

Rev. Dr. Parkhurst has changed his quarters in Lakewood, N. J., and is now a guest of Mr. Francis P. Freeman, at Edgemoor. He occupies the rooms occupied by the Cleverlands when they were being entertained by Mr. Freeman. Dr. Parkhurst said last night that he had read Mr. Platt's statement. "Mr. Platt waits until the victory has been gained, complete and overwhelming, at great expense, and then endeavors to get his work in. He shows himself an out-and-out traitor to the town. I wish that the community would assert itself in some way and put an end to him and his ways. For every good deed that has been done and will be accomplished we are liable to suffer because of his doings. Mr. Platt is a much worse man than Croker to deal with. It is much more difficult to reason with him. I would rather fight five Crokers than this man Platt, who represents nothing more than a phase of rank American politics. The people of New York hate Bossism next to Tammany. Bossism is distinctly un-American, and now that Tammany is out-lawed we must take hold together and throttle its perilous and mischievous confederates."

In one county of Nebraska (the census comprising 9 of its 13 townships) crops have been so damaged by frosts and drouth that only 110 bushels of corn, 3020 bushels of wheat and 607 bushels of oats and rye have been raised by 256 families consisting of 1425 persons, which is less than half a bushel of corn, not 12 bushels of wheat, and about two bushels of rye and one of potatoes per family. The judge of the county court in reporting the above as a result of the investigations of supervisors, says, "the county as a supervisory is a howling waste," and that "this desolation follows on the heels of the drought of 1893," unless help comes starvation is right before hundreds of our people."

La Grande Chronicle: A somewhat curious incident lately happened at the power house of the Electric Light company in this city. Of course a large quantity of oil is used on the bearings of the powerful 250-horse power machinery. The wasteage of oil, being run off, has by chance settled on top of the water in an old well, and it was discovered that about two barrels of this oil, after being filtered, could be used again on the machinery. In fact to a small extent, those in charge of the power house actually "struck it."

The most notable victory won by the republicans at the recent elections was in Mount Vernon, N. H. For ninety-one years the town has been democratic. This year it is republican. The total vote cast was seven, of which the republicans captured four. It is understood that one man who carried the day proposes to organize himself into a populist party next year and hold the balance of power.

On Tuesday Nov. 6, the republicans carried Hamilton county, Ohio, by a majority of 22,000. At a special election held on Tuesday Nov. 13, just one week later they lost by 3500, a change of over 25,000 votes. This is modern politics, and politicians of the old school of partisan prejudice will do well to realize its meaning.

The populist of North Carolina whom the republicans are going to help elect United States senator is described as "a crank on the silver question," but that will not prevent the republicans from voting for him. The only crankiness they are afraid of is the kind that threatens to keep the democrats in office.

Bandon Record: It is an outrage that the citizens of Oregon must be called upon to make a change of books every six years, when the change must necessarily be wrought through much expense to the patrons of schools.

Number of People Badly Hurt. PITTSBURG, Nov. 21.—In a collision between an electric and cable car here today one woman was probably fatally injured. The gripman and three passengers were badly hurt. The injured are: Mrs. C. H. Jones, head cut and bruised dangerously; Gripman Harvey Rea, cut about the head and arms; Michael Kumbault, Miss Brown and an unknown woman. The electric car was ascending a steep grade on Wyle avenue, followed by the cable car on the same track. On reaching Fulton street the electric car stopped, but the brakes refused to work, and it began sliding backward. Gripman Rea, on the cable car, reversed his brake, allowing the car to slide back as fast as he dared, in order to break the shock which was threatened. The passengers on both cars were panic-stricken, and several leaped from the form before the collision occurred. One woman fainted and the excitement was intense. At Logan street the cars came together with great force, derailing both. Mrs. Jones was picked up unconscious, and it is feared she will survive.

Creswell Casualties.

F. O. Martin and family paid friends at Cottage Grove a visit Sunday and Monday. A. W. Morse and Marcus Kelley have rented the hop yard on the Stone place. Rev. E. Gillins will conduct Thanksgiving services at this place on Thanksgiving day. The Epworth League will have some exercises in the evening. Creswell people are all too busy getting their work done while it don't rain, to do anything out of the extraordinary, hence these meager items. ZEPH.

