

DECORATION DAY.

The Graves are Decorated Despite the Inclement Weather.

For several days past the weather has been very blustery and Decoration Day, 1895, broke with clouds and foreboding. At times, however, the clouds would break away and the sun would make its appearance to gladden the hearts of all with the expectancy of a bright day. But it was not destined to be so, though the day did not prove to be really a bad one. Extensive preparations had been made for a proper and patriotic observance of the day, and it was only the slight inclemency of the weather that prevented it from being one of the most beautiful and impressive of services in honor of the memory of the departed comrades of the brave men who fought to save their country ever held in this city.

The line of march was formed on Oak street, north of Sixth at 10 a. m. Before that time the G. A. R. W. L. C., C. Co. and Eugene Cornet Band had assembled at their respective halls. The public school children of both the Central and Geary schools met at the Central school and marched from there to the place of formation on Oak street. Shortly after they arrived a shower came up and the children were marched into Parker's opera house, where they remained until it was over.

Promptly at 10 o'clock the line was formed as follows: Eugene Cornet Band, Company C, O. N. G., G. A. R. and old soldiers and sailors, public school children and mayor and city council and citizens in carriages. The W. R. C. preceded the column to the cemetery in carriages. The line moved north on Oak street to 7th, west on 7th to Willamette, south on Willamette to 13th. At this point, owing to the long distance to the cemetery, most of the school children reversed the order of march and left the column. The column proceeded east on 13th street to Patterson, south on Patterson to 14th and east on 14th to the county road leading to the L. O. O. F. cemetery. The procession reached five blocks, one of the longest in Eugene for many days.

Arrived at the cemetery the different orders were directed to the hollow square. Two details from the W. R. C. under escort of detachments from the G. A. R. were sent out to decorate the graves of old soldiers. The band then played "A Selection," at which the ritual of the G. A. R. was had. A quartet was rendered by L. Hulbert, J. D. Rowland, Mrs. H. G. Riggs and Miss Myra Brown. The G. A. R. then went through the ceremony of depositing flowers upon the grave in honor of the memory of comrades of the various companies which they represented.

Comrade Miller next delivered a short address to comrades of the G. A. R. Up to this time the weather had been favorable to the occasion, but a bleak wind and rain now came up and the address by Past Department Commander McElroy and the remaining programme was dispensed with. The services were then dismissed to be resumed again at Parker's opera house at 1:30 p. m.

AFTERNOON. Co. C. W. R. C. and 200 children formed on Willamette at 9th street, and under escort of Post No. 7, G. A. R., marched north on Willamette to 7th, thence east to Oak, thence south to 9th, thence west to Willamette, thence south to Central school, where appropriate exercises were held.

At the Central school grounds a platform had been erected and on it a beautiful white monument and a mound of moss representing a grave. Seats were erected to accommodate visitors. An organ was also placed on the platform. A large crowd of people assembled to witness the exercises notwithstanding the threatening condition of the weather. Following is the program rendered by the schools: Song—Flag of America. Invocation—Dr. Driver. Salute to the flag. Recitation—"Memorial Day," by Verne Long. Song—"Maud Gardner." Recitation—"The Veteran's Death—Clara Evenson." Recitation—"Misses Wilkins, Gilstrap and McMurray." Song—"Cover them over with beautiful flowers," by 8 little girls. Recitation—"The Silent Visitor," by Arthur McAllister. Recitation—"Somebody's Darling," by Ellen Mills. Song by 18 little girls—"Scattering flowers over the Soldier's grave." Recitation—"Our Flag," by Clyde Chesbire. Recitation—"The Bugle Call," by Grace Edmondson. Recitation—"Our Country's Heroes," by Eugene Coleman. Recitation by two little boys and two little girls. At this juncture a photograph of the crowd was taken. Recitation by Harry Lowell. Recitation—"Decoration Day," by Lella Russell. Recitation—"Flowers," by 3 little girls. A few remarks by Prof. McElroy. Three cheers for Prof. Reid and public schools, by old soldiers. Three cheers for G. A. R. by public schools. Recitation—"Unknown Graves," by Mary Skipworth. Song—"Battle Hymn of the Republic," by everybody. This closed the exercises of the afternoon. Exercises will be held again to-night at Parker's opera house under the auspices of the G. A. R.

