Fire Alarm Today.

At 2:15 o'clock this afternoon a fire alarm brought out the fire department in quick order. A spark from the flue of the kitchen of Nightwatchman Mathews' residence, on Ninth street near Oak, set fire to the roof and a small hole was burned in the shingles before the fire was discovered. The blize was put out without having to use the fire department, although the boys were on the scene in a remarkably short time. It is not often that a roof fire from sparks occurs in Eugene

during the month of March.

In this connection it is pertinent te iquire why teamsters are allowed to run at break-neck speed through the streets, and around corners, to the great danger of limb and life in an eftort to reach the fire apparatus. It may save a few seconds time, but one life lost, or a person maimed for life, could not be answered for by all the property saved in a century by the time gained. A fire alarm brings the people to the streets and especially on a street crossing like that of Willamette and Eighth streets there is constant danger from such reckless driving. The council should not allow teams to be whipped and galloped through the streets. In case of acci-dent the city would get a good damage suit on its hands.

Moving Very Slowly.

J. E. Gabriei and J. E. Gilbert, the two Seattle bicyclists who expect to wheel across the continent to New York, arrived in Ashland at 2:30 yesterday afternoon, having come from Woodville yesterday. They are both lewelers and have been about ten days coming this far. One of the tourists rides one of the old fashioned high wheels or "ordinaries" and the other a light safety. They left southward ing business here, whoever takes hold this morning at 11 o'cl-ok for the climb over the Siskiyou.—Ashfand put a about \$30,000 cash. This will Tidings.

John Gay, who attempted to secure money from the First National Bank, upon a forged check signed "E. H. Ingham," was sentenced this morning to two years in the penitentiary—the lowest penalty. The other indictment against Gay for uttering a forged check was dis-missed on motion of the prosecuting attorney

Frank Millett, the Cottage Grove man, who was found guilty by the jury of simple larceny of a saddle and bridle was sentenced to pay a fine of \$25 or serve 12 days in the county jail. Thereby he escaped a term in the pen.
