STONE BROTHERS.

A VISITING REGENT.

S. H. Friendly, of Eugene, a Guest in Pendleton.

Tuesday's Pendleton East Oregonian: "S. H. Friendly, of Eugene, spent today with S. P. Sturgis, on his way home from Baker City. Mr. Friendly is a regent of the State university at Eugene, and is very deeply interested in the future of that institution. He regards the prospects as first-class, and believes the fine plant and complete equipment of apparatus, the large endowment, an excellent corps of teachers will place the school in the front rank of colleges on the coast. Mr. Friendly urges the young people of Eastern Oregon to go to Eugene, where is a beautiful town and everything pleasant in the surroundings.

"Being in the general merchandise and grain business, Mr. Friendly is in touch with the world of commerce. He takes a very hopeful view of the general situation and looks for steady improvement and advanced values. In his opinion wool will go still higher and wheat will be good property this fall. Every one who meets seems imbued with the idea that things are on the upgrade, and are tending towards permanency in prosperity.

"Mr. Friendly goes down to Portland this evening and from there will return to his home in Eugene and to his desk to attend business after a brief vacation, always devoting a portion of his time, however, to the interests of the university, in which he feels so deep an interest. He hopes to see several students from Pendleton matriculate at the beginning of the fall term.

WILL CONTINUE BUSINESS.—Roseburg Review: "Mrs. A. G. Osburn has been appointed administratrix of the estate of the late A. G. Osburn, and we understand will continue business at the old stand. She will in doubt receive a liberal patronage from the people of Roseburg and vicinity." And we take the following probate court item from the same paper: "In the matter of the estate of A. G. Osburn, deceased, Mrs. A. G. Osburn was appointed administratrix. Bond filed in the sum of \$3000 with T. R. Sheridan and W. H. Abrams sureties. Geo. Langenberg, A. Livingston and Chas. Hap-pers, appointed appraisers of said estate."

PEOPLE WHO WILL CELEBRATE AWAY FROM HOME.—The following persons were passengers away from home this morning: Mrs. G. R. Christman and Mrs. McFarland and children; Edna; Miss Anna Owen; Miss Lizzie Griffin; Miss Rosalie Friendly and Miss Stella Dorris; Portland; Judge J. J. Walton, Independence; Mrs. Denny and daughter, Miss Edith, Salem; the Misses Parkes, W. W. Chessman and wife Tom Wheeler, of Springfield, Albany.

If Dr. Lowe advertises till doomsday some people would still wear cheap spectacles.

Spencer Items.

July 2, 1895.

Haying is in full blast. Messrs George and James Ware started their new machine for manufacturing coffee yesterday. We wish the boys success in their new enterprise. The baseball picnic Sunday was largely attended from Coyote, Siuslaw, Springfield and Eugene. The forenoon was occupied by the 2nd nines of Hadleyville and Spencer, which was a close and interesting game, the former being defeated by a score of 23 to 24. The afternoon was taken up by the 1st teams of the places mentioned which has not been excelled this year. The score at the end of the ninth inning was 11 to 7 in favor of Spencer. All was peaceable and there was much applauding from both sides; which I am sure the boys all deserved.

ACCIDENTAL. Notice to the Public.

The misunderstanding with a great many people is that my gates are locked against public entrance. This is not the case. My gates are locked only when it is wet and carriages would cut up the grounds, or at times of entertainments. The drives, ball grounds, tennis court and croquet grounds are free. The dancing pavilion can be had by persons furnishing their own music. The boats can be had at a very low figure.

S. MERRILL.

CAMPING PARTY.—A camping party consisting of Mrs. C. M. Smith, Misses Clara and Fannie Condon, Cecile and Bennetta Dorris, of this city and Lenah Bain of Astoria, and Master Roy Livermore is located somewhere in the cool shade of the woods on the banks of the McKenzie a short distance above Deadman's ferry. The campers have been there for three or four days and will remain until about Friday. They have a regular Fourth of July program prepared and the eagle will be heard to scream for miles around the Deadman's ferry tomorrow. One of the young ladies of the party will deliver the oration, and those who are not present will miss a treat of rare entertaining features. They also have an endless supply of fire crackers, etc., and tomorrow night will illuminate the woods with fire works.

BIRTHDAY PARTY.—Miss Ruby Pratt was tendered a lawn party at the home of her parents, Mr. and Mrs. Robt. Pratt, on High street between 8th and 9th this afternoon, the occasion being the sixth anniversary of her birth. About thirty of her young friends were present. Luncheon was served and a very pleasant time had by the little folks.

De Witt's Witch Hazel Salve cures scalds, burns, indolent sores and never fails to cure piles.

Two Lives Saved.

July 2, 1895.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctor she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida Street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Henderson's & Linn's Drug store.

ACCIDENTAL. CAPTURED.—George Park, who escaped from the city jail about a month ago, was captured at the Hoffman residence, corner of Mill and Fifteenth streets, this forenoon at about 11:30 o'clock, by Deputy Marshal Metcalf and Street Commissioner Doyle, and landed in the city jail promptly. He has been in and about the city for a week, and the officers of the law have been trying to get their hands on him.