Letter List.

Nov. 22. Anderson, T. H. Matsumura, T. Frank, Blair Marr, Nellie Fisher, Sarah A. Miller, Sarah Foster, Wu Nicholson, J. B. Hattram, A. Holcomb, Correl W. Smith, Alice King, Edgar Stewart, Elias Martin, Geo. E. Wilkens, Marcie Wilkens, Wu.

A PLEASANT BIRTHDAY PARTY.—This being Mary Skippow's ninth birthday, her mamma, Mrs. E. R. Skippow, gave her a surprise party this afternoon, which was very much enjoyed by the company of little folks. Present were Edith Humphrey, Hazel Humphrey, Leila Horn, Roy Kerns, Hal Kerns, Mary Eakin, Bessie Eakin, May Willis and Stella Robinson, all arriving early in the afternoon and engaged in various games and plays till about 3:30 o'clock, when a bountiful dinner was served, all the little folks partaking heartily, as well as the few older ones who happened to be present. Mary was the recipient of a number of beautiful presents. The whole affair was a complete surprise to her and she was the happiest little girl in town. The company dispersed late in the afternoon, all voting the party a complete success.

THE FIRST COUPLE.—Wednesday's Albany Democrat: "Rev. D. C. McFarland, Mrs. W. C. Davis and daughter Ethel, and Miss Ida Black, went to Junction City this noon to attend the wedding of Mrs. Davis's niece, Miss Florence Baber, and Mr. Emery Horn, to take place tonight. Rev. McFarland will perform the ceremony. An interesting thing in connection with the wedding will be the fact that the bride's parents were the first couple ever married by the Rev. McFarland. The result of the first wedding has been so happy it was thought best to have the reverend gentlemen do the same thing for the daughter."

A LARGE POTATO YIELD.—The digging of the potatoes in the Walker-Campbell hop yard and the product has been finished and the crop pitted in Eugene in hope of obtaining better prices in the spring. On twenty acres 2500 bushels were obtained. This is an exceptionally heavy yield when it is considered the potatoes were planted in single hills four feet apart between the hills, thus giving but three hills of potatoes to each eight feet square of ground.

ANSWERS FILED.—E. R. Skippow and Geo. B. Dorris, counsel for the city of Eugene, in the suits brought by S. P. Sladden and others, to enjoin the city from collecting street assessments on Eighth and Blair streets, filed separate answers in the cases, seven in number, yesterday. Each answer contains about 17 pages of printed matter. The attorneys for the city think they have a very strong case.

MARRIED.—At the Hoffman House, in this city, Wednesday, Nov. 21, 1894, Mr. Orville Cunningham and Miss Grace Woods, both of Harrisburg, Rev. M. C. Wire officiating. They returned home on this morning's local, accompanied by Miss Veila Hays and Mr. Charles Levis, who came up with them. They have a host of friends who extend their congratulations.

IN A STATE OF ERUPTION. SEATTLE, Nov. 21.—Mount Rainier is in a state of eruption, after lying dormant for 20 years. Vast volumes of smoke and steam are issuing from the crater, in what appears to be the southern part of the peak, and the entire top of the mountain seems to have undergone a change. Snow appears to have melted away, and great crevasses have been opened. The rounding top of the mountain seems to be gone, and a vast plateau seems to have taken its place as though a great explosion had blown the mountain crest away, and split the mountain in two.

Dr. Jayne, a prominent farmer and stockraiser of Morrow county, died Monday morning at Heppner, aged 55 years. He was a member of the Ancient Order of United Workmen and was buried by that order. He was a pioneer on the Pacific coast, having formerly resided in California. He had lived in that county for 15 years, going there from San Jose, Cal.

A number of recommendations were made at the annual meeting of the Oregon Bar Association just held in Portland. One of these called for a reduction in the pay of the court stenographer from \$10 to \$5 a day; also reducing the cost of transcripts. After a spirited discussion the association favored pleading in abatement and bar in the same answer, which is now the practice in nearly every state in the Union.

The Roseburg Review is making a demand that the delinquent tax expense bill of Assessor Sterling, of Douglas county, be cut down by the county court. Mr. Sterling is the author of numerous epistles on economy, and it will be interesting to see how he views the suggestion.

