The Grant's Pass Courier says that Horace Brown's pension has been reduced, but fails to say how much. He is a pensioner of the war of 1812, and is nearly 104 years of age, and resided in Lane county for a number of years. The Roseburg Plaindealer in speaking of the railroad wreck that occurred the other day says: "Dow Huff, the brakeman, stood at his post and manfully tugged at the brake till the car started to turn, when he too, jumped for his life not a second too soon. As it was, he sustained serious injuries about the back and shoulders. A peasant boy on the West Side train was arrested at McMinnville for stealing cherries and fined \$600 and 6 months in jail. He was frightened to death almost until his sentence was remitted and he saw that he had been the subject of a joke. An exchange says: The steamer Roberts had a pretty lively time last week towing a couple of reek barges up the Siuslaw from Coos bay. It was blowing quite a gale, the barges became unmanageable and she was obliged to put into Coquille for safety, after receiving several hard bumps from the barges. The GUARD doesn't want any miner to forget for want of being told that the suspension of assessment of '93 and '94 does not apply to '95, and that to hold an unpatented mining claim in any state or territory in the Union \$100 worth of work or improvement must be put thereon some time between January 1st and December 31st, 1895 inclusive. J E Jacobs, of Corvallis, the young man who lost an arm at Sacramento, by the cars running over it, had run away from home at Corvallis. He had obtained a job in Sacramento, and then notified his mother where he was. He went from there to Sacramento on the break beam and blind baggage leaving Albany on the 16th. Early Closing. The people of Eugene and vicinity will please take notice that commencing on Monday, July 1, and continuing for three months, the following merchants will close their stores promptly at 8 o'clock p. m. every night in the week except Saturday. Any one wishing to make any purchase during the evening will do well to call at an early hour as we will close our stores promptly at 8 p. m.: J H McClung, A E Wood, Howe & Rice, J L Zeigler, Yoran & Son, A V Peters, F E Dunn, E Baum, J U Green & Son, S H Friendly, G W Knapp, E Hanson, W D Matlock, G Bettman, H N Crain, L O Beckwith, J L Zeigler, A Goldsmith, J L Page, Geo T Hall & Son, J U Green & Son, Gray & Son, G W Knapp, J G Rhinehart, E H Ingham, E C Smith, J S Luckey. Stockman for violation of the special statute prohibiting the use of wheat in storage in a mill or warehouse. They were arraigned at 9 o'clock this morning and plead not guilty. Mr. Isom was suffering from vertigo and was nearly prostrated and his case was continued until next term. A motion was made for a continuance of the Stockman case; but was refused and the trial of it set for 1 o'clock Monday. In the meantime a motion will be made for a change of venue. Prosecuting Attorney McCain, Luther Elkins and Blackburn & Somers appear for the state. Weatherford & Wyatt, Whitney & Newport and W R Blyeu for Isom, and Geo E Chamberlain, Kelly & Curl and Weatherford & Wyatt, for John R. Stockman. The case is exciting considerable interest. NOT A WOODMAN.—Albert G Osburn, who was drowned at Roseburg Wednesday evening, was not a member of the Woodman of the World, as rumored. When Mr. Falkenburg Head Counsel, was in Roseburg, Mr. Osburn made an application for membership and paid the three dollar initiation fee, expecting to take out a \$3,000 policy. Through neglect he never took the required medical examination and hence was not initiated into the order. Therefore his widow of course, will not receive any beneficiary. If he had lived a few days it was his firm determination to perfect his membership in this grand organization. Daily Guard, June 29. A SURPRISE PARTY.—A surprise party was tendered Miss Della Ham last evening at the home of her parents on High street. Those present were: Misses Florence Morris, Minnie Morris, Florence Drew, Blanche Taylor, Hattie Taylor, Wadley Battee, Cera Ham, Messrs. W. J E Baker and family, of Salem, are visiting relatives and friends in Eugene. Mr. Baker will return home Monday morning. Rev C H Curtis, of Portland, arrived on the local this afternoon and will preach at the Congregational church tomorrow, in exchange with Rev Gilt. Harrisburg Courier: By virtue of being county clerk, Rev. A. C. Jennings is highly favored; he gets two chances at Cupid's wrecks just when they cannot kick. The steamer Roberts will take a party from Florence on July 3rd to Newport to spend the Fourth of July. Thanks to J W Hollis for a couple of heavily laden