A DARING ROBBERY.

"Bob" Stevens Caught While Robbing A. V. Peters' Store.

For some time the store has been entered and robbed during the night, last Tuesday night the thief taking some change money among other things. Mr Peters then placed his case in the hands of Marshall Day, Policeman Pratt and Special Police Croner. Last night the took quarters in the Matlock block and about 11 o'clock saw Robt. M. Stevens, a former clerk in the store, unlock the door, go to the money drawer and help himself and gather up a pair of shoes and several smaller articles. During the time he was in the store he lit at least 20 matches to help him in the business. When he reached the door he went out and locked it behind him, and at this time Officers Croner and Linton effected his capture. Mr. Stevens has always stood well here and the people are shocked. He will be given a preliminary examination today or tomorrow.

Creswell Casualities.

Of all the dodges to extort patronage the trained bird show going through the country is the worst. Going to schools, talking the children into wanting to see the performance, then sending them home with little cards, making it appear that they give something for nothing, bribing the children to beg money by the promise of toys. It is a scheme that ought to be squelched.

It was reported about town a few days ago that George Townsend had let a steer pull the saddle off a borrowed horse and get away with his saddle and a borrowed lariat and that he could not find the outfit. George, who is an experienced cattle man says it is all a hoax and as there must have been some foundation for the report and Jim Porter is the only man whose actions are mysterious and unexplained, it is suggested that he is the man who let the steer get away and, wanting his lariat, thought to get it hunted up at Townsend's expense. Bunchgrassers will bear watching.

In speaking about the tile business, the GUARD made me say in last week's items that the freight on every thousand tile would pay for another thousand, when it should have read three thousand. In short, the money spent for tile shipped here would purchase about one-third more tile if made here.

Eugene is not the only place suffering because bright industrial bubbles burst. Creswell was thrown into excitement the other day by seeing some men measuring the ground along the side track and apparently discussing the location of some sort of enterprise. Some thought the railroad had been sold to new men and various suggestions made but it was learned that it was only a foot race they were arranging for. We are very sorry this place was chosen, not from any objection to trials of speed, but from the fact that the inevitable accompaniments do not improve the moral atmosphere.

Miss Grace Hunter's school on Row river began this week.

The annual district Sunday School convention for Creswell district will be held at Goshen in the U. B. church, on Saturday, April 20. A good delegation is expected if the weather is fair and a pleasant and profitable meeting anticipated. All persons interested in Sunday School work are cordially invited to attend.

The undersigned visited Dexter and Trent last Sunday and enjoyed the hospitality and pleasant company of ye Dexter scribe. The people up there enjoy the conveniences of a home made telephone service that is a great blessing and ought to be adopted at many places, as the cost is small and the advantages many.

Apportionment of School Funds.

County School Superintendent Stevenson the first of the week made the annual apportionment of county school funds and is now mailing the warrants to the school clerks as required by law. The amount apportioned was $25,803.95, among 7,028 pupils, or $2.60 per capita. Besides this, $50 was awarded each district as required by law. There are 155 districts in the county, six of which are joint with Douglas, Lincoln, Linn and Benton counties. Last year the amount apportioned in April was $54,039.30 or $8.87 per capita. The cause of the decrease is for two reasons: first, $4,637 was left over last year from the state apportionment, and $3000 more in taxes belonging to the school fund had been collected by the sheriff at this time last year.

The Eugene district, No. 4, with 1220 people of school age will receive $3,[illegible].

The money apportioned cannot be used for improvement of grounds, the erection of buildings, or for the purchase of supplies as many suppose. It must be used to pay salaries of teachers and for the purchase of apparatus.

W. T. Sanford, station agent of Leeper, Clarion county, Pa., writes: I can recommend One Minute Cough Cure as the best I ever used. It gave instant relief and a quick cure.

The Last People on Earth

to properly expect relief are those who are constantly dosing themselves with cathartic pills, pulvyplus and other drastic cathartics. Constipation cannot be permanently overcome by such temporary measures. The effect of this medicine is easy and natural, and is not accompanied—as in the case of strong purgatives—with griping and abrupt operation. Malaria, dyspepsia, biliousness, sick headache, heartburn, kidney trouble, rheumatism and nervousness are relieved and promptly removed by this excellent remedy recommended by physicians everywhere.
