the terms which she is willing to offer.