cherry limbs. They would be hard to beat. John Handsaker, of Junction City, has been elected senior superintendent of the Christian church Endeavor for Oregon. Misses Rose and Laura Coleuan of this city have been granted state diplomas. They expect to leave for the coast shortly. The butchers of the city have now signed the agreement to close their markets at 8 o'clock each evening excepting Saturday. Nearly every city in Oregon celebrates the Fourth of July this year excepting Eugene. Eugene right now announces that next year she will celebrate in grand style. Philip Phillips, the sweet singer, who has delighted thousands of people all over the U S including Eugene people on two or three occasions, died a few days ago in Ohio. Junction City Times: The S P Co. in their order of retrenchment has retired Walter Beebe as freight agent at this place. The layoff takes place July 1, and is indefinite. A pleasant little party was given by Miss Mercy Applegate at the residence of her mother, in this city last evening in honor of Misses Ida Miller and Lulu McCallister, of Drain, her guests. Medford Monitor: J B McGee, the well known mining man spent yesterday in town. He returned last evening to Cottage Grove and will spend the summer at the Annie gold mine in the Bohemia district. The Southern Pacific Company will sell, on July 3rd and on the morning of the 4th, tickets from and to all stations, at one fare for the round trip. These tickets will be good for return until July 8th, 1895. Ashland Tidings: The hot spell has proven the "oldest inhabitant" not only to assertion of its unusualness but to its unprecedented prolongation, if that will express it. Yesterday the temperature reached the top notch at 97°. Forest Grove Times: Rev I D Driver was driven against a barbed wire fence and gored by a bull a few days ago. Though the report says the doctor was not seriously hurt, he probably thought the Devil and Bob Ingersoll combined were after him for a while. A Siskiyou county, Cal. deputy assessor is said to have raided the Elliott creek mining camp in the Siskiyou, just over the state line in California, last week, and "caught" the miners for road, poll and hospital tax, which in California amount to \$7 per head—\$3 road, \$2 poll and \$2 hospital. The men nearly all have their homes in Oregon but didn't have receipt taxes paid in this state. As there isn't even a rabbit trail leading from California into the Elliott creek country, just what advantage the road tax will be to them has not yet been explained.

STRANDED BY THE WAYSIDE

Tired, Weary and Foot-Sore, the Chapman-Wetherbee Pedestrian Party Fall to Reach Clear Lake. Daily Guard, June 28. Another report has reached this office concerning the Chapman-Wetherbee party of students and professors who left this city last week with the avowed purpose of walking all the way to Clear Lake and back again, after having spent some time in pulling big fish yards out of the deep, clear cold water of this mountain lake and inventing some nice bear and deer stories. The story is brought by two cyclists who have been spending a few days at the springs and returned home today. Tired, weary and foot-sore they finally reached Belknap springs—three-fourths of the distance to their destination. Here their courage and strength failed them and they willingly concluded to give up the remainder of the proposed journey. Fish Lake had lost all charms for them, and there was no place like Belknap springs—to them it was a heaven of rest. Before reaching the springs the stronger athletes of the party forged ahead while the weaker—professors—lagged behind. The doctor of the crowd became so foot sore that he had to pull off his shoes. Imagine his feelings as he trudged along through the hot dust with his bare feet. After reaching the springs they simply laid around and "rested." No tempting stories of the eager way in which trout were biting or of the close proximity of a deer had the least effect upon them. All they wanted was rest, and that is all they did while at the springs, excepting on one occasion when the professor of athletics revived enough energy within himself to ride a bicycle a short distance after the mail, and getting a copy of the GUARD, containing a marked item giving an account of the time their party was seen riding on a wagon with a farmer, which some friend had kindly sent to them. The students of the party deserve a little more credit though, as they stouthe trip better, and one of them, Templeton, killed a deer. The party started home Wednesday morning, spending last night at Blue River, and will probably reach here by tomorrow evening. The doctor will not be