By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring the hearing power to the ear. Deafness is caused by an inflammation of the mucous membrane of the ear. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, deafness will be permanent. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by F. J. CHESEBROUGH & Co., Toledo, O. Sold by Druggists, etc.
