

CASTORIA

for Infants and Children.

"Castoria is well adapted to children that I recommend it as superior to any prescription known to me." J. A. ACHESON, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTIN, D. D., New York City.

Castoria cures Colic, Constipation, four stomach, diarrhoea, flatulency, kills worms, gives sleep, and promotes the growth of the child, without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., 125th Street and 7th Ave., New York City.

OUR STATE UNIVERSITY.

A Eugene correspondent of the Portland Sun says: It is now nearly 19 years since the University of Oregon first opened its doors to the ambitious youth of the state. Of the faculty of four who ushered in its educational life three are yet in active service—Professors Johnson, Bailey and Condon. Professor Spiller retired from work in 1888.

Professor Johnson for 17 years the head of the institution was called to that position from the principalship of the Portland High school. His record as an educator in Portland is of the best, and his resignation there was felt to be a serious loss. Two years ago Professor Johnson resigned the presidency of the university, preferring to confine himself to teaching ethics and Latin, and it is said no able instructor in Latin is anywhere to be found.

Prof. Mark Bailey is a loved and honored member of the faculty, was educated at Harvard, and has devoted his life to teaching. It is sincerely to be hoped that he has many years of usefulness yet before him.

In 1879, three years after the university opened, Professor Collier was offered a position, and has since filled the chair of chemistry and physics. Previous to this he taught in the Willamette university at Salem and was 10 years an instructor at Forest Grove. He was until recently one of the trustees of the latter institution. He began his career as a teacher soon after leaving college, and it has been uninterrupted ever since. Oberlin college claims him as an alumnus; and he taught for a number of years at Wheaton, Ill., before coming to this coast. His work in Oregon is too well and favorably known to require comment, and his connection with the university of Oregon reflects honor upon the institution. Like Professor Bailey, he has become a vital part of its moral and intellectual life. And like him also, cannot be well spared from active service for long years to come.

STATE AGRICULTURAL COLLEGE

The board of regents re-elected J. M. Bloss president and reduced his salary from \$2,750 to \$2,500; salaries of professors were cut from \$1,600 to \$1,500. The tuition fee was abolished; and hereafter admission to the institution will be free. The horticultural and botanical departments were combined thus doing away with one professor. Mrs. Thos. Callahan was elected principal of the preparatory department at a salary of \$1,000 per year. The salary of the college printer was fixed at \$900 per year, and a committee was appointed to recommend some one to fill the position. This probably means the displacement of H. R. Clark, formerly of this city. It is thought the department of photography will be closed. It was voted to establish a dairy department.

Union, Oregon, Scout: Our Eugene exchanges publish "a straight business proposition" made to the business men of that place by Geo. T. Cline, the owner of a traction engine of 40-horse power, to transfer freight between Eugene and Albany at the rate of \$2.75 per ton, providing a sufficient amount of freight is guaranteed him for the season. It is his intention to hitch a number of freight wagons to the engine and carry enormous loads of freight in that way. As the main line of the Southern Pacific railroad runs between these two points and Mr. Cline's unique train would have to run parallel with it, it appears to the S. P. railroad company need readjusting.

It is a well-known fact that squirrels will not eat rye, if they can get any other cereal, and a farmer of this precinct has taken advantage of this fact by sowing a strip of rye around his wheat, with the result that the squirrels failed to go through the rye to get to the wheat, says the Fossil Journal. All the farmer had to do in order to save his wheat was to kill the squirrels already within the field, an easy task, compared to killing the thousands that as a rule swarm into the wheat fields from adjoining untilled lands much faster than the farmer can keep them killed off.

A Washington dispatch says: "Consul Angell, at Roubaix, France, informs the state department that December-sown and spring-sown wheat have made some progress, but their condition is inferior to that of ordinary years, and in the short period between now and the month of July it seems impossible that a sufficient improvement can take place to make a crop which will be superior to average. Hence France will have to supply her shortage from other countries—a shortage which will equal about 10,000,000 bushels."

Salem Statesman: Sheriff Cathcart of Roseburg, was in the city yesterday. He was asked by a reporter if the reception of the previous evening to Congressman Hermann could be construed into the formal launching of that gentleman's candidacy for the sixth term. He said he guessed so and in course of further remarks said that "Hermann will get there just the same."

TUESDAY, JULY 2.