able to make the trip back all the way on foot, and said he would "walk down on the stage." They are now trying to create the impression that they did not intend to go to Clear Lake. General Hop Report. Wailerville, N. Y. Tribune: The weather has not been favorable for the growth of the vine as formerly on account of the dry weather. All kinds of crops need rain. Appearances indicate a much less crop than last year—some say one-half less. While there are some good yards none come up to the best yards last year at this time. The vine does not show the vigorous promising look that was seen last season. Many yards are very poor and these together with the spotted condition of the others will greatly bring down the average. Cooperstown, N. Y., Republican: There is nothing doing in the hop market. One purchase of 13 bales at 5 cents a ball that we learn of since we went to press last week. There seems to be no doubt but the hops through this section are looking poorly for this time of the year, and must pick a light crop. The Picnic Today. Daily Guard, June 29. A farmers' and laboring men's picnic was given at Meridian's Park this afternoon. The attendance was good. The principal speech was made by Hon. R. P. Boise, of Salem, who entertained his listeners for an hour. Then several short addresses were made. After this came dinner. The balance of the afternoon was spent in social converse. Every one present voted that they had had a very pleasant and profitable day. Much credit is due James F. Anis for the success of the affair. Daily Guard, June 29. AN ITEM.—Today's Cottage Grove Leader has this item: "Our sister city, Eugene, is becoming as famous for local sensations as a dashing, festive 'purr' is for fens. The editor of the Echo Leader has just learned by special telegram that a Eugene lady, previously tormented with a corn on her toes, was advised by a friend to anoint it with phosphorus, which in a weak moment she did, but forgot to tell her husband before retiring at night. It had just struck twelve when the husband awoke, and was startled to see something sparkle at the foot of the bed. He had never heard of a brittle remedy, and seeing such a terrible looking object as the toe presented. Reaching carefully out of bed till he found one of his slippers, he raised it high in the air and brought it down with terrible force upon the mysterious light. A shriek and an avalanche of bed clothes and all was over. When at last he released himself from the avalanche he discovered his wife groaning in the corner. He had struck the phosphorated toe!" WILL BE IN LANE.—Dallas Itemizer: "John Minto, fruit inspector, was making an official trip through this county last week, is now in Benton and will go on through Lane looking after diseased fruit trees. He says that very many of the old orchards have been and are being worked over into good condition, and that many of them will pay for the extra expense in a year or two. Wherever he finds diseased trees being neglected, the owners are warned and must take steps to abate the evil. The woolly aphid is playing havoc with some trees." Daily Guard, June 28. A LIGHT CATCH.—Prof.orton, Fred Bellman and N Cand E A Vinson returned from their fishing trip through evening. They report a light catch, looking only about forty on the trip down. Just at the last minute before starting they changed their minds and went to the McKenzie instead of the Willamette.

More Particulars.

Daily Guard, June 28. Last evening's Roseburg Plaindealer says about the drowning of the late A. G. O. "Last evening at about 8 o'clock Milton McFarland and his friend A. G. Osburn went to bathe in the river at J. J. Farquar's bathing place. Both had made several plunges into the water and returned to shore. Being good swimmers, and the water warm they were having a very pleasant time, Mr. Osburn remarking to his companion "It is delightful," and immediately made another plunge into the river. Mr. McFarland just at this juncture was leaning his head forward on the safety rope, resting from his exhaustion and did not see Mr. Osburn go down after rising from his last plunge. There were quite a large number of people on the bank and it was discovered by them that Mr. Osburn was drowning and cried out to McFarland to go to his rescue. McFarland immediately rushed in, diving after him as he went down, but failed to find him, as in the darkness he could not see any distance around him. "Young J. Hamlin was the only one on shore who went to the drowning man's aid, so we were told. He dove several times, but as the water is 16 to 18 feet deep at this place, neither Mr. McFarland nor Hamlin could find the body. It