Parks plead guilty this afternoon to defacing the jail, while escaping some time since, and Recorder Dorris gave him a sentence of 20 days, the highest penalty.

WILL STAY HERE.—Articles were filed yesterday with the secretary of state at Salem incorporating the Soxonia Gun Works, to manufacture and sell guns and rifles; principal place of business, Eugene; capital, \$25,000; 5000 shares of \$5 each; incorporators, Gustav Adolph Sauts, Arthur Henry Devers, Emil Carl Jorgensen and Oscar Mehner. So after all, the gun works will remain in Eugene.

SHOULD BE REDUCED.—The insurance rate has been reduced 20 per cent in Salem. Upon the advent of the chemical engine and the establishment of a new hose company in the southern portion of the city, Eugene should have a similar reduction. The insurance agents here should unanimously request such a reduction.

INSTALLATION OF OFFICERS.—Monday's Helmet Lodge, No. 33, K of P, installed officers as follows: D. E. Yoran, C. C.; W. V. Henderson, V. C.; G. W. Handsaker, Prelate; A. Whipple, M. W.; H. W. Rowland, M. of A.; C. L. Winter, G. R.; Melzer, O. G. After the installation light refreshments were served and an elegant social time had.

Sick headache, constipation and indigestion are quickly cured by De Witt's Little Early Risers, the famous little pills.

Obstructions on the Highways.

Daily Guard, July 2.

Are sometimes allowed by the authorities to remain too long, but when that important outlet to the refuse and debris of the system—the bowels become obstructed, Hostetter's Stomach Bitters promptly "raises the blockade." This it does, too, without creating any abdominal disturbance in the way of griping, an unpleasantness always produced by a drastic purgative. No permanent, delicate relief from constipation can be obtained through the agency of a violent cathartic. Mandrake, blue pill, salts and senna and camell, while they evacuate the intestine, weaken and partly deafen the future usefulness. Hostetter's Stomach Bitters, on the contrary, invigorates the whole abdominal region, and promotes a regular secretion and flow of bile. Use this time honored remedy also in malaria, dyspepsia, rheumatism, nervousness, in cases of debility, and for kidney trouble. It cures both appetite and sleep.

NEWSPAPER RECEIPTABLE.—Sheriff Johnson has had a box placed just inside the entrance to the county jail yard in which those persons who desire to contribute reading matter for the use of prisoners may leave magazines and newspapers. Anyone wishing to loan the prisoners books or valuable literature should leave it at the sheriff's office.

"Our readers will find Simmons Liver Regulator advertised in these columns. We advertise it, and use it, and we commend it as a safe and excellent medicine. We became acquainted with it in Georgia where it is a standard family medicine. We do not deny the merits of other preparations, but simply state that this one commands confidence." From the "Journal," Laneshoro, Minn.

Doctor A. R. Fish, of Gravois Mills, Mo., a practicing physician of many years experience, writes: De Witt's Witch Hazel Salve has no equal for indolent sores, scalds and burns. It stops pain instantly, heals a burn quickly and leaves no scar.

B. H. Bowman, pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby the only one we have was taken sick with grip. After two doctors failed to give relief and life was hanging on a mere thread we tried One Minute Cough Cure and its life was saved.

Instructors.

Daily Guard, July 2.

The Daily Chautauquan, of Oregon City, in giving a list of those who will speak at the Chautauquan, to be held at Gladstone Park, near that city, commencing July 10, says about three of the speakers: PRESIDENT CHARLES H. CHAPMAN is well known in Oregon. President Chapman has a brief but brilliant history. Eleven years ago he left his boyhood home in the backwoods of Wisconsin, graduated from the State Normal, went immediately to John Hopkins University at Baltimore, took his bachelor's and doctor's degrees, was made a fellow of the University during his second year, an instructor in his third year and associate professor in his fourth year, and the fifth year accepted the presidency of the University of Oregon. President Chapman will give personal attention to all the details of organization and arrangements of classes.

PROF. THOMAS CONDON ranks second to none in the United States. To him belongs the honor of opening up the John Day beds that summoned to Oregon the savants of the world. He discovered the fossil horse, outlined the Willamette sound of a by-gone time and has advanced theories that have marked epochs in geologic progress. Professor Condon will bring his bones, 100 to 150 pounds of fossil specimens, to illustrate his class work and lectures.

PROF. J. R. WETTERBERG came to Oregon as physical director of the Y. M. C. A. at Salem in 1892, where he did a great and lasting work. In the midst of rising popularity he was tendered the chair of Physical Culture at the State University, which position he still occupies. Prof. Wetterberg is a Harvard man and brings to his temporary gymnasium at Chautauquan the latest usages of the great Hemenway gymnasium at Cambridge.

J. A. Richardson, of Jefferson City, Mo., chief enrolling force, 35th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed, I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure.

OSBURN & DELANO.

AN EXCELLENT PRACTICE.—W. S. Shaw, who studied law here under the late Judge Geo. S. Washburne, and who was city recorder of Eugene for two terms, is now one of the leading attorneys of Butte City, Montana, and has a fine practice. We learn that he will visit in Eugene next fall.