"Doc" Anderson, stage driver, between Burns and Soda Springs, was fatally injured last week by falling from his outfit. The team got from under his control while going down the mountains into Silvia valley. His age was unknown, though likely 50 or thereabouts, and he died without any relatives in this country.

RUDY'S FILE SUPPLY. Is guaranteed to cure piles and Constipation, itching, burning, soreness, hemorrhoids, and all other ailments of the rectum. Price 25 cents. Sold by all first class druggists everywhere, and in Eugene, Oregon, by Osburn & DeLano.

Personal.

Daily Guard, November 22. O. P. Hoff returned to Irving this morning. Hon. W. L. Vawter, of Medford, is in Eugene. Miss Simpson, of Albany, is visiting friends here. Commissioner Callison came down this morning. Doc Blanton of Junction, came up this afternoon. Frank Park came up from Salem this afternoon. E. J. McLanahan visited in Portland yesterday. W. R. Walker is down from his ranch for a short visit. M. L. Campbell and wife, of Medford are visiting here.

Rev. Wallace, of Junction City, spent last night in Eugene. O. B. Prael, an old time University student, is visiting in Eugene. Jas. Whiteaker, the popular merchant of Creswell, is in town today. B. A. Washburn went to his ranch near Junction on this morning's local. Mrs. Noss and children went to Roseburg this afternoon on a short visit.

Attorney J. M. Williams went to Cottage Grove this afternoon on legal business. Miss Hawley, of the Portland hospital, will speak at the M. E. church this evening. The McKenzie mail carrier reports that the health of Peter Raley is not so good as usual. Miss Ida Miller, of Drain, arrived here on this morning's local and will attend the University. John Davis has gone to his claim accompanied by Messrs Hall and Church, of Springfield. The two men will stay there to work on the claim. Grant's Pass Courier: W. J. J. Scott, a former resident of Josephine county, came back from Creswell, Or., Thursday. He will winter in the mines here. R. J. Hendricks, superintendent of the reform school, and wife, came up from Salem on this afternoon's local, and are the guests of Mr. and Mrs. T. G. Hendricks.

Miss L. L. Hawley, outworker of the Portland Methodist hospital, is in the city. The staff of physicians comprise six of Portland's best physicians, with Drs. Gue and Auspiland as house physicians. There are a great many patients and they are in need of sympathy and support. Anything accepted, from an acre of land, or a sack of potatoes to 100 acres of land. Free transportation on all thanksgiving offerings. J. P. Holland has been appointed agent for the American Fire Ins. Co., of Philadelphia, for Eugene and vicinity. Mr. Holland will take up the work on city and farm property. A fair share of the business of this line is solicited for him. BROWN, CRAIG & CO. General Agents.

Dexter Items. Nov. 22, 1894. Jack Frost is stalking about in the land seeking whomsoever he may devour. Roscoe Hendricks has returned to Webfoot for the winter. He brought his little brother Jean with him from South Bend, Wash. Listen for something to drop in Lost Valley now. Mrs. A. S. Hyland returned Monday from a week's visit with relatives at Elkton, Oregon. The farmers have mostly finished seeding, but the beautiful weather induces them to sow yet a little more. Miss Grace Hunsaker and Andrew Jackson Berg were up from Goshen Sunday. Rev. Eugene Finn, of Leaburg, filled Rev. Mulkey's appointment at this place Sunday. Howard Vincent delivered his hops at Eugene Tuesday. C. E. Chandler has rented the Shelley place for the ensuing year. J. B. Cruzan and family, of Cloverdale, visited relatives and friends at this place the first of the week. Alec Griffin had another of his sick spells last Sunday, but not so severe as former attacks. C. M. Parker lost a valuable (7) horse by falling on a rock on the Push and Pull road last Saturday evening. Wm. Williams has his new dwelling house well under way. Any one finding the balances of a platform scale will please leave them with J. D. Matlock, or A. L. Roney, Goshen. From reports of neighbors it seems that sneak thieves are doing this vicinity, and weekly we have accounts of their depredations. This is a poor way to make a living even in hard times.