was found with grappling hooks about one-half hour after he went down the last time. "Mr. Osburn was a young man about 30 years of age, who recently engaged in mercantile business in this city and was fast winning his way to public favor by his obliging ways and pleasant manners." DIFFERS SOMEWHAT. Thursday's Roseburg Review: "On this occasion Albert G. Osburn, a prominent young business man, was bathing with several companions. He could swim but little, it seems, and had once swung out on a rope hanging over the river, getting safely back to the bank. The second time he tried to do this, he was seen, through the gathering darkness, to sink beneath the water, making a sound as if strangling. Of the few spectators none could swim sufficiently to make a successful attempt at rescuing the unfortunate man. Milt. McFarland, who was preparing to go into the water, plunged in and attempted to dive to the bottom several times until exhausted by his efforts. The spot where Osburn sank from sight was about twenty-two feet from the bank, and the water is sixteen feet deep. He evidently went straight to the bottom and did not come up at all. The body was recovered in 30 minutes. Dr. Ozias was on the spot and every effort possible was made to resuscitate the young man, but in vain. It is thought by some that a sudden attack of heart disease was the real cause of his death. He had sent his application to the Oak Camp W. of W., but we could not learn whether he had completed his membership in that order. During his brief residence here the deceased had made many friends and laid the foundation for a successful business. His character was exemplary in every respect, and to this account of his untimely end, it need only to be added that his death cast a gloom over the entire community. To the young wife and relatives the heartfelt sympathy of all is extended." AN OPINION.—The Dallas Chronicle says: "To any one who has watched the evidence in the Berger case, the action of Judge Bellingier in directing a verdict of acquittal, will cause no surprise. The testimony against the defendant seemed very weak; too trivial, in fact, for ever allowing the case to be commenced. The matter now becomes more mysterious than ever, but it would be a wise thing on the part of the government officials not to proceed to blacken any person's character unless the proof be stronger than it was against Miss Berger." Nearly every paper makes similar comments on the case. Daily Guard, June 28. A MISTAKE.—In reporting the proceedings of the commissioners' court yesterday we reported "A E Wheeler, J P fees, state vs Matlock, Kincaid and Kirkburgh, claimed \$13.20; allowed \$10.30." This was a clerical error. Justice Wheeler's claim was \$8.35 which was allowed in full as has been every claim he has ever presented to the court. We make the correction not wishing to convey a false impression that Mr Wheeler has claimed illegal or excessive fees. A SOLID MAN.—Salem Journal: Geo T Cline, of Woodburn was in the city today. He has just returned from a 500 mile bicycle trip in Western Oregon. While in Eugene he made a proposition to haul all freight for Eugene merchants from the Oregon Pacific railway for \$1 a ton less than the railway will carry it around by Albany. Mr Cline is a man of character and has the business ability and financial standing to make good his end of the contract. Daily Guard, June 28. CAMP MEETING CLOSED.—The Irving camp meeting was brought to a close last night. A good interest was maintained from the beginning to the close. There were many conversions and accessions to the church as a result of the good work. The people of Irving and community may well congratulate themselves on the good work and the entire community is to be commended for the good order maintained from first to last. Hop Crop Short. North Yakima, June 28.—A report has been sent abroad that Yakima county would have twenty thousand bales of hops this season. That was a fair estimate six weeks ago, but on account of low prices and scarcity of money, many yards have been neglected and growers agree that the yield will not exceed twelve thousand bales. Daily Guard, June 28. BACK FROM THE MINES.—Recorder B F Dorris returned last evening from the Blue River mines. He says that work is now progressing on the mine owned by the Eugene company. They have a well defined ledge seven feet wide with perfect walls on either side. He brought down with him a number of fine specimens that will assay highly. The rock is free milling. About fifteen men are now at work in the district and all of them feel highly encouraged over the outlook. Daily Guard, June 28.

FOSTER FORECASTS.

