**J. F. FORD,**  
(By appointment)  
Of the Marine Corps, writes under date of March 23, 1895:  
S. B. MRS. MRS. Q. G.,  
Duff, Oregon.  
GENTLEMEN: On arriving home last week, I found all well and anxiously waiting. Our little girl, eight and one-half years old, who had wasted away to 25 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Conger's Care has done its work well. Both of the children like it. Your S. B. Conger's Care has cured and kept away all lice from me. So give it to every one, with greetings for all. Wishing you prosperity, we are Yours, MR. AND MRS. J. F. FORD.  
Write for our fresh and cheerful, and healthy baby's work, "Fleas," the system of washing and care, by taking "Fleas" does a week.  
Send orders and money to J. F. Ford, 30 cents per bottle by all druggists.

Perfumeries,  
Toilet Articles.

**THE FRASIER CASE.**  
The Defendant Has Settled the Matter by Paying all Costs, Etc.  
Daily Guard, April 25.  
Constable Linton arrested E. J. Frasier near Coburg late yesterday afternoon on the charge of larceny by bailment. After Frasier's arrival here he appeared before Justice Wheeler and his trial was set for this morning. Today the matter was settled by Frasier returning the money received for the tickets, paying the Germans five dollars for their expenses while detained here, and settling the costs in the case, amounting to about \$16. Of course the tickets were returned to Frasier by the Germans. They will leave here tomorrow morning for their destination over another line, more direct. The officers thought it was for the interests of the state to settle the case as it would cost the county considerably to keep the Germans here, as they were without means. The excitement last evening over the affair was intense. Frasier claims he acted honorably in the matter, and says he was out of town on business. However, his settling these claims would go to show otherwise. The Germans will leave on tonight's overland train for Alabama via the S. P. R. R.

**ACCIDENT.**—While out driving near Coburg last Sunday Mr. and Mrs. Eldridge, of the Home Bakery, met with a serious accident. The horse they were driving became sick and they exchanged for another. The new horse became frightened and ran away, throwing both Mr. and Mrs. Eldridge from the buggy. The former was rendered unconscious for some time but the latter was not hurt. They passed the night at a farm house and the next morning were brought into town by J. W. Christian. Mr. Eldridge sustained some severe bruises but will be all right in a few days.

**A LONG JOURNEY.**—E. H. Ingham, less than a month ago, sent a letter to a gentleman at Halifax, N. S., Canada. Yesterday he received the letter back, it being returned to the writer as "undelivered." The letter had been sent to a number of different places in search of the gentleman for whom it was intended, without success. The envelope was covered with a variety of postmarks in Canada and the United States. During the time it must have traveled 10,000 miles and all for two cents.

**FAST WINDING.**—The work of stretching the wire on the Campbell-Walker loop yard was completed today. Four men lightened the wire over 22 acres, in one day's time, as fast as fiddle strings.

## Dollars Must Be Made

To count as far as possible, and if we expect to get them, must offer great inducements. The phenomenally low prices of labor and all farm products compels the farmer and laborer to insist on receiving 100 cts. worth of goods for every dollar he spends, and the only way in which we can receive his trade is offering live bargains.

### We Are Chuck Full

Of bargains in Drugs, Toilet Articles, Etc., and guarantee to sell as much goods for \$1.00 as you have been paying 100c for; we also guarantee to everyone fair and honorable treatment, and ask, in return, your patronage.

**V. HEMENWAY.**

**Board of Trade Meeting.**  
Daily Guard, April 25.  
The board of trade held a meeting at their rooms last evening. President McKinstry presided. The first subject discussed was Mr. Sachs' gun factory.  
Mr. Sachs desires to locate his plant in Eugene but other cities have been holding out inducements for the factory. Area 4 busy he brought the matter before the board of trade to see what assistance they could give him. He wants a loan of from \$200 to \$1000 for one year with which to set him in getting his factory in operation. The plan is to be given as security for the loan. Mr. Sachs made a statement showing the status of the factory.  
After considering the matter the board appointed a committee consisting of Messrs. Lvinger, Gray and Kays, and the president of the board, to see if the necessary amount could be raised.  
A committee was also appointed to work in connection with, and advise from other valley towns in order to secure better development of the commercial interests of the Willamette valley. On motion the president was authorized to appoint said committee, to number eight persons, to be as chairman of the same.  
On motion the board adjourned.