RAN AWAY.—A team of horses, which had been left standing at A. E. Wood's grocery store, took a run down Seventh street this afternoon and when last seen were headed for home. They belonged to a farmer who lives west of town.

UP ON GOLD HILL.

A Correspondent Writes Up The Blue River Mines.

The Salem Journal bicycle correspondent writes as follows: ON THE ROAD, McKeanie Bridge, 62 miles east of Eugene.—I am now on the south bank of the roaring McKenzie, in the big timber—cedar, pine and fir mostly—and on one of the loveliest roads in the world. In fact, it has been an extra fine road since leaving Eugene. It is a water grade, and few places where a bicyclist will have to dismount. Yesterday I visited the Blue River mines, 12 miles below here and six miles off the main road. At least they call it six miles, but it took us four hours of the hardest walking I ever have done to get there from S. C. Smith's ranch, where I left my wheel. While coming up here I overtook the owners of the famous "Lucky Boy" mine coming in to work and they invited me to walk up to their place, and not being able to see the road we had to go I accepted, and about 4 p. m. we started. It was a very hot day, but we went high up 5000 feet is, but now I know. Messrs. Dyson, Moore and Standish, of Brownsville, discovered this mine about eight years ago, and have been working at it, more or less, ever since. The trail leads up the Blue river about two miles, and then up quartz creek to their mine, which is a quartz mine, and carries free gold in large quantities, that is, for quartz.

"I panned out" four pans of the decomposed rock below the ledge and got quite a showing of gold each time, about 10 cents worth, I think. The ledge assays about \$500 or 1000 per ton where they opened.

The "Garden of the Gods" is located on this mountain, and it is a flower garden. All the colors of the rainbow, and many more, are here represented. It is well worth the awful climb up there to see and smell these hundreds of acres of flowers. Some are just peeping out from under the edge of the snow banks, and over all others and everywhere is the Royal Rhododendron.

I climbed down into one pile of snow many feet, where it had melted around an old snag, and thought of you poor mortals in the hot valleys; how you would like to have a section of this in the yard. From the top of Gold Hill peak, the McKenzie looks like a thread of silver way down towards Eugene, 20 miles away, and Brownsville looks only a short distance off. Right up on the top I met an old newspaper man whom many in Salem will remember—John W. Downer. Some call him "Nigger John." He is as black as the ace of spades and has one of the richest mines up here, and a place on Blue river. He has been here many years, but has been to Australia and worked there in the mines a while, and returned here. He is a great traveler and quite an interesting talker. Two of the miners killed a bear and brought it into camp while I was here.

One plucky young lady had the nerve to climb up to the mines the day I went up. She accompanied her father, Mr. W. B. Blanchard, one of the owners of the Poorman mine. Miss Emma says the flowers are worth the climb, but she don't want to go again.

Belknap Springs next.

Letter List.

July 2d, 1895.

Brown, John, Marsh, J. E. Foster, Al, Mozart Syn. Club, Grover, Maynard, Stillman, Mrs. Mary Johnson, James, Still, A., Johnson, Joe, Swansura, Wm., Kammer, Louis, Vonsont, J. K., in charge of one cent will be made on all letters given out. Personal call on letters will please state when advertised.

T. J. ORRIS, P. M.

WILL SKIP EUGENE.—We are informed that the "Great Syndicate Shows and Paris Hippodrome" will not show in Eugene, hence we will have to do without a circus this summer. In fact, the only performance given by this aggregation in western Oregon will be at Portland, Salem and Ashland, and from the latter place it will jump to Redding. It is claimed that the show consists of 200 people. We are probably lucky in being thus treated by this so-called circus, as we learn that it is the same snide affair that successfully faked a few people last year.

Parks' Cough Syrup cures Coughs, Colds and Consumption. Mrs. Catharine Black of Le Roy, N. Y., says: "I took one bottle of Parks' Cough Syrup. It acted like magic. Stopped my cough and I am perfectly well now." Sold by A. YERINGTON.

WILL BE A CHANGE.—It is rumored at Salem that Gen. W. H. Odell will soon be appointed clerk of the state school land board in place of Mr. Davis the present occupant. Gen. Odell is well known here, and has generally held some kind of an office the greater portion of his life. Mr. Davis has made an efficient officer, and the public will be sorry to see him "turned down."

Baby Blemishes, falling hair, and red, rough hands prevented and cured by CUTICURA SOAP.

WOMEN FULL OF PAINS. Pain-Expeller, Anti-Pain-Expeller (instant and grateful relief). It is the first and only pain-killing, strengthening plaster.

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When she was six months old she did not weigh seven pounds a pound and a half less than at birth. Then her skin started to dry up and get so bad she could not shut her eyes to sleep, but lay with her half open. About this time, I started using the CUTICURA SOAP, and in one month she was completely cured. The doctor and drug bill was over one hundred dollars, the CUTICURA SOAP was not more than five dollars. My child is now strong, healthy, and large as any child of her age (see photo), and it is all owing to CUTICURA. Yours with a Mother's blessing, Mrs. GEO. H. TUCKER, JR., 622 Walker St., Milwaukee, Wis.
