

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Averell, M.D., 311 No. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is universal and its merits so well known that it seems a work of supererogation to endorse it. We are the intelligent families who do not keep Castoria within easy reach."

CAROL MARTIN, D. D.

New York City.

THE CASTORIA COMPANY, 27 MURRAY STREET, NEW YORK CITY.

The senatorial fight still lingers but the excitement is waning.

It is said that of the 153 clerks at Salem 111 are employed by the senate and 42 by the house. Just what work thirty senators can find for 111 clerks is the one thing no one seems to know.

An important decision has just been announced in Vermont as to engagement rings. A young man sued to recover one he had given to a young woman who, after accepting the ring, repudiated the engagement. The judge decided that it must fulfill the conditions under which it was presented. The English courts some years ago, decided that an engagement ring is not rendered under any circumstances.

The Dallas Transcript says: Speaking of commissions and cutting them off, there is one, that should be retained. We refer to the state board of equalization. This board during its existence, has been the means of correcting many abuses and putting into the coffers of the state much revenue that it would otherwise have lost. It may need some little change and modification to render its service all that might be desired. This year it has added upwards of \$3,000,000 to the assessable property of the state. Let the board be retained with more extensive power.

Scribner's: Nothing in modern times can equal the virulence and apparent exacerbation of the presidential campaign of 1828, when Andrew Jackson was formally entered in the presidential race against John Quincy Adams. Personal abuse was rife. Adams, the impulsive, the frigidly just, was accused of a variety of crimes, one of the least of which was that he acted as a procurer for the czar of Russia. Clay was branded as an unprincipled adventurer, a professional gambler, a libertine and an accomplice of Aaron Burr. Jackson was stigmatized as a murderer, a dueling manslayer, a cock-fighter and a turf sportsman.

J. C. CHURCH, S. D. PAINE, F. W. OSBURN, President, Vice President, Cashier.

THE
Eugene Loan and Savings
BANK,
Of Eugene, - Oregon.

DIRECTOR—J. C. Church, J. B. Harris, W. E. Brown, R. D. Paine, F. W. Osburn.

Paid Up Capital, \$50,000.

A General Banking Business Transacted.

Interest allowed on time deposits.
Collection entrusted to our care will receive prompt attention.

—Crockery, Glassware, Etc.—
at prices that will surprise you.

Groceries as Cheap as the Cheapest.
Call early and have a large assortment to pick from.

C. C. GOLDSMITH & CO.

SPRAY YOUR ORCHARDS.

Now is the time for our fruit growers to look after the San Jose scale and wooly aphid. The state board of horticulture in bulletin 8 strongly recommends winter spraying, and the following mixtures for winter use, both for the extermination of the wooly aphid and San Jose scale:

SPRAY NO. 1.	
Lime, unslacked	30lbs
Sulphur, powd red	20lbs
Salt, stock	15lbs
Water	60gals.

Directions—Place 10 pounds of lime and 20 pounds of sulphur in a boiler with 20 gallons of water, and boil over a brisk fire for two hours until the sulphur is thoroughly dissolved. It will then be amber colored. Next place 20 pounds of lime in a cask and pour water enough over it to thoroughly slack it. Add the salt. When dissolved add to the lime and sulphur and boil half an hour longer. Add enough water to make 60 gallons. Apply luke warm.

SPRAY NO. 2.

SPRAY NO. 2.	
Sulphur	100lbs
Lime	100lbs
Blue vitriol	8lbs

Directions—Slack the lime with enough water to make a thick paste. Dissolve the blue vitriol in hot water and add to the slackened lime. Use about 80 pounds of lime in dissolving sulphur. Follow directions as in No. 1 in that respect. Dissolve the sulphur by thoroughly boiling and add to the lime and blue vitriol. This mixture will keep any length of time. When ready to spray, take one pound of mixture to 2½ gallons of water, for winter use, applying luke warm.

How about the mortgage tax law? The people demand its re-enactment by the legislature.

Says the Tidings, Rep., special Salem correspondent: After all a political party may be too successful and prosperous. Salem is filled with political place hunters; possible not a country in the state that is not represented in the bilious tide of humanity that surges about the extensive department at the state house, hoping to be recognized in the distribution of "loaves and fishes" soon to be made here. Notwithstanding all this, His Excellency, Governor Lord, seems to be pursuing the even tenor of his way, and the general public indicates profound satisfaction that Oregon now has a governor who will not forget the courtesies of his position even if our state is again honored with a visit of the president. The unseemly division and disgraceful squabble over the election of a United States senator is another strong indication of too much political prosperity. Were the legislature more evenly divided the money question would not have intruded its hydrahead into the republican caucus.

Thursday night the councils of Brownsville and North Brownsville met in joint session to consult about consolidating the two cities. A committee was appointed to circulate a petition and another to prepare a charter and present it to the legislature.

The Stayton Times says that a man named Morris, living across the river in Linn county, went to Albany on business some three weeks ago. He was seen by several there who knew him the day he went down, but since that date neither his family nor his friends have heard a word from him.

The Monument stage driver lost the trail in the deep snowdrifts north of the John Day one night last week, and left his team and went out to prospect for a road. While he was absent the team ran away. One of his horses received a broken leg in the runaway and had to be killed.