Next year Eugene will celebrate. Commissioners' court tomorrow. A good rain fell in Portland Sunday. There are 1022 patients in the state asylum. Eggs are now quoted at 15 cents per dozen in this city. The Ice Works and Cold Storage Co. received another car load of beer today. Dr. Buchanan, the New York wife murderer, was electrocuted yesterday. V. F. Hebert has been appointed postmaster at Hazel Dell, Lane county. Several loads of Yaguina Bay freight arrived here this afternoon from Corvallis. Quite an amount of cherries were shipped to the Salem cannery this afternoon. All the stores signing the agreement closed up promptly at 8 o'clock last evening. From present indications a large number of Eugene people will attend the celebration at Fairmount on the Fourth. Henry Huddleston shipped 1,600 pounds of Royal Ann cherries to the Salem cannery yesterday. Winship & Keating, the California horsemen, want to lease H. B. Miller's fast pacing stallion Pathmount. Pathmount, H. B. Miller's horse, took the last two heats in an unfinished pacing race at Portland yesterday. W. H. Stalker, a student left on the belated overland this morning for Baker City. A marriage license was issued by County Clerk Jennings last evening to George E. Prescott and Carrie V. Biers. A horse trade created some excitement last evening. T. e father objected to a man trading with his son, who is a minor. The moral wave struck Corvallis last Sunday and the saloons were closed on that day. Sheriff Osburn was the moving party. Junction City, Smiths-ld, Lemati, Walthville, Loran, Fairmont, Florence and Dexter will celebrate the Fourth of July. Pay your money and take your choice. A marriage license was issued this afternoon to H. L. Swaggart and Ida DeWitt by the county clerk. The young lady being under age her parents filed their written consent. The Eugene saw mill is again running regularly and expects to work speedily for the next five months. They already have 11,000 logs in their boom and have 25,000 more contracted for. This is one of our manufactures that should be liberally patronized. Prineville Review: W. W. Brown, of life, who only had 500 head of sheep left after the hard winter of 1888-99, now has from and out of that small band 11,500 sheep. Evidently Mr. Brown is a good rustler. The Albany Herald says: "Miss Mary Berger, who was acquitted last week in Portland, of sending obscene and abusive letters through the mails, was given a reception on her return to her home in Eugene. She ought to be given a \$50,000 judgment against her accusers. Today's Salem Statesman: Rev. B. F. Bonnell, the stalling giant from Eugene, goes home this morning. He spent his forty-fourth birthday at the campmeeting, and expressed the hope that he would doubt his years and be enabled to spend every birthday hereafter at the same place. Prineville Review: W. S. Young, of Eugene, came over the mountains with S. J. Newsom for the purpose of making application to teach a high grade department of our Prineville school, provided such is desired; and is talking matters over with a number here that he would doubt whether or not definite arrangements have been made. The Brownsville Times tells of a shrewd citizen, as the world goes. Some time since a man went to Sals-chalk's produce market and sold one dozen eggs for cash, and no sooner had he done so than he went to a grocery store and purchased some eggs and had them "booked." The produce man discovering that he had purchased eggs, examined the ones sold to him, and found that they were all spoiled. La Grande Chronicle: "The advance agents are in Baker City for still another show—the Wallace circus—which is to be at that place on July 27. It is a full-rigged show with 22 cars. This will give this section two circuses this season. At Portland one of the shows will start eastward over the Canadian Pacific, and the other will take the Southern Pacific route." The Wallace circus will not visit Eugene, going East via the Canadian Pacific. Prineville Review: "Marsh Aubrey was over Wednesday from his far away home on the roaring Deschutes. Marsh is yet strong and vigorous, although well advanced in years. He says he feels embarrassed when he looks about and finds his living in this 'wheel' age. Marsh thinks of abandoning his white oxen, purchasing a bicycle and performing his part in this 'wheel' era like a little man." Harrisburg Courier: Dr. T. C. Mackey arrived home from Chicago on last Monday. He attended the late session of the Supreme Lodge of the A. O. U. W. as one of the three delegates from Oregon. While there he was selected to pass an eulogy upon John A. Childs, past supreme guide, which was rendered in the Knight Templar's temple in the presence of 3000 people, and in the reports of the proceedings of the Supreme Lodge his efforts were very favorably commented upon.

