"Sound money is only the Simon rallying cry on which Scott, Dolph, Corbett, et al., hope to keep their grip on the people of this state with Simon as their tool.

"Remember these same men have self as a friend of silver, Provided, they can own, handle and use him. But they have now use for any man who seeks to represent Repub licanism or the people. The people of Oregon should smash bossism and Simonism, which means more than Simon alone. It means the prostitution of our state to the unscrupulous millionaire monopolists of Portland, who have no political principles on the money question or any other.

'Simonism is not Republicanism. If it is, the people of Oregon are as ready for a revolution as the people of Maryland.

The whole country roundabout, however, was curious to see the right, and the little church could not accommodate a fourth of the people who sought entrance. Those who could not get in crowded around the doors and windows, in order to catch a glimpse of what was doing inside.

Chief Justice Bean has been mentioned in connection with the republican nomination for congress in the first district; of course without his consent. Judge Bean would make an ideal member of congress. He is a man of ability not given to flattery, well educated, a fine lawyer, young and progressive, and being a native born son of Oregon, knows her needs exactly. Lane county is justly proud of nim, and her citizens, without regard to party, are his friends. The republican party would make no mistake in promoting the gentleman at this time.

F. M. Smith, of Oakland, Cal. believes that he has solved the the problem of preserving fresh fruit so it can be put on the market in a satisfactory condition.

For some time he has been experimenting with borax, and finds the ingredients of that salt pecu liarly adapted for precluding vegetable decomposition. The discovery was made some time ago, and was the outcome of a conversation on the preservation of meat by borax.

Mr. Smith tried the experiment with some cherries, and the reresult was so satisfactory that a car of cherries was packed in borax and shipped to Chicago, where they were disposed of at high prices owing to their good

General Congressman Hermann or Ellis, Fulton, Tongue, Lord, Kincaid or any man who has expressed himand Benjamin Stark was appointed to the vacancy, which was subsequently filled by legislative election of B. F. Harding. This brings us down to 1864, when Geo. H. Williams was elected. The other elections were: 1866, H. W. Corbett; 1870, J. K. Kelley; 1872, 1886 and 1890, John H. Mitchell; 1876, L. F. Grover; 1879, J. H. Sla ter; 1882 and 1888, J. N. Dolph; 1894, George W. McBride. Mitchell was the youngest of all at the time of election, being 37; Hardear, a large California fruit car, loaded with Oregon fruit, had its forward trucks thrown out of place till they resemb ed a "cow-catcher" more than anything else; this car also had a couple of holes stoven in the far end. It took two hours' work for the bridge and section gangs to put the cattle car back on the track and clear away the debris sufficiently for the north bound local to pass. ing and Corbett were elected at the age of 39; Nesmith and McBride at 40; Stark and Williams at 41; Dolph at 47; Baker at 49; Kelly at 51; Slater at 52; Grover at 53; The first marriage ceremony on Lane at 57. It is a little remark able, perhaps that so many of the ex-senators are still living. Smith died in 1860; Baker in 1861; Lane in 1881; Nesmith in 1885. THE FOOTBALL GAMES

orvallis and Forest Grove Reviewed -The Saint Game Next Saintday.

Clinton B Morse, the coacher for the Willamette University football team, writes in yesterday's Salem Journal as follows:

TACKLE LOW

The game between Corvalils and Forest Grove on Saturday last was the first of the intercollegiate series and will probably prove the closest and most exciting. It end d with the ball in the middle of the field n ither size having several a result. This was in the middle of the field n ither side having scored a point. This was probably due to the strong defensive work of both teams, and the lack of headwork on the part of both captains. This absence of headwork was particularly noticeable in the case of the Corvallis captain who might have scored several times if he had not made such grievous mistake. Neither side having won the game, the coin was tossed to see which of the teams should play Williamette next Saturday. Corvallis won the toss and accordingly at 2 where the state of the state of

An exchange tells that a good story was heard the other day of a father and and mother who were trying to find names for their twin babies, who, by the way were girls. It was decided that the father must name them. After casting about and finding no names that exactly suited him he determined to end the strain on his mind and named them Kate and Duplicate. In the course of time another pair of twins came and they were boys. This was the husband's opportunity to get even and wanted his wife to christen the boys. Imagine his feelings when the mother one day told him she had named them Pete and Repeat. But when the third pair came the father became frightened and named them Max and Climax An exchange tells that a good story