Elder Bonnell Will Reconsider. At a meeting of the official board of the First Christian church, held at the residence of P. J. McPherson last evening, the board decided not to accept the resignation of Elder Bonnell, pastor of said church, Elder Bonnell accepting the decision of the board. P. J. McPHERSON, J. S. STILES, P. R. BURNETT.

Doctor R. Fish, of Gravois Mills, Mo., a practicing physician of many years experience, writes: De Witt's Witch Hazel Salve has no equal for medicinal uses, and is equal for relief of pain instantly, heals a burn quickly and leaves no scar.

FLORAL DECORATIONS.—Manager Parker had the stage beautifully decorated with flowers and evergreens in the play "Alatama" in the opera house last evening. Real plants and flower-like shrubs were placed here and there upon the stage while networks of roses and other blossoms adorned the walls, giving the stage the appearance of a genuine flower garden and imparting life and beauty to the well rendered play.

Arrested. Daily Guard, May 30.

Constable T. D. Linton yesterday evening about 7 o'clock arrived in town with the tramp-rapist, who assaulted some little girls south of town Monday afternoon, who he captured near the Chesire hop yard. It appears that he also assaulted a little girl near the Blair farm on Tuesday. He gives his name as Jack Brown and says he came here from Portland. When first arrested he denied ever having been at the place where he committed the assault, but afterwards admitted that he was in that section on last Monday, but claimed he was intoxicated.

He is in the county jail for safe keeping. He will be given an examination before Justice Wheeler on the charge tomorrow morning at 9 o'clock.

BOUND OVER. The second jail was bound over to appear before the grand jury in \$1000 bonds. His conviction is nearly certain.

Mr. Reames is a young attorney of promise. His father, Mr. T. G. Reames, is a wealthy resident of Hillsboro. Mr. and Mrs. Reames will go to housekeeping in this city in the near future." The young couple are well known in Eugene. The GUARD congratulates them.

ON HIS JOURNEY.

Lee Teutsch Writes the Guard from Ogden.

OGDEN, Utah, May 27, 1895. I am getting along very nicely. Had a small break-down yesterday, but am ready for the road again this evening, but will not be able to leave here before day after tomorrow, as it has been raining and snowing here most all day, and it looks like it might keep it up for some time. I will go to Salt Lake on the train if it continues to rain. From there I will go to Denver via the Denver & Rio Grande route. Will try and get there about June 10. I will not come back to Oregon on a bicycle. I will be satisfied when I get to Texas with all the fun I care for in that line. Have received one copy of the GUARD, April 22.

The State Commander writes us from Lincoln Nebraska, as follows: "After trying other remedies for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail." Signed W. F. Stevens, State Com.

A Leaf Fluttered by the Wind. Is not more tremulous than nerves debilitated or overstrained. Nights of unrest followed by days of discomfort are the common lot of the nervous. This class of individuals, too, is usually troubled with indigestion and imperfect assimilation. Indeed, the inability of the system to perform these twin functions may be largely attributed to nervous symptoms. Haelet's Stomach Bitters is a sovereign remedy for nervousness, dyspepsia and indigestion. The food is remedied by it, as are also malarial and kidney complaints, indigestion, constipation and rheumatism. Continued nervousness cannot be permanently remedied by opiate sedatives, which are highly prejudicial to health, and lead to a habit of increasing doses. The Bitters first soothes, then cures a vigorous discharge of the various functions, and removes obstacles to that end. Take it persistently at regular intervals.

TO PORTLAND.—Attorneys A. C. Woodcock and L. Blyue went to Portland on this morning's local train. They go to defend Woods and Pennington, who are to be tried in the U. S. court on criminal indictments and also on civil complaint. Woods is accused of cutting saw logs on his Ma-hawk homestead previous to proving up, while Pennington is accused of cutting tan bark on his homestead. W. W. Haines also will be defended by the attorneys, on a civil complaint which alleges that Haines bought the bark of the last named person and is therefore liable. Mr. Haines and quite a number of witnesses went below on the same train. The cases will probably not be concluded before next Wednesday.