Ira McCormick, of Brownsville, is the victim of a severe accident, the effect of taking a bath too near a red-hot stove. Just after stepping into the tub, he dropped a towel, and in his endeavor to pick it up, came in contact with the stove, which bitterly cooked the flesh over a space the size of a man's hand.

About 40 citizens of Pendleton, who joined the "Loyal Mystic Legion of America" are now sorry for it, and would like to interview one W. D. Madigan, the organizer who induced them to do so under false pretenses, as they claim, and incidentally to recover possession of some promissory notes.

We take no stock in the story of a Eugene business man being robbed by women of ill repute in Portland. It is a well known fact that Eugene business men can be trusted away from home. It probably was some Albany or Salem man that got caught and was ashamed to tell where he came from.

Representative Hofer of Marion county has introduced a very deserving bill to prohibit the employment of alien labor by corporations. The Southern Pacific railroad employs large numbers of Chinese and Japanese for work that should be done by white men.

Editorial business in China would appear to be attended with some slight degree of inconvenience, judging from the statement that the Peking Gazette, a journal that was 200 years old when the Normans conquered England, has the further distinction of having had 1900 of its editors beheaded. Its contemporaries acknowledge the sowp, and have no idea of trying to break the record.

In Massachusetts last year, says the Globe Democrat, about 45 per cent of the savings bank depositors were women, and their deposits for the year averaged \$69,50, the average for all depositors being \$72. The women of that state have in the savings banks a total of \$35,409,025, and in other banks they hold shares value at over \$168,000. What their debts are in these banks is not stated, but the figures given are an assurance that the new women in Massachusetts will suffer for pin money.

Dr. Mow's Remorative Narrative is sold by drug stores in a positive guarantee, or sent direct to Dr. Mow, Bedford Co., Virginia, Inst. or Hospital, post office, 21, and cost \$1.00, plus 25c express postage. It is positively free from opiate of dangerous drugs.

MONDAY, FEBRUARY 4.

Rev. McInturff surprised.

We have been handed the following clipping from the Spokane, Wash. Review, with the request that it be published in the GARDEN:

"The friends of the Rev. Dr. McInturff, hearing last evening that for weeks he had declined to receive any money on his salary in order that the church debt on his behalf might be paid off gave him a regular old fashioned donation. It was the anniversary of his wedding day and he was asked to come to the evening service as his presence would be desired in Epworth Hall. Not knowing what was to require his aid at the evening service he came to find the room filled with loving friends and the table loaded with such supplies as made glad the preacher's heart and won the preacher's ladder."

Hand ball is all the rage at the university gymnasium at present.

Several German emigrants left Eugene on this morning's north-bound local.

Carpenters are busy laying the floor in the Conser building on Ninth street.

About five inches of snow at Primeville.

J. W. Case the pioneer banker of Astoria, died in that city, last evening.

Cottage Grove will send a large shipment of necessaries to Nebraska about February 7.

It is stated that the administration at Washington, D. C., has negotiated an European loan of \$200,000,000.

The river is 3.2 feet low for this season of the year.

Several persons were baptised in the mill race at Springfield yesterday by the Baptist minister.

Bob Stevens has the management of the troupe to play at Parker's opera house next Thursday night.

The Knights of Pythias of this city are making arrangements to celebrate the anniversary of the birth of their order, which occurs soon.

Paul Fuhr, the well known Portland gambler, died in that city yesterday, aged 66 years.

A few years since he used to associate with Eugene green cloth players once or twice a month.

The effort to create the office of moral director and pay him a salary of \$1,200 a year to attend to the penitentiary, asylum and reform school with religious services was rejected with only five votes in its favor Saturday.

Chas H. Fisher, editor of the Rosenberg Review, and Miss Effie Owens, daughter of the late Flea Owens, was married in Rosenberg a few days since. The GARDEN congratulates Mr. Fisher and his bride.

An executor's sale is being held at Albany and granulated sugar, one of the leaders, is quoted "19 lbs for \$1." In Eugene as high as 21 pounds of this kind of sugar is sold for one big American silver dollar.

Bishop Castle, of Elkhart, Indiana, preached two excellent sermons at the U. S. church in this city yesterday. He has been visiting on this coast for some time, and will shortly return to his home in the East.

Lucian Ward had his nose broken, while working on his farm near Corvallis, last Saturday. He was cutting a young tree down when it fell and struck him on the nose, breaking the bone square across. It was a painful wound.

The Sign, published by the students of the Deaf Mute school at Salem says: On Tuesday, Mrs. Senator Alley and Mrs. Senator McAlister, and Mrs. W. T. Straub, editor of the Oregon Journal, were married in the church of the late Flea Owens, was married in Rosenberg a few days since. The GARDEN congratulates Mr. Fisher and his bride.

CUT RATES.—Salem Journal: From today, February 4th, railroad freight rates between Salem and Portland and vice versa, for all classes of freight, regardless of quantity or classification will take a ten cent rate except powder, where the classification is not less. Lime, cement, plaster, nails, coal, coke in sacks, binding twine, fence wire (barbed and plain), salt, pig iron in quantity, seven and a half cents 7½ per hundred. Shingles in any quantity, estimated weight of fifty (50) pounds to the bundle, six and one-fourth (6 1/4) cents per bundle." The great reduction is caused by river competition. The legislature should give the people a corresponding rate all along the railroad lines of Oregon. Why should Salem be thus favored more than Eugene?
