DIVINITY SCHOOL.

Meeting held to consider a Proposition to Found one in This City.

A representative portion of the city attended the meeting at the court house last evening to consider the matter of a proposition to found a Divinity school in this city.

Mayor Matlock occupied the chair. Music was furnished by a choir of young voices of the city. Rev. J. A. Longbottom offered prayer, after which the chairman stated the object of the meeting.

The object as stated by Elder E. C. Anderson, originator of the movement, is to establish a Divinity school in this city. Said school to be under the direct supervision of the Christian denomination, and to be operated in conformity with the University of Oregon, though it is to have no material connection with that school.

Only such Biblical courses will be taught as are not taught in the university, and students coming here may take advantage of the courses taught in the university, and on the other hand university students may take advantage of the courses taught in the Divinity school, if they so desire.

Elder Anderson, who is at the head of the movement is a young man and a graduate of three leading Eastern colleges. He comes well recommended and is backed by the state board of the Christian church. It is thought that the school being located here will draw many students to the university, and we believe, the board of regents of that institution are favorable to the movement.

Should the school meet with the proper encouragement, it will be opened up about October 1.

The following gentlemen made short addresses in favor of the establishment of the school: Rev. P. B. Barnett, Rev. J. A. Longbottom, Hon. F. M. Wilkins, Hon. S. H. Friendly, Hon. T. G. Hendricks, Elder B. E. Bonnell, of Eugene; Elder A. D. Skaggs and Mr. Henry Bushnell of Junction City; and Mr. W. H. Osburn of Salem.

Mayor Matlock was authorized to appoint a committee to canvass the town for subscription toward the school. He appointed the committee this morning as follows: Dr. J. P. Gill, Rev. B. H. Bonnell, J. B. Harris, W. P. Fisher, A. C. Jennings and Rev. P. B. Barnett. The committee began work this afternoon and are meeting with good encouragement.

ARM BROKEN.—Tommy Bryan, of Geo. Bryant, of Southfield, had the misfortune to break his arm the other day by being dragged off from a horse while passing through the timber on a road heavily overgrown by brush. At last accusers he was getting along nicely.

To NEWPORT.—Tuesday's Salem Journal: The famous Second Regiment band left today for Oregon's popular summer resort, to furnish music for the State Editorial clam bake, and other events. They will be absent about two weeks.

SHOCKING ACCIDENT.

A Man Killed and His Son Fatally Injured.

SPECIAL TO THE GUARD. OREGON CITY, July 18.—A shocking accident occurred here this morning about 11 o'clock, caused by the Salem passenger train striking a wagon and team. Mark Blackburn and his son, Elmer, were returning home from the city and while crossing the railroad track the train came along striking the horses and wagon. Blackburn was instantly killed, his skull being crushed across the forehead. His son was seriously injured internally and about the shin. The remains of one horse were scattered for about 100 feet. The train was running at the rate of about ten miles an hour. It is thought the team became frightened and was running away.

A Prominent Citizen Dead. SPECIAL TO THE GUARD. KLAMATH FALLS, Or., July 18.—Attorney F. A. Cogswell, a well known citizen of Oregon, died at Shovel Creek last evening while enroute from Oakland, Cal., where he had been taken a few weeks ago for medical treatment. His brother, Senator C. A. Cogswell, of Lakeview, was telegraphed for and upon reaching the bedside found him in a helpless condition. Immediate arrangements were made to take his remains home. Mr. Cogswell has been in poor health for two years. The immediate cause of death was heart failure. The funeral will be held tomorrow at 10 a. m. at this place from his late residence under the auspices of the Masons.

DOING GOOD WORK.—Corvallis Times: "Minor Swick has arrived from Belknap springs. He went there a sufferer from rheumatism, and returns home sound as a dollar. County Treasurer Clark is improving in health very rapidly and John Rickard had several recurrences of his violent pains in the back of his head, neck and shoulders, but was better when Mr. Swick left on the fourth inst. There were fifteen camps at the springs when Mr. Swick left, and the arrival of a much larger crowd was anticipated. Willis Scott remained at the springs with the rest of the Benton county party."

POSITION SECURED.—The Dalles Chronicle says: Mr. W. J. Roberts has been appointed an instructor in the State Agricultural College at Pullman, Wash. He will have charge of the engineering department in that school. Mr. Roberts is a former Dalles young man, a graduate of the University of Oregon and the Boston school of Technology. His many friends will be glad to hear of his success.

BUSINESS CHANGE.—Dr. H. L. Power has disposed of his interest in the City Drug Store to Dr. E. D. McKeeney. Dr. Power may remain in Eugene. During his short stay here he has made many friends.

Marvelous Results.

From a letter written by Rev. J. G. Gardner, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding a gripe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Henderson & Linn's drug store. Regular size, 50c and \$1.

PRUNES.—D. W. Coolidge in writing to the Rural Northwest concerning the prune product of Lane county, says: Last year the Eugene cannery dried 35,014 pounds of Italian prunes; 10,254 pounds of French and 5,733 pounds of silver. Dr. Shaw, less dried 24,000 pounds of Italian, 55,000 pounds of French and 3,000 pounds of silver; the Sladden drier and small driers through the country are estimated to have turned out 15,000 pounds of Italian, 15,000 pounds of French and 4,000 pounds of silver, making a total product for the county of 75,014 pounds of Italian, 87,254 pounds of French and 10,733 pounds of silver, or 175,001 pounds of dried prunes in all the county. After visiting the larger orchards in the county I estimate the output for this year at 290,000 pounds of Italian, 75,000 pounds of French and 5,000 pounds of silver.

