WILL HE DO IT.

Governor Lord takes the position that as there was no election by the legislature and the holdover board of railroad commissioners not having qualified, there is a vacancy, and that they cannot lawfully draw their pay, and he takes the position that the secretary of state should refuse to issue their warrants for pay whenever they demand them and thus force a suit to be brought into the courts to see if Oregon really has a railroad commission.

BEFORE THE GRAND JURY.

WHEAT OUTLOOK GOOD.

A private letter from Rumble & Co, Chicago, says: "The government report issued on the 10th of the month shows there is only 150,000,000 bushels of wheat remaining in the United States to carry us to the next harvest. This is only enough for home requirements and does not leave anything for export, leaving the base of wheat and must have it from some source. Prices are advancing rapidly."

AT THIS TIME THE COURT MADE THE FOLLOWING ALLOWANCES TO WIT:

Table listing court allowances: Geo M Brown, district attorney fees \$170.00; Ira B Riddell, reporter fees \$70.00; S P Lowell, grand jury bailiff \$18.00; D Thompson, court room bailiff \$30.00; B F Kenney, court room bailiff \$30.00; F C Matteson, defending Ed Russell \$20.00; Matteson and Norton, defending Holce \$20.00; L Blyen, defending Gay \$20.00; L Blyen, defending Bennington \$20.00; A C Woodcock, defending Bennington \$20.00; J M Williams, deputy district attorney \$10.00; The Howell vs Sarah C Kelley, to recover money \$10.00.

DIED BY THE BOTTLE.

Says the Pendleton Tribune of Tuesday: Last evening at about 6:30 o'clock the news was brought in that an Indian had fallen from his horse on the agency road and was probably badly injured. Coronet Kinney and Dr. Vint immediately started out, and at a point east of St. Joseph's academy and opposite the Fisher home they found the dead body of Two-Slaps. He had started from Pendleton in company with two other Indians to return to the agency, evidently intoxicated, and he was seen to fall from the horse. The fall broke a bottle which he was carrying in his breechcloth and a fragment of the glass pierced his groin, severing the femoral artery. From this wound he bled to death in a few minutes...

A COSTLY EXPERIMENT.

Salem Journal: A young lady student of Willamette university, having some calls to make last evening, thought she would place her purse containing \$10 in gold and about \$5 in silver, where it would not likely be found should any of the numerous burglars about the city call during her absence. With this purpose in view she placed her purse on the grate in the parlor about an hour later, she looked within the stove and found—not her purse as she had left it—but a mass of melted gold and silver, there having been a few live coals among the ash.

INCARCERATED.

Salem Statesman: "Sheriff A. J. Johnson of Lane county came down the other day with Ed Russell, an ill looking fellow of 18 years of age, convicted of larceny from a dwelling and sentenced to one year in the penitentiary. It was a somewhat pitiful and altogether hopeless spectacle to see that young fellow standing on the platform at the depot, poorly clad, shivering in shakies, snuffing a cigarette, a look of animal defiance and recklessness on his face neither hope nor pride within or without. The sympathy of the observer was: 'One year and then—what?'

DIED.

Captain John Wand drowned at the residence of his daughter in Portland yesterday forenoon. He was 72 years old. Mr. Wand and family resided in Eugene for several years keeping a tin and stove shop. He was well respected. Capt. O. S. Wand, formerly of the steamer Eugene, was a son of the deceased.

AT THE THEATRE.

A good audience was present at the opera house last evening to hear Theodore Krenner and his company in "The Nihilists." Mr. Krenner is one of the most realistic actors that has ever visited our city, and the people present were universal well pleased with the evening's entertainment. The other members of the company are far above the average. In fact, every one of them is a credit to the profession they represent. Tonight the company will present "Home to Home." Be sure and attend. The prices are low, and you will never regret your investment.

DIED.

At her home on Monday Creek, March 12, Mrs. Carrie Chain pion. Aged 21 years. She leaves a husband and one child to mourn her loss.

UNITY ITEMS.