Creweell Casualties. June 27. T. O. Martin went to Eugene Wednesday. W. M. Robinson took his family to Kilton Springs this week. Mrs. James Parker went with them. Rev. J. A. Longbottom, of Eugene, is to attend the crossing exercises of Miss Brewster's school on Canas Sway and will preach in Creweell this evening. Wallace Bros. have moved their brick machine down from Cottage Grove this week, and will make a few bricks before beginning the making. Thad Eaton and family, of Eastern Washington arrived here a few days ago seeking a permanent home where crops never fail to grow or pay for harvesting. Frank Ely has purchased the house and lot belonging to A. W. Morse and will hereafter have a home of his own among us. Walter Willis made the last picking in his strawberry patch today. He has already got about 8000 boxes from 2 1/2 acres. The eastern made cultivators don't stand any show with Creweell people any more for there have been nearly a dozen made here this season that work as good as the best we can get from the east and cost only half as much. The Demorest medal contest has been given up. A traveling photograph man has arrived in town. Haying will soon be in full blast in this section. Rev. Gittins goes to Lowell the last of this week to hold the quarterly meeting for Elder Jones who is unable to go. ZEPH.

Personal.

Daily Guard, July 2. H. Lee Mitchell is again in Eugene. Dr. D. A. Paine went to Salem today. Miss Mae Huff is improving nicely. Miss Maude Morris went to Salem today. Miss Mamie McAllister is visiting in Albany. Arthur Collier went north on yesterday's train. Miss Edith Harris went to Cottage Grove this afternoon. Chas. Mayhew and wife left this morning for Newport. Attorney E. E. Benedict orates at Florence on the Fourth. Dr. Oglesby, of Junction City, did business in Eugene today. Ben C. Hammit, of Delia, Idaho, arrived here this afternoon. Mrs. Geo. Croner is visiting at Geo. Frissell's on the McKenize. Col. Straight will deliver the Fourth of July oration at Pleasant Hill. Frank Brown and J. S. Custis, of Smithfield, visited Eugene today. Rev. Bonnell and family arrived home from Turner this afternoon. C. H. Hurlbut, of Junction, came up to Eugene today on a bicycle. Miss Mabel Stiles is ill at the family residence corner of Ferry and Eleventh streets. Miss Ione Zeigler, who has been spending a year at Florence, arrived home today. Miss Maggie Luckey who has been teaching school at Big Prairie, has returned home. Chas. Davis will leave tomorrow for Brownsville where he will run a stand on the Fourth. Earnest Gilstrap is clerking in A. E. Wood's grocery store during the absence of O. L. Wood at Portland. Mr. and Mrs. J. B. Harris left this morning for Seaside, where they will spend some time at the springs. Prof. J. B. Hawthorne and family left this morning for Seal Rock, where they will spend the summer vacation. Mrs. Grace Osburn is now running the store at Roseburg formerly conducted and owned by her deceased husband. Matthew Wallis is confined to his bed with sickness. We hope for the complete recovery of the old pioneer at an early date. Messrs Taylor and Gilleland, two students, left this morning for Meacham where they will be employed by Mrs. Munra. Ray Babo left this morning at daylight for Oregon City. He goes the entire distance in a row boat, and will visit Portland before returning. J. J. Pail, who was overcome by heat the other day, is still confined to his bed from the result of the same. However he is feeling a little better. Prof. W. S. Van Scoy, having resigned his position at the head of the Drain normal school has accepted the position as president of the normal school at Ashland. Miss Thoresa Hodes returned home from an extended trip to San Francisco this afternoon. She visited a few days with relatives at Corvallis en route home. A. R. Burford, Miss Nettie Chase, Miss L. Holt and Miss E. Sawyer, of Eugene are among those appointed delegates from the Christian Endeavorers of Oregon to go to Boston to the national convention to invite the convention of 1897 to come to Portland.

Health Restored

ALL RUN DOWN No Strength nor Energy Miserable IN THE EXTREME. Hands COVERED with SORES. CURED BY USING Ayer's Sarsaparilla

"Several years ago, my blood was in bad condition, my system all run down, and my general health very much impaired. My hands were covered with large sores, discharging all the time. I lost strength, my energy and my feelings were miserable in the extreme. At last, I commenced taking Ayer's Sarsaparilla and soon noticed a change for the better. My appetite returned and with it, renewed strength. Encouraged by this, I renewed my course, and with the Sarsaparilla, till I had used six bottles, and my health was restored."—A. A. TOWNS, Prop. Harris House, Thompson, N. Dak.

Ayer's Sarsaparilla Admitted AT THE WORLD'S FAIR