Bohemia Mines. Roseburg Plaindealer: "Geo. Petroquin, deputy assessor, returned yesterday evening from a trip to the Bohemia mines and reports the Music Mill and Mining Company, working two shifts night and day, with fifteen hands, which turns out for their five stamp mill a large yield of rich ore. A large portion of the yield is free from milling ore. It is regarded a regular bonanza for the owners. It is claimed by those who have good opportunities for knowing, that the monthly output is not less than \$5,000 per month with their limited facilities. The Annie mine two miles northwest of the Music mine now works five men, pushing a tunnel, and that in a short time it will be in full blast. It is claimed that the Annie mine will equal the Music mine in richness. There are also quite a number of prospectors in that region who are doing well in developing their claims, all of which prospect well."

A Veteran of the Mexican War. Oak Harbor, O.—"I met Geo. O. Momeny, an old veteran of the Mexican war, on the streets today, who told me after reading about Simons' Liver Regulator he bought a bottle, and the first three doses gave him immediate relief."—Geo. Gosline. Your druggist sells it in powder or liquid; the powder to be taken dry, or made into tea.

Lost.—Between Jesse Cox' place and the court house, July 13th, one 4x7 inch paper covered receipt book, and one 4x8 inch leather covered account book, each having my name written on outside cover. Finder please leave the same at sheriff's office, or return to me near Osburn, Or. R. F. KEENEY.

Persons who are subject to diarrhoea will find a speedy cure in De Witt's Colic and Cholera cure. Use no other. It is the best that can be made, or that money can procure. It leaves the system in natural condition after use. We sell it.

OSBURN & DELANO. Notice. Eugene, Or., July 9, 1895. All persons knowing themselves indebted to the firm of Paine & Kuykendall will please call at their office and settle at once. Dr. Paine will leave Eugene about the 25th inst. and all accounts must be settled before that time.

PAINE & KUYKENDALL. There is one medicine that will cure immediately. We refer to De Witt's Colic and Cholera cure for all Summer Complaints. No delay, no disappointment, no failure. OSBURN & DELANO.

The Mule and the Wheel.

The mule is used to men riding horseback and objects to the new fad of bicycle riding. A story is told of a country road not long since, was chased by a mule until he deserted his silent steed and sought safety on the other side of a fence in a grain field, whereupon his angry muleship devoured the horse that couldn't eat oats or switch the flies off of itself.

Another story comes in this wise: A day or two ago a prominent hardware man left his wheel standing in an alley. A truckman who drives a span of mules started through the alley with his eyes on the hated bicycle and made up his mind in short order what to do. As he passed by the wheel he suddenly grasped it in such a manner as to throw it into the proper position so that he could bring his bombastic foot to bear upon it. The poor wheel's best days are gone.

We recommend De Witt's Colic and Cholera cure because we believe it a safe and reliable remedy. It's good effects are shown at once in cases of Cholera Morbus and similar complaints.

OSBURN & DELANO. A JEFFERSON MAN BILKED.—A. Weddie, of Jefferson, was bilked out of \$50 at the circus in Salem. A confidence man claiming to be a Mr. Ferguson, of Albany, claimed to be a relative, and they were getting on when a stranger wanted \$5 changed. Mr. Weddie changed it showing quite a pile. The young man told him he had better put it in a handkerchief and put it in his hip pocket, which he solemnly did. They were soon in a crowd, when the young man disappeared and Mr. Weddie soon learned that he had been robbed of \$50. It seems useless to advise men not to take money to a circus like Sells.

Travelers find a safe companion in De Witt's Colic and Cholera cure. A change in drinking water and in diet, often causes severe and dangerous complaints. This medicine always cures them.

OSBURN & DELANO. RUDDY'S FILE REPOSITORY. is guaranteed to cure Files and Constipation or money refunded. 50 cents per box. NEGLIGENCE.—The Medford Monitor in speaking of the accident to James Linn gives the following particulars: "It seems that after the coach had been uncoupled from the engine, and was being pushed upon the siding, the engine of its own momentum following, Linn noticed that the air tubes had not been disconnected. Running to the engine he jumped upon the pilot and uncoupled the air, but in doing so set the air brakes upon the coach, which immediately stopped. The momentum of the engine carried it far enough ahead to crush him between the pilot and the coach before he could escape. Hardly anyone connected with the train seemed to know just how the accident occurred, but from the stories of all this seems to be the most plausible explanation. It was certainly a piece of extreme carelessness on the part of some one to uncouple the coach from the engine without breaking the air."

OSBURN & DELANO. ASYLUM MATTERS.—Today's Salem Statesman: "Dr. DeWitt A. Paine, recently elected superintendent of the insane asylum, has presented his bond in the sum of \$10,000, which has been duly approved by the board of trustees and was yesterday filed in the secretary of state's office. This leaves him ready to assume the duties of the position when the first of August arrives. The work of taking an inventory of the property at the institution was begun yesterday, George Hansaker, of Eugene, representing Dr. Paine as accountant and S. T. Richardson of this city representing Superintendent Rowland.

FROM SILETZ.—Wednesday's Albany Democrat: C. Bailey, of Eugene, was in the city today on his way home from the Siletz. He reports nearly a thousand people altogether, at the Lincoln and Tillamook ends waiting for the reservation to be opened on the 25th, and while there will be no Oklahoma excitement there will be a little rushing. Mr. Bailey is a leasor and knows the reservation thoroughly. He thinks at least an eighth of the land is desirable and some of it particularly good. No one is allowed on the reservation now and will not be until the opening day, July 25th.

HAS ARRIVED HERE.—Dr. R. F. Hamell, late of Roseburg arrived in Eugene this morning for the practice of his profession. He will be found at the Hoffman House until he secures office rooms. Dr. Hamell is a first class physician and surgeon, and an educated gentleman. We are glad he has concluded to locate in our city.