March 13, 1895. Did you see the eclipse Sunday evening. Rev. J. H. Merryman departed Monday for a two weeks visit at Philo math. Our school commenced Monday with H. P. Hayes teacher. Mr. Hayes has taught several terms in adjoining districts and as yet we have not heard any complaint. The U. B. quarterly meeting was largely attended. Elder Barkley baptized five converts Sunday afternoon. Misses Ella Matteson and Abbie Humphrey have been engaged to teach schools up the Middle Fork this spring. A program is being arranged for Easter Sunday. The beef and slander cases from Fall Creek were thrown out of court; this is proof that Fall Creek was greatly misrepresented by Eugene papers. COR.

THE MILL PROPOSITION.

Daily Guard, March 16. F. M. Wilkins informs us that he will appoint the committee to solicit subscriptions to the flouring mill bonus, early Monday morning. Therefore make up your mind to put down your name for a good amount to this worthy object. As there was a question as to the amount of property possessed by Mr. Drueks and his ability to manage a large mill he furnished a couple of our business men a statement of his finances, which shows he has and represents property to the amount of \$90,000. Several sites for the mill are being looked at and considered by the committee.

FREIGHT SHIPMENTS.

Daily Guard, March 16. The freight shipments at the depot are quite large. Geo. T. Hall & Son today shipped a carload of potatoes to San Francisco; J. O. Rihelhart, one car load of potatoes to San Francisco; E. H. Ingham is loading a car of potatoes for California, and A. V. Peters is loading three cars of oats for San Francisco.

COOK STOVE SPOILS.

Some miscellaneous news from the James Campbell house in Scott's addition, recently, and stole a cook stove therefrom. Mr. Campbell, who lives at Camp Creek, was in town today and discovered his loss. The house was unoccupied.

RAIN WANTED.

The farmers are beginning to wish for rain. The continued dry weather with the cold frosty nights has retarded the growth of grain and grass very much. However no particular damage has yet been done, and we will probably get rain before a great while.

A LAWYER.

Judge Wm. Galloway of McMinnville has been admitted to the bar by the supreme court without examination. He will engage in the practice of law at that city but will not open up an office for some time.

RIDDLE ENTERPRISE.

While in Myrtle Creek Tuesday we met our old friend Fred Wiley, late of Cottage Grove. Fred informed us that he would spend the summer with a relative in the Myrtle Creek vicinity. The hand ball tournament at the university has been completed, Virgil Johnson winning, making 381 out of a possible 405 points, with E. P. Shattuck with 375 points, a difference of only six. A tennis tournament is now talked of. Medford Monitor: Mrs. G. H. Butler and son W. E., arrived from Harborsburg Wednesday morning, attracted by the satisfaction of relatives here with their new location. They bought two acres of land, across Bear creek, of G. P. Lindsey and will commence the erection of a residence at once. Mr. D. Verloop, who had an article in yesterday's GUARD on the building of a wagon road from the mouth of the Wild Cat to Glenada, does not think it advisable to build that road. He says it will cost too much money, and that the traffic will not warrant it any way, and that the county had better use its money to repair the roads it already has. A San Francisco paper states that Homer Davenport, the newspaper illustrator who formerly lived at Silverton, where he was born and raised, has just refused \$100 per week from a rival newspaper. The Examiner people, where he had been employed, made it an object for him to stay. This will be interesting news to residents of Eugene, where he is quite well and favorably known. Mr. Davenport was the artist on the "History of Lane County," this being among his first work. Lake county item from the Lakeview Examiner: Dr. Daly made another trip to Silver Lake last week, to visit Mrs. Labrie and Miss Snelling. Mrs. Labrie has nearly recovered from the burns she received, but blood poison has set in. The doctor thinks she will recover, however. * * * We have just received a letter from Senator Mitchell, in which he states that he thinks nothing will be done with Gear's bill to tap Goose lake, as there was only one week remaining of this session. * * * Representative Conn, while in Salem, purchased a pair of Denny pheasants and shipped them to Lakeview. The female died on the road, but the male came through all right. Daily Guard, March 16. TAKEN TO THE PEN.—J. M. Bennington and John Gay, both convicted of forgery, were taken to the penitentiary this morning by Sheriff Johnson and John Withrow, guard. A large crowd was at the depot to catch a glimpse of Bennington. A number of his friends also bid him good bye. He did not seem affected. LEO BROKEN.—Yesterday Grandin Gardner, the mother of Wm. Gardner, while walking around at her home in this city, fell and broke the femur of her left leg near the hip joint. As the lady is very old being nearly 85 years of age, the accident is quite a serious one.