The Wheat Trade. Portland Commercial Review, Nov. 22: "Since our last review the market here has shown great activity. Large purchases have been made in the interior, though a great many farmers are holding off waiting to see what the market will do in the near future, but as there is too much grain east of the Cascades especially, to permit of any extensive curtailment of supplies, growers will have to let go ere long as the pressure of liquidation in local standing accounts is quite severe and very few of them are able to hold on and carry their grain for advanced prices. It seems from reliable advices that it is more than likely that the export demand will be fully met with offerings from those compelled to realize. At the present Eastern Oregon and Washington wheat is coming in at a lively rate, and so promptly have vessels been loaded that we have on hand only a few vessels to take in cargo. We quote Walla Walla from 70-72 per cent, and valley 77-78 1/2. In some sections millers have picked up fair sized parcels recently at the equivalent of 75c, but holders are now firm and ask higher prices. These figures are about as near as can be quoted. Eastern and San Francisco markets are reported somewhat weaker and the prospects are that the American market must give way. Shippers are reticent in giving figures." In San Francisco the market is firm. From 90 to 92 per cent is paid for average shipping. The European market is quite firm.

MARRIED.—Mr. J. A. Hise was married to Miss Frances Stockell, of Chester precinct at the residence of the bride's mother on the 15th of November, 1894. C. K. Hale, J. P., officiating. Mr. Hise was raised in Lane county, but is now one of the solid men of Curry county, Oregon.

PROBATE MATTERS.—In the matter of the guardianship of James H. Gover, Ella L. Gover appointed guardian upon the filing of her approved bond in the sum of \$200.

Nov. 22, 1894. A very pleasant party was given at Mr. J. P. Brewer's Tuesday evening. Some of her young friends of the neighborhood surprised Miss Rachel with their presence, it being the occasion of her birthday anniversary. Uncle Charlie Bennett, who is away in the 70's, was seen going over to Pleasant Hill the first of the week on horse-back with a shot gun and four pointed Chittis pig the first of the week. This indicates slaughter to deer and coyotes in that section. Mrs. Wm. Miller, of Creswell, who has been seriously ill at this place, has sufficiently recovered to be removed elsewhere. Quite a number of our young people contemplate attending the masquerade ball at Creswell on Thanksgiving night. While a wagon load of young people were returning from the party at Mr. Brewer's Tuesday night the vehicle was overturned and the occupants spilled out, resulting in some scratches and bruises, but nothing serious. "Zeph's" remarks in a recent report from Creswell concerning the modern teacher's pronunciation of the article "the" are very well founded. While the teacher's object is good and the undertaking to improve the child's raising can be accomplished, it is too frequently overdone, resulting as a detriment. Mr. and Mrs. C. H. Roney who were visiting their brother A. L. Roney and family last week, have returned to Eugene. John Berg and Miss Gracie Hunsaker visited Dexter Saturday, returning Sunday. Walter E. Fisk and family, of Eugene, visited with Mr. Mattison and family Saturday evening and Sunday. Miss Laura Mathews spent Sunday evening with friends near Goshen, returning to her home at Dexter Monday morning. Mrs. Joel Addington, of Dexter, spent a few days last week here in attendance at the bed side of her niece, Mrs. Miller. W. L. Wheeler who resides in this precinct received from P. A. Motta, of Roseburg, Oregon, a fine thoroughbred Poland China pig the first of the week. Mr. Wheeler now has quite a number of thoroughbred hogs of this breed and is an example for many other farmers of the country who might better their financial condition by improvement in their farm stock generally. Mr. W. will continue to import and improve his already fine herd. OSBURN & DELANO.

FEATHERWEIGHT. A Favorite in Kentucky. Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." There is good reason for this. No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by OSBURN & DELANO.

IN GLASS. That's the way Dr. Pierce's Pleasant Pellets come. And it's a more important point than you think. It keeps them always fresh and reliable, unlike the ordinary pills in cheap wooden or pasteboard boxes. They're put up in a better way, and they act in a better way, than the bugs, old-fashioned pills. No griping, no violence, no reaction afterward that sometimes leaves you worse off than before. In that way, they cure permanently. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. They're sugar-coated granules, a compound of refined and concentrated vegetable extracts—the smallest in size, the easiest to take, and the cheapest pill you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get. There's nothing likely to be "just as good."

A CUP OF TEA AT NIGHT MOVES THE BOWELS IN THE MORNING. For sale at Verignon's 9th street drug store.