**AN EXPLOSION.**—The attendants in O'Brien & DeLano's drug store were startled yesterday afternoon by a loud explosion in their oil room. On examination it was found that a five-gallon can of ammonia had exploded. The fumes were so strong that the room could not be entered until this morning. It was fortunate no one was in the room else we might have been called on to chronicle loss of life. No damage to stock.

**RETURNED HOME.**—Mayor Matlock, Senator McClung and Hous, S. H. Friendly and A. C. Woodcock returned from Salem last evening. The meeting, which was to make arrangements for presenting the battleship Oregon with a testimonial was poorly attended. The Portland, Salem and Astoria delegates held a meeting and adjourned before the Eugene delegates arrived. The governor will appoint a committee to solicit subscriptions to the fund.

**INTERESTING SESSION.**—The Advancement Club held an interesting meeting last evening. Dr. Loomis read a paper on "The Punishment of Criminals from a Moral Standpoint," and Mrs. Miller on "Toleration." Both these papers were well prepared, and the audience was greatly delighted with them. A solo by Miss Adair was loudly applauded. Next Monday evening papers will be read by Judge Walton on "Marriage and Divorce," and one by Prof. Condon on "Tramps; Their Origin, etc."

**To Spencer's Pinnacle.**  
Yesterday was a beautiful spring day and three pedestrians from the city, thinking it an opportune time in which to scale the heights of Spencer's rugged peak, wended their way thitherward that they might revel in the glory and splendor of Willamette's spring time scenery.  
Leaving here about 9 o'clock in the morning, they walked over the low lying hills south of Eugene, and through the fruit district of that section. The large number of orchards of apples, pears, peaches and other fruits found here will be surprising to one who has never visited this part of Eugene's surrounding country. The valleys and dells are dotted here and there with pretty houses and with orchards now fast blossoming into pink and white. The soil in this locality is void of rocks and is deep and rich and especially adapted to fruit raising; and it is being settled by a class of people who are improving it so that in a few years more, when many of the orchards reach maturity, it will be one of the most beautiful localities in Lane county.  
About noon a spring of cold water half way to the summit of old Spencer, was reached, and here we halted and with the necessary provision which had been made, proceeded to satisfy the cravings of the inner man.  
Proceeding on we reached the summit about 1 o'clock, as we mounted the divide of the summit from the west, the view which we suddenly held out the eastward was simply grand, Mount Jefferson and the Three Sisters, and a number of lesser peaks, and the summit range of the Cascades, all visible with snow, were plainly to be seen. The view in every direction is as grand as the eye can reach, and the interesting points to be seen are too numerous to mention here. All who have made the ascent will corroborate what we have said and those who have not made it and who desire to get a magnificent view and learn the history of the country surrounding this city, should do so soon as the opportunity offers. A good wagon road will permit one to make nearly half the ascent by team if they so desire.

**THE FLOURING MILL.**  
Articles of Incorporation Filed, Work Will Be Rushed.  
Surveyors are at work today laying off the mill site. Work will be rushed on this afternoon the articles of incorporation were filed in the clerk's office. The name of the corporation will be The Eugene Mill and Elevator Company; duration, unlimited. The articles provide for the carrying on of a general milling and wheel warehouse business. Place of business, Eugene. Capital stock, \$14,000, with power to increase. Amount of each share, \$25 and non-assessable. The incorporators are L. G. Sutter, Chas. S. Williams and J. P. Holland.

**WILL SHE GET HER?**—The steamer Eugene left Corvallis at noon today with a good load of freight for this city. Geo. Crow, agent, received a telephone message from her inquiring how the water is here, and he immediately sent a man down to the river to see. At 11 o'clock the water stood 4 feet 3 inches, having fallen about a foot since yesterday. That stage of water here will make about eighteen or twenty inches on the dikes below town, and fears are entertained lest the boat will not be able to get to this city. The steamer will reach Harrisburg some time this evening and if she possibly can will come on up, reaching here some time tomorrow afternoon. If she can get here, teams will be started down tonight and the freight will be hauled up from Harrisburg.

**JUDGED.**—A man by the name of G. W. Chamberlain entered the residence of Mr. Giroux, owner of Pearl and Eighth streets, last evening and took possession, there being no one at home. Miss Leta Park, who saw the man enter the house, ran and informed Marshal Day, who arrested him and took him before Recorder Dorris. He proved to be a notorious character who has been providing around town for several days, and was fined \$5 and costs for drunkenness. Not being able to pay his fine, he was placed in jail, and this morning the officials intended putting him to work on the streets, but he was sick.

