for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ASCHEZ, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

OPENING SILETZ RESERVATION.

The register and receiver of the Oregon City land office has received a telegram from Commissioner Lamoreux, of the general land office, reading as follows: "Publish information in a daily paper relative to the opening of the Siletz lands as follows: The time of opening is fixed by proclamation for Thursday, July 25, at 12 o'clock, noon, Pacific standard time."

So much is definite and official. Long before the time for opening the reservation, it is expected the department will send to the land office the special regulations to govern the entry of the Siletz lands, and the public will be given due notice of them.

It is understood that there will be application to enter at least one township on the reservation, on the bay or at the mouth of the Siletz river. Most of the vacant land will be subject to homestead filing, however. The cost of filing a homestead claim on 160 acres is \$96, and upon proving up \$1 additional per acre must be paid.

THE FIRST OREGON NEWSPAPER.

Geo. H. Himes, historian of the Oregon Press Association, and one of the state's pioneer printers and publishers, lectured on "The press of Oregon," at Portland on the 13th. Among other things he said: "The first newspaper started west of the Rockies was the Oregon Spectator, which was issued at Oregon City Feb 5, 1846, printed semi-monthly, by John Fleumming, for the Oregon Printing Association, of which W. G. T'Vault was president; J. W. Nesmith, vice-president; J. P. Brooks, secretary; Geo. Abernethy, treasurer, and Rowell, E. L. Long, and J. H. Couch, directors. The paper was 15x22, and contained 15 columns. W. G. T'Vault, a pioneer of 1845, and then postmaster-general of the provisional government, was elected editor on a salary of \$300 per year. While he was an uncompromising democrat of the Jeffersonian school and never so happy as when stoutly promulgating its principles, the constitution of the printing association made it necessary that the editor should espouse politics. He died of smallpox at Jacksonville in 1860."

Astoria Budget: Ex-Sheriff Smith, who was in office about seven years. The office was worth not less than \$16,000 per year—\$112,000 for the whole time. When he married his last wife she was worth about \$17,000; now she is hopelessly involved. It is reasonable to estimate that he is in debt about \$2,000. That makes \$141,000 he has squandered in the time mentioned, and his wife accepted a situation in a dress making shop today at a salary of 76 cents per day; his daughter is compelled to work in the can factory for \$3.50 per week. He left them without a nickel.

Dallas Itemizer, dem.: We consider Oregon as very fortunate in having a chief executive as Governor Lord and such a secretary of state as H. R. Kincaid. They are in no sense cranks, but are in ever-sensible friends of the people at large. With them the matter of popularity or the reverse cuts no figure, it being simply a question of duty to those they were chosen to serve. If we were a bitter democratic partisan, we should leave it to editors of their own faith to praise them, but we hope to always be found with enough manhood to approve what is worthy and condemn what is unworthy wherever found.

The Oregon State Grange of the Patrons of Husbandry will hold its 22d annual session at Oregon City, beginning on Tuesday, the 28th inst., at 10 a. m. A large attendance is expected, as Oregon City is situated in the banner grange county of Oregon. Among those who will be present are Hon. David Lubin, of Sacramento, and Hon. A. P. Roache. The Southern Pacific will give reduced rates, to get the benefit of which members must obtain receipts from the ticket agent when purchasing their tickets.

The Times says the vitality is oozing out of the Corvallis street railroad. The actual cost was \$11,000. Miles Wilkins traded real property and \$2,250 cash for it. At one time the receipts were as high as \$100; but now they have been flickering until they amount to only about \$10 a month. A Portland company now owns the road, having taken it on a debt. As a license of \$10 a year has been imposed it will have to stop running and the rails will no doubt be sold for old iron.

Bradstreet's reports show a big increase in clearances, take the whole U. S. for one week, over the corresponding one of last year. It is to be noticed though that the increase has not yet struck this coast, which rather shows a decrease, that of Portland being 21 per cent, Seattle 21.8 per cent, San Francisco 1.1 per cent. The largest increase is that of New York, over 50 per cent. Spokane shows an increase of 22 per cent, and Tacoma of 29.

A LIVELY TIME.

The Republican Clubs at Portland are Divided Between Silver and Gold. Senators Dolph and Alley the Leaders. Special to the DAILY GUARD. PORTLAND, May 22.—The convention of Republican State Clubs gave promise of being the largest and most interesting ever held in this city. The free silver element has its way and is out for blood. The convention was called to order at 10:30 by President Beckman, who congratulated the delegates upon their meeting and cautioned them to proceed in harmony and with deliberation. He was exceedingly gratified that out of 250 clubs in the state he were represented. He stated that the principal business of the convention was the election of fourteen delegates to the National convention at Cleveland, Ohio, June 10. The ball was opened by Ex-Senator Dolph moving that the chair appoint a committee of five on credentials. The free silver men met this by having Alley of Lane pass up a type-written resolution to the effect that the committee on credentials, resolutions and order of business be appointed, consisting of one member from each county to be selected by the delegates from that county. They moved this as an amendment to Dolph's motion. The chair ruled that all proposed amendments to the committee on credentials must be out of order. Alley then moved that a substitute for Dolph's motion, Dolph protested against a substitute as a thing unheard of in a convention. He was willing to increase the committee. Alley afterwards withdrew all but that part relating to credentials. A standing vote was then taken on Alley's amendment and it was carried by a vote of 248 to 250. The count was challenged and the chair ordered a recount. This was strongly objected to by the silver men and a preliminary wrangle followed which resulted in the adoption of a motion that the chair appoint on the committee on credentials one member from each county. The hat was then passed and collected to defray expenses. The silver men wanted to know how the chair appointed a recess was taken till 2 o'clock this afternoon.

AFTERNOON SESSION. When convention reassembled at 2 o'clock report of the committee on credentials was read. Reading was not finished until 10 o'clock. Next business will be election of delegates to Cleveland, Ohio.

"Several years ago, my blood was in bad condition, my system all run down, and my general health very much impaired. My hands were covered with large sores, discharging all the time. I had no strength nor energy and my food did me no good. I commenced taking Ayer's Sarsaparilla and soon noticed a change for the better. My appetite returned and with it, renewed strength. Encouraged by these results, I kept on taking the Sarsaparilla until I had used six bottles, and my health was restored."—A. A. TOWNS, prop. Harris House, Thompson, N. B.