Weather Predictions for the Next Ten Days. Prof. Foster in his last bulletin gave forecasts of the storm wave to cross the continent from 25th to 29th, and the next he says will reach the Pacific coast about the 29th. Average rains may be expected through the central portions of the United States leaving a deficiency in the extreme north and south. Warm wave will cross the west of Rockies country about June 29th. Cool wave will cross the west of Rockies country about the 2d. This cool wave will inaugurate an extended cool period and what is here designated as the cool half of the month. Each month is usually divided into about two weeks of cool and two weeks of warm weather and the difference in the average temperature of these two periods is almost universally of a radical type. It is of great importance to know when these warm and cool periods will occur. Each of these twelve to fifteen days warm periods has two storm waves, two warm waves and two cool waves and each of the twelve to fifteen days cool periods has the same. Most rain falls during the cool periods and the evaporation and drought symptoms are experienced during the warm periods. The rain belt for July appears to extend from Denver to Philadelphia, leaving large areas of drought in the direction of Charleston and Key West and from Chicago and Davenport toward the Northwest. Dexter Items. June 27, 1895. Aunt Tilda McCall is visiting relatives in the village this week. Mr. Briggs has erected his tent and is taking pictures. He will take photos on the picnic ground on July 4th. A couple of young men indulged in a fistie encounter Tuesday. Such things will lead to some one getting hurt if care is not exercised. Campmeeting is progressing nicely on the Lowell camp ground. Next Sunday will be a great day and many people are expected. We are not informed as to who will preach. The District S. S. convention at Unity was largely attended. Such gatherings are very entertaining and highly beneficial. The music especially was excellent. Public opinion was highly wrought up in this section on account of the unfortunate affair on Fall Creek. The circumstances is greatly to be deplored. Rabbits and squirrels are getting to be a terrible nuisance to gardens in this vicinity. If steps are not taken to exterminate these pests we will eventually be compelled to use rabbit proof fencing. We desire to thank the good people of Pleasant Hill for deciding to withdraw their picnic, as these neighborhoods could hardly support two entertainments. We will try to furnish amusement for those who may wish to attend and a few old roosters must celebrate the glorious fourth of July by dying for their country. Come and see the fun. REGULAR. Married. Daily Guard, June 28. Today's Albany Herald says: "Mr David Link, well known in this city but now a merchant of Eugene, and Miss Gussie Riner, were married at the home of the bride's mother in this city last evening. They have the best wishes of many friends. Those present were: Mr and Mrs Charles Wagner, Mr and Mrs William Vance, Mr and Mrs Hewitt, Mr and Mrs Weatherford, Mr and Mrs Wills, Mr and Mrs Quincy Propst, Rev and Mrs Poling, Mr and Mrs F. Crow, Mr and Mrs Martin Payne, Misses Rosa Schrawder, Lena Schrawder, Mina Galbraith, Minnie Elbert, Mabel Curd, of Eugene, Elsie Martin, Pearl and Laura Vance, Sarah Owenby, Lena Curd, Hattie Harder, Olga Hewitt, Minnie Riner and Miss Alkorn. Messrs. Rudd, George Link, of Aurora, Walter Peacock and Will Riner. "Master C Lee and Claude Lambson serenaded the wedding party and presented a fine bouquet. The wedding presents were numerous and elegant. "A bountiful wedding lunch was served and the thanks of the Herald force is tendered for a fine lunch of cake." THE GUARD tenders congratulations. Has a Son in Eugene. TACOMA, June 28.—William Bloomfield, aged 50, who has a son at Eugene Oregon, has disappeared and it is believed he has committed suicide. When last seen on June 8th, he had a revolver and strayed off in the direction of the woods north of this city. He imagined people were conspiring to kill him. He kept a store in Puyallup and when he became hopelessly involved in debt he ordered the stock of goods returned to pay off some of the creditors. Daily Guard, June 28. FUNERAL AND BURIAL.—The remains of the late Albert G. Osburn were brought here from Roseburg by this morning's early train. The funeral took place this afternoon at 3 o'clock from the residence of W. H. Abrams to the I. O. O. F. cemetery, Rev. H. F. Gilt, of the Congregational church, conducting the religious exercises. A large number of relatives and friends attended. The relatives have the sympathies of their many friends in this hour of tribulation. A young man of moral worth has passed away and the community in which he was reared mourn his sudden taking away. Daily Guard, June 28. A TOOTH ACHER.—W. L. Miller, of Portland, a guest at the Foley springs, arrived on last evening's stage from that place to have a refractory tooth attended to. He hunted up a dentist who repaired the molar in a few minutes. This morning he started back to the springs on the stage. A stage ride over 120 miles of mountain road for a little thing like an aching tooth is something unusual.