**NEEDS MONEY.**  
The Eugene Gun Factory Badly in Need of \$3000.  
Daily Guard, April 25.  
Captain Sachs, proprietor of the Eugene Gun Works, after putting between \$5,000 and \$6,000 in his gun factory bills that he still needs about \$300 to place it in operation. He has tried to mortgage the machinery, etc., to the banks or local capitalists for the necessary money, but has been unsuccessful and is somewhat discouraged, and we think, rightly so.  
Now we have a plan: Let 25 or 40 of our enterprising citizens furnish the money and place this factory on its feet. It will be money well invested. The factory, although not possessed of much money, will be one of either of the above numbers.  
What will our citizens do about the matter?  
Since writing the above we learn that Captain Sachs has a proposition to remove the plant to Portland, and is making arrangements in that line. Now if our citizens want to save this manufactory, they must raise the money at once. We cannot afford to see it leave our city.

**SIGNAL TRIUMPHS WON**  
By Dr. Price's Cream Baking Powder.  
Two signal triumphs have been achieved by Dr. Price's Cream Baking Powder. First it received Highest Award Diploma at the World's Columbian Exposition of 1893. Next it secured Highest Award and Gold Medal at the California Midwinter Fair of 1894. At both Fairs it surpassed all competitors in every respect. The award, in each instance, was for strongest leavening power, perfect purity and general excellence. It was sustained by the unanimous vote of the judges.  
The victory at Chicago establishes the supremacy of Dr. Price's as "The Foremost Baking Powder in the World." The triumph at San Francisco confirms and emphasizes it.

**Gov. Lord on Silver.**—Oregon's present governor is in sympathy with the movement for financial reform but does not believe free coinage panacea for everything as some do. In his letter to Governor Kirkland announcing the appointment of three strong silver men to the Salt Lake conference, Governor Lord says: "While I have not been able to convince myself that unlimited coinage of silver would prove a remedy for our monetary troubles, I regard your conference with favor because it is non-partisan in a political sense, and has for its object the education of the public mind to the important question of finance." He is willing the question should be discussed and that the people should be educated on the subject. He is rather a conservative bimetalist, but not hostile to silver as a money metal.

**LOOK HERE.**—The Minnesota Hotel furnishes excellent board and lodging because it is non-partisan in a political sense, and has for its object the education of the public mind to the important question of finance. He is willing the question should be discussed and that the people should be educated on the subject. He is rather a conservative bimetalist, but not hostile to silver as a money metal.

**FOR SEDUCTION.**  
George Ricks, a Junction City Man Accused of the Crime of Seduction.  
Daily Guard, April 25.  
Mrs. Mary E. Cantrell, of this city, yesterday afternoon swore out a warrant against George Ricks, who has been working on C. W. Washburne's farm near Junction City, charging him with having seduced her daughter, Miss Hattie Morgan, under the promise of marriage. It is charged that the crime was committed in this city April 5, 1895, at the residence of Mrs. Cantrell. We learn that the parties were caught in the act by Mrs. Giroux, who was stopping at the house. The young lady is only a little over fourteen years of age, and has heretofore borne an excellent reputation. Ricks is a grown man. It is too bad that the Alley law, which raises the age of consent from fourteen to sixteen years, does not contain an emergency clause, which would permit him being tried on charge of rape.  
Constable Linton arrested Ricks at Junction City this forenoon and brought him here on the 2:30 o'clock train.

**Explanation of the Muddle.**  
Mayor Matlock has received the following letter from Chairman J. H. D. Gray of the committee that has in charge the presentation of a suitable souvenir to the battle ship Oregon, explaining the misunderstanding in regard to the time of meeting at Salem of the mayors of different towns, Monday, Mr. Gray writes:  
ASTORIA, Or., April 23rd, 1895.  
MAYOR MATLOCK, Eugene, Ore.  
DEAR SIR: Yesterday morning on arrival at Portland I was informed by Mayor Frank that neither he nor the president of the Chamber of Commerce of Portland had been notified by Gov. Lord—only through the newspapers—of the meeting called by him to convene at Salem, yesterday to consider the proposition of presenting a suitable testimonial to the battle ship "Oregon," and fearing that Oregon City, Albany and Eugene had possibly not received or considered the newspaper notice, at Mayor Frank's suggestion I sent to the mayor of each of the cities named the same telegram I did you. Oregon City did not respond, and while I opposed the adjournment until the hour stated in the Governor's call, I feared your city and Albany would not be there. I apologize to yourself and friends.  
Very truly yours,  
J. H. D. GRAY.