MACHINERY PURCHASED.—Portland Commercial Review: "Eugene has had its flour mill, the contract for which was awarded Williams & Grant of this city Saturday, the machinery to be here July 15. Six leading firms made the competition keen for the machinery contract. The mill will have a daily capacity of fifty barrels."

WILL SHIP MONDAY OR TUESDAY.—John Stewart has experienced some delay in getting his cattle together for shipment, but expects to have them all packed up by Saturday and will make the shipment Monday or Tuesday.

FOSTER FORECASTS.

East of the Rockies June Will be Cooler Than Usual.

Prof. Foster, whose predictions of late have been most accurate in his bulletins gave forecasts of the season wave to cross the continent from May 27th to 31st. The next, he says, will reach the Pacific coast about June 1st, cross the west Rockies country by close of the 2nd, the great central valleys 3rd to 5th, and the Eastern states about the 6th.

The second disturbance of June will reach the Pacific coast about the 7th, cross the west of Rockies country by close of 8th, the great central valleys 9th, Eastern states 5th to 11th. Cool waves will cross west of the Rockies country about June 4th and 10th, and great central valleys 6th and 12th, and Eastern states 8th and 14th.

East of the Rocky mountains June will average colder than usual and west of the Rockies warmer. The east Gulf states will have about or above normal temperature and proceeding northward the temperature departures will increase on the cold side, colder from St. Louis and Chicago toward the northwest and northeast.

On the north part of the Pacific slope the temperature will average above, the temperatures decreasing to about normal on the south part of the Pacific slope.

Rainfall of June in the Southern states will be generally below normal. In the Ohio valley, the Dakotas and east of Rockies arid districts rainfall will probably be short while the Northeastern states and the middle Mississippi valleys will have full or above average rains. Florida and western Texas will be short on rainfall.

Following is about the average temperature in degrees and rainfall in inches for June: for the North Pacific slope, temp. 56, rain 1.00.

A Card of Thanks.

On the evening of the 28th inst. our home was suddenly invaded by about fifty of the good people of Fairmount who came, as we soon learned, to give us a genuine gooding, which we welcome with delight. The presentation speech was touching and beautifully spoken by Mrs. Eaves, one of Fairmount's most gifted ladies. After a brief hour spent in social converse, a beautiful song by the audience and an appropriate prayer by Rev. C. B. Davis, these good people quietly withdrew, after many expressions of kindness and good will. For such expressions of friendship we desire this publicity to express our sincere thanks.

DISMISSED.—Prosecuting Attorney Williams returned home last evening. He informs us that upon his motion H. D. Lincoln, who was arrested for stealing 1000 lbs of flour, was discharged, as the statute of limitation had run against the crime. Petty larceny must be prosecuted within two years, while this crime was committed some ten days over that time.

THE JASPER MILL.—Portland Commercial Review: C. R. Sylvester & Company, of Jasper, Oregon, have placed an order with the Case Manufacturing Company, through their Portland house, for new rolls, reels, scalpels, etc. They intend to change their system from burr to roller process.

THE STATE SEWER.—Salem Statesman: "A gentleman named Kelley from Eugene, who is highly recommended as a civil engineer, was in the city Wednesday to consult the state building board relative to the construction of the sewer for the state buildings. It was understood he has prepared plans and specifications for the work and would like to have engineering charge of it. W. J. Culver, city surveyor and a thoroughly competent engineer, is also figuring on the work and will probably expect to be considered in the superintending of it. It is an important job and needs to be well done. The board will endeavor to obtain the best and most reliable execution of them. No definite action will be taken until the return of State Treasurer Metchum, who is in Eastern Oregon on business at present." We will inform the Statesman that the name of the Eugene gentleman is Joseph G. Kelley, and he is one of the best civil engineers in the state. He drew the plans for the Boise City, Eugene and Roseburg sewer systems.