**BROKE DOWN.**—John Gray, Joe Luckey, John West and Dr. Prentice, accompanied by Henry Loughmiller and Henry Hollenbeck, returned home last evening from a trip to their claims about six miles from Walker station on the Coast Fork. They went up last Sunday and report finding everything in good shape. They had a light hack and a buggy, and when within about half a mile of their claims they broke one of the wheels of the hack, and had to carry their provisions etc., the remainder of the way. Returning, they placed a pole under the axle and proceeded, thus as far as Walker station where they borrowed a cart wheel to take the place of the one broken, and made the journey the rest of the way without mishap.

**WET LOOK THEIR HOUR.**—Judge Bellinger in the U. S. court at Portland, yesterday rendered a decision in the case of the Bank of California agt. J. L. Cowan in favor of the plaintiff. The suit was brought to set aside the deed of the residence property at Perry and 15th streets, Albany, made in Mrs. Cowan at the instigation of the Bank of California National Bank in June, 1892. The court held that the deed was in the nature of a preferential assignment and hence illegal. Under the decision the property will go over to the creditors of the defendant pro rata, and not to the one making the first attachment.

**A LONG String of Fish**  
Is not carried up a side street.  
Just about as important to GET FISHES KNOWN you've got something good for them as it is to have it (be believed). Want'those something said about buying your salt in a napkin? Having done our duty by entering the wonderful sailing attention to them, we leave you to do yours by seeing them. For all who visit us we have bargains for those who don't sympathize.  
**V. Hemenway.**  
P. S. Prescriptions a Specialty.

**BAD ACCIDENT.**  
Christopher Christner Gets His Arm Crushed in the Machinery at Lee's Brickyard.  
Daily Guard, April 25.  
Christopher Christner, a German, who has been working at Lee's brickyard, near Dr. Harris' farm west of town, met with a serious accident about half past eight o'clock this morning.  
Christner is a young man aged about 22 years. He was working in the pit and went to pass the rollers, when he slipped and fell and his left arm caught in one of the large cog wheels. As the mesh of the wheel is four inches deep and the cogs come within one-half inch of each other, his arm was literally crushed.  
He was brought to town immediately and taken to the office rooms of Dr. T. W. Harris, where he was given a medical examination by Drs. T. W. Harris, J. W. Harris and W. Kuykendall, who decided that his arm could not be saved.  
Drs. T. W. and J. W. Harris performed the operation about 11 o'clock this morning, removing the arm just below the elbow joint. He was then taken to a room in the Matlock lodging house, where he will be kept for a few days. His father lives a short distance west of town.

**THE FLOURING MILL.**  
Doubt Now About the Erection of the Same.  
Daily Guard, April 25.  
J. B. Knapp and Fletcher Linn were around this morning soliciting stock subscriptions to the new flouring mill. The list was headed by Hon. T. G. Hendricks with a subscription for four shares valued at \$100. This is a worthy enterprise and is sure to pay good returns. A liberal amount of shares should be taken by our business men.  
LATER.  
Messrs. Williams and Sutter inform us that the committee soliciting for subscriptions to stock for the enterprise has met with poor success thus far. They further say that they expect the people of Eugene to take two thousand dollars worth of stock in the project or else buy the site for them at a cost of \$1,500, and if they thus fail so to do they will abandon the project entirely. Evidently a misunderstanding has prevailed about the new project. Many of our citizens were of the opinion that the gentlemen did not want any help, while they supposed their printed proposition made some time since, would be complied with by the people of Eugene, and therefore went ahead.

**Died.**  
Daily Guard, April 25.  
Christopher Holland, aged 73 years, died this morning at 11:20 o'clock at his home on East Ninth street. The immediate cause of his death was La Grippe, though he has not been well for two or three years.  
Mr. Holland is an old unmarried gentleman who has resided in this city for a number of years and once followed the practice of doing washing for a living, going about from house to house to perform his duties. He was a native of Norway and served nine years in the army of that country. He afterwards served as a sailor, but finally came to this country and has resided in Eugene for sixteen years.  
The funeral services will be held tomorrow morning at 10 o'clock to the I. O. O. F. cemetery, Rev. D. E. Lovridge officiating.

**Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair.**  
**DR. PRICE'S CREAM BAKING POWDER**  
Most Perfect Made.  
40 Years the Standard.